#	ARTICLE	IF	CITATIONS
1	Protocol for a non-randomised feasibility study evaluating a codesigned patient safety guide in primary care. <i>BMJ Open</i> , 2021, 11, e039752.	1.9	1
2	Incidence, origins and avoidable harm of missed opportunities in diagnosis: longitudinal patient record review in 21 English general practices. <i>BMJ Quality and Safety</i> , 2021, 30, 977-985.	3.7	20
3	Co-designing new tools for collecting, analysing and presenting patient experience data in NHS services: working in partnership with patients and carers. <i>Research Involvement and Engagement</i> , 2021, 7, 85.	2.9	5
4	Implementing a digital patient feedback system: an analysis using normalisation process theory. <i>BMC Health Services Research</i> , 2020, 20, 387.	2.2	11
5	Digital methods to enhance the usefulness of patient experience data in services for long-term conditions: the DEPEND mixed-methods study. <i>Health Services and Delivery Research</i> , 2020, 8, 1-128.	1.4	3
6	Assessing mental health service user and carer involvement in physical health care planning: The development and validation of a new patient-reported experience measure. <i>PLoS ONE</i> , 2019, 14, e0206507.	2.5	3
7	Long-term clinical and cost-effectiveness of collaborative care (versus usual care) for people with mental and physical multimorbidity: cluster-randomised trial. <i>British Journal of Psychiatry</i> , 2018, 213, 456-463.	2.8	44
8	Exercise in the treatment of clinical anxiety in general practice – a systematic review and meta-analysis. <i>BMC Health Services Research</i> , 2018, 18, 559.	2.2	139
9	The incidence of diagnostic errors in UK primary care and implications for health care, research, and medical education: a retrospective record analysis of missed diagnostic opportunities. <i>British Journal of General Practice</i> , 2018, 68, bjpg18X696857.	1.4	7
10	The Patient Assessment of Chronic Illness Care produces measurements along a single dimension: results from a Mokken analysis. <i>Health and Quality of Life Outcomes</i> , 2017, 15, 61.	2.4	7
11	Understanding experiences of and preferences for service user and carer involvement in physical health care discussions within mental health care planning. <i>BMC Psychiatry</i> , 2017, 17, 138.	2.6	34
12	A nurse-facilitated cognitive behavioural self-management programme for heart failure is no more cost effective than usual CBT care. <i>Evidence-based Nursing</i> , 2015, 18, 125-125.	0.2	0
13	Living with complexity; marshalling resources: a systematic review and qualitative meta-synthesis of lived experience of mental and physical multimorbidity. <i>BMC Family Practice</i> , 2015, 16, 171.	2.9	70
14	Testing the effectiveness of user-tested patient information on recruitment rates across multiple trials: meta-analysis of data from the start programme. <i>Trials</i> , 2015, 16, .	1.6	0
15	Factors affecting recruitment into depression trials: Systematic review, meta-synthesis and conceptual framework. <i>Journal of Affective Disorders</i> , 2015, 172, 274-290.	4.1	91
16	Systematic techniques for assisting recruitment to trials (START): study protocol for embedded, randomized controlled trials. <i>Trials</i> , 2014, 15, 407.	1.6	61
17	Self-management support interventions to reduce health care utilisation without compromising outcomes: a systematic review and meta-analysis. <i>BMC Health Services Research</i> , 2014, 14, 356.	2.2	211
18	Care plans and care planning in the management of long-term conditions in the UK: a controlled prospective cohort study. <i>British Journal of General Practice</i> , 2014, 64, e568-e575.	1.4	21

#	ARTICLE	IF	CITATIONS
19	Reducing Care Utilisation through Self-management Interventions (RECURSIVE): a systematic review and meta-analysis. Health Services and Delivery Research, 2014, 2, 1-200.	1.4	23
20	The clinical and cost-effectiveness of the BRinging Information and Guided Help Together (BRIGHT) intervention for the self-management support of people with stage 3 chronic kidney disease in primary care: study protocol for a randomized controlled trial. Trials, 2013, 14, 28.	1.6	14
21	Patient empowerment in long-term conditions: development and preliminary testing of a new measure. BMC Health Services Research, 2013, 13, 263.	2.2	153
22	Telephone based self-management support by "lay health workers"™ and "peer support workers"™ to prevent and manage vascular diseases: a systematic review and meta-analysis. BMC Health Services Research, 2013, 13, 533.	2.2	37
23	Systematic techniques for assisting recruitment to trials (START): developing the science of recruitment. Trials, 2013, 14, .	1.6	3
24	A multimedia intervention to enhance recruitment to clinical trials in primary care and community settings: process of development and evaluation. Trials, 2013, 14, .	1.6	4
25	Changes in Patient Experiences of Primary Care During Health Service Reforms in England Between 2003 and 2007. Annals of Family Medicine, 2010, 8, 499-506.	1.9	48
