#	ARTICLE	IF	CITATIONS
1	To meat or not to meat: disordered eating and vegetarian status in university students. <i>Eating and Weight Disorders</i> , 2022, 27, 831-837.	1.2	2
2	Gender-based clinical differences in evidence-based treatment for adolescent anorexia nervosa: analysis of aggregated randomized controlled trials. <i>Eating and Weight Disorders</i> , 2022, 27, 1123-1130.	1.2	7
3	Applying online parental guided self-help family-based treatment for adolescent anorexia nervosa: A comparison to family-based treatment delivered by videoconferencing. <i>Clinical Child Psychology and Psychiatry</i> , 2022, 27, 538-548.	0.8	3
4	Eating disorders early app use mediates treatment effect on clinical improvement. <i>International Journal of Eating Disorders</i> , 2022, 55, 382-387.	2.1	4
5	Is guided self-help family-based treatment for parents of adolescents with anorexia nervosa on treatment waitlists feasible? A pilot trial. <i>International Journal of Eating Disorders</i> , 2022, 55, 832-837.	2.1	14
6	Parent and clinician perspectives on virtual guided self-help family-based treatment (GSH-FBT) for adolescents with anorexia nervosa. <i>Eating and Weight Disorders</i> , 2022, 27, 2583-2593.	1.2	1
7	Family-based treatment for children and adolescents with eating disorders: a mixed-methods evaluation of a blended evidence-based implementation approach. <i>Translational Behavioral Medicine</i> , 2021, 11, 64-73.	1.2	7
8	Eating behavior and reasons for exercise among competitive collegiate male athletes. <i>Eating and Weight Disorders</i> , 2021, 26, 75-83.	1.2	24
9	Assessing fidelity to family-based treatment: an exploratory examination of expert, therapist, parent, and peer ratings. <i>Journal of Eating Disorders</i> , 2021, 9, 12.	1.3	5
10	Adapting and adopting highly specialized pediatric eating disorder treatment to virtual care: a protocol for an implementation study in the COVID-19 context. <i>Implementation Science Communications</i> , 2021, 2, 38.	0.8	7
11	Understanding outcomes in family-based treatment for adolescent anorexia nervosa: a network approach. <i>Psychological Medicine</i> , 2021, , 1-12.	2.7	12
12	Feasibility of conducting a randomized controlled trial comparing family-based treatment via videoconferencing and online guided self-help family-based treatment for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2021, 54, 1998-2008.	2.1	17
13	Expressed emotion and long-term outcome among adolescents with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2021, 54, 2019-2024.	2.1	4
14	Performance and brain activity during the Wisconsin Card Sorting Test in adolescents with obsessive-compulsive disorder and adolescents with weight-restored anorexia nervosa. <i>European Child and Adolescent Psychiatry</i> , 2020, 29, 217-226.	2.8	15
15	Therapist adherence to family-based treatment for adolescents with anorexia nervosa: A multi-site exploratory study. <i>European Eating Disorders Review</i> , 2020, 28, 55-65.	2.3	11
16	Superior response inhibition to high-calorie foods in adolescents with anorexia nervosa. <i>Behaviour Research and Therapy</i> , 2020, 124, 103441.	1.6	17
17	Developing consensus on the definition of remission and recovery for research. <i>International Journal of Eating Disorders</i> , 2020, 53, 1204-1208.	2.1	18
18	Interventions to Empower Adults with Eating Disorders and Their Partners around the Transition to Parenthood. <i>Family Process</i> , 2020, 59, 1407-1422.	1.4	9

#	ARTICLE	IF	CITATIONS
19	Exploring Differences in the Role of Hospitalization on Weight Gain Based on Treatment Type From Randomized Clinical Trials for Adolescent Anorexia Nervosa. <i>Frontiers in Psychiatry</i> , 2020, 11, 609675.	1.3	3
20	Parent-based prevention after parental weight loss surgery: a pilot case-series trial. <i>Surgery for Obesity and Related Diseases</i> , 2020, 16, 1321-1327.	1.0	2
21	Telehealth transition in a comprehensive care unit for eating disorders: Challenges and benefits. <i>International Journal of Eating Disorders</i> , 2020, 53, 1774-1779.	2.1	35
22	Brain-Responsive Neurostimulation for Loss of Control Eating: Early Feasibility Study. <i>Neurosurgery</i> , 2020, 87, 1277-1288.	0.6	16
23	Perfectionism, anorexia nervosa, and family treatment: How perfectionism changes throughout treatment and predicts outcomes. <i>International Journal of Eating Disorders</i> , 2020, 53, 2055-2060.	2.1	6
24	Family-based treatment via videoconference: Clinical recommendations for treatment providers during COVID-19 and beyond. <i>International Journal of Eating Disorders</i> , 2020, 53, 1142-1154.	2.1	80
25	Family-Based Treatment for a Preadolescent With Avoidant/Restrictive Food Intake Disorder With Sensory Sensitivity: A Case Report. <i>Frontiers in Psychiatry</i> , 2020, 11, 350.	1.3	14
26	Investigating Early Response to Treatment in a Multi-Site Study for Adolescent Bulimia Nervosa. <i>Frontiers in Psychiatry</i> , 2020, 11, 92.	1.3	9
27	Confirming the Efficacy of an Adaptive Component to Family-Based Treatment for Adolescent Anorexia Nervosa: Study Protocol for a Randomized Controlled Trial. <i>Frontiers in Psychiatry</i> , 2020, 11, 41.	1.3	5
28	Remission in adolescents with bulimia nervosa: Empirical evaluation of current conceptual models. <i>European Eating Disorders Review</i> , 2020, 28, 445-453.	2.3	4
29	Editorial: Innovations in Research and Practice of Family Based Treatment for Eating Disorders. <i>Frontiers in Psychiatry</i> , 2020, 11, 638503.	1.3	0
30	Is online training in family-based treatment for anorexia nervosa feasible and can it improve fidelity to key components affecting outcome?. <i>Journal of Behavioral and Cognitive Therapy</i> , 2020, 30, 75-82.	0.7	7
31	Updates on Treatments for Adolescent Anorexia Nervosa. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2019, 28, 523-535.	1.0	24
32	Treating Eating Disorders in Children and Adolescents: An Update. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2019, 28, xiii-xiv.	1.0	0
33	Set-shifting in adolescents with weight-restored anorexia nervosa and their unaffected family members. <i>Journal of Psychiatric Research</i> , 2019, 112, 71-76.	1.5	13
34	Feasibility of conducting a randomized clinical trial using family-based treatment for avoidant/restrictive food intake disorder. <i>International Journal of Eating Disorders</i> , 2019, 52, 746-751.	2.1	48
35	A test of the DSM-5 severity specifier for bulimia nervosa in adolescents: Can we anticipate clinical treatment outcomes?. <i>International Journal of Eating Disorders</i> , 2019, 52, 586-590.	2.1	2
36	Rituals and preoccupations associated with bulimia nervosa in adolescents: Does motivation to change matter?. <i>European Eating Disorders Review</i> , 2019, 27, 323-328.	2.3	3

#	ARTICLE	IF	CITATIONS
37	Identifying and responding to child maltreatment when delivering family-based treatment—a qualitative study. <i>International Journal of Eating Disorders</i> , 2019, 52, 292-298.	2.1	8
38	A Protocol for Integrating Neuroscience Into Studies of Family-Based Treatment for Anorexia Nervosa: An Approach to Research and Potential Benefits for Clinical Care. <i>Frontiers in Psychiatry</i> , 2019, 10, 919.	1.3	1
39	Applying family-based treatment (FBT) to three clinical presentations of avoidant/restrictive food intake disorder: Similarities and differences from FBT for anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2019, 52, 439-446.	2.1	52
40	Family-based treatment: Where are we and where should we be going to improve recovery in child and adolescent eating disorders. <i>International Journal of Eating Disorders</i> , 2019, 52, 481-487.	2.1	117
41	When meta-analyses get it wrong: response to “treatment outcomes for anorexia nervosa: a systematic review and meta-analysis of randomized controlled trials”™. <i>Psychological Medicine</i> , 2019, 49, 697-698.	2.7	12
42	Toward A Greater Understanding of the Ways Family-Based Treatment Addresses the Full Range of Psychopathology of Adolescent Anorexia Nervosa. <i>Frontiers in Psychiatry</i> , 2019, 10, 968.	1.3	10
43	Family-Based Treatment for Anorexia Nervosa Symptoms in High-Risk Youth: A Partially-Randomized Preference-Design Study. <i>Frontiers in Psychiatry</i> , 2019, 10, 985.	1.3	9
44	Comparing a Tailored Self-Help Mobile App With a Standard Self-Monitoring App for the Treatment of Eating Disorder Symptoms: Randomized Controlled Trial. <i>JMIR Mental Health</i> , 2019, 6, e14972.	1.7	32
45	Comorbid depressive symptoms and self-esteem improve after either cognitive-behavioural therapy or family-based treatment for adolescent bulimia nervosa. <i>European Eating Disorders Review</i> , 2018, 26, 253-258.	2.3	13
46	The Utility and Acceptability of a Self-Help Smartphone Application for Eating Disorder Behaviors. <i>Journal of Technology in Behavioral Science</i> , 2018, 3, 161-164.	1.3	16
47	Subgrouping the users of a specialized app for eating disorders. <i>Eating Disorders</i> , 2018, 26, 361-372.	1.9	15
48	Are parental self-efficacy and family flexibility mediators of treatment for anorexia nervosa?. <i>International Journal of Eating Disorders</i> , 2018, 51, 275-280.	2.1	33
49	Using bivariate latent basis growth curve analysis to better understand treatment outcome in youth with anorexia nervosa. <i>European Eating Disorders Review</i> , 2018, 26, 483-488.	2.3	6
50	Attention networks in adolescent anorexia nervosa. <i>European Child and Adolescent Psychiatry</i> , 2018, 27, 343-351.	2.8	10
51	Feasibility Study Combining Art Therapy or Cognitive Remediation Therapy with Family-based Treatment for Adolescent Anorexia Nervosa. <i>European Eating Disorders Review</i> , 2018, 26, 62-68.	2.3	43
52	Family therapy for eating disorders in youth. <i>Current Opinion in Psychiatry</i> , 2018, 31, 431-435.	3.1	25
53	Themes arising during implementation consultation with teams applying family-based treatment: a qualitative study. <i>Journal of Eating Disorders</i> , 2018, 6, 32.	1.3	14
54	Efficacy of a Parent-Based, Indicated Prevention for Anorexia Nervosa: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2018, 20, e296.	2.1	19
