#	ARTICLE	IF	CITATIONS
1	Assessing the scalability of an integrated falls prevention service for community-dwelling older people: a mixed methods study. <i>BMC Geriatrics</i> , 2022, 22, 17.	2.7	2
2	Implementation strategies supporting fall prevention interventions in a long-term care facility for older persons: a systematic review protocol. <i>BMJ Open</i> , 2022, 12, e055149.	1.9	1
3	Timely testing: who needs to do what differently to improve adherence to guideline-recommended glycaemic monitoring?. <i>BMJ Quality and Safety</i> , 2021, 30, 694-696.	3.7	1
4	Recruiting "hard to reach" parents for health promotion research: experiences from a qualitative study. <i>BMC Research Notes</i> , 2021, 14, 276.	1.4	5
5	Acceptability and feasibility of conducting a pilot trial in Irish primary care: lessons from the IDEAs study. <i>HRB Open Research</i> , 2021, 4, 73.	0.6	1
6	Barriers and enablers to screening and diagnosing diabetes distress and depression in people with type 2 diabetes mellitus: A qualitative evidence synthesis. <i>Primary Care Diabetes</i> , 2021, 15, 923-936.	1.8	4
7	Factors Influencing Fidelity to a Calorie Posting Policy in Public Hospitals: A Mixed Methods Study. <i>Frontiers in Public Health</i> , 2021, 9, 707668.	2.7	0
8	Predictors of attendance at diabetic retinopathy screening among people with type 2 diabetes: Secondary analysis of data from primary care. <i>Primary Care Diabetes</i> , 2021, 15, 1086-1094.	1.8	3
9	Exploring healthcare professionals' views of the acceptability of delivering interventions to promote healthy infant feeding practices within primary care: a qualitative interview study. <i>Public Health Nutrition</i> , 2021, 24, 2889-2899.	2.2	14
10	Evaluation of the impact and implementation of a national clinical programme for the management of self-harm in hospital emergency departments: study protocol for a natural experiment. <i>BMJ Open</i> , 2021, 11, e055962.	1.9	1
11	Measures of outer setting constructs for implementation research: A systematic review and analysis of psychometric quality. <i>Implementation Research and Practice</i> , 2020, 1, 263348952094002.	1.9	21
12	"I've always done what I was told by the medical people": a qualitative study of the reasons why older adults attend multifactorial falls risk assessments mapped to the Theoretical Domains Framework. <i>BMJ Open</i> , 2020, 10, e033069.	1.9	6
13	'It just wasn't going to be heard': A mixed methods study to compare different ways of involving people with diabetes and health care professionals in health intervention research. <i>Health Expectations</i> , 2020, 23, 870-883.	2.6	9
14	Preventive health counselling during antenatal care using the pregnancy risk assessment monitoring system (PRAMS) in Ireland. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 98.	2.4	9
15	The Role of Physician and Practice Characteristics in the Quality of Diabetes Management in Primary Care: Systematic Review and Meta-analysis. <i>Journal of General Internal Medicine</i> , 2020, 35, 1836-1848.	2.6	22
16	A collaborative approach to developing sustainable behaviour change interventions for childhood obesity prevention: Development of the Choosing Healthy Eating for Infant Health (CHERISH) intervention and implementation strategy. <i>British Journal of Health Psychology</i> , 2020, 25, 275-304.	3.5	9
17	Dietary behaviours and weight management: A thematic analysis of pregnant women's perceptions. <i>Maternal and Child Nutrition</i> , 2020, 16, e13011.	3.0	15
18	Barriers and facilitators to implementation of menu labelling interventions from a food service industry perspective: a mixed methods systematic review. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2020, 17, 48.	4.6	13

#	ARTICLE	IF	CITATIONS
19	Social, biological, behavioural and psychological factors related to physical activity during early pregnancy in the Screening for Pregnancy Endpoints (Cork, Ireland) cohort study. <i>BMJ Open</i> , 2019, 9, e025003.	1.9	9
20	223 Prevalence of Depression Among People with Diabetes; Comparative Analysis of Older Adults Across Three Health Systems Using Nationally Representative Data. <i>Age and Ageing</i> , 2019, 48, iii1-iii16.	1.6	0
21	Implementation of a Calorie Menu Labeling Policy in Public Hospitals: Study Protocol for a Multiple Case Study. <i>International Journal of Qualitative Methods</i> , The, 2019, 18, 160940691987833.	2.8	1
22	Exploring obstetricians'™, midwives'™ and general practitioners'™ approach to weight management in pregnant women with a BMI $\geq 25$ kg/m <sup>2</sup> : a qualitative study. <i>BMJ Open</i> , 2019, 9, e024808.	1.9	15
23	Understanding the impetus for major systems change: A multiple case study of decisions and non-decisions to reconfigure emergency and urgent care services. <i>Health Policy</i> , 2019, 123, 728-736.	3.0	8
24	Behaviour change techniques and theory use in healthcare professional-delivered infant feeding interventions to prevent childhood obesity: a systematic review. <i>Health Psychology Review</i> , 2019, 13, 277-294.	8.6	15
25	Understanding engagement in a family-focused, multicomponent, childhood weight management programme delivered in the community setting. <i>Public Health Nutrition</i> , 2019, 22, 1471-1482.	2.2	4
26	Enhancing the Impact of Implementation Strategies in Healthcare: A Research Agenda. <i>Frontiers in Public Health</i> , 2019, 7, 3.	2.7	356
27	Solid advice: Complementary feeding experiences among disadvantaged parents in two countries. <i>Maternal and Child Nutrition</i> , 2019, 15, e12801.	3.0	17
28	Understanding the uptake of a national retinopathy screening programme: An audit of people with diabetes in two large primary care centres. <i>HRB Open Research</i> , 2019, 2, 17.	0.6	7
29	Barriers and enablers to screening and diagnosing depression and diabetes distress in people with type 2 diabetes mellitus; protocol of a qualitative evidence synthesis. <i>HRB Open Research</i> , 2019, 2, 26.	0.6	7
30	Perspectives on the underlying drivers of urgent and emergency care reconfiguration in Ireland. <i>International Journal of Health Planning and Management</i> , 2018, 33, 364-379.	1.7	12
31	â€˜Working away in that Grey Areaâ€™   â€™™ A qualitative exploration of the challenges general practitioners experience when managing behavioural and psychological symptoms of dementia. <i>Age and Ageing</i> , 2018, 47, 295-303.	1.6	28
32	Sustaining quality in the community: trends in the performance of a structured diabetes care programme in primary care over 16 years. <i>Diabetic Medicine</i> , 2018, 35, 1078-1086.	2.3	5
33	Health-care professional and parental views and experiences of implementing infant feeding interventions: a qualitative evidence synthesis. <i>Lancet</i> , The, 2018, 392, S87.	13.7	2
34	Health service utilization and related costs attributable to diabetes. <i>Diabetic Medicine</i> , 2018, 35, 1727-1734.	2.3	20
35	â€™Around the edgesâ€™™: using behaviour change techniques to characterise a multilevel implementation strategy for a fall prevention programme. <i>Implementation Science</i> , 2018, 13, 113.	6.9	12
36	222 Profile of Referrals for a Falls Risk Assessment Clinic. <i>Age and Ageing</i> , 2018, 47, v1-v12.	1.6	0

#	ARTICLE	IF	CITATIONS
37	Barriers and facilitators to initial and continued attendance at community-based lifestyle programmes among families of overweight and obese children: a systematic review. <i>Obesity Reviews</i> , 2017, 18, 183-194.	6.5	79
38	Estimating the prevalence and incidence of type 2 diabetes using population level pharmacy claims data: a cross-sectional study. <i>BMJ Open Diabetes Research and Care</i> , 2017, 5, e000288.	2.8	15
39	Understanding perspectives on major system change: A comparative case study of public engagement and the implementation of urgent and emergency care system reconfiguration. <i>Health Policy</i> , 2017, 121, 800-808.	3.0	19
40	Estimating the Cost of Preeclampsia in the Healthcare System. <i>Hypertension</i> , 2017, 70, 1243-1249.	2.7	38
41	Barriers and facilitators to the implementation of a community-based, multidisciplinary, family-focused childhood weight management programme in Ireland: a qualitative study. <i>BMJ Open</i> , 2017, 7, e016459.	1.9	22
42	The role of nurse specialists in the delivery of integrated diabetes care: a cross-sectional survey of diabetes nurse specialist services. <i>BMJ Open</i> , 2017, 7, e015049.	1.9	25
43	Trends in blindness due to diabetic retinopathy among adults aged 18-69 years over a decade in Ireland. <i>Diabetes Research and Clinical Practice</i> , 2016, 121, 1-8.	2.8	24
44	The prevalence of Type 2 diabetes and related complications in a nationally representative sample of adults aged 50 and over in the Republic of Ireland. <i>Diabetic Medicine</i> , 2016, 33, 441-445.	2.3	48
45	Barriers to and facilitators of implementing complex workplace dietary interventions: process evaluation results of a cluster controlled trial. <i>BMC Health Services Research</i> , 2016, 16, 139.	2.2	29
46	Evaluating the implementation of a national clinical programme for diabetes to standardise and improve services: a realist evaluation protocol. <i>Implementation Science</i> , 2015, 11, 107.	6.9	18
47	What to give the patient who has everything? A qualitative study of prescribing for multimorbidity in primary care. <i>British Journal of General Practice</i> , 2015, 65, e184-e191.	1.4	76
48	Applying the Ideal Cardiovascular Health Metrics to Couples: A Cross-Sectional Study in Primary Care. <i>Clinical Cardiology</i> , 2015, 38, 32-38.	1.8	13
49	Psychosocial complexity in multimorbidity: the legacy of adverse childhood experiences. <i>Family Practice</i> , 2015, 32, 269-275.	1.9	39
50	Health workforce planning and service expansion during an economic crisis: A case study of the national breast screening programme in Ireland. <i>Health Policy</i> , 2015, 119, 1593-1599.	3.0	4
51	Management of diabetic foot disease and amputation in the Irish health system: a qualitative study of patients' attitudes and experiences with health services. <i>BMC Health Services Research</i> , 2015, 15, 251.	2.2	36
52	Body mass index and health service utilisation in the older population: results from The Irish Longitudinal Study on Ageing. <i>Age and Ageing</i> , 2015, 44, 428-434.	1.6	15
53	GPs' perspectives on the management of patients with multimorbidity: systematic review and synthesis of qualitative research. <i>BMJ Open</i> , 2013, 3, e003610.	1.9	270
54	Barriers to, and facilitators in, introducing integrated diabetes care in Ireland: a qualitative study of views in general practice. <i>BMJ Open</i> , 2013, 3, e003217.	1.9	43

#	ARTICLE	IF	CITATIONS
55	Quality-assured screening for diabetic retinopathy delivered in primary care in Ireland: an observational study. <i>British Journal of General Practice</i> , 2013, 63, e134-e140.	1.4	14
56	Counting on commitment; the quality of primary care-led diabetes management in a system with minimal incentives. <i>BMC Health Services Research</i> , 2011, 11, 348.	2.2	17
57	Bridging the quality gap in diabetes care. , 2010, , 103-106.		0
58	Informing the development of a national diabetes register in Ireland: a literature review of the impact of patient registration on diabetes care. <i>Journal of Innovation in Health Informatics</i> , 2010, 18, 157-168.	0.9	7
59	Diabetes care in Ireland: A survey of general practitioners. <i>Primary Care Diabetes</i> , 2009, 3, 225-231.	1.8	24
60	Cycle of Care for people with diabetes: an equitable initiative?. <i>HRB Open Research</i> , 0, 2, 3.	0.6	3
61	Understanding the uptake of a national retinopathy screening programme: An audit of patients with diabetes in two large primary care centres. <i>HRB Open Research</i> , 0, 2, 17.	0.6	2
62	Understanding the uptake of a national retinopathy screening programme: An audit of people with diabetes in two large primary care centres. <i>HRB Open Research</i> , 0, 2, 17.	0.6	2
63	Barriers and enablers to screening and diagnosing depression and diabetes distress in people with type 2 diabetes mellitus; protocol of a qualitative evidence synthesis. <i>HRB Open Research</i> , 0, 2, 26.	0.6	2
64	Barriers and enablers to screening and diagnosing depression and diabetes distress in people with type 2 diabetes mellitus; protocol of a qualitative evidence synthesis. <i>HRB Open Research</i> , 0, 2, 26.	0.6	2
65	Implementation of the Frailty Care Bundle (FCB) to promote mobilisation, nutrition and cognitive engagement in older people in acute care settings: protocol for an implementation science study. <i>HRB Open Research</i> , 0, 5, 3.	0.6	0
66	Characterising processes and outcomes of tailoring implementation strategies in healthcare: a protocol for a scoping review. <i>HRB Open Research</i> , 0, 5, 17.	0.6	1
67	Health professionals'™ views of the first national GP payment scheme for structured type 2 diabetes care in Ireland: a qualitative study. <i>HRB Open Research</i> , 0, 4, 128.	0.6	0
68	What and how do different stakeholders contribute to intervention development? A mixed methods study.. <i>HRB Open Research</i> , 0, 5, 35.	0.6	4
