#	ARTICLE	IF	CITATIONS
1	A systematic review of shared decision making interventions in child and youth mental health: synthesising the use of theory, intervention functions, and behaviour change techniques. <i>European Child and Adolescent Psychiatry</i> , 2023, 32, 209-222.	4.7	8
2	Trajectories of change in general psychopathology levels among depressed adolescents in short-term psychotherapies. <i>Psychotherapy Research</i> , 2023, 33, 96-107.	1.8	6
3	Unpacking the active ingredients of internet-based psychodynamic therapy for adolescents. <i>Psychotherapy Research</i> , 2023, 33, 108-117.	1.8	6
4	Cross-sectional and longitudinal associations between psychotic and depressive symptoms in depressed adolescents. <i>European Child and Adolescent Psychiatry</i> , 2022, 31, 729-736.	4.7	6
5	The experience of cognitive behavioural therapy in depressed adolescents who are fatigued. <i>Psychology and Psychotherapy: Theory, Research and Practice</i> , 2022, 95, 234-255.	2.5	6
6	The therapeutic alliance in psychotherapy for adolescent depression: Differences between treatment types and change over time.. <i>Journal of Psychotherapy Integration</i> , 2022, 32, 326-341.	1.1	5
7	Introduction to Mentalization-Based Approaches for Parents, Children, Youths, and Families. <i>American Journal of Psychotherapy</i> , 2022, 75, 4-11.	1.2	4
8	A commentary on "dropout from randomised controlled trials of psychological treatments for depression in children and youth: A systematic review and meta-analyses". <i>Journal of Affective Disorders</i> , 2022, 299, 142-143.	4.1	1
9	"Trust me, we can sort this out": a theory-testing case study of the role of epistemic trust in fostering relationships. <i>Qualitative Research in Psychology</i> , 2022, 19, 1117-1142.	17.6	9
10	Connecting over the internet: Establishing the therapeutic alliance in an internet-based treatment for depressed adolescents. <i>Clinical Child Psychology and Psychiatry</i> , 2022, 27, 549-568.	1.6	10
11	Alliance ruptures and resolutions in short-term psychoanalytic psychotherapy for adolescent depression: An empirical case study. <i>Psychotherapy Research</i> , 2022, 32, 951-968.	1.8	3
12	Developing Typologies in Qualitative Research: The Use of Ideal-type Analysis. <i>International Journal of Qualitative Methods</i> , The, 2022, 21, 160940692211006.	2.8	28
13	Mapping the journey from epistemic mistrust in depressed adolescents receiving psychotherapy.. <i>Journal of Counseling Psychology</i> , 2022, 69, 678-690.	2.0	12
14	Therapist-guided internet-based psychodynamic therapy versus cognitive behavioural therapy for adolescent depression in Sweden: a randomised, clinical, non-inferiority trial. <i>The Lancet Digital Health</i> , 2022, 4, e594-e603.	12.3	12
15	A comprehensive mapping of outcomes following psychotherapy for adolescent depression: The perspectives of young people, their parents and therapists. <i>European Child and Adolescent Psychiatry</i> , 2021, 30, 1779-1791.	4.7	31
16	The factor structure of the Working Alliance Inventory short-form in youth psychotherapy: an empirical investigation. <i>Psychotherapy Research</i> , 2021, 31, 535-547.	1.8	18
17	Enhancing parental reflective functioning through early dyadic interventions: A systematic review and meta-analysis. <i>Infant Mental Health Journal</i> , 2021, 42, 21-34.	1.8	32
18	Variations on the method.., 2021, , 55-59.		0

#	ARTICLE	IF	CITATIONS
19	The therapeutic relationship in child psychotherapy: integrating the perspectives of children, parents and therapists. <i>Psychotherapy Research</i> , 2021, 31, 988-1000.	1.8	12
20	Analyzing the data.. , 2021, , 27-47.		0
21	Writing the manuscript.. , 2021, , 49-53.		0
22	The first experimental study of transference workâ€“in teenagers (FESTâ€“IT): a multicentre, observer- and patient-blind, randomised controlled component study. <i>BMC Psychiatry</i> , 2021, 21, 106.	2.6	19
23	Treatment of depression in children and adolescents. <i>Lancet Psychiatry</i> ,the, 2021, 8, 97.	7.4	1
24	A qualitative analysis of goals set by foster carers seeking support for their childâ€™s emotional well-being. <i>Adoption & Fostering</i> , 2021, 45, 7-21.	0.5	5
25	The allianceâ€™outcome association in the treatment of adolescent depression.. <i>Psychotherapy</i> , 2021, 58, 95-108.	1.2	8
26	The Evidence-Base for Psychodynamic Psychotherapy With Children and Adolescents: A Narrative Synthesis. <i>Frontiers in Psychology</i> , 2021, 12, 662671.	2.1	52
27	The experience of sleep problems for adolescents with depression in short-term psychological therapy. <i>Clinical Child Psychology and Psychiatry</i> , 2021, 26, 938-953.	1.6	4
28	Associations between baseline cortisol and trajectory of symptom improvement in depressed adolescents receiving psychological therapy. <i>Journal of Affective Disorders</i> , 2021, 287, 191-195.	4.1	4
29	â€™Itâ€™s always difficult when itâ€™s family.â€™,â€™, whereas when youâ€™re talking to a therapist.â€™,â€™,â€™: Parentsâ€™ views on cognitive-behaviour therapy for depressed adolescents. <i>Clinical Child Psychology and Psychiatry</i> , 2021, 26, 1018-1034.	1.6	3
30	The reflective fostering programme: evaluating the intervention co-delivered by social work professionals and foster carers. <i>Journal of Children's Services</i> , 2021, 16, 159-174.	0.7	6
31	Mentalization-Based Interventions for Children Aged 6-12 and Their Carers: A Narrative Systematic Review. <i>Journal of Infant, Child, and Adolescent Psychotherapy</i> , 2021, 20, 169-189.	0.8	15
32	What contributes to good outcomes? The perspective of young people on short-term psychoanalytic psychotherapy for depressed adolescents. <i>PLoS ONE</i> , 2021, 16, e0257334.	2.5	5
33	No typical care story: How do care-experienced young people and foster carers understand fostering relationships?. <i>Adoption & Fostering</i> , 2021, 45, 248-264.	0.5	8
34	Psychotherapy Dropout: Using the Adolescent Psychotherapy Q-Set to Explore the Early In-Session Process of Short-Term Psychodynamic Psychotherapy. <i>Frontiers in Psychology</i> , 2021, 12, 708401.	2.1	3
35	Patient and Public Involvement in Youth Mental Health Research: Protocol for a Systematic Review of Practices and Impact. <i>Frontiers in Psychology</i> , 2021, 12, 703624.	2.1	4
36	The Reflective Fostering Programmeâ€™improving the wellbeing of children in care through a group intervention for foster carers: a randomised controlled trial. <i>Trials</i> , 2021, 22, 841.	1.6	4
