| # | ARTICLE | IF | CITATIONS |
|----|--|-----|-----------|
| 1 | Heterotopic ossifications after arthroscopic management of femoroacetabular impingement: the role of NSAID prophylaxis. <i>Journal of Orthopaedics and Traumatology</i> , 2010, 11, 245-250. | 2.3 | 82 |
| 2 | Differences in serum and synovial CD4+ T cells and cytokine profiles to stratify patients with inflammatory osteoarthritis and rheumatoid arthritis. <i>Arthritis Research and Therapy</i> , 2017, 19, 103. | 3.5 | 77 |
| 3 | Risk of Stem Undersizing with Direct Anterior Approach for Total HIP Arthroplasty. <i>HIP International</i> , 2016, 26, 249-253. | 1.7 | 40 |
| 4 | Bone grafts, bone graft extenders, substitutes and enhancers for acetabular reconstruction in revision total hip arthroplasty. <i>EFORT Open Reviews</i> , 2016, 1, 431-439. | 4.1 | 38 |
| 5 | Acetabular both-column fractures: Essentials of operative management. <i>Injury</i> , 2010, 41, 1145-1149. | 1.7 | 36 |
| 6 | Case Report: Calcific Tendinitis of the Rectus Femoris. <i>Clinical Orthopaedics and Related Research</i> , 2010, 468, 2814-2818. | 1.5 | 33 |
| 7 | Pelvic posture and kinematics in femoroacetabular impingement: a systematic review. <i>Journal of Orthopaedics and Traumatology</i> , 2017, 18, 187-196. | 2.3 | 32 |
| 8 | Treatment of Femoroacetabular Impingement: A Modified Resection Osteoplasty Technique Through an Anterior Approach. <i>Orthopedics</i> , 2007, 30, 96-102. | 1.1 | 22 |
| 9 | Trabecular Metal Cup without Augments for Acetabular Revision in Case of Extensive Bone Loss and Low Bone-Prosthesis Contact. <i>International Journal of Immunopathology and Pharmacology</i> , 2011, 24, 133-137. | 2.1 | 15 |
| 10 | Endoscopic and Arthroscopic Assistance in Femoral Head Core Decompression. <i>Arthroscopy Techniques</i> , 2012, 1, e225-e230. | 1.3 | 14 |
| 11 | Mid-term outcome after arthroscopic treatment of femoroacetabular impingement: development of a predictive score. <i>HIP International</i> , 2019, 29, 303-309. | 1.7 | 12 |
| 12 | First results with the immediate reconstructive strategy for internal hardware exposure in non-united fractures of the distal third of the leg: case series and literature review. <i>Journal of Orthopaedic Surgery and Research</i> , 2012, 7, 30. | 2.3 | 8 |
| 13 | Suture-related pseudoinfection after total hip arthroplasty. <i>Journal of Orthopaedics and Traumatology</i> , 2015, 16, 59-65. | 2.3 | 6 |
| 14 | Femoroacetabular impingement: question-driven review of hip joint pathophysiology from asymptomatic skeletal deformity to end-stage osteoarthritis. <i>Journal of Orthopaedics and Traumatology</i> , 2019, 20, 32. | 2.3 | 6 |
| 15 | Retroacetabular osteolytic lesions behind well-fixed prosthetic cups: pilot study of bearings-retaining surgery. <i>Journal of Orthopaedics and Traumatology</i> , 2008, 9, 225-231. | 2.3 | 5 |
| 16 | The Journal of Orthopaedics and Traumatology in the 15th Year from foundation: actual achievements and future directions. <i>Journal of Orthopaedics and Traumatology</i> , 2014, 15, 235-238. | 2.3 | 3 |
| 17 | Ethical requirements for musculoskeletal research involving human subjects. <i>Journal of Orthopaedics and Traumatology</i> , 2015, 16, 265-268. | 2.3 | 2 |
| 18 | Comment On: "The Hip Antero-Superior Labral Tear with Avulsion of Rectus Femoris (Haltar) Lesion: Does the Slap Equivalent in the Hip Exist?" by Hosalkar Et Al. <i>HIP International</i> , 2012, 22, 690-690. | 1.7 | 1 |

| # | ARTICLE | IF | CITATIONS |
|----|---|-----|-----------|
| 19 | Letter to the Editor: Pelvic Tilt in Patients Undergoing Total Hip Arthroplasty: When Does it Matter?. Journal of Arthroplasty, 2016, 31, 549. | 3.1 | 0 |
| 20 | JORT celebrates 18Âyears of publication. Journal of Orthopaedics and Traumatology, 2019, 20, 8. | 2.3 | 0 |
