#	ARTICLE	IF	CITATIONS
1	â€œIt's caveman stuff, but that is to a certain extent how guys still operateâ€™: men's accounts of masculinity and help seeking. <i>Social Science and Medicine</i> , 2005, 61, 503-516.	3.8	641
2	Gender differences in health: Are things really as simple as they seem?. <i>Social Science and Medicine</i> , 1996, 42, 617-624.	3.8	579
3	Do men consult less than women? An analysis of routinely collected UK general practice data. <i>BMJ Open</i> , 2013, 3, e003320.	1.9	377
4	Men's accounts of depression: Reconstructing or resisting hegemonic masculinity?. <i>Social Science and Medicine</i> , 2006, 62, 2246-2257.	3.8	327
5	A gender-sensitised weight loss and healthy living programme for overweight and obese men delivered by Scottish Premier League football clubs (FFIT): a pragmatic randomised controlled trial. <i>Lancet</i> , The, 2014, 383, 1211-1221.	13.7	308
6	â€œLive to Workâ€™ or â€œWork to Liveâ€™? A Qualitative Study of Gender and Workâ€œlife Balance among Men and Women in Midâ€œlife. <i>Gender, Work and Organization</i> , 2009, 16, 151-172.	4.7	300
7	Do women 'over-report' morbidity? Men's and women's responses to structured prompting on a standard question on long standing illness. <i>Social Science and Medicine</i> , 1999, 48, 89-98.	3.8	218
8	Socio-economic Position, Gender and Health. <i>Journal of Health Psychology</i> , 1997, 2, 315-334.	2.3	163
9	Self-managing and managing self: practical and moral dilemmas in accounts of living with chronic illness. <i>Chronic Illness</i> , 2006, 2, 185-194.	1.5	154
10	Masculinity, femininity and sex: an exploration of their relative contribution to explaining gender differences in health.. <i>Sociology of Health and Illness</i> , 1990, 12, 24-46.	2.1	151
11	Managing multiple morbidity in mid-life: a qualitative study of attitudes to drug use. <i>BMJ: British Medical Journal</i> , 2003, 327, 837-0.	2.3	147
12	Alcohol Consumption in Movies and Adolescent Binge Drinking in 6 European Countries. <i>Pediatrics</i> , 2012, 129, 709-720.	2.1	132
13	Do women consult more than men? A review of gender and consultation for back pain and headache. <i>Journal of Health Services Research and Policy</i> , 2011, 16, 108-117.	1.7	130
14	Increased blood pressure reactions to acute mental stress are associated with 16â€œyear cardiovascular disease mortality. <i>Psychophysiology</i> , 2012, 49, 1444-1448.	2.4	130
15	Contribution of smoking-related and alcohol-related deaths to the gender gap in mortality: evidence from 30 European countries. <i>Tobacco Control</i> , 2011, 20, 166-168.	3.2	127
16	Symptoms of depression and cardiovascular reactions to acute psychological stress: Evidence from a population study. <i>Biological Psychology</i> , 2007, 75, 68-74.	2.2	125
17	Blood Pressure Reactions to Stress and the Prediction of Future Blood Pressure: Effects of Sex, Age, and Socioeconomic Position. <i>Psychosomatic Medicine</i> , 2003, 65, 1058-1064.	2.0	122
18	Patterns of class inequality in health through the lifespan: Class gradients at 15, 35 and 55 years in the west of Scotland. <i>Social Science and Medicine</i> , 1994, 39, 1037-1050.	3.8	121

#	ARTICLE	IF	CITATIONS
19	Football Fans in Training: the development and optimization of an intervention delivered through professional sports clubs to help men lose weight, become more active and adopt healthier eating habits. <i>BMC Public Health</i> , 2013, 13, 232.	2.9	120
20	Newsprint media representations of the introduction of the HPV vaccination programme for cervical cancer prevention in the UK (2005–2008). <i>Social Science and Medicine</i> , 2010, 70, 942-950.	3.8	118
21	Have men been overlooked? A comparison of young men and women's experiences of chemotherapy-induced alopecia. <i>Psycho-Oncology</i> , 2008, 17, 577-583.	2.3	113
22	The contribution of risk factors to socioeconomic inequalities in multimorbidity across the lifecycle: a longitudinal analysis of the Twenty-07 cohort. <i>BMC Medicine</i> , 2017, 15, 152.	5.5	112
23	The role of gendered constructions of eating disorders in delayed help-seeking in men: a qualitative interview study: Table A1. <i>BMJ Open</i> , 2014, 4, e004342.	1.9	111
24	How information about other people's personal experiences can help with healthcare decision-making: A qualitative study. <i>Patient Education and Counseling</i> , 2011, 85, e291-e298.	2.2	110
25	Social class and health in youth: Findings from the west of Scotland twenty-07 study. <i>Social Science and Medicine</i> , 1990, 30, 665-673.	3.8	108
26	UK newspapers' representations of the 2009-10 outbreak of swine flu: one health scare not over-hyped by the media?. <i>Journal of Epidemiology and Community Health</i> , 2011, 65, 941-946.	3.7	105
27	Problematizing gender, work and health: the relationship between gender, occupational grade, working conditions and minor morbidity in full-time bank employees. <i>Social Science and Medicine</i> , 1999, 48, 33-48.	3.8	103
28	Invisible women? The importance of gender in lay beliefs about heart problems. <i>Sociology of Health and Illness</i> , 2001, 23, 203-233.	2.1	103
29	“Combined vaccines are like a sudden onslaught to the body's immune system”: Parental concerns about vaccine “overload” and “immune-vulnerability”. <i>Vaccine</i> , 2006, 24, 4321-4327.	3.8	98
30	Social media as a space for support: Young adults' perspectives on producing and consuming user-generated content about diabetes and mental health. <i>Social Science and Medicine</i> , 2016, 170, 46-54.	3.8	97
31	Lay constructions of a family history of heart disease: potential for misunderstandings in the clinical encounter?. <i>Lancet, The</i> , 2001, 357, 1168-1171.	13.7	93
32	Coronary Risk in a British Punjabi Population: Comparative Profile of Non-Biochemical Factors. <i>International Journal of Epidemiology</i> , 1994, 23, 28-37.	1.9	92
33	Older and wiser? Men's and women's accounts of drinking in early mid-life. <i>Sociology of Health and Illness</i> , 2012, 34, 481-496.	2.1	91
34	Young adults' experiences of seeking online information about diabetes and mental health in the age of social media. <i>Health Expectations</i> , 2016, 19, 1324-1335.	2.6	91
35	Relocating gender and morbidity: examining men's and women's health in contemporary Western societies. Introduction to Special Issue on Gender and Health. <i>Social Science and Medicine</i> , 1999, 48, 1-5.	3.8	88
36	Blunted cardiac reactions to acute psychological stress predict symptoms of depression five years later: Evidence from a large community study. <i>Psychophysiology</i> , 2011, 48, 142-148.	2.4	87

#	ARTICLE	IF	CITATIONS
37	Blood Pressure Reactions to Acute Mental Stress and Future Blood Pressure Status. <i>Psychosomatic Medicine</i> , 2011, 73, 737-742.	2.0	83
38	â€œYou've got to walk before you runâ€: Positive evaluations of a walking program as part of a gender-sensitized, weight-management program delivered to men through professional football clubs.. <i>Health Psychology</i> , 2013, 32, 57-65.	1.6	82
39	Transformation and time-out: The role of alcohol in identity construction among Scottish women in early midlife. <i>International Journal of Drug Policy</i> , 2015, 26, 437-445.	3.3	81
40	Gender differences in consulting a general practitioner for common symptoms of minor illness. <i>Social Science and Medicine</i> , 1998, 46, 901-906.	3.8	80
41	Gender, work-home conflict, and morbidity amongst white-collar bank employees in the United Kingdom. <i>International Journal of Behavioral Medicine</i> , 2004, 11, 127-134.	1.7	80
42	Do weight management programmes delivered at professional football clubs attract and engage high risk men? A mixed-methods study. <i>BMC Public Health</i> , 2014, 14, 50.	2.9	80
43	Smoking in Movies and Adolescent Smoking Initiation. <i>American Journal of Preventive Medicine</i> , 2013, 44, 339-344.	3.0	79
44	Cohort Profile: West of Scotland Twenty-07 Study: Health in the Community. <i>International Journal of Epidemiology</i> , 2009, 38, 1215-1223.	1.9	77
45	Disclosing a Cancer Diagnosis to Friends and Family: A Gendered Analysis of Young Men's and Women's Experiences. <i>Qualitative Health Research</i> , 2009, 19, 744-754.	2.1	77
46	Exploring the ambiguities of masculinity in accounts of emotional distress in the military among young ex-servicemen. <i>Social Science and Medicine</i> , 2010, 71, 1480-1488.	3.8	77
47	Adolescent socio-economic and school-based social status, health and well-being. <i>Social Science and Medicine</i> , 2014, 121, 39-47.	3.8	76
48	Portrayal of Alcohol Consumption in Movies and Drinking Initiation in Low-Risk Adolescents. <i>Pediatrics</i> , 2014, 133, 973-982.	2.1	74
49	Childhood Mental Ability and Adult Alcohol Intake and Alcohol Problems: The 1970 British Cohort Study. <i>American Journal of Public Health</i> , 2008, 98, 2237-2243.	2.7	71
50	"Standing Out from the Herd": Men Renegotiating Masculinity in Relation to Their Experience of Illness. <i>International Journal of Men's Health</i> , 2007, 6, 178-200.	0.4	71
51	Social Class, Sex, and Age Differences in Mucosal Immunity in a Large Community Sample. <i>Brain, Behavior, and Immunity</i> , 2000, 14, 41-48.	4.1	70
52	Using secondary analysis of qualitative data of patient experiences of health care to inform health services research and policy. <i>Journal of Health Services Research and Policy</i> , 2014, 19, 177-182.	1.7	70
53	â€˜Rulesâ€™ for boys, â€˜guidelinesâ€™ for girls: Gender differences in symptom reporting during childhood and adolescence. <i>Social Science and Medicine</i> , 2010, 70, 597-604.	3.8	69
54	The role of alcohol in forging and maintaining friendships amongst Scottish men in midlife.. <i>Health Psychology</i> , 2013, 32, 33-41.	1.6	69

#	ARTICLE	IF	CITATIONS
55	Sex, gender role orientation, gender role attitudes and suicidal thoughts in three generations. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2006, 41, 641-647.	3.1	67
56	Words matter: a qualitative investigation of which weight status terms are acceptable and motivate weight loss when used by health professionals. <i>BMC Public Health</i> , 2011, 11, 513.	2.9	66
57	The wealthy get healthy, the poor get poorly? Lay perceptions of health inequalities. <i>Social Science and Medicine</i> , 2006, 62, 2171-2182.	3.8	65
58	Decreased risk of death from coronary heart disease amongst men with higher 'femininity' scores: a general population cohort study. <i>International Journal of Epidemiology</i> , 2007, 36, 612-620.	1.9	65
59	Football Fans in Training (FFIT): a randomised controlled trial of a gender-sensitised weight loss and healthy living programme for men – end of study report. <i>Public Health Research</i> , 2015, 3, 1-130.	1.3	64
60	Staying “in the zone” but not passing the “point of no return”: embodiment, gender and drinking in mid-life. <i>Sociology of Health and Illness</i> , 2014, 36, 264-277.	2.1	62
61	Just the job? Is the relationship between health and domestic and paid work gender-specific?. <i>Sociology of Health and Illness</i> , 1993, 15, 632-664.	2.1	61
62	The accessibility and acceptability of self-management support interventions for men with long term conditions: a systematic review and meta-synthesis of qualitative studies. <i>BMC Public Health</i> , 2014, 14, 1230.	2.9	61
63	The effect of a programme to improve men’s sedentary time and physical activity: The European Fans in Training (EuroFIT) randomised controlled trial. <i>PLoS Medicine</i> , 2019, 16, e1002736.	8.4	61
64	Parents' champions vs. vested interests: Who do parents believe about MMR? A qualitative study. <i>BMC Public Health</i> , 2007, 7, 42.	2.9	60
65	Changing gender roles and attitudes and their implications for well-being around the new millennium. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2014, 49, 791-809.	3.1	60
66	Gender differences in mental health: evidence from three organisations. <i>Social Science and Medicine</i> , 2002, 54, 621-624.	3.8	59
67	Exploring men's and women's experiences of depression and engagement with health professionals: more similarities than differences? A qualitative interview study. <i>BMC Family Practice</i> , 2007, 8, 43.	2.9	59
68	“Coz football is what we all have”: masculinities, practice, performance and effervescence in a gender-sensitised weight loss and healthy living programme for men. <i>Sociology of Health and Illness</i> , 2016, 38, 812-828.	2.1	58
69	Smoking in movies and adolescent smoking: cross-cultural study in six European countries. <i>Thorax</i> , 2011, 66, 875-883.	5.6	57
70	Psychological distress among British South Asians: the contribution of stressful situations and subcultural differences in the West of Scotland Twenty-07 Study. <i>Psychological Medicine</i> , 1997, 27, 1173-1181.	4.5	54
71	Are Women More Ready to Consult than Men? Gender Differences in Family Practitioner Consultation for Common Chronic Conditions. <i>Journal of Health Services Research and Policy</i> , 1999, 4, 96-100.	1.7	53
72	Question Wording Effects in the Assessment of Global Self-Esteem. <i>European Journal of Psychological Assessment</i> , 2000, 16, 13-19.	3.0	49

#	ARTICLE	IF	CITATIONS
73	Haemodynamic reactions to acute psychological stress and smoking status in a large community sample. <i>International Journal of Psychophysiology</i> , 2009, 73, 273-278.	1.0	48
74	Morbidity and Irish Catholic descent in Britain: An ethnic and religious minority 150 years on. <i>Social Science and Medicine</i> , 1997, 45, 3-14.	3.8	47
75	Commentary: The prevention paradox in lay epidemiologyâ€”Rose revisited. <i>International Journal of Epidemiology</i> , 2001, 30, 442-446.	1.9	47
76	Coverage of Jade Goody's cervical cancer in UK newspapers: a missed opportunity for health promotion?. <i>BMC Public Health</i> , 2010, 10, 368.	2.9	47
77	Life events and hemodynamic stress reactivity in the middle-aged and elderly. <i>Psychophysiology</i> , 2005, 42, 269-276.	2.4	46
78	Consultation and illness behaviour in response to symptoms: A comparison of models from different disciplinary frameworks and suggestions for future research directions. <i>Social Science and Medicine</i> , 2013, 86, 79-87.	3.8	46
79	School nurses' experiences of delivering the UK HPV vaccination programme in its first year. <i>BMC Infectious Diseases</i> , 2011, 11, 226.	2.9	45
80	The weaker sex? Exploring lay understandings of gender differences in life expectancy: A qualitative study. <i>Social Science and Medicine</i> , 2008, 67, 808-816.	3.8	44
81	Caregiving is associated with low secretion rates of immunoglobulin A in saliva. <i>Brain, Behavior, and Immunity</i> , 2008, 22, 565-572.	4.1	44
82	â€”My brain couldnâ€™t move from planning a birth to planning a funeralâ€™: A qualitative study of parentsâ€™ experiences of decisions after ending a pregnancy for fetal abnormality. <i>International Journal of Nursing Studies</i> , 2009, 46, 1111-1121.	5.6	44
83	The Longitudinal Course of Insomnia Symptoms: Inequalities by Sex and Occupational Class Among Two Different Age Cohorts Followed for 20 Years in the West of Scotland. <i>Sleep</i> , 2012, 35, 815-823.	1.1	44
84	The effectiveness of self-management support interventions for men with long-term conditions: a systematic review and meta-analysis. <i>BMJ Open</i> , 2015, 5, e006620-e006620.	1.9	43
85	How Does Sex Influence Multimorbidity? Secondary Analysis of a Large Nationally Representative Dataset. <i>International Journal of Environmental Research and Public Health</i> , 2016, 13, 391.	2.6	43
86	Weight management for overweight and obese men delivered through professional football clubs: a pilot randomized trial. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2013, 10, 121.	4.6	42
87	Prevalence of eating disorders in males: a review of rates reported in academic research and UK mass media. <i>International Journal of Men's Health</i> , 2015, 14, .	0.4	42
88	How similar are the smoking and drinking habits of men and women in non-manual jobs?. <i>European Journal of Public Health</i> , 2002, 12, 22-28.	0.3	41
89	Contextualizing smoking: masculinity, femininity and class differences in smoking in men and women from three generations in the west of Scotland. <i>Health Education Research</i> , 2004, 19, 239-249.	1.9	41
90	Addressing male obesity: an evaluation of a group-based weight management intervention for Scottish men. <i>Journal of Men's Health</i> , 2009, 6, 70-81.	0.3	41

#	ARTICLE	IF	CITATIONS
91	Why is the receipt of social support associated with increased psychological distress? an examination of three hypotheses. <i>Psychology and Health</i> , 1998, 13, 527-544.	2.2	40
92	Does distrust in providers affect health-care utilization in China?. <i>Health Policy and Planning</i> , 2016, 31, 1001-1009.	2.7	39
93	It's like a personal motivator that you carried around with you: utilising self-determination theory to understand men's experiences of using pedometers to increase physical activity in a weight management programme. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2017, 14, 61.	4.6	39
94	A chip off the old block? Lay understandings of inheritance among men and women in mid-life. <i>Public Understanding of Science</i> , 2003, 12, 47-65.	2.8	38
95	Symptoms of depression in non-routine caregivers: The role of caregiver strain and burden. <i>British Journal of Clinical Psychology</i> , 2009, 48, 335-346.	3.5	37
96	Evaluating sickness absence duration by musculoskeletal and mental health issues: a retrospective cohort study of Scottish healthcare workers. <i>BMJ Open</i> , 2018, 8, e018085.	1.9	37
97	A generation apart? Gender-related experiences and health in women in early and late mid-life. <i>Social Science and Medicine</i> , 2002, 54, 663-676.	3.8	36
98	How personal experiences feature in women's accounts of use of information for decisions about antenatal diagnostic testing for foetal abnormality. <i>Social Science and Medicine</i> , 2011, 72, 755-762.	3.8	36
99	Self-managing and managing self: practical and moral dilemmas in accounts of living with chronic illness. <i>Chronic Illness</i> , 2006, 2, 185-194.	1.5	35
100	Location, location, location: The role of experience of disadvantage in lay perceptions of area inequalities in health. <i>Health and Place</i> , 2008, 14, 167-181.	3.3	33
101	National survey of attitudes towards and intentions to vaccinate against COVID-19: implications for communications. <i>BMJ Open</i> , 2021, 11, e055085.	1.9	33
102	One apple a day? Fruit and vegetable intake in the West of Scotland. <i>Health Education Research</i> , 1994, 9, 297-305.	1.9	32
103	'Radical blueprint for social change'? Media representations of New Labour's policies on public health. <i>Sociology of Health and Illness</i> , 2003, 25, 532-552.	2.1	32
104	Frequent consulting and multiple morbidity: a qualitative comparison of 'high' and 'low' consulters of GPs. <i>Family Practice</i> , 2008, 25, 168-175.	1.9	32
105	Hockey Fans in Training. <i>Medicine and Science in Sports and Exercise</i> , 2017, 49, 2506-2516.	0.4	32
106	The psychosocial versus material hypothesis to explain observed inequality in disability among older adults: data from the West of Scotland Twenty-07 Study. <i>Journal of Epidemiology and Community Health</i> , 2006, 60, 974-980.	3.7	31
107	Symptoms of Mental Health Problems: Children's and Adolescents' Understandings and Implications for Gender Differences in Help Seeking. <i>Children and Society</i> , 2013, 27, 161-173.	1.7	31
108	Study protocol of European Fans in Training (EuroFIT): a four-country randomised controlled trial of a lifestyle program for men delivered in elite football clubs. <i>BMC Public Health</i> , 2016, 16, 598.	2.9	31

#	ARTICLE	IF	CITATIONS
109	The impact of the initial Covid-19 lockdown upon regular sports bettors in Britain: Findings from a cross-sectional online study. <i>Addictive Behaviors</i> , 2021, 118, 106876.	3.0	31
110	Gender Differences in Survival and the Use of Primary Care Prior to Diagnosis of Three Cancers: An Analysis of Routinely Collected UK General Practice Data. <i>PLoS ONE</i> , 2014, 9, e101562.	2.5	31
111	Has psychological distress among UK South Asians been underestimated? A comparison of three measures in the west of Scotland population. <i>Ethnicity and Health</i> , 1997, 2, 21-29.	2.5	30
112	Staying in the "sweet spot": A resilience-based analysis of the lived experience of low-risk drinking and abstinence among British youth. <i>Psychology and Health</i> , 2016, 31, 79-99.	2.2	30
113	Men's Perspectives of a Gender-Sensitized Health Promotion Program Targeting Healthy Eating, Active Living, and Social Connectedness. <i>American Journal of Men's Health</i> , 2018, 12, 2157-2166.	1.6	30
114	Long-term weight loss trajectories following participation in a randomised controlled trial of a weight management programme for men delivered through professional football clubs: a longitudinal cohort study and economic evaluation. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2018, 15, 60.	4.6	30
115	Masculinities in Older Men: A Qualitative Study in the West of Scotland. <i>Journal of Men's Studies</i> , 2004, 12, 207-226.	1.2	29
