#	ARTICLE	IF	CITATIONS
1	Early and Standard Urinary Catheter Removal After Gynecological Surgery for Benign Lesions: A Quasi-Experimental Study. <i>Clinical Nursing Research</i> , 2022, 31, 489-496.	1.6	4
2	Is ultrasound valuable for the diagnosis of women with abnormal detrusor activity?. <i>Journal of the Chinese Medical Association</i> , 2022, 85, 3-4.	1.4	3
3	Neurogenic bladder in patients with cervical cancer after treatment. <i>Journal of the Chinese Medical Association</i> , 2022, 85, 1-2.	1.4	9
4	Comparing paclitaxel-platinum with ifosfamide-platinum as the front-line chemotherapy for patients with advanced-stage uterine carcinosarcoma. <i>Journal of the Chinese Medical Association</i> , 2022, 85, 204-211.	1.4	26
5	Home-based noninvasive pelvic floor muscle training device to assist women in performing Kegel exercise in the management of stress urinary incontinence. <i>Journal of the Chinese Medical Association</i> , 2022, 85, 484-490.	1.4	9
6	Maintenance Therapy for Preventing Endometrioma Recurrence after Endometriosis Resection Surgery â€” A Systematic Review and Network Meta-analysis. <i>Journal of Minimally Invasive Gynecology</i> , 2022, 29, 602-612.	0.6	6
7	Pregnant women with COVID-19. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 197-198.	1.3	4
8	Combination of hyaluronic acid and mesenchymal stem cells for treatment of intrauterine adhesions. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 8-9.	1.3	6
9	Prophylactic or emergent cervical cerclage for women with different medical indications for cervical cerclage. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 193-194.	1.3	2
10	Laparoscopic-aid procedure for complicated gynecologic surgery. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 195-196.	1.3	7
11	A theoretical analysis of prophylactic common iliac arterial occlusion for potential massive bleeding during cesarean delivery: Decision-making considerations â€” A 2-year retrospective study. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 282-289.	1.3	11
12	Tocolytic Treatment for the Prevention of Preterm Birth from a Taiwanese Perspective: A Survey of Taiwanese Obstetric Specialists. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 4222.	2.6	9
13	Abandon ifosfamide-based regimen and use paclitaxel-carboplatin regimen for the treatment of uterine carcinosarcoma. <i>Journal of the Chinese Medical Association</i> , 2022, Publish Ahead of Print, .	1.4	14
14	Efficacy and Safety of â€œStop-Mini Adjustableâ€ Sling System versus Transobturator Midurethral â€œObtryxâ€ Sling System in Stress Urinary Incontinence: A Retrospective Cohort Study. <i>Journal of Minimally Invasive Gynecology</i> , 2022, 29, 519-527.	0.6	3
15	Cysteineâ€”Cysteine Motif Chemokine Receptor 5 Expression in Letrozole-Induced Polycystic Ovary Syndrome Mice. <i>International Journal of Molecular Sciences</i> , 2022, 23, 134.	4.1	6
16	Pre-pregnancy body mass index is a determined risk factor for the development of gestational diabetes, regardless of singleton or twin pregnancy. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 1-2.	1.3	7
17	Fertility preservation in women with breast cancer. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 3-4.	1.3	2
18	Postpartum hemorrhage. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 5-7.	1.3	4

#	ARTICLE	IF	CITATIONS
19	Diagnosis of placenta accreta spectrum before delivery. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 199-200.	1.3	7
20	Cervical Power Doppler Angiography with Micro Vessel Blood Flow Indices in the Auxiliary Diagnosis of Acute Cervicitis. <i>Diagnostics</i> , 2022, 12, 1131.	2.6	1
21	Pretreatment Radiologically Enlarged Lymph Nodes as a Significant Prognostic Factor in Clinical Stage IIB Cervical Cancer: Evidence from a Taiwanese Tertiary Care Center in Reaching Consensus. <i>Diagnostics</i> , 2022, 12, 1230.	2.6	7
22	The effects of maternal body weight and gestational diabetes mellitus on the risk of the delivery of large-for-gestational age babies: Synergistic or additive?. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 413-414.	1.3	9
23	Comparison of the O-RADS and ADNEX models regarding malignancy rate and validity in evaluating adnexal lesions. <i>European Radiology</i> , 2022, 32, 7854-7864.	4.5	15
24	No-fault compensation systems of childbirth accidents in Taiwan. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 409-410.	1.3	6
25	New strategies accelerate the path to overcome refractory interstitial cystitis. <i>Journal of the Chinese Medical Association</i> , 2022, 85, 665-666.	1.4	5
26	No impact of tumor size on oncological outcomes in cervical cancer patients after radical hysterectomy and postoperative radiotherapy: Is it real?. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 575-577.	1.3	11
27	Letter to the Editor: Appropriate timing for the removal of urinary catheter after laparoscopic surgery for benign gynecologic diseases may still be uncertain. <i>International Journal of Gynecology and Obstetrics</i> , 2022, 158, 766-768.	2.3	4
28	Dehydroepiandrosterone (DHEA) adjuvant and poor ovarian responders. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 571-572.	1.3	0
29	Chemotherapy adjuvant and chemotherapy-induced neutropenia. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 573-574.	1.3	6
30	Multiple micronodular diseases of lung in gynecologic malignancies. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2022, 61, 578-579.	1.3	2
31	Luteal Phase Ovarian Stimulation versus Follicular Phase Ovarian Stimulation results in different Human Cumulus cell genes expression: A pilot study. <i>International Journal of Medical Sciences</i> , 2021, 18, 1600-1608.	2.5	6
32	Is modified embryo transfer technique related to an increased pregnancy rate?. <i>Journal of the Chinese Medical Association</i> , 2021, Publish Ahead of Print, .	1.4	2
33	Factors that infertile couples from mainland China may take into consideration for cross-border reproductive care – A cross-sectional questionnaire study. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 24-30.	1.3	4
34	Sialylated autoantibodies involved in disease activity of rheumatoid arthritis. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 123-124.	1.4	2
35	Concordance analysis of intrapartum cardiotocography between physicians and artificial intelligence-based technique using modified one-dimensional fully convolutional networks. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 158-164.	1.4	11
36	Can the simple parameter of peripheral hematological examination predict the outcome in patients with septic acute kidney injury?. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 336-337.	1.4	10

#	ARTICLE	IF	CITATIONS
37	The Perimenopausal Fatigue Self-Management Scale Is Suitable for Evaluating Perimenopausal Taiwanese Women's Vulnerability to Fatigue Syndrome. <i>Healthcare (Switzerland)</i> , 2021, 9, 336.	2.0	4
38	The predictors of sepsis-related acute kidney injury. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 243-244.	1.4	9
39	Application of hyaluronic acid in patients with interstitial cystitis. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 341-343.	1.4	13
40	Trans sexualism. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 457-458.	1.4	2
41	AdvanTIG-202: A phase 2 study investigating anti-TIGIT monoclonal antibody ociperlimab plus anti-PD-1 monoclonal antibody tislelizumab in patients with previously treated recurrent or metastatic cervical cancer.. <i>Journal of Clinical Oncology</i> , 2021, 39, TPS5595-TPS5595.	1.6	5
42	Simultaneous myomectomy during cesarean section. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 397-398.	1.3	3
43	Focus on the Primary Prevention of Intrauterine Adhesions: Current Concept and Vision. <i>International Journal of Molecular Sciences</i> , 2021, 22, 5175.	4.1	68
44	Pregnancy outcome in women with type I adenomyosis undergoing adenomyomectomy. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 399-400.	1.3	6
45	Placenta accreta spectrum (PAS) and peripartum hysterectomy. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 395-396.	1.3	15
46	Was capsule penetration of locally advanced renal cell carcinoma associated with recurrence in patients undergoing curative surgery?. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 664-664.	1.4	1
47	Is one-minute difference in operation time meaningful?. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 561-562.	1.4	7
48	Clinical Presentation and Management of Endometriosis-Related Hemorrhagic Ascites: A Case Report and Systematic Review of the Literature. <i>Cureus</i> , 2021, 13, e15828.	0.5	1
49	Kisspeptin in female reproduction. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 559-560.	1.4	2
50	Is the lower serum level of vitamin E associated with pregnant women with allergic rhinitis?. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 739-740.	1.4	2
51	Maternal weight gain and birth weight. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 741-742.	1.4	14
52	Using a short questionnaire of the perimenopausal fatigue scale to evaluate perimenopausal women prone to fatigue syndrome. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 734-738.	1.3	4
53	Introduce the outstanding research paper awards of the Taiwan Association of Obstetrics and Gynecology in 2020. <i>Taiwanese Journal of Obstetrics and Gynecology</i> , 2021, 60, 591-592.	1.3	1
54	Kisspeptin in male reproduction. <i>Journal of the Chinese Medical Association</i> , 2021, 84, 667-668.	1.4	2

#	ARTICLE	IF	CITATIONS
55	Growth differentiation factor 15 in pregnant women: A hero or villain?. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 593-594.	1.3	6
56	The use of serum level of microRNA-485-5P in prediction of renal function in lupus nephritis patients. Journal of the Chinese Medical Association, 2021, 84, 736-736.	1.4	3
57	Pregnancy outcome in elder women. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 589-590.	1.3	2
58	Overactive bladder syndrome in nulliparous women. Journal of the Chinese Medical Association, 2021, 84, 809-810.	1.4	5
59	The impact of COVID-19 in pregnancy: Part I. Clinical presentations and untoward outcomes of pregnant women with COVID-19. Journal of the Chinese Medical Association, 2021, 84, 813-820.	1.4	24
60	Simple and less cost but not effective. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, 901-902.	1.4	2
61	The impact of COVID-19 in pregnancy: Part II. Vaccination to pregnant women. Journal of the Chinese Medical Association, 2021, 84, 903-910.	1.4	22
62	Treatment for recurrent epithelial ovarian cancer. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 803-804.	1.3	6
63	Risk factors associated with preterm premature rupture of membranes (PPROM). Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 805-806.	1.3	10
64	Serum cystatin C or cystatin C-based glomerular filtration rate may be a better choice in estimating renal function in women with preeclampsia. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 801-802.	1.3	3
65	Amylin, bariatric surgery and type 2 diabetes mellitus. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, 983-984.	1.4	5
66	Maternal and fetal outcomes of the pregnant woman with COVID-19: The first case report in Taiwan. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 942-944.	1.3	8
67	A symptomatic near-term pregnant woman recovered from SARS-CoV-2 infection. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 945-948.	1.3	8
68	A new hope or a new nightmare? Concerned about the conflicted data. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 799-800.	1.3	1
69	Increased regulated on activation, normal T-cell expressed and secreted levels and cysteine chemokine receptor 5 upregulation in omental adipose tissue and peripheral blood mononuclear cells are associated with testosterone level and insulin resistance in polycystic ovary syndrome. Fertility and Sterility, 2021, 116, 1139-1146.	1.0	9
70	The Molecular Regulation in the Pathophysiology in Ovarian Aging. , 2021, 12, 934.		29
71	Does the combination of hysterectomy and general anesthesia increase the risk of subsequent development of dementia?. Journal of the Chinese Medical Association, 2021, 84, 1-2.	1.4	3
72	Is it possible to increase detection rate of esophageal pre-cancer or cancer lesions in the high-risk population?. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, .	1.4	2

#	ARTICLE	IF	CITATIONS
73	Is it possible to use the serum levels of alpha 1-antitrypsin as a serum biomarker to distinguish endometriosis and endometriosis-associated epithelial ovarian cancers?. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, 985-986.	1.4	7
74	Synergistic therapeutic effect of low-dose bevacizumab with cisplatin-based chemotherapy for advanced or recurrent cervical cancer. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, .	1.4	12
75	Glycemic control and outcome of cancer patients. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, .	1.4	3
76	Outstanding research paper awards of the Journal of the Chinese Medical Association in 2020. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, .	1.4	1
77	Inadequate evidence supports the improvement of health outcomes in application of screening tests for gestational diabetes mellitus in the first trimester. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 981-982.	1.3	3
78	Shoulder pain after laparoscopy: A common but often neglected clinical situation. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 975-976.	1.3	3
79	Gestational weight gain and birth weight of newborn. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 979-980.	1.3	7
80	Endometriosis-associated epithelial ovarian cancer is a more complicated disease than we suspected before. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 1112-1115.	1.3	6
81	Special Issue "Reproductive Health Concerns for Women" Life, 2021, 11, 1274.	2.4	1
82	Meigs's syndrome and adult-type granulosa cell tumor. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 1116-1120.	1.3	1
83	Fever during chemotherapy: Hypersensitivity reactions. Taiwanese Journal of Obstetrics and Gynecology, 2021, 60, 977-978.	1.3	6
84	Selective feticide in late trimester. Journal of the Chinese Medical Association, 2021, Publish Ahead of Print, 137-138.	1.4	9
85	The mortality and blood transfusion. Journal of the Chinese Medical Association, 2020, 83, 102-102.	1.4	3
86	Do healthy pregnant women need iron supplementation?. Journal of the Chinese Medical Association, 2020, 83, 3-4.	1.4	4
87	A review of severe acute respiratory syndrome coronavirus 2 infection in the reproductive system. Journal of the Chinese Medical Association, 2020, 83, 895-897.	1.4	19
88	Does any serum marker predict the ovarian endometrioma accompanied with or without deep infiltrative endometriosis?. Journal of the Chinese Medical Association, 2020, 83, 797-798.	1.4	6
89	Additional risks for preterm delivery in highly risky women: Identification and prevention. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 479-480.	1.3	7
90	Optimal approach for management of postpartum vulva hematoma: Report of three cases. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 780-783.	1.3	4

#	ARTICLE	IF	CITATIONS
91	Aortic dissection during pregnancy. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 627-628.	1.3	4
92	Gastrointestinal perforations in a patient treated by Bevacizumab and chemotherapy: Is it an anaphylactic reaction?. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 629-630.	1.3	8
93	Introduce the outstanding research paper awards of the Taiwan Association of Obstetrics and Gynecology and Hsu Chien-Tien Cancer Foundation in 2020. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 477-478.	1.3	2
94	Efficacy of Applying Hyaluronic Acid Gels in the Primary Prevention of Intrauterine Adhesion after Hysteroscopic Myomectomy: A Meta-Analysis of Randomized Controlled Trials. Life, 2020, 10, 285.	2.4	14
95	The experience of menopausal women participating in weight management program: A pilot study. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 686-690.	1.3	10
96	Trabeculation and indentation of bladder dome after repeated vesicovaginal fistula repair. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 625-626.	1.3	1
97	Predictors in major burn patients. Journal of the Chinese Medical Association, 2020, 83, 584-584.	1.4	2
98	Psychological support in pregnant women undergoing amniocentesis. Journal of the Chinese Medical Association, 2020, 83, 586-586.	1.4	3
99	Anxiety for procedures or anxiety for results. Journal of the Chinese Medical Association, 2020, 83, 626-627.	1.4	1
100	Using dinoprostone vaginal insert for induction of labor: A single institute experience. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 723-727.	1.3	9
101	Uric acid in diabetic nephropathy. Journal of the Chinese Medical Association, 2020, 83, 794-794.	1.4	2
102	Advanced technology offers a safer and better laparoscopic surgery. Journal of the Chinese Medical Association, 2020, 83, 697-698.	1.4	8
103	Healing. Journal of the Chinese Medical Association, 2020, 83, 695-696.	1.4	5
104	Severe acute respiratory syndrome coronavirus-2 and the deduction effect of angiotensin-converting enzyme 2 in pregnancy. Journal of the Chinese Medical Association, 2020, 83, 812-816.	1.4	14
105	Re-visit the cesarean section scar. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 633-634.	1.3	2
106	Sertoli-Leydig cell tumor of the ovary: Radiologic-operative-histologic finding. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 987-990.	1.3	1
107	Molecular Mechanisms of Laparoscopic Ovarian Drilling and Its Therapeutic Effects in Polycystic Ovary Syndrome. International Journal of Molecular Sciences, 2020, 21, 8147.	4.1	39
108	Painless surgery and long-term quality of life. Journal of the Chinese Medical Association, 2020, 83, 325-326.	1.4	1

#	ARTICLE	IF	CITATIONS
109	Dose-dense chemotherapy: A possible high cost-effectiveness treatment for ovarian cancer. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 351-352.	1.3	8
110	Endometriosis-associated epithelial ovarian cancer: Primary synchronous different cellular type on each ovary. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 460-463.	1.3	7
111	Risk factors associated with epithelial ovarian cancer in women with endometriosis. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 353-355.	1.3	7
112	The negative correlation between osteoporosis and hyperlipidemia: Is it real?. Taiwanese Journal of Obstetrics and Gynecology, 2020, 59, 471-472.	1.3	0
113	Crosslinked Hyaluronic Acid Gels for the Prevention of Intrauterine Adhesions after a Hysteroscopic Myomectomy in Women with Submucosal Myomas: A Prospective, Randomized, Controlled Trial. Life, 2020, 10, 67.	2.4	22
114	Immunology and ovarian cancers. Journal of the Chinese Medical Association, 2020, 83, 425-432.	1.4	28
115	Is there real association between patient-controlled analgesia and a better long-term quality of life after major surgery?. Journal of the Chinese Medical Association, 2020, 83, 417-417.	1.4	1
