#	ARTICLE	IF	CITATIONS
1	Predictors of participation restriction over a 9-year period in adults with myotonic dystrophy type 1. <i>Disability and Rehabilitation</i> , 2022, 44, 2615-2631.	1.8	5
2	Scoping study of definitions of social participation: update and co-construction of an interdisciplinary consensual definition. <i>Age and Ageing</i> , 2022, 51, .	1.6	37
3	Scoping study of definitions and instruments measuring vulnerability in older adults. <i>Journal of the American Geriatrics Society</i> , 2022, 70, 269-280.	2.6	7
4	Assessment of Functional Mobility After COVID-19 in Adults Aged 50 Years or Older in the Canadian Longitudinal Study on Aging. <i>JAMA Network Open</i> , 2022, 5, e2146168.	5.9	25
5	Multimorbidity resilience and COVID-19 pandemic self-reported impact and worry among older adults: a study based on the Canadian Longitudinal Study on Aging (CLSA). <i>BMC Geriatrics</i> , 2022, 22, 92.	2.7	11
6	Association between intergenerational solidarity involving elders and mental health of Indigenous people living off reserve. <i>BMC Public Health</i> , 2022, 22, 512.	2.9	2
7	Convivialité des municipalités canadiennes à l'égard des aînés : portrait et facteurs associés. <i>Canadian Journal of Public Health</i> , 2022, 113, 579-588.	2.3	3
8	Developing a One-Stop Platform Transportation Planning Service to Help Older Adults Move Around in Their Community Where, When, and How They Wish: Protocol for a Living Lab Study. <i>JMIR Research Protocols</i> , 2022, 11, e33894.	1.0	5
9	Feasibility of Lifestyle Redesign® for community-dwelling older adults with and without disabilities: Results from an exploratory descriptive qualitative clinical research design. <i>Australian Occupational Therapy Journal</i> , 2022, , .	1.1	1
10	Social participation and barriers to community activities among middle-aged and older Canadians: Differences and similarities according to gender and age. <i>Geriatrics and Gerontology International</i> , 2021, 21, 77-84.	1.5	14
11	Importance of collaboration and contextual factors in the development and implementation of social participation initiatives for older adults living in rural areas. <i>Australian Occupational Therapy Journal</i> , 2021, 68, 504-519.	1.1	1
12	Maltraitance entre résidents en temps de pandémie: Effets dans les résidences privées pour aînés au Québec. <i>Canadian Journal on Aging</i> , 2021, 40, 619-627.	1.1	1
13	Challenges and Strategies to Adapt the Provision of Support Services to Older Adults and Caregivers During the COVID-19 Pandemic: The Perspective of Community Organizations. <i>Canadian Journal on Aging</i> , 2021, 40, 591-603.	1.1	6
14	A longitudinal analysis of the impact of the COVID-19 pandemic on the mental health of middle-aged and older adults from the Canadian Longitudinal Study on Aging. <i>Nature Aging</i> , 2021, 1, 1137-1147.	11.6	59
15	Caractéristiques environnementales favorisant la participation sociale: une enquête auprès des aînés québécois. <i>Canadian Journal on Aging</i> , 2020, 39, 1-11.	1.1	2
16	Levers for Change and Unexpected Outcomes of a Participatory Research Partnership: Toward Fostering Older adults' Social Participation to Promote Health Equity. <i>American Journal of Community Psychology</i> , 2020, 66, 417-426.	2.5	5
17	Environmental Characteristics Associated with Older Adults' Social Participation: The Contribution of Sociodemography and Transportation in Metropolitan, Urban, and Rural Areas. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 8399.	2.6	13
18	Social participation needs of older adults living in a rural regional county municipality: toward reducing situations of isolation and vulnerability. <i>BMC Geriatrics</i> , 2020, 20, 456.	2.7	18

#	ARTICLE	IF	CITATIONS
19	Ageism and COVID-19: what does our society's response say about us? <i>Age and Ageing</i> , 2020, 49, 692-695.	1.6	252
20	Interdisciplinary and Collaborative Approaches Needed to Determine Impact of COVID-19 on Older Adults and Aging: CAG/ACG and RCV Joint Statement. <i>Canadian Journal on Aging</i> , 2020, 39, 333-343.	1.1	36
21	<i>Vivre sans ma voiture</i> : une intervention pour soutenir les Canadiens-francophones. <i>Canadian Journal on Aging</i> , 2020, 39, 614-625.	1.1	3
22	Importance of Indigenous elders' contributions to individual and community wellness: results from a scoping review on social participation and intergenerational solidarity. <i>Canadian Journal of Public Health</i> , 2020, 111, 667-681.	2.3	28
23	Institutional context: What elements shape how community occupational therapists think about their clients' care?. <i>Health and Social Care in the Community</i> , 2020, 28, 1209-1219.	1.6	2
24	Attendants' experience with the personalized citizen assistance for social participation (APIC). <i>BMC Geriatrics</i> , 2020, 20, 503.	2.7	1
25	Comparaison des caractéristiques des organismes de transport en commun du Québec selon la ruralité: vers l'identification de nouvelles opportunités pour favoriser la participation sociale des aînés. , 2020, , 117-142.		2
26	L'accompagnement-citoyen en soutien à la participation sociale des aînés ayant un traumatisme crânio-cérébral. <i>Loisir Et Societe</i> , 2019, 42, 91-107.	0.4	1
27	Social participation in older women and men: differences in community activities and barriers according to region and population size in Canada. <i>BMC Public Health</i> , 2019, 19, 1124.	2.9	49
28	Pré-implantation de l'Accompagnement-citoyen personnalisé de l'intégration communautaire (APIC): Adaptabilité, collaboration et financement, les déterminants d'une implantation réussie. <i>Canadian Journal on Aging</i> , 2019, 38, 315-327.	1.1	2
29	Determinants of Depressive Symptoms at 1 Year Following ICU Discharge in Survivors of >= 7 Days of Mechanical Ventilation. <i>Chest</i> , 2019, 156, 466-476.	0.8	14
30	Community-based participatory research remodelling occupational therapy to foster older adults' social participation. <i>Canadian Journal of Occupational Therapy</i> , 2019, 86, 262-276.	1.3	12
31	Progressive Decline in Daily and Social Activities: A 9-year Longitudinal Study of Participation in Myotonic Dystrophy Type 1. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019, 100, 1629-1639.	0.9	15
32	Influence of Lifestyle Redesign® on Health, Social Participation, Leisure, and Mobility of Older French-Canadians. <i>American Journal of Occupational Therapy</i> , 2019, 73, 7305205030p1-7305205030p18.	0.3	25
33	Occupational therapists' contributions to fostering older adults' social participation: A scoping review. <i>British Journal of Occupational Therapy</i> , 2018, 81, 427-449.	0.9	35
34	Identification and feasibility of social participation initiatives reducing isolation and involving rural older Canadians in the development of their community. <i>Aging Clinical and Experimental Research</i> , 2018, 30, 845-859.	2.9	11
35	Effect of personalised citizen assistance for social participation (APIC) on older adults' health and social participation: study protocol for a pragmatic multicentre randomised controlled trial (RCT). <i>BMJ Open</i> , 2018, 8, e018676.	1.9	7
36	Looking for capacities rather than vulnerabilities: The moderating effect of health assets on the associations between adverse social position and health. <i>Preventive Medicine</i> , 2018, 110, 93-99.	3.4	14

#	ARTICLE	IF	CITATIONS
37	Exploring the Impact of a New Intervention to Increase Participation of Frail Older Adults in Meaningful Leisure Activities. <i>Activities, Adaptation and Aging</i> , 2018, 42, 1-18.	2.4	7
38	How does playing adapted sports affect quality of life of people with mobility limitations? Results from a mixed-method sequential explanatory study. <i>Health and Quality of Life Outcomes</i> , 2017, 15, 22.	2.4	46
39	Associations Between Resilience, Community Belonging, and Social Participation Among Community-Dwelling Older Adults: Results From the Eastern Townships Population Health Survey. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017, 98, 2422-2432.	0.9	38
40	A 9-year follow-up study of the natural progression of upper limb performance in myotonic dystrophy type 1: A similar decline for phenotypes but not for gender. <i>Neuromuscular Disorders</i> , 2017, 27, 673-682.	0.6	15
41	A scoping review protocol on social participation of indigenous elders, intergenerational solidarity and their influence on individual and community wellness. <i>BMJ Open</i> , 2017, 7, e015931.	1.9	5
42	Outil de sensibilisation des proches Ã la conduite automobile des aÃ©nÃ©s. <i>Canadian Journal on Aging</i> , 2017, 36, 328-341.	1.1	4
43	Functional disability and social participation restriction associated with chronic conditions in middle-aged and older adults. <i>Journal of Epidemiology and Community Health</i> , 2017, 71, 381-389.	3.7	71
44	Capturing how age-friendly communities foster positive health, social participation and health equity: a study protocol of key components and processes that promote population health in aging Canadians. <i>BMC Public Health</i> , 2017, 17, 502.	2.9	35
45	Perspectives on Salutogenesis of Scholars Writing in French. , 2017, , 373-377.		1
46	What you do every day matters: A new direction for health promotion. <i>Canadian Journal of Public Health</i> , 2016, 107, e205-e208.	2.3	19
47	Ariadne's thread: a promising new multidisciplinary tool to foster clients' resilience throughout the rehabilitation process. <i>Disability and Rehabilitation</i> , 2016, 38, 1454-1462.	1.8	1
48	Stanford Chronic Disease Self-Management Program in myotonic dystrophy: New opportunities for occupational therapists. <i>Canadian Journal of Occupational Therapy</i> , 2016, 83, 166-176.	1.3	4
49	One-Year Outcomes in Caregivers of Critically Ill Patients. <i>New England Journal of Medicine</i> , 2016, 374, 1831-1841.	27.0	301
50	Facilitators, barriers and needs in the use of adaptive driving strategies to enhance older drivers' mobility: Importance of openness, perceptions, knowledge and support. <i>Transportation Research Part F: Traffic Psychology and Behaviour</i> , 2016, 43, 56-66.	3.7	12
51	Personalized citizen assistance for social participation (APIC): A promising intervention for increasing mobility, accomplishment of social activities and frequency of leisure activities in older adults having disabilities. <i>Archives of Gerontology and Geriatrics</i> , 2016, 64, 96-102.	3.0	29
52	The RECOVER Program: Disability Risk Groups and 1-Year Outcome after 7 or More Days of Mechanical Ventilation. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2016, 194, 831-844.	5.6	272
53	Identifying participation needs of people with acquired brain injury in the development of a collective community smart home. <i>Disability and Rehabilitation: Assistive Technology</i> , 2016, 11, 636-644.	2.2	15
54	Reddition de compte et optimisation de la performance: impacts sur le choix des interventions ergothÃ©rapiques. <i>Sante Publique</i> , 2016, Vol. 28, 769-780.	0.1	13

#	ARTICLE	IF	CITATIONS
55	How to find lessons from the public health literature: Example of a scoping study protocol on the neighborhood environment. <i>International Journal of Preventive Medicine</i> , 2016, 7, 83.	0.4	3
56	Maintaining good relationships in clinical setting. , 2015, , .		1
57	Environmental Factors Associated With Social Participation of Older Adults Living in Metropolitan, Urban, and Rural Areas: The NuAge Study. <i>American Journal of Public Health</i> , 2015, 105, 1718-1725.	2.7	75
58	Coping strategies associated with participation and quality of life in older adults. <i>Canadian Journal of Occupational Therapy</i> , 2015, 82, 44-53.	1.3	14
59	â€œDo-Live-Wellâ€ A Canadian framework for promoting occupation, health, and well-being. <i>Canadian Journal of Occupational Therapy</i> , 2015, 82, 9-23.	1.3	71
60	The relevance of positive approaches to health for patient-centered care medicine. <i>Preventive Medicine Reports</i> , 2015, 2, 10-12.	1.8	8
61	Estimating multiple morbidity disease burden among older persons: a convergent construct validity study to discriminate among six chronic illness measures, CCHS 2008/09. <i>BMC Geriatrics</i> , 2015, 15, 12.	2.7	30
62	Awareness Tool for Safe and Responsible Driving (OSCAR): A Potential Educational Intervention for Increasing Interest, Openness and Knowledge About the Abilities Required and Compensatory Strategies Among Older Drivers. <i>Traffic Injury Prevention</i> , 2015, 16, 578-586.	1.4	21
63	Importance of proximity to resources, social support, transportation and neighborhood security for mobility and social participation in older adults: results from a scoping study. <i>BMC Public Health</i> , 2015, 15, 503.	2.9	257
64	Standardized referral form: Restricting client-centered practice?. <i>Scandinavian Journal of Occupational Therapy</i> , 2015, 22, 283-292.	1.7	18
65	Are health promotion and prevention interventions integrated into occupational therapy practice with older adults having disabilities? Insights from six community health settings in <sc>Q</sc> uÃ©bec, <sc>C</sc> anada. <i>Australian Occupational Therapy Journal</i> , 2015, 62, 56-67.	1.1	35
66	Participation needs of older adults having disabilities and receiving home care: met needs mainly concern daily activities, while unmet needs mostly involve social activities. <i>BMC Geriatrics</i> , 2015, 15, 95.	2.7	48
67	Clinical Reasoning Process: Cornerstone of Effective Occupational Therapy Practice. , 2015, , 73-82.		4
68	Does Life Balance of Adults and Seniors With and Without Physical Disabilities Differ?. <i>American Journal of Occupational Therapy</i> , 2015, 69, 6911505029p1-6911505029p1.	0.3	3
69	Gender-specific associations between functional autonomy and physical capacities in independent older adults: Results from the NuAge study. <i>Archives of Gerontology and Geriatrics</i> , 2014, 58, 56-62.	3.0	17
70	Modification of the assessment of life habits (LIFE-H<i>m</i>) to consider personalized satisfaction with participation in activities and roles: results from a construct validity study with older adults. <i>Disability and Rehabilitation</i> , 2014, 36, 737-743.	1.8	9
71	Match between needs and services for participation of older adults receiving home care. <i>Leadership in Health Services</i> , 2014, 27, 204-223.	1.2	12
72	Outil de sensibilisation des conducteurs Ã©s aux capacitÃ©s requises pour une conduite automobile sÃ©curitaire et responsable (OSCAR): dÃ©veloppement et validation. <i>Recherche - Transports - Securite</i> , 2014, 2014, 257-269.	0.1	3

#	ARTICLE	IF	CITATIONS
73	Exploring the involvement of the institutional dimension of societal and practice contexts in community occupational therapistsâ€™ clinical reasoning: An institutional ethnography study protocol. <i>European Journal for Person Centered Healthcare</i> , 2014, 2, 425.	0.3	2
74	Influence of societal and practice contexts on health professionalsâ€™ clinical reasoning: a scoping study protocol. <i>BMJ Open</i> , 2013, 3, e002887.	1.9	7
75	Neighborhood Resources and Social Participation Among Older Adults. <i>Journal of Aging and Health</i> , 2013, 25, 296-318.	1.7	70
76	Did waiting times really decrease following a service reorganization? Results from a retrospective study in a pediatric rehabilitation program in Quebec. <i>Disability and Rehabilitation</i> , 2013, 35, 719-724.	1.8	11
77	Exploring support needed by home health aides in choosing bathing equipment: New challenges for occupational therapy collaboration. <i>Work</i> , 2013, 46, 263-271.	1.1	13
