#	ARTICLE	IF	CITATIONS
1	Exploring medication self-management in community-dwelling adults with chronic medication experience: A concept mapping study. <i>Research in Social and Administrative Pharmacy</i> , 2022, 18, 2854-2866.	3.0	3
2	Routinely asking patients about income in primary care: a mixed-methods study. <i>BJGP Open</i> , 2022, 6, BJGPO.2021.0090.	1.8	5
3	Racialised people in clinical guideline panels. <i>Lancet, The</i> , 2022, 399, 139-140.	13.7	11
4	Decision conflict and the decision support needs of HIV PrEP-eligible Black patients in Toronto regarding the adoption of PrEP for HIV prevention. <i>Journal of the International Association of Providers of AIDS Care</i> , 2022, 21, 232595822110733.	1.5	1
5	Impact of the COVID-19 pandemic on primary care access for patients with gastrointestinal malignancies.. <i>Journal of Clinical Oncology</i> , 2022, 40, 32-32.	1.6	0
6	Toward equity-oriented cancer care: a Strategy for Patient-Oriented Research (SPOR) protocol to promote equitable access to lung cancer screening. <i>Research Involvement and Engagement</i> , 2022, 8, 11.	2.9	1
7	A Web-Based Health Application to Translate Nutrition Therapy for Cardiovascular Risk Reduction in Primary Care (PortfolioDiet.app): Quality Improvement and Usability Testing Study. <i>JMIR Human Factors</i> , 2022, 9, e34704.	2.0	5
8	Delivery of Cancer Care in Ontario, Canada, During the First Year of the COVID-19 Pandemic. <i>JAMA Network Open</i> , 2022, 5, e228855.	5.9	38
9	Clinician acceptability of self-collected human papillomavirus swabs as a primary cervical cancer screening method. <i>Canadian Family Physician</i> , 2022, 68, e31-e38.	0.4	3
10	Ensuring a Successful Transition From Cytology to Human Papillomavirus-Based Primary Cervical Cancer Screening in Canada by Investigating the Psychosocial Correlates of Women's Intentions: Protocol for an Observational Study. <i>JMIR Research Protocols</i> , 2022, 11, e38917.	1.0	6
11	Prevalence of Prescribed Opioid Claims Among Persons With Traumatic Spinal Cord Injury in Ontario, Canada: A Population-Based Retrospective Cohort Study. <i>Archives of Physical Medicine and Rehabilitation</i> , 2021, 102, 35-43.	0.9	7
12	Endocrinologist-Perceived Factors Affecting the Transition of Thyroid Cancer Patients from Specialist to Primary Care Postcancer Treatment in Ontario, Canada. <i>Thyroid</i> , 2021, 31, 895-901.	4.5	3
13	Prescription medications dispensed following a nontraumatic spinal cord dysfunction: a retrospective population-based study in Ontario, Canada. <i>Spinal Cord</i> , 2021, 59, 132-140.	1.9	9
14	Perspectives of family physicians towards access to lung cancer screening for individuals living with low income – a qualitative study. <i>BMC Family Practice</i> , 2021, 22, 10.	2.9	14
15	Correlates of non-adherence to breast, cervical, and colorectal cancer screening among screen-eligible women: a population-based cohort study in Ontario, Canada. <i>Cancer Causes and Control</i> , 2021, 32, 147-155.	1.8	7
16	Transforming race-based health research in Canada. <i>Cmaj</i> , 2021, 193, E99-E100.	2.0	18
17	Prevalence of prescribed opioid claims among persons with nontraumatic spinal cord dysfunction in Ontario, Canada: a population-based retrospective cohort study. <i>Spinal Cord</i> , 2021, 59, 512-519.	1.9	6
18	Implementing Anti-Racism Interventions in Healthcare Settings: A Scoping Review. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 2993.	2.6	104

#	ARTICLE	IF	CITATIONS
19	Experiences of everyday racism in Toronto's health care system: a concept mapping study. <i>International Journal for Equity in Health</i> , 2021, 20, 74.	3.5	28
20	Differences in Breast Cancer Presentation at Time of Diagnosis for Black and White Women in High Resource Settings. <i>Journal of Immigrant and Minority Health</i> , 2021, 23, 1305-1342.	1.6	5
21	The effect of comorbidity on primary care use during breast cancer chemotherapy: a population-based retrospective cohort study using CanIMPACT data. <i>CMAJ Open</i> , 2021, 9, E331-E341.	2.4	0
22	Impact of postal correspondence letters on participation in cancer screening: a rapid review. <i>Preventive Medicine</i> , 2021, 145, 106404.	3.4	4
23	Advancing health equity in cancer care: The lived experiences of poverty and access to lung cancer screening. <i>PLoS ONE</i> , 2021, 16, e0251264.	2.5	8
24	Lung Cancer Inequalities in Stage of Diagnosis in Ontario, Canada. <i>Current Oncology</i> , 2021, 28, 1946-1956.	2.2	11
25	Classism and Everyday Racism as Experienced by Racialized Health Care Users: A Concept Mapping Study. <i>International Journal of Health Services</i> , 2021, 51, 350-363.	2.5	11
26	Attitudes Toward Human Papillomavirus Self-Sampling in Regularly Screened Women in Edmonton, Canada: A Cross-Sectional Study. <i>Journal of Lower Genital Tract Disease</i> , 2021, 25, 199-204.	1.9	2
27	Interventions designed to increase the uptake of lung cancer screening and implications for priority populations: a scoping review protocol. <i>BMJ Open</i> , 2021, 11, e050056.	1.9	4
28	Building on existing tools to improve chronic disease prevention and screening in public health: a cluster randomized trial. <i>BMC Public Health</i> , 2021, 21, 1496.	2.9	4
29	Assessing the Association of Targeted Therapy and Intracranial Metastatic Disease. <i>JAMA Oncology</i> , 2021, 7, 1220.	7.1	5
30	Understanding the Acceptability and Uptake of HPV Self-Sampling Amongst Women Under- or Never-Screened for Cervical Cancer in Toronto (Ontario, Canada): An Intervention Study Protocol. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 9114.	2.6	7
31	Building Equitable Patient Partnerships during the COVID-19 Pandemic: Challenges and Key Considerations for Research and Policy. <i>Healthcare Policy</i> , 2021, 17, 17-24.	0.6	8
32	Patient and provider determinants of breast cancer screening among Ontario women aged 40-49: a population-based retrospective cohort study. <i>Breast Cancer Research and Treatment</i> , 2021, 189, 631-640.	2.5	4
33	THER-01. Targeted therapy and intracranial metastatic disease: a population-based retrospective cohort study. <i>Neuro-Oncology Advances</i> , 2021, 3, iii12-iii12.	0.7	0
34	Stage of colorectal cancer diagnosis for immigrants: a population-based retrospective cohort study in Ontario, Canada. <i>Cancer Causes and Control</i> , 2021, 32, 1433-1446.	1.8	3
35	Increasing SARS-CoV-2 vaccination rates among Black people in Canada. <i>Cmaj</i> , 2021, 193, E1220-E1221.	2.0	33
36	Measuring the impact of the COVID-19 pandemic on organized cancer screening and diagnostic follow-up care in Ontario, Canada: A provincial, population-based study. <i>Preventive Medicine</i> , 2021, 151, 106586.	3.4	79

#	ARTICLE	IF	CITATIONS
37	Indicators of publicly funded prescription opioid use among persons with traumatic spinal cord injury in Ontario, Canada. <i>Journal of Spinal Cord Medicine</i> , 2021, , 1-8.	1.4	2
38	Care in the Community: Opportunities to improve cancer screening uptake for people living with low income. <i>Preventive Medicine Reports</i> , 2021, 24, 101622.	1.8	2
39	Effectiveness of Narrative Messaging Styles about the Social Determinants of Health and Health Inequities in Ontario, Canada. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 10881.	2.6	1
40	Impact of the COVID-19 Pandemic on Primary Care Access for Patients with Hematologic Malignancies. <i>Blood</i> , 2021, 138, 4011-4011.	1.4	1
41	Primary Care Continuity and Wait Times to Receiving Breast Cancer Chemotherapy: A Population-Based Retrospective Cohort Study Using CanIMPACT Data. <i>Current Oncology</i> , 2021, 28, 4786-4804.	2.2	4
42	Afrocentric screening program for breast, colorectal, and cervical cancer among immigrant patients in Ontario. <i>Canadian Family Physician</i> , 2021, 67, 843-849.	0.4	9
43	Self-management of pain and depression in adults with spinal cord injury: A scoping review. <i>Journal of Spinal Cord Medicine</i> , 2020, 43, 280-297.	1.4	15
44	Spinal cord injury and polypharmacy: a scoping review. <i>Disability and Rehabilitation</i> , 2020, 42, 3858-3870.	1.8	12
45	A "Tea and Cookies" Approach: Co-designing Cancer Screening Interventions with Patients Living with Low Income. <i>Journal of General Internal Medicine</i> , 2020, 35, 255-260.	2.6	5
46	Vagueness, power and public health: use of "vulnerable" in public health literature. <i>Critical Public Health</i> , 2020, 30, 601-611.	2.4	55
47	An exploration of attitudes and preferences towards medications among healthcare providers and persons with spinal cord injury/dysfunction: a qualitative comparison. <i>Disability and Rehabilitation</i> , 2020, , 1-8.	1.8	0
48	A/C study protocol: a cross-sectional study of HIV epidemiology among African, Caribbean and Black people in Ontario. <i>BMJ Open</i> , 2020, 10, e036259.	1.9	7
49	Low human papillomavirus (HPV) knowledge related to low risk perception among men living with HIV: Implications for HPV-associated disease prevention. <i>Preventive Medicine</i> , 2020, 141, 106274.	3.4	6
50	Racial Disparities in Anal Cancer Screening Among Men Living With HIV: Findings From a Clinical Cohort Study. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2020, 84, 295-303.	2.1	11
51	Patients, Pride, and Prejudice: Exploring Black Ontarian Physicians'™ Experiences of Racism and Discrimination. <i>Academic Medicine</i> , 2020, 95, S51-S57.	1.6	24
52	Spinal cord injury/dysfunction and medication management: a qualitative study exploring the experiences of community-dwelling adults in Ontario, Canada. <i>Disability and Rehabilitation</i> , 2020, , 1-10.	1.8	1
53	Exploring the perspectives on medication self-management among persons with spinal cord injury/dysfunction and providers. <i>Research in Social and Administrative Pharmacy</i> , 2020, 16, 1775-1784.	3.0	7
54	"The strategies are the same, the problems may be different" a qualitative study exploring the experiences of healthcare and service providers with medication therapy management for individuals with spinal cord injury/dysfunction. <i>BMC Neurology</i> , 2020, 20, 20.	1.8	7

#	ARTICLE	IF	CITATIONS
55	A Web-Based Intervention to Reduce Decision Conflict Regarding HIV Pre-Exposure Prophylaxis: Protocol for a Clinical Trial. <i>JMIR Research Protocols</i> , 2020, 9, e15080.	1.0	8
56	Breast and Colorectal Cancer Screening Barriers Among Immigrants and Refugees: A Mixed-Methods Study at Three Community Health Centres in Toronto, Canada. <i>Journal of Immigrant and Minority Health</i> , 2019, 21, 473-482.	1.6	21
57	Understanding those overdue for cancer screening by five years or more: A retrospective cohort study in Ontario, Canada. <i>Preventive Medicine</i> , 2019, 129, 105816.	3.4	14
58	Fecal occult blood test screening uptake among immigrants from Muslim majority countries: A retrospective cohort study in Ontario, Canada. <i>Cancer Medicine</i> , 2019, 8, 7108-7122.	2.8	6
59	Medication adherence for persons with spinal cord injury and dysfunction from the perspectives of healthcare providers: A qualitative study. <i>Journal of Spinal Cord Medicine</i> , 2019, 42, 215-225.	1.4	6
60	Disparities in breast cancer diagnosis for immigrant women in Ontario and BC: results from the CanIMPACT study. <i>BMC Cancer</i> , 2019, 19, 42.	2.6	19
61	Colorectal and Breast Cancer Screening Status for People in Ontario Provincial Correctional Facilities. <i>American Journal of Preventive Medicine</i> , 2019, 56, 487-493.	3.0	3
62	<p>>Personality and burnout among primary care physicians: an international study</p>>. <i>Psychology Research and Behavior Management</i> , 2019, Volume 12, 169-177.	2.8	35
63	Dying to Learn: A Scoping Review of Breast and Cervical Cancer Studies Focusing on Black Canadian Women. <i>Journal of Health Care for the Poor and Underserved</i> , 2019, 30, 1331-1359.	0.8	24
64	Healthcare Providers Perspectives on Factors Affecting Medication Adherence for Persons With Spinal Cord Injuries. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019, 100, e82.	0.9	0
65	Spinal Cord Injury and Medication Management: Exploring the Experiences of Community-Dwelling Adults in Ontario. <i>Archives of Physical Medicine and Rehabilitation</i> , 2019, 100, e122.	0.9	0
66	Acceptability, Feasibility and Uptake of HPV Self-Sampling Among Immigrant Minority Women: a Focused Literature Review. <i>Journal of Immigrant and Minority Health</i> , 2019, 21, 1380-1393.	1.6	12
67	Preventive care among primary care patients living with spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , 2019, 42, 702-708.	1.4	17
68	Cancer screening rates among transgender adults: Cross-sectional analysis of primary care data. <i>Canadian Family Physician</i> , 2019, 65, e30-e37.	0.4	23
69	Patient perspectives on routinely being asked about their race and ethnicity: Qualitative study in primary care. <i>Canadian Family Physician</i> , 2019, 65, e363-e369.	0.4	4
70	Predictors of non-adherence to colorectal cancer screening among immigrants to Ontario, Canada: a population-based study. <i>Preventive Medicine</i> , 2018, 111, 180-189.	3.4	16
71	Cancer Screening Among Patients Who Self-Identify as Muslim: Combining Self-Reported Data with Medical Records in a Family Practice Setting. <i>Journal of Immigrant and Minority Health</i> , 2018, 20, 44-50.	1.6	7
72	Cervical cancer screening uptake among HIV-positive women in Ontario, Canada: A population-based retrospective cohort study. <i>Preventive Medicine</i> , 2018, 107, 14-20.	3.4	9

#	ARTICLE	IF	CITATIONS
73	Mailed Letter Versus Phone Call to Increase Uptake of Cancer Screening: A Pragmatic, Randomized Trial. <i>Journal of the American Board of Family Medicine</i> , 2018, 31, 857-868.	1.5	13
74	Cervical Cancer Screening Access for Women Who Experience Imprisonment in Ontario, Canada. <i>JAMA Network Open</i> , 2018, 1, e185637.	5.9	12
75	The BETTER WISE protocol: building on existing tools to improve cancer and chronic disease prevention and screening in primary care for wellness of cancer survivors and patients – a cluster randomized controlled trial embedded in a mixed methods design. <i>BMC Cancer</i> , 2018, 18, 927.	2.6	9
76	Cancer screening inequities in a time of primary care reform: a population-based longitudinal study in Ontario, Canada. <i>BMC Family Practice</i> , 2018, 19, 147.	2.9	20
77	Segmenting women eligible for cervical cancer screening using demographic, behavioural and attitudinal characteristics. <i>Preventive Medicine</i> , 2018, 114, 134-139.	3.4	3
78	Migrant Live-in Caregivers Mental Health in Canada. <i>Community Mental Health Journal</i> , 2018, 54, 590-599.	2.0	19
79	Incidence of breast and colorectal cancer among immigrants in Ontario, Canada: a retrospective cohort study from 2004-2014. <i>BMC Cancer</i> , 2018, 18, 537.	2.6	11
80	Prescription drug claims following a traumatic spinal cord injury for older adults: a retrospective population-based study in Ontario, Canada. <i>Spinal Cord</i> , 2018, 56, 1059-1068.	1.9	27
81	Association Between Adherence to Cancer Screening and Knowledge of Screening Guidelines: Feasibility Study Linking Self-Reported Survey Data With Medical Records. <i>JMIR Cancer</i> , 2018, 4, e10529.	2.4	7
82	Feasibility pilot implementation of a low-dose CT screening program.. <i>Journal of Clinical Oncology</i> , 2018, 36, 109-109.	1.6	0
83	Expanding the meaning of “being a peer leader”: qualitative findings from a Canadian community-based cervical and breast cancer screening programme. <i>Health and Social Care in the Community</i> , 2017, 25, 630-640.	1.6	6
84	Cervical and Breast Cancer Screening After CARES: A Community Program for Immigrant and Marginalized Women. <i>American Journal of Preventive Medicine</i> , 2017, 52, 589-597.	3.0	42
85	Breast cancer screening utilization among women from Muslim majority countries in Ontario, Canada. <i>Preventive Medicine</i> , 2017, 105, 176-183.	3.4	28
86	Cervical Cancer Screening among Women from Muslim-Majority Countries in Ontario, Canada. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2017, 26, 1493-1499.	2.5	28
87	Ko-Pamoja: the feasibility of a lay health educator-led breast and cervical screening program for Black women in Ontario, Canada (short report). <i>Cancer Causes and Control</i> , 2017, 28, 1207-1218.	1.8	7
88	The Effect of Changes in Cervical Cancer Screening Guidelines on Chlamydia Testing. <i>Annals of Family Medicine</i> , 2017, 15, 329-334.	1.9	17
89	Using self-reported data on the social determinants of health in primary care to identify cancer screening disparities: opportunities and challenges. <i>BMC Family Practice</i> , 2017, 18, 31.	2.9	42
90	Addressing health inequities in Ontario, Canada: what solutions do the public support?. <i>BMC Public Health</i> , 2017, 17, 7.	2.9	14
