#	ARTICLE	IF	CITATIONS
1	Congenital Infection 1 (Syphilis, AIDS, and Viral Hepatitis). , 2022, , 811-825.		0
2	Stochastic Petri net model describing the relationship between reported maternal and congenital syphilis cases in Brazil. BMC Medical Informatics and Decision Making, 2022, 22, 40.	3.0	19
3	SARS-CoV-2 infection in pregnant women assisted in a high-risk maternity hospital in Brazil: Clinical aspects and obstetric outcomes. PLoS ONE, 2022, 17, e0264901.	2.5	4
4	Strengths, Weaknesses, Opportunities and Threats (SWOT) Analysis of the Implementation of Public Health Policies on HTLV-1 in Brazil. Frontiers in Medicine, 2022, 9, 859115.	2.6	6
5	Brazilian Protocol for Sexually Transmitted Infections 2020: Zika virus infection. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020609.	0.9	3
6	Sexually transmitted infections among women living with HIV in a Brazilian city. Brazilian Journal of Infectious Diseases, 2021, 25, 101044.	0.6	3
7	Brazilian Protocol for Sexually Transmitted Infections, 2020: infections that cause cervicitis. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020587.	0.9	0
8	The role of sexually transmitted infections (STI) prevention and control programs in reducing gender, sexual and STI-related stigma. EClinicalMedicine, 2021, 33, 100764.	7.1	10
9	Viral load and high prevalence of HR-HPV52 and 58 types in black women from rural communities. BMC Infectious Diseases, 2021, 21, 362.	2.9	4
10	Fatores associados À prematuridade em casos notificados de sÃfilis congÃnita. Revista De Saude Publica, 2021, 55, 28.	1.7	3
11	Blocking HTLV-1/2 silent transmission in Brazil: Current public health policies and proposal for additional strategies. PLoS Neglected Tropical Diseases, 2021, 15, e0009717.	3.0	23
12	Characteristics and outcomes of pregnant women with SARS-CoV-2 infection and other severe acute respiratory infections (SARI) in Brazil from January to November 2020. Brazilian Journal of Infectious Diseases, 2021, 25, 101620.	0.6	11
13	Public policies on sexually transmitted infections in Brazil. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020611.	0.9	6
14	Brazilian Protocol for Sexually Transmitted Infections 2020: acquired syphilis. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020616.	0.9	8
15	Impact of concurrent epidemics of dengue, chikungunya, zika, and COVID-19. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e08372020.	0.9	18
16	Brazilian Protocol for Sexually Transmitted Infections, 2020: HIV infection in adolescents and adults. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020588.	0.9	0
17	Brazilian Protocol for Sexually Transmitted Infections, 2020: infections causing vaginal discharge. Revista Da Sociedade Brasileira De Medicina Tropical, 2021, 54, e2020593.	0.9	2
18	Prevalence of infection by human T Cell lymphotropic viruses (HTLV-1/2) in adult population in VitÃria-ES. Brazilian Journal of Infectious Diseases, 2021, 25, 101631.	0.6	4

#	ARTICLE	IF	CITATIONS
19	Phase II trial evaluating the clinical efficacy of cefixime for treatment of active syphilis in non-pregnant women in Brazil (CeBra). BMC Infectious Diseases, 2020, 20, 405.	2.9	15
20	Placental growth disorders and perinatal adverse outcomes in Brazilian HIV-infected pregnant women. PLoS ONE, 2020, 15, e0231938.	2.5	7
21	Hypertrophic genital herpes in an HIV-infected female patient: Imiquimod as an alternative treatment. International Journal of Infectious Diseases, 2020, 95, 153-156.	3.3	12
22	Severe coronavirus infection in pregnancy: challenging cases report. Revista Do Instituto De Medicina Tropical De Sao Paulo, 2020, 62, e49.	1.1	16
23	Análise espacial da sífilis em gestantes e sífilis congênita no estado do Espírito Santo, 2011-2018*. Epidemiologia E Servicos De Saude: Revista Do Sistema Unico De Saude Do Brasil, 2020, 29, e2018193.	1.0	4
24	Global health is political; can it also be compassionate?. Journal of Global Health, 2019, 9, 020306.	2.7	6
25	Management of sexual partners of pregnant women with syphilis in northeastern Brazil – a qualitative study. BMC Health Services Research, 2019, 19, 65.	2.2	9
26	Health morbidity in Brazilian prisons: a time trends study from national databases. BMJ Open, 2019, 9, e026853.	1.9	11
27	P211...Reproductive outcome and fetal growth in hiv-infected pregnant women at a university hospital in Vitória, Brazil. , 2019, , .		0
28	P746...Maternal to child transmission prevention program for syphilis and HIV in Brazil: missed opportunities. , 2019, , .		0
29	S18.3...Improving the sexual and reproductive health of women living with HIV. , 2019, , .		0
30	Prevalence of Syphilis and Related Risk Behaviors Among Women in 5 Distinct Indigenous Populations in Paraguay. Sexually Transmitted Diseases, 2019, 46, 246-249.	1.7	2
31	Fetal and infant mortality of congenital syphilis reported to the Health Information System. PLoS ONE, 2019, 14, e0209906.	2.5	7
32	Mortality Rate and Predictors in Children Under 15 Years Old Who Acquired HIV from Mother to Child Transmission in Paraguay. AIDS and Behavior, 2018, 22, 99-104.	2.7	1
33	Socioeconomic inequality in preterm birth in four Brazilian birth cohort studies. Jornal De Pediatria, 2018, 94, 15-22.	2.0	21
34	Factors Associated with Maternal-Child Transmission of HIV-1 in Southeastern Brazil: A Retrospective Study. AIDS and Behavior, 2018, 22, 92-98.	2.7	9
35	Anal HPV infection and correlates in HIV-infected patients attending a Sexually Transmitted Infection clinic in Brazil. PLoS ONE, 2018, 13, e0199058.	2.5	13
36	Assessment of asymptomatic Plasmodium spp. infection by detection of parasite DNA in residents of an extra-Amazonian region of Brazil. Malaria Journal, 2018, 17, 113.	2.3	14

#	ARTICLE	IF	CITATIONS
37	Determinantes da qualidade do prĂ©-natal na AtenĂ§Ăo BĂsica: o papel do Apoio Matricial em SaĂde da Mulher. <i>Cadernos Saude Coletiva</i> , 2018, 26, 131-139.	0.6	5
38	The associations that income, education, and ethnicity have with birthweight and prematurity: how close are they?. <i>Revista Panamericana De Salud Publica/Pan American Journal of Public Health</i> , 2018, 42, e92.	1.1	5
39	Prevalence of Chlamydia trachomatis and Neisseria gonorrhoea and associated factors among women living with Human Immunodeficiency Virus in Brazil: a multicenter study. <i>Brazilian Journal of Infectious Diseases</i> , 2017, 21, 402-407.	0.6	13
40	Clinical and epidemiological characteristics associated with unfavorable tuberculosis treatment outcomes in TB-HIV co-infected patients in Brazil: a hierarchical polytomous analysis. <i>Brazilian Journal of Infectious Diseases</i> , 2017, 21, 162-170.	0.6	34
41	High-risk papillomavirus infection among women living with human Immunodeficiency virus: Brazilian multicentric study. <i>Journal of Medical Virology</i> , 2017, 89, 2217-2223.	5.0	17
42	P3.222Ă€...Factors associated with maternal-child transmission of HIV-1 in southeastern brazil: a retrospective study. , 2017, , .		0
