#	ARTICLE	IF	CITATIONS
1	Health communication in and out of public health emergencies: to persuade or to inform?. Health Research Policy and Systems, 2022, 20, 28.	2.8	26
2	The Evaluation of a Social Media Campaign to Increase COVID-19 Testing in Migrant Groups: Cluster Randomized Trial. Journal of Medical Internet Research, 2022, 24, e34544.	4.3	3
3	COVID-19: underpowered randomised trials, or no randomised trials?. Trials, 2021, 22, 234.	1.6	6
4	Breastfeeding Education and Support to Improve Early Initiation and Exclusive Breastfeeding Practices and Infant Growth: A Cluster Randomized Controlled Trial from a Rural Ethiopian Setting. Nutrients, 2021, 13, 1204.	4.1	19
5	Paying for performance to improve the delivery of health interventions in low- and middle-income countries. The Cochrane Library, 2021, 2021, CD007899.	2.8	32
6	Determinants of Knowledge and Attitude towards Breastfeeding in Rural Pregnant Women Using Validated Instruments in Ethiopia. International Journal of Environmental Research and Public Health, 2021, 18, 7930.	2.6	7
7	The Effectiveness of Free Face Mask Distribution on Use of Face Masks. A Cluster Randomised Trial in Stovner District of Oslo, Norway. International Journal of Environmental Research and Public Health, 2021, 18, 8971.	2.6	7
8	Strengthening the evidence base for decisions on public health and social measures. Bulletin of the World Health Organization, 2021, 99, 610-610A.	3.3	13
9	Relationship between teaching modality and COVID-19, well-being, and teaching satisfaction (campus) Tj ETQq1 1 0.784314 rgBT /Ov 100187.	1.5	5
10	Increased COVID-19 Testing Rates Following Combined Door-to-Door and Mobile Testing Facility Campaigns in Oslo, Norway, a Difference-in-Difference Analysis. International Journal of Environmental Research and Public Health, 2021, 18, 11078.	2.6	2
11	Covid-19 transmission in fitness centers in Norway - a randomized trial. BMC Public Health, 2021, 21, 2103.	2.9	14
12	Public health measures for covid-19. BMJ, The, 2021, 375, n2729.	6.0	22
13	Development of a checklist for people communicating evidence-based information about the effects of healthcare interventions: a mixed methods study. BMJ Open, 2020, 10, e036348.	1.9	15
14	The moral perils of conditional cash transfer programmes and their significance for policy: a meta-ethnography of the ethical debate. Health Policy and Planning, 2020, 35, 718-734.	2.7	5
15	Adaptation and validation of the IOWA infant feeding attitude scale and the breastfeeding knowledge questionnaire for use in an Ethiopian setting. International Breastfeeding Journal, 2020, 15, 24.	2.6	14
16	COVID-19: we need randomised trials of school closures. Journal of Epidemiology and Community Health, 2020, 74, 1078-1079.	3.7	17
17	Rapid reviews for rapid decision-making during the coronavirus disease (COVID-19) pandemic, Norway, 2020. Eurosurveillance, 2020, 25, .	7.0	25
18	Communication around HPV vaccination for adolescents in low- and middle-income countries: a systematic scoping overview of systematic reviews. Systematic Reviews, 2019, 8, 190.	5.3	19

#	ARTICLE	IF	CITATIONS
19	Implementing the skilled birth attendance strategy in Uganda: a policy analysis. BMC Health Services Research, 2019, 19, 655.	2.2	19
20	Patient-mediated interventions to improve professional practice: A summary of a Cochrane systematic review. Patient Education and Counseling, 2019, 102, 474-485.	2.2	5
21	Informed Health Choices media intervention for improving people's ability to critically appraise the trustworthiness of claims about treatment effects: a mixed-methods process evaluation of a randomised trial in Uganda. BMJ Open, 2019, 9, e031510.	1.9	7
22	Recent gestational diabetes was associated with mothers stopping predominant breastfeeding earlier in a multi-ethnic population. Acta Paediatrica, International Journal of Paediatrics, 2018, 107, 1028-1035.	1.5	23
23	Subjective judgements "no more, no less? A response to Malterud, Bjelland and Elvbakken. Health Research Policy and Systems, 2018, 16, 111.	2.8	1
24	Effect of breastfeeding education and support intervention (BFESI) versus routine care on timely initiation and exclusive breastfeeding in Southwest Ethiopia: study protocol for a cluster randomized controlled trial. BMC Pediatrics, 2018, 18, 313.	1.7	11
25	Factors affecting the implementation of childhood vaccination communication strategies in Nigeria: a qualitative study. BMC Public Health, 2017, 17, 200.	2.9	75
26	Explaining socioeconomic inequalities in exclusive breast feeding in Norway. Archives of Disease in Childhood, 2017, 102, 708-714.	1.9	15
27	Quasi-experimental study designs series paper 10: synthesizing evidence for effects collected from quasi-experimental studies presents surmountable challenges. Journal of Clinical Epidemiology, 2017, 89, 84-91.	5.0	17
28	Effects of the Informed Health Choices podcast on the ability of parents of primary school children in Uganda to assess claims about treatment effects: a randomised controlled trial. Lancet, The, 2017, 390, 389-398.	13.7	33
29	Effects of the Informed Health Choices primary school intervention on the ability of children in Uganda to assess the reliability of claims about treatment effects: a cluster-randomised controlled trial. Lancet, The, 2017, 390, 374-388.	13.7	72
30	Heterogeneity in application, design, and analysis characteristics was found for controlled before-after and interrupted time series studies included in Cochrane reviews. Journal of Clinical Epidemiology, 2017, 91, 56-69.	5.0	34
31	Can an educational podcast improve the ability of parents of primary school children to assess the reliability of claims made about the benefits and harms of treatments: study protocol for a randomised controlled trial. Trials, 2017, 18, 31.	1.6	9
32	Does the use of the Informed Healthcare Choices (IHC) primary school resources improve the ability of grade-5 children in Uganda to assess the trustworthiness of claims about the effects of treatments: protocol for a cluster-randomised trial. Trials, 2017, 18, 223.	1.6	2
33	Stakeholder perceptions of communication about vaccination in two regions of Cameroon: A qualitative case study. PLoS ONE, 2017, 12, e0183721.	2.5	17
34	Perceptions and experiences of childhood vaccination communication strategies among caregivers and health workers in Nigeria: A qualitative study. PLoS ONE, 2017, 12, e0186733.	2.5	25
35	Response to: Female Genital Mutilation and Obstetric Outcomes: Flawed Systematic Review and Meta-Analysis Does Not Accurately Reflect the Available Evidence. Obstetrics and Gynecology International, 2016, 2016, 1-1.	1.3	1
36	A reanalysis of cluster randomized trials showed interrupted time-series studies were valuable in health system evaluation. Journal of Clinical Epidemiology, 2015, 68, 324-333.	5.0	89

#	ARTICLE	IF	CITATIONS
37	Interrupted time-series analysis yielded an effect estimate concordant with the cluster-randomized controlled trial result. <i>Journal of Clinical Epidemiology</i> , 2013, 66, 883-887.	5.0	71
38	SUPPORT Tools for Evidence-informed Policymaking in health 18: Planning monitoring and evaluation of policies. <i>Health Research Policy and Systems</i> , 2009, 7, S18.	2.8	35
39	Rational Prescribing in Primary Care (RaPP): A Cluster Randomized Trial of a Tailored Intervention. <i>PLoS Medicine</i> , 2006, 3, e134.	8.4	72
