#	ARTICLE	IF	CITATIONS
1	A semi-quantitative model for ranking the risk of incursion of exotic animal pathogens into a European Union Member State. <i>Microbial Risk Analysis</i> , 2021, 18, 100175.	1.3	5
2	A Tool for Prioritizing Livestock Disease Threats to Scotland. <i>Frontiers in Veterinary Science</i> , 2020, 7, 223.	0.9	8
3	Cross-Validation of Generic Risk Assessment Tools for Animal Disease Incursion Based on a Case Study for African Swine Fever. <i>Frontiers in Veterinary Science</i> , 2020, 7, 56.	0.9	12
4	Coproduction and coproducing research with children and their parents. <i>Archives of Disease in Childhood</i> , 2019, 104, 1134-1137.	1.0	5
5	Research beyond the hospital walls. <i>Archives of Disease in Childhood</i> , 2019, 104, 313-315.	1.0	0
6	Research with children and young people: not on them. What can we learn from the non-clinical research?. <i>Archives of Disease in Childhood</i> , 2019, 104, 936-937.	1.0	0
7	Visibility, resilience, vulnerability in young migrants. <i>Health (United Kingdom)</i> , 2019, 23, 533-550.	0.9	14
8	Co-production with "vulnerable" groups: Balancing protection and participation. <i>Health Science Reports</i> , 2018, 1, e19.	0.6	16
9	Moving on: Transitions out of care for young people with learning disabilities in England and Sweden. <i>British Journal of Learning Disabilities</i> , 2018, 46, 54-63.	0.8	7
10	17. Case study: costs of Culicoides-borne arboviral diseases. <i>Ecology and Control of Vector-Borne Diseases</i> , 2018, , 497-508.	0.3	1
11	Leaving foster or residential care: a participatory study of care leavers' experiences of health and social care transitions. <i>Child: Care, Health and Development</i> , 2017, 43, 182-191.	0.8	27
12	Bureaucracy, trust and time: recruitment in a low-risk study of paediatric protocols for children who miss medical appointments. <i>Archives of Disease in Childhood</i> , 2017, 102, 786-787.	1.0	0
13	Moving on: Multiple Transitions of Unaccompanied Child Migrants Leaving Care in England and Sweden. <i>International Journal of Social Science Studies</i> , 2017, 5, 25.	0.0	5
14	Integrating quasi-experimental and inductive designs in evaluation: A case study of the impact of free bus travel on public health. <i>Evaluation</i> , 2015, 21, 391-406.	0.7	25
15	What makes for a "good" or "bad" paediatric diabetes service from the viewpoint of children, young people, carers and clinicians? A synthesis of qualitative findings. <i>Archives of Disease in Childhood</i> , 2015, 100, 826-833.	1.0	14
16	The unseen child and safeguarding: "Did not attend" guidelines in the NHS. <i>Archives of Disease in Childhood</i> , 2015, 100, 517-520.	1.0	15
17	Time, Monetary and Other Costs of Participation in Family-Based Child Weight Management Interventions: Qualitative and Systematic Review Evidence. <i>PLoS ONE</i> , 2015, 10, e0123782.	1.1	17
18	"We Can All Just Get on a Bus and Go": Rethinking Independent Mobility in the Context of the Universal Provision of Free Bus Travel to Young Londoners. <i>Mobilities</i> , 2014, 9, 275-293.	2.5	44

#	ARTICLE	IF	CITATIONS
19	â€˜D</sc>id not attendsâ€™™ in children 0â€™10: a scoping review. Child: Care, Health and Development, 2014, 40, 797-805.	0.8	36
20	More than A to B: the role of free bus travel for the mobility and wellbeing of older citizens in London. Ageing and Society, 2014, 34, 472-494.	1.2	85
21	What works in practice: user and provider perspectives on the acceptability, affordability, implementation, and impact of a family-based intervention for child overweight and obesity delivered at scale. BMC Public Health, 2014, 14, 614.	1.2	32
22	On the buses: a mixed-method evaluation of the impact of free bus travel for young people on the public health. Public Health Research, 2014, 2, 1-206.	0.5	23
23	A pragmatic evaluation of a family-based intervention for childhood overweight and obesity. Public Health Research, 2014, 2, 1-184.	0.5	19
24	Entitlement to concessionary public transport and wellbeing: A qualitative study of young people and older citizens in London, UK. Social Science and Medicine, 2013, 91, 202-209.	1.8	46
25	Health impacts of free bus travel for young people: evaluation of a natural experiment in London. Journal of Epidemiology and Community Health, 2013, 67, 641-647.	2.0	25
26	What Are the Health Benefits of Active Travel? A Systematic Review of Trials and Cohort Studies. PLoS ONE, 2013, 8, e69912.	1.1	263
27	Financial benefits for child health and well-being in low income or socially disadvantaged families in developed world countries. The Cochrane Library, 2012, 2012, CD006358.	1.5	38
28	â€˜The Anglo-Saxon diseaseâ€™™: a pilot study of the barriers to and facilitators of the use of randomised controlled trials of social programmes in an international context: Table 1. Journal of Epidemiology and Community Health, 2012, 66, 1025-1029.	2.0	10

30	Early Sexual Risk Among Black and Minority Ethnicity Teenagers: A Mixed Methods Study. Journal of Adolescent Health, 2011, 48, 499-506.	1.2	16
31	Assessing the risk of disease introduction in imports. Veterinary Record, 2011, 168, 447-448.	0.2	33
32	Safety as a Social Value: Revisiting a Participatory Case Study in Scotland. , 2011, , 69-80.		3
33	Mapping service activity: the example of childhood obesity schemes in England. BMC Public Health, 2010, 10, 310.	1.2	16
34	Research Review: Economic evidence for interventions in children's social care: revisiting the What Works for Children project. Child and Family Social Work, 2010, 15, 145-154.	0.6	6
35	The Spirit Level: Why Equal Societies Almost Always do Better. Children and Society, 2010, 24, 251-252.	1.0	2
36	Testing Methodological Guidance on the Conduct of Narrative Synthesis in Systematic Reviews. Evaluation, 2009, 15, 49-73.	0.7	309

#	ARTICLE	IF	CITATIONS
37	Commentary on "Financial benefits for child health and well-being in low income or socially disadvantaged families in developed world countries" with a response from the review authors. Evidence-Based Child Health: A Cochrane Review Journal, 2009, 4, 1138-1139.	2.0	4
38	Summary of "Financial benefits for child health and well-being in low income or socially disadvantaged families in developed world countries," including tables of key findings and quality of included trials. Evidence-Based Child Health: A Cochrane Review Journal, 2009, 4, 1135-1137.	2.0	0
39	Cochrane review: Financial benefits for child health and well-being in low income or socially disadvantaged families in developed world countries. Evidence-Based Child Health: A Cochrane Review Journal, 2009, 4, 1046-1134.	2.0	0
40	What do practitioners want from research, what do funders fund and what needs to be done to know more about what works in the new world of children's services?. Evidence and Policy, 2009, 5, 281-294.	0.5	8
41	Disabled stretch limo. Journal of Epidemiology and Community Health, 2008, 62, 565-565.	2.0	0
42	Publication bias in qualitative research: what becomes of qualitative research presented at conferences?. Journal of Epidemiology and Community Health, 2008, 62, 552-554.	2.0	53
43	Systematic reviews "do they work" in informing decision-making around health inequalities?. Health Economics, Policy and Law, 2008, 3, 197-211.	1.1	32
44	Financial Benefits for Child Health and Well-Being in Low Income or Socially Disadvantaged Families in Developed World Countries. Campbell Systematic Reviews, 2008, 4, 1-93.	1.2	4
45	"People Make Assumptions About Our Communities": Sexual Health Amongst Teenagers from Black and Minority Ethnic Backgrounds in East London. Ethnicity and Health, 2007, 12, 423-441.	1.5	19
46	Testing methodological developments in the conduct of narrative synthesis: a demonstration review of research on the implementation of smoke alarm interventions. Evidence and Policy, 2007, 3, 361-383.	0.5	121
47	A review of the research priorities of practitioners working with children in social care. Child and Family Social Work, 2007, 12, 295-305.	0.6	5
48	Worked examples of alternative methods for the synthesis of qualitative and quantitative research in systematic reviews. BMC Medical Research Methodology, 2007, 7, 4.	1.4	337
49	Policy for children and young people: What is the evidence and can we trust it?. Children's Geographies, 2006, 4, 19-36.	1.6	2
50	What works for children? Reflections on building research and development in a children's charity. Journal of Children's Services, 2006, 1, 51-60.	0.5	12
51	Extending systematic reviews to include evidence on implementation: Methodological work on a review of community-based initiatives to prevent injuries. Social Science and Medicine, 2006, 63, 1060-1071.	1.8	87
52	Are infant size and growth related to burden of disease in adulthood? A systematic review of literature. International Journal of Epidemiology, 2006, 35, 1196-1210.	0.9	56
53	A systematic review of lay views about infant size and growth. Archives of Disease in Childhood, 2006, 92, 120-127.	1.0	37
54	Setting Standards for Children. Political Quarterly, 2005, 76, 128-130.	0.4	0

#	ARTICLE	IF	CITATIONS
55	Using research in practice: A research information service for social care practitioners. Child and Family Social Work, 2005, 10, 67-75.	0.6	18
56	Life in Britain: Using Millennial Census Data to Understand Poverty, Inequality and Place. BMJ: British Medical Journal, 2005, 331, 1028.	2.4	1
57	Being big or growing fast: systematic review of size and growth in infancy and later obesity. BMJ: British Medical Journal, 2005, 331, 929.	2.4	964
58	It might work in Oklahoma but will it work in Oakhampton? Context and implementation in the effectiveness literature on domestic smoke detectors. Injury Prevention, 2005, 11, 148-151.	1.2	53
59	Making it better: children's place in sustainable development. Perspectives in Public Health, 2005, 125, 158-159.	0.5	0
60	Incomprehensible consent forms: Child friendly consent forms lead the way. BMJ: British Medical Journal, 2005, 330, 1450.2.	2.4	1
61	Mentoring to reduce antisocial behaviour in childhood. BMJ: British Medical Journal, 2004, 328, 512-514.	2.4	41
62	Putting public health evidence into practice: increasing the prevalence of working smoke alarms in disadvantaged inner city housing. Journal of Epidemiology and Community Health, 2004, 58, 280-285.	2.0	115
63	Intervening in communities: challenges for public health. Journal of Epidemiology and Community Health, 2004, 58, 729-730.	2.0	8
64	Consulted but not heard: a qualitative study of young people's views of their local health service. Health Expectations, 2004, 7, 149-156.	1.1	79
65	'How come I don't get asked no questions?' Researching 'hard to reach' children and teenagers. Child and Family Social Work, 2004, 9, 167-175.	0.6	80
66	Child Public Health. BMJ: British Medical Journal, 2004, 328, 1384.2.	2.4	0
67	Evidence, hierarchies, and typologies: horses for courses. Journal of Epidemiology and Community Health, 2003, 57, 527-529.	2.0	379
68	Can traffic calming measures achieve the Children's Fund objective of reducing inequalities in child health?. Archives of Disease in Childhood, 2003, 88, 235-236.	1.0	6
69	Do behavioural treatments for sleep disorders in children with Down's syndrome work?. Archives of Disease in Childhood, 2002, 87, 413-414.	1.0	8
70	Prevalence of working smoke alarms in local authority inner city housing: randomised controlled trial. BMJ: British Medical Journal, 2002, 325, 998-1001.	2.4	43
71	What is Sure Start?. Archives of Disease in Childhood, 2000, 82, 435-437.	1.0	17
72	Prevention is better.... Sociology of Health and Illness, 1993, 15, 447-463.	1.1	30
