#	ARTICLE	IF	CITATIONS
1	The health-systems response to violence against women. <i>Lancet, The</i> , 2015, 385, 1567-1579.	13.7	443
2	Screening women for intimate partner violence in healthcare settings. <i>The Cochrane Library</i> , 2015, 2015, CD007007.	2.8	201
3	Title is missing!. <i>Journal of Family Violence</i> , 1999, 14, 399-415.	3.3	196
4	The Composite Abuse Scale: Further Development and Assessment of Reliability and Validity of a Multidimensional Partner Abuse Measure in Clinical Settings. <i>Violence and Victims</i> , 2005, 20, 529-547.	0.7	188
5	Association between depression and abuse by partners of women attending general practice: descriptive, cross sectional survey. <i>BMJ: British Medical Journal</i> , 2004, 328, 621-624.	2.3	187
6	Screening and counselling in the primary care setting for women who have experienced intimate partner violence (WEAVE): a cluster randomised controlled trial. <i>Lancet, The</i> , 2013, 382, 249-258.	13.7	177
7	A systematic review of complex system interventions designed to increase recovery from depression in primary care. <i>BMC Health Services Research</i> , 2006, 6, 88.	2.2	166
8	Advocacy interventions to reduce or eliminate violence and promote the physical and psychosocial well-being of women who experience intimate partner abuse. <i>The Cochrane Library</i> , 2015, 2015, CD005043.	2.8	158
9	Screening women for intimate partner violence in healthcare settings: abridged Cochrane systematic review and meta-analysis. <i>BMJ, The</i> , 2014, 348, g2913-g2913.	6.0	143
10	Advocacy interventions to reduce or eliminate violence and promote the physical and psychosocial well-being of women who experience intimate partner abuse. , 2009, , CD005043.		136
11	Development of a brief measure of intimate partner violence experiences: the Composite Abuse Scale (Revised)â€”Short Form (CAS _R-SF). <i>BMJ Open</i> , 2016, 6, e012824.	1.9	111
12	Guidelines for the Primary Care of Lesbian, Gay, and Bisexual People: A Systematic Review. <i>Annals of Family Medicine</i> , 2010, 8, 533-541.	1.9	110
13	The composite abuse scale: further development and assessment of reliability and validity of a multidimensional partner abuse measure in clinical settings. <i>Violence and Victims</i> , 2005, 20, 529-47.	0.7	110
14	Mothers' AdvocateS In the Community (MOSAIC)- non-professional mentor support to reduce intimate partner violence and depression in mothers: a cluster randomised trial in primary care. <i>BMC Public Health</i> , 2011, 11, 178.	2.9	104
15	Effect of Type and Severity of Intimate Partner Violence on Womenâ€™s Health and Service Use. <i>Journal of Interpersonal Violence</i> , 2013, 28, 273-294.	2.0	99
16	Applying normalization process theory to understand implementation of a family violence screening and care model in maternal and child health nursing practice: a mixed method process evaluation of a randomised controlled trial. <i>Implementation Science</i> , 2015, 10, 39.	6.9	91
17	Overcoming the barriers to disclosure and inquiry of partner abuse for women attending general practice. <i>Australian and New Zealand Journal of Public Health</i> , 2001, 25, 433-437.	1.8	88
18	Screening women for intimate partner violence in healthcare settings. , 2013, , CD007007.		83

#	ARTICLE	IF	CITATIONS
19	Health practitioners' readiness to address domestic violence and abuse: A qualitative meta-synthesis. PLoS ONE, 2020, 15, e0234067.	2.5	82
20	Prevalence and associations of partner abuse in women attending general practice: a cross-sectional survey. Australian and New Zealand Journal of Public Health, 2002, 26, 437-442.	1.8	74
21	Resilience and depression: perspectives from primary care. Health (United Kingdom), 2008, 12, 439-452.	1.5	69
22	Categories and health impacts of intimate partner violence in the World Health Organization multi-country study on women's health and domestic violence. International Journal of Epidemiology, 2021, 50, 652-662.	1.9	68
23	Digital dating abuse measures: A critical review. Aggression and Violent Behavior, 2018, 40, 44-59.	2.1	67
24	Domestic violence in Australia: definition, prevalence and nature of presentation in clinical practice. Medical Journal of Australia, 2000, 173, 363-367.	1.7	65
25	Embedding effective depression care: using theory for primary care organisational and systems change. Implementation Science, 2010, 5, 62.	6.9	65
26	An online healthy relationship tool and safety decision aid for women experiencing intimate partner violence (I-DECIDE): a randomised controlled trial. Lancet Public Health, The, 2019, 4, e301-e310.	10.0	65
27	The Lancet Psychiatry Commission on intimate partner violence and mental health: advancing mental health services, research, and policy. Lancet Psychiatry, the, 2022, 9, 487-524.	7.4	65
28	Women's evaluation of abuse and violence care in general practice: a cluster randomised controlled trial (weave). BMC Public Health, 2010, 10, 2.	2.9	62
29	Who is identified when screening for depression is undertaken in general practice? Baseline findings from the Diagnosis, Management and Outcomes of Depression in Primary Care (diamond) longitudinal study. Medical Journal of Australia, 2008, 188, S119-25.	1.7	60
30	Ethical and safe: Research with children about domestic violence. Research Ethics, 2012, 8, 125-139.	1.7	57
31	Maternal and child health nurse screening and care for mothers experiencing domestic violence (MOVE): a cluster randomised trial. BMC Medicine, 2015, 13, 150.	5.5	56
32	Interventions in Health Settings for Male Perpetrators or Victims of Intimate Partner Violence. Trauma, Violence, and Abuse, 2020, 21, 123-137.	6.2	55
33	Responding to Young People's Health Risks in Primary Care: A Cluster Randomised Trial of Training Clinicians in Screening and Motivational Interviewing. PLoS ONE, 2015, 10, e0137581.	2.5	54
34	How common is domestic violence against women? The definition of partner abuse in prevalence studies. Australian and New Zealand Journal of Public Health, 1998, 22, 49-54.	1.8	52
35	How do Australian patients rate their general practitioner? A descriptive study using the General Practice Assessment Questionnaire. Medical Journal of Australia, 2008, 189, 215-219.	1.7	50
36	The efficacy of cognitive behavioural therapy and advocacy interventions for women who have experienced intimate partner violence: A systematic review and meta-analysis. Annals of Medicine, 2014, 46, 567-586.	3.8	49

#	ARTICLE	IF	CITATIONS
37	Fractured Identity in the Context of Intimate Partner Violence. <i>Violence Against Women</i> , 2016, 22, 225-248.	1.7	48
38	Using reflexivity to enhance in-depth interviewing skills for the clinician researcher. <i>BMC Medical Research Methodology</i> , 2008, 8, 73.	3.1	47
39	“It happens to clinicians too”: an Australian prevalence study of intimate partner and family violence against health professionals. <i>BMC Women's Health</i> , 2018, 18, 113.	2.0	47
40	Women’s experiences and expectations after disclosure of intimate partner abuse to a healthcare provider: A qualitative meta-synthesis. <i>BMJ Open</i> , 2020, 10, e041339.	1.9	47
