#	ARTICLE	IF	CITATIONS
1	The prevalence of posttraumatic stress disorder in pregnancy and after birth: A systematic review and meta-analysis. <i>Journal of Affective Disorders</i> , 2017, 208, 634-645.	4.1	451
2	The aetiology of post-traumatic stress following childbirth: a meta-analysis and theoretical framework. <i>Psychological Medicine</i> , 2016, 46, 1121-1134.	4.5	401
3	Outcomes after Total versus Subtotal Abdominal Hysterectomy. <i>New England Journal of Medicine</i> , 2002, 347, 1318-1325.	27.0	389
4	Maternal posttraumatic stress disorder during the perinatal period and child outcomes: A systematic review. <i>Journal of Affective Disorders</i> , 2018, 225, 18-31.	4.1	296
5	Do Women Get Posttraumatic Stress Disorder as a Result of Childbirth? A Prospective Study of Incidence. <i>Birth</i> , 2001, 28, 111-118.	2.2	289
6	Anxiety measures validated in perinatal populations: A systematic review. <i>Journal of Affective Disorders</i> , 2011, 133, 1-15.	4.1	254
7	The effects of childbirth-related post-traumatic stress disorder on women and their relationships: A qualitative study. <i>Psychology, Health and Medicine</i> , 2006, 11, 389-398.	2.4	252
8	Pre- and postnatal psychological wellbeing in Africa: A systematic review. <i>Journal of Affective Disorders</i> , 2010, 123, 17-29.	4.1	235
9	Posttraumatic growth and adjustment among individuals with cancer or HIV/AIDS: A meta-analysis. <i>Clinical Psychology Review</i> , 2010, 30, 436-447.	11.4	176
10	Delivery as a Traumatic Event: Prevalence, Risk Factors, and Treatment for Postnatal Posttraumatic Stress Disorder. <i>Clinical Obstetrics and Gynecology</i> , 2004, 47, 552-567.	1.1	160
11	Measures of satisfaction with care during labour and birth: a comparative review. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 108.	2.4	152
12	The impact of postpartum post-traumatic stress disorder symptoms on child development: a population-based, 2-year follow-up study. <i>Psychological Medicine</i> , 2017, 47, 161-170.	4.5	152
13	Childbirth-related post-traumatic stress disorder in couples: A qualitative study. <i>British Journal of Health Psychology</i> , 2007, 12, 491-509.	3.5	150
14	The relationship between adult attachment style and post-traumatic stress symptoms: A meta-analysis. <i>Journal of Anxiety Disorders</i> , 2015, 35, 103-117.	3.2	144
15	The effect of postnatal symptoms of post-traumatic stress and depression on the couple's relationship and parent-baby bond. <i>Journal of Reproductive and Infant Psychology</i> , 2009, 27, 127-142.	1.8	142
16	TRANSITION TO PARENTHOOD AND MENTAL HEALTH IN FIRST-TIME PARENTS. <i>Infant Mental Health Journal</i> , 2014, 35, 263-273.	1.8	130
17	Post-traumatic stress disorder following childbirth: current issues and recommendations for future research. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2008, 29, 240-250.	2.1	125
18	Computer- or web-based interventions for perinatal mental health: A systematic review. <i>Journal of Affective Disorders</i> , 2016, 197, 134-146.	4.1	124

#	ARTICLE	IF	CITATIONS
19	Post-traumatic stress disorder following childbirth: an update of current issues and recommendations for future research. <i>Journal of Reproductive and Infant Psychology</i> , 2015, 33, 219-237.	1.8	123
20	Development of a Measure of Postpartum PTSD: The City Birth Trauma Scale. <i>Frontiers in Psychiatry</i> , 2018, 9, 409.	2.6	117
21	The impact of parents' mental health on parent-baby interaction: A prospective study. , 2013, 36, 599-608.		116
22	What makes labour and birth traumatic? A survey of intrapartum "hotspots". <i>Psychology and Health</i> , 2012, 27, 1166-1177.	2.2	113
23	Thoughts and Emotions During Traumatic Birth: A Qualitative Study. <i>Birth</i> , 2007, 34, 253-263.	2.2	107
24	Parents' views on care of their very premature babies in neonatal intensive care units: a qualitative study. <i>BMC Pediatrics</i> , 2014, 14, 230.	1.7	97
25	Does Anxiety Sensitivity Predict Post-Traumatic Stress Symptoms Following Childbirth? A Preliminary Report. <i>Cognitive Behaviour Therapy</i> , 2002, 31, 145-155.	3.5	91
26	Women's experiences of postnatal distress: a qualitative study. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 359.	2.4	91
27	Parents' first moments with their very preterm babies: a qualitative study. <i>BMJ Open</i> , 2013, 3, e002487.	1.9	87
28	Stressful events and support during birth: The effect on anxiety, mood and perceived control. <i>Journal of Anxiety Disorders</i> , 2009, 23, 260-268.	3.2	84
29	Support during birth interacts with prior trauma and birth intervention to predict postnatal post-traumatic stress symptoms. <i>Psychology and Health</i> , 2011, 26, 1553-1570.	2.2	84
30	The Impact of Postpartum Posttraumatic Stress and Depression Symptoms on Couples' Relationship Satisfaction: A Population-Based Prospective Study. <i>Frontiers in Psychology</i> , 2018, 9, 1728.	2.1	84
31	Symptoms of post-traumatic stress disorder in couples after birth: association with the couple's relationship and parent-baby bond. <i>Journal of Reproductive and Infant Psychology</i> , 2007, 25, 40-50.	1.8	83
32	Measurement of Maternal Perceptions of Support and Control in Birth (SCIB). <i>Journal of Women's Health</i> , 2009, 18, 245-252.	3.3	80
33	Women's experiences of pregnancy, childbirth, and the postnatal period in The Gambia: A qualitative study. <i>British Journal of Health Psychology</i> , 2011, 16, 528-541.	3.5	80
34	Longitudinal trajectories of post-traumatic stress disorder (PTSD) after birth and associated risk factors. <i>Journal of Affective Disorders</i> , 2018, 229, 377-385.	4.1	80
35	Post-traumatic growth in women after childbirth. <i>Psychology and Health</i> , 2009, 24, 457-471.	2.2	75
36	Factors associated with unintended pregnancy in Brazil: cross-sectional results from the Birth in Brazil National Survey, 2011/2012. <i>Reproductive Health</i> , 2016, 13, 118.	3.1	75

#	ARTICLE	IF	CITATIONS
37	Factors associated with postpartum depressive symptomatology in Brazil: The Birth in Brazil National Research Study, 2011/2012. <i>Journal of Affective Disorders</i> , 2016, 194, 159-167.	4.1	74
38	Hysterectomy improves quality of life and decreases psychiatric symptoms: a prospective and randomised comparison of total versus subtotal hysterectomy. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004, 111, 1115-1120.	2.3	71
39	Fear of childbirth, postnatal post-traumatic stress disorder and midwifery care. <i>Midwifery</i> , 2014, 30, 145-148.	2.3	70
40	Exploration of a cognitive model to predict post-traumatic stress symptoms following childbirth. <i>Journal of Anxiety Disorders</i> , 2010, 24, 353-359.	3.2	69
41	Seeking help for perinatal psychological distress: a meta-synthesis of women's experiences. <i>British Journal of General Practice</i> , 2017, 67, e692-e699.	1.4	69
42	Cognitive biases in processing infant emotion by women with depression, anxiety and post-traumatic stress disorder in pregnancy or after birth: A systematic review. <i>Cognition and Emotion</i> , 2015, 29, 1278-1294.	2.0	66
43	Posttraumatic growth after childbirth: A prospective study. <i>Psychology and Health</i> , 2012, 27, 362-377.	2.2	65
44	Women's expectations and experience of birth. <i>Psychology and Health</i> , 2005, 20, 79-92.	2.2	64
45	Depression, anxiety, PTSD and comorbidity in perinatal women in Turkey: A longitudinal population-based study. <i>Midwifery</i> , 2017, 55, 29-37.	2.3	64
46	The Association Between Parent's and Healthcare Professional's Behavior and Children's Coping and Distress During Venepuncture. <i>Journal of Pediatric Psychology</i> , 2010, 35, 985-995.	2.1	59
47	Risk perception of women during high risk pregnancy: A systematic review. <i>Health, Risk and Society</i> , 2012, 14, 511-531.	1.7	57
48	Infant Developmental Outcomes: A Family Systems Perspective. <i>Infant and Child Development</i> , 2014, 23, 353-373.	1.5	57
49	The influence of postpartum PTSD on breastfeeding: A longitudinal population-based study. <i>Birth</i> , 2018, 45, 193-201.	2.2	55
50	Barriers and facilitators to implementing perinatal mental health care in health and social care settings: a systematic review. <i>Lancet Psychiatry</i> , 2021, 8, 521-534.	7.4	54
51	Parents' experiences and satisfaction with care during the birth of their very preterm baby: a qualitative study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2013, 120, 637-643.	2.3	53
52	A Thematic Analysis of Stigma and Disclosure for Perinatal Depression on an Online Forum. <i>JMIR Mental Health</i> , 2016, 3, e18.	3.3	53
53	Cognitive behaviour therapy for postnatal post-traumatic stress disorder: case studies. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2007, 28, 177-184.	2.1	52
54	The role of adult attachment style, birth intervention and support in posttraumatic stress after childbirth: A prospective study. <i>Journal of Affective Disorders</i> , 2014, 155, 295-298.	4.1	52

#	ARTICLE	IF	CITATIONS
55	Recovering from stillbirth: the effects of making and sharing memories on maternal mental health. <i>Journal of Reproductive and Infant Psychology</i> , 2013, 31, 195-207.	1.8	50
56	Stillbirth and Stigma: The Spoiling and Repair of Multiple Social Identities. <i>Omega: Journal of Death and Dying</i> , 2014, 70, 143-168.	1.0	50
57	Neurodevelopmental Outcomes at 2 and 3.5 Years for Very Preterm Babies Enrolled in a Randomized Trial of Milking the Umbilical Cord versus Delayed Cord Clamping. <i>Neonatology</i> , 2016, 109, 113-119.	2.0	50
58	Electronic consenting for conducting research remotely: A review of current practice and key recommendations for using e-consenting. <i>International Journal of Medical Informatics</i> , 2020, 143, 104271.	3.3	50
59	Factors associated with post-traumatic stress symptoms (PTSS) 4-6 weeks and 6 months after birth: A longitudinal population-based study. <i>Journal of Affective Disorders</i> , 2017, 221, 238-245.	4.1	49
60	A systematic review and meta-synthesis of the impact of becoming parents on the couple relationship. <i>Midwifery</i> , 2018, 61, 88-96.	2.3	49
61	Factor structure of the Edinburgh Postnatal Depression Scale in a population-based sample. <i>Psychological Assessment</i> , 2017, 29, 1016-1027.	1.5	48
62	A prospective study of the parent-baby bond in men and women 15 months after birth. <i>Journal of Reproductive and Infant Psychology</i> , 2014, 32, 441-456.	1.8	46
63	Recognition and management of perinatal depression and anxiety by general practitioners: a systematic review. <i>Family Practice</i> , 2017, 34, 11-19.	1.9	46
64	Perinatal mental health and risk of child maltreatment: A systematic review and meta-analysis. <i>Child Abuse and Neglect</i> , 2019, 98, 104172.	2.6	46
65	Maintaining factors of posttraumatic stress symptoms following childbirth: A population-based, two-year follow-up study. <i>Journal of Affective Disorders</i> , 2015, 172, 146-152.	4.1	44
66	Balancing restrictions and access to maternity care for women and birthing partners during the COVID-19 pandemic: the psychosocial impact of suboptimal care. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2021, 128, 1720-1725.	2.3	42
67	Providing immediate neonatal care and resuscitation at birth beside the mother: parents' views, a qualitative study. <i>BMJ Open</i> , 2015, 5, e008495.	1.9	41
68	The Application of Chaos Theory to Psychology. <i>Theory and Psychology</i> , 1997, 7, 373-398.	1.2	40
69	When birth is not as expected: a systematic review of the impact of a mismatch between expectations and experiences. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 475.	2.4	40
70	The role of posttraumatic stress and depression symptoms in mother-infant bonding. <i>Journal of Affective Disorders</i> , 2020, 268, 134-140.	4.1	39
71	Diagnosis and management of perinatal depression and anxiety in general practice: a meta-synthesis of qualitative studies. <i>British Journal of General Practice</i> , 2017, 67, e538-e546.	1.4	37
72	Boredom proneness in a psychiatric inpatient population. <i>International Journal of Social Psychiatry</i> , 2012, 58, 488-495.	3.1	35

#	ARTICLE	IF	CITATIONS
73	What are women stressed about after birth?. <i>Birth</i> , 2019, 46, 678-685.	2.2	35
74	A preliminary study of negative appraisals and dysfunctional coping associated with post-traumatic stress disorder symptoms following myocardial infarction. <i>British Journal of Health Psychology</i> , 2009, 14, 459-471.	3.5	34
