#	ARTICLE	IF	CITATIONS
1	Providing Telephone-Based Support for Patients With Haematological Malignancies: A Qualitative Investigation of Expert Nurses. <i>Canadian Journal of Nursing Research</i> , 2022, 54, 121-133.	1.5	2
2	Editorial Perspective: Prato Research Collaborative for change in parent and child mental health – principles and recommendations for working with children and parents living with parental mental illness. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 350-353.	5.2	18
3	Multicentre randomised controlled trial of a group psychological intervention for postnatal depression in British mothers of South Asian origin (ROSHNI-2): study protocol. <i>BJPsych Open</i> , 2022, 8, .	0.7	3
4	Conceptualisations of positive mental health and wellbeing among children and adolescents in low- and middle-income countries: A systematic review and narrative synthesis. <i>Health Expectations</i> , 2022, 25, 61-79.	2.6	12
5	Children and young people’s beliefs about mental health and illness in Indonesia: A qualitative study informed by the Common Sense Model of Self-Regulation. <i>PLoS ONE</i> , 2022, 17, e0263232.	2.5	8
6	Assessing the effectiveness of social network interventions for adults with a diagnosis of mental health problems: a systematic review and narrative synthesis of impact. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2022, 57, 907-925.	3.1	9
7	De-escalation of conflict in forensic mental health inpatient settings: a Theoretical Domains Framework-informed qualitative investigation of staff and patient perspectives. <i>BMC Psychology</i> , 2022, 10, 30.	2.1	2
8	Mental health literacy in children and adolescents in low- and middle-income countries: a mixed studies systematic review and narrative synthesis. <i>European Child and Adolescent Psychiatry</i> , 2022, , .	4.7	15
9	Using routine outcome measures as clinical process tools: Maximising the therapeutic yield in the <sc>IAPT</sc> programme when working remotely. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2022, , .	2.5	5
10	Conceptualising the social networks of vulnerable children and young people: a systematic review and narrative synthesis. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 169-182.	3.1	9
11	“So just to go through the options” – patient choice in the telephone delivery of the NHS Improving Access to Psychological Therapies services. <i>Sociology of Health and Illness</i> , 2021, 43, 3-19.	2.1	5
12	Clinicians’ Perspectives on Self-Harm in Pakistan: A Qualitative Study. <i>Frontiers in Psychiatry</i> , 2021, 12, 607549.	2.6	3
13	Enhancing the Behaviour Change Wheel with synthesis, stakeholder involvement and decision-making: a case example using the “Enhancing the Quality of Psychological Interventions Delivered by Telephone” (EQUITY) research programme. <i>Implementation Science</i> , 2021, 16, 53.	6.9	10
14	Improving mental health literacy among young people aged 11–15 years in Java, Indonesia: the co-development of a culturally-appropriate, user-centred resource (The IMPeTUs Intervention). <i>Child and Adolescent Psychiatry and Mental Health</i> , 2021, 15, 56.	2.5	6
15	Characterizing core beliefs in psychosis: a qualitative study. <i>Behavioural and Cognitive Psychotherapy</i> , 2020, 48, 67-81.	1.2	7
16	What influences practitioners’ readiness to deliver psychological interventions by telephone? A qualitative study of behaviour change using the Theoretical Domains Framework. <i>BMC Psychiatry</i> , 2020, 20, 371.	2.6	16
17	Out of pocket expenses in obsessive compulsive disorder. <i>Journal of Mental Health</i> , 2020, , 1-6.	1.9	0
18	Adherence and acceptability of light therapies to improve sleep in intrinsic circadian rhythm sleep disorders and neuropsychiatric illness: a systematic review. <i>Sleep Health</i> , 2020, 6, 690-701.	2.5	17

#	ARTICLE	IF	CITATIONS
19	Influence of Needs and Experiences of Haemato-Oncology Patients on Acceptability of a Telephone Intervention for Support and Symptom Management: A Qualitative Study. <i>Clinical Nursing Research</i> , 2020, 29, 627-637.	1.6	8
20	Negotiating support from relationships and resources: a longitudinal study examining the role of personal support networks in the management of severe and enduring mental health problems. <i>BMC Psychiatry</i> , 2020, 20, 50.	2.6	12
21	iMAgery focused psychological therapy for persecutory delusions in PSychoSis (iMAPS): a multiple baseline experimental case series. <i>Behavioural and Cognitive Psychotherapy</i> , 2020, 48, 530-545.	1.2	12
22	“I didn’t know what to expect”: Exploring patient perspectives to identify targets for change to improve telephone-delivered psychological interventions. <i>BMC Psychiatry</i> , 2020, 20, 156.	2.6	19
23	Are there interactional differences between telephone and face-to-face psychological therapy? A systematic review of comparative studies. <i>Journal of Affective Disorders</i> , 2020, 265, 120-131.	4.1	118
24	An intervention to improve the quality of life in children of parents with serious mental illness: the Young SMILES feasibility RCT. <i>Health Technology Assessment</i> , 2020, 24, 1-136.	2.8	6
25	Improving mental health literacy among young people aged 11–15 years in Java, Indonesia: co-development and feasibility testing of a culturally-appropriate, user-centred resource (IMPeTUs) – a study protocol. <i>BMC Health Services Research</i> , 2019, 19, 484.	2.2	20
26	Developing an Intervention to Improve the Health Related Quality of Life in Children and Young People With Serious Parental Mental Illness. <i>Frontiers in Psychiatry</i> , 2019, 10, 155.	2.6	8
27	Testing the psychometric properties of the illness perceptions questionnaire for OCD (IPQ-O). <i>BMC Psychiatry</i> , 2019, 19, 217.	2.6	5
28	Evaluating the acceptability of a co-produced and co-delivered mental health public engagement festival: <i>Mental Health Matters</i> , Jakarta, Indonesia. <i>Research Involvement and Engagement</i> , 2019, 5, 25.	2.9	10
29	Psychological Therapy for Postnatal Depression in UK Primary Care Mental Health Services: A Qualitative Investigation Using Framework Analysis. <i>Journal of Child and Family Studies</i> , 2019, 28, 3519-3532.	1.3	10
30	Impact of telephone delivered case-management on the effectiveness of collaborative care for depression and anti-depressant use: A systematic review and meta-regression. <i>PLoS ONE</i> , 2019, 14, e0217948.	2.5	15
31	Light therapies to improve sleep in intrinsic circadian rhythm sleep disorders and neuro-psychiatric illness: A systematic review and meta-analysis. <i>Sleep Medicine Reviews</i> , 2019, 46, 108-123.	8.5	67
32	Illness perceptions in people with obsessive-compulsive disorder; A qualitative study. <i>PLoS ONE</i> , 2019, 14, e0213495.	2.5	12
33	Assessing mental health service user and carer involvement in physical health care planning: The development and validation of a new patient-reported experience measure. <i>PLoS ONE</i> , 2019, 14, e0206507.	2.5	3
34	A case of misalignment: the perspectives of local and national decision-makers on the implementation of psychological treatment by telephone in the Improving Access to Psychological Therapies Service. <i>BMC Health Services Research</i> , 2019, 19, 997.	2.2	9
35	iMAgery-Focused Psychological Therapy for Persecutory Delusions in PSychoSis (iMAPS): A Novel Treatment Approach. <i>Cognitive and Behavioral Practice</i> , 2019, 26, 575-588.	1.5	9
36	Implementing an intervention designed to enhance service user involvement in mental health care planning: a qualitative process evaluation. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2019, 54, 221-233.	3.1	15

#	ARTICLE	IF	CITATIONS
37	Training to enhance user and carer involvement in mental health-care planning: the EQUIP research programme including a cluster RCT. Programme Grants for Applied Research, 2019, 7, 1-140.	1.0	8
38	Acceptability of telephone support as perceived by patients with cancer: A systematic review. European Journal of Cancer Care, 2018, 27, e12643.	1.5	36
39	The support-control continuum: An investigation of staff perspectives on factors influencing the success or failure of de-escalation techniques for the management of violence and aggression in mental health settings. International Journal of Nursing Studies, 2018, 77, 197-206.	5.6	36
40	Patient perspectives on barriers and enablers to the use and effectiveness of de-escalation techniques for the management of violence and aggression in mental health settings. Journal of Advanced Nursing, 2018, 74, 614-625.	3.3	35
41	Is it time to abandon care planning in mental health services? A qualitative study exploring the views of professionals, service users and carers. Health Expectations, 2018, 21, 597-605.	2.6	28
42	Self-Regulation and Parental Mental Health. , 2018, , 371-394.		5
43	Qualitative systematic review of barriers and facilitators to patient-involved antipsychotic prescribing. BJPsych Open, 2018, 4, 5-14.	0.7	16
44	A community-based intervention (Young SMILES) to improve the health-related quality of life of children and young people of parents with serious mental illness: randomised feasibility protocol. Trials, 2018, 19, 550.	1.6	4
45	Embedding shared decision-making in the care of patients with severe and enduring mental health problems: The EQUIP pragmatic cluster randomised trial. PLoS ONE, 2018, 13, e0201533.	2.5	33
46	Enhancing maternal and infant wellbeing: study protocol for a feasibility trial of the Baby Triple P Positive Parenting programme for mothers with severe mental health difficulties (the IMAGINE study). Trials, 2018, 19, 479.	1.6	6
47	Clinical and cost-effectiveness of one-session treatment (OST) versus multisession cognitive-behavioural therapy (CBT) for specific phobias in children: protocol for a non-inferiority randomised controlled trial. BMJ Open, 2018, 8, e025031.	1.9	15
48	Collaborative, individualised lifestyle interventions are acceptable to people with first episode psychosis; a qualitative study. BMC Psychiatry, 2018, 18, 111.	2.6	8
49	The power of support from companion animals for people living with mental health problems: a systematic review and narrative synthesis of the evidence. BMC Psychiatry, 2018, 18, 31.	2.6	174
50	Self-care support for children and adolescents with long-term conditions: the REFOCUS evidence synthesis. Health Services and Delivery Research, 2018, 6, 1-192.	1.4	4
51	Collaborative case management to aid return to work after long-term sickness absence: a pilot randomised controlled trial. Public Health Research, 2018, 6, 1-76.	1.3	4
52	Low intensity interventions for Obsessive-Compulsive Disorder (OCD): a qualitative study of mental health practitioner experiences. BMC Psychiatry, 2017, 17, 77.	2.6	13
53	Does schema therapy change schemas and symptoms? A systematic review across mental health disorders. Psychology and Psychotherapy: Theory, Research and Practice, 2017, 90, 456-479.	2.5	84
54	Evaluation of a co-delivered training package for community mental health professionals on service user and carer involved care planning. Journal of Psychiatric and Mental Health Nursing, 2017, 24, 358-366.	2.1	32

#	ARTICLE	IF	CITATIONS
55	Exploring service users'™, carers'™ and professionals'™ perspectives and experiences of current antipsychotic prescribing: A qualitative study. <i>Chronic Illness</i> , 2017, 13, 275-287.	1.5	18
56	Exploring the potential implementation of a tool to enhance shared decision making (SDM) in mental health services in the United Kingdom: a qualitative exploration of the views of service users, carers and professionals. <i>International Journal of Mental Health Systems</i> , 2017, 11, 42.	2.7	7
57	Understanding experiences of and preferences for service user and carer involvement in physical health care discussions within mental health care planning. <i>BMC Psychiatry</i> , 2017, 17, 138.	2.6	34
58	Low-intensity cognitive-behaviour therapy interventions for obsessive-compulsive disorder compared to waiting list for therapist-led cognitive-behaviour therapy: 3-arm randomised controlled trial of clinical effectiveness. <i>PLoS Medicine</i> , 2017, 14, e1002337.	8.4	25
59	Separating obsessive-compulsive disorder from the self. A qualitative study of family member perceptions. <i>BMC Psychiatry</i> , 2017, 17, 326.	2.6	10
60	Clinical effectiveness, cost-effectiveness and acceptability of low-intensity interventions in the management of obsessive-compulsive disorder: the Obsessive-Compulsive Treatment Efficacy randomised controlled Trial (OCTET). <i>Health Technology Assessment</i> , 2017, 21, 1-132.	2.8	41
61	Perspectives on Sleep, Sleep Problems, and Their Treatment, in People with Serious Mental Illnesses: A Systematic Review. <i>PLoS ONE</i> , 2016, 11, e0163486.	2.5	34
62	Managing chronic widespread pain in primary care: a qualitative study of patient perspectives and implications for treatment delivery. <i>BMC Musculoskeletal Disorders</i> , 2016, 17, 354.	1.9	24
63	The experiences of help-seeking in people with obsessive compulsive disorder: an internet survey. <i>The Cognitive Behaviour Therapist</i> , 2016, 9, .	1.0	4
64	Bringing meaning to user involvement in mental health care planning: a qualitative exploration of service user perspectives. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2016, 23, 12-21.	2.1	61
65	“One man’s medicine is another man’s poison”: a qualitative study of user perspectives on low intensity interventions for Obsessive-Compulsive Disorder (OCD). <i>BMC Health Services Research</i> , 2016, 16, 188.	2.2	11
66	Embedding telephone therapy in statutory mental health services: a qualitative, theory-driven analysis. <i>BMC Psychiatry</i> , 2016, 16, 56.	2.6	15
67	Health Technologies 'In the Wild'. , 2016, , .		49
68	Evaluating and Quantifying User and Carer Involvement in Mental Health Care Planning (EQUIP): Co-Development of a New Patient-Reported Outcome Measure. <i>PLoS ONE</i> , 2016, 11, e0149973.	2.5	23
69	Community preventive interventions for children of parents with serious mental illness: a commentary on the evidence base. <i>Advances in Mental Health</i> , 2015, 13, 165-167.	0.7	2
70	Carers'™ experiences of involvement in care planning: a qualitative exploration of the facilitators and barriers to engagement with mental health services. <i>BMC Psychiatry</i> , 2015, 15, 208.	2.6	66
71	A cluster randomised controlled trial and process evaluation of a training programme for mental health professionals to enhance user involvement in care planning in service users with severe mental health issues (EQUIP): study protocol for a randomised controlled trial. <i>Trials</i> , 2015, 16, 348.	1.6	20
72	Living with complexity; marshalling resources: a systematic review and qualitative meta-synthesis of lived experience of mental and physical multimorbidity. <i>BMC Family Practice</i> , 2015, 16, 171.	2.9	70

#	ARTICLE	IF	CITATIONS
73	Learning and performance outcomes of mental health staff training in de-escalation techniques for the management of violence and aggression. <i>British Journal of Psychiatry</i> , 2015, 206, 447-455.	2.8	88
74	Does patient experience of multimorbidity predict self-management and health outcomes in a prospective study in primary care?. <i>Family Practice</i> , 2015, 32, 311-316.	1.9	32
75	Professional perspectives on service user and carer involvement in mental health care planning: A qualitative study. <i>International Journal of Nursing Studies</i> , 2015, 52, 1834-1845.	5.6	82
76	Systematic synthesis of barriers and facilitators to service user-led care planning. <i>British Journal of Psychiatry</i> , 2015, 207, 104-114.	2.8	97
77	“Rydym Eisiau Gwybod”the dementia diagnosis disclosure preferences of people in North Wales. <i>International Journal of Geriatric Psychiatry</i> , 2015, 30, 108-110.	2.7	4
78	Capacity, responsibility, and motivation: a critical qualitative evaluation of patient and practitioner views about barriers to self-management in people with multimorbidity. <i>BMC Health Services Research</i> , 2014, 14, 536.	2.2	93
79	“We can't keep going on like this”: identifying family storylines in young onset dementia. <i>Ageing and Society</i> , 2014, 34, 1397-1426.	1.7	24
80	Service User- and Carer-Reported Measures of Involvement in Mental Health Care Planning: Methodological Quality and Acceptability to Users. <i>Frontiers in Psychiatry</i> , 2014, 5, 178.	2.6	6
81	Obsessive Compulsive Treatment Efficacy Trial (OCTET) comparing the clinical and cost effectiveness of self-managed therapies: study protocol for a randomised controlled trial. <i>Trials</i> , 2014, 15, 278.	1.6	10
82	Family-AiD: a family-centred assessment tool in young-onset dementia. <i>Quality in Ageing and Older Adults</i> , 2014, 15, 136-150.	0.8	1
83	Qualitative Meta-Synthesis of User Experience of Computerised Therapy for Depression and Anxiety. <i>PLoS ONE</i> , 2014, 9, e84323.	2.5	148
84	The clinical effectiveness, cost-effectiveness and acceptability of community-based interventions aimed at improving or maintaining quality of life in children of parents with serious mental illness: a systematic review. <i>Health Technology Assessment</i> , 2014, 18, 1-250.	2.8	99
85	A systematic review of predictors and moderators of response to psychological therapies in OCD: Do we have enough empirical evidence to target treatment?. <i>Clinical Psychology Review</i> , 2013, 33, 1067-1081.	11.4	126
86	Primary care practitioner and patient understanding of the concepts of multimorbidity and self-management: A qualitative study. <i>SAGE Open Medicine</i> , 2013, 1, 205031211351000.	1.8	42
87	Defining Quality of Life in the Children of Parents with Severe Mental Illness: A Preliminary Stakeholder-Led Model. <i>PLoS ONE</i> , 2013, 8, e73739.	2.5	39
88	Development of a Multimorbidity Illness Perceptions Scale (MULTIPLEs). <i>PLoS ONE</i> , 2013, 8, e81852.	2.5	65
89	“It's easier just to separate them”: practice constructions in the mental health care and support of younger people with dementia and their families. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2012, 19, 555-562.	2.1	15
90	“Doing things differently”-working towards distributed responsibility within memory assessment services. <i>International Journal of Geriatric Psychiatry</i> , 2012, 27, 280-285.	2.7	6

#	ARTICLE	IF	CITATIONS
91	Optimising treatment resources for OCD: A review of the evidence base for technology-enhanced delivery. <i>Journal of Mental Health</i> , 2011, 20, 525-542.	1.9	23
92	Case management for high-intensity service users: towards a relational approach to care coordination. <i>Health and Social Care in the Community</i> , 2011, 19, 60-69.	1.6	23
93	You can't get anything perfect: User perspectives on the delivery of cognitive behavioural therapy by telephone. <i>Social Science and Medicine</i> , 2010, 71, 1308-1315.	3.8	46
94	Improving health and productivity of depressed workers: a pilot randomized controlled trial of telephone cognitive behavioral therapy delivery in workplace settings. <i>General Hospital Psychiatry</i> , 2010, 32, 337-340.	2.4	27
95	The development and evaluation of a complex health education intervention for adults with a diagnosis of schizophrenia. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2010, 17, 473-486.	2.1	25
96	A systematic review of informal caregivers' needs in providing home-based end-of-life care to people with cancer. <i>Journal of Clinical Nursing</i> , 2009, 18, 1379-1393.	3.0	236
97	Psychotherapy mediated by remote communication technologies: a meta-analytic review. <i>BMC Psychiatry</i> , 2008, 8, 60.	2.6	151
98	Service user views and expectations of UK-registered mental health nurses: A systematic review of empirical research. <i>International Journal of Nursing Studies</i> , 2008, 45, 442-457.	5.6	80
99	Implementing the NICE OCD/BDD guidelines. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2008, 81, 365-376.	2.5	13
100	Subjective experiences of younger people with dementia and their families: implications for UK research, policy and practice. <i>Reviews in Clinical Gerontology</i> , 2008, 18, 165-174.	0.5	65
101	Can we improve the morale of staff working in psychiatric units? A systematic review. <i>Journal of Mental Health</i> , 2006, 15, 7-17.	1.9	49
102	The prevalence of nursing staff stress on adult acute psychiatric in-patient wards. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2006, 41, 34-43.	3.1	36
103	Mapping nursing activity in acute inpatient mental healthcare settings. <i>Journal of Mental Health</i> , 2006, 15, 217-226.	1.9	35
104	Organizing and delivering training for acute mental health services: a discussion paper. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2005, 12, 139-145.	2.1	13
105	Specialist educational intervention for mental health nursing staff: delivery, content and personal impact. <i>Journal of Advanced Nursing</i> , 2005, 51, 529-538.	3.3	8
106	Specialist educational intervention for acute inpatient mental health nursing staff: service user views and effects on nursing quality. <i>Journal of Advanced Nursing</i> , 2005, 51, 634-644.	3.3	20
107	Why do adults with schizophrenia have poorer physical health than the rest of the population?. <i>Mental Health Practice</i> , 2005, 9, 28-30.	0.2	6
108	Perceptions of effective advice in pregnancy – The case of activity. <i>Clinical Effectiveness in Nursing</i> , 2004, 8, 161-169.	0.1	12
