#	ARTICLE	IF	CITATIONS
1	The El Valor de Nuestra Salud clustered randomized controlled trial store-based intervention to promote fruit and vegetable purchasing and consumption. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2022, 19, 19.	2.0	5
2	Perceived social norms and concussion-disclosure behaviours among first-year NCAA student-athletes: implications for concussion prevention and education. <i>Research in Sports Medicine</i> , 2021, 29, 1-11.	0.7	20
3	Using a Social Capital Framework to Explore a Broker's Role in Small Employer Wellness Program Uptake and Implementation. <i>American Journal of Health Promotion</i> , 2021, 35, 214-225.	0.9	0
4	Association Between Previous Concussion Education and Concussion Care-Seeking Outcomes Among National Collegiate Athletic Association Division I Student-Athletes. <i>Journal of Athletic Training</i> , 2021, 56, 294-301.	0.9	5
5	Implementation of a workplace physical activity intervention in child care: process evaluation results from the Care2BWell trial. <i>Translational Behavioral Medicine</i> , 2021, 11, 1430-1440.	1.2	3
6	Factors and expectations influencing concussion disclosure within NCAA Division I athletes: A mixed methodological approach. <i>Journal of Sport and Health Science</i> , 2021, , .	3.3	1
7	Development of a Workplace Intervention for Child Care Staff: Caring and Reaching for Health's (CARE) Healthy Lifestyles Intervention. <i>Health Promotion Practice</i> , 2020, 21, 277-287.	0.9	4
8	Workplace-based opportunities to support child care workers' health and safety. <i>Preventive Medicine Reports</i> , 2020, 19, 101154.	0.8	2
9	Education and Training to Build Capacity in Total Worker Health®. <i>Journal of Occupational and Environmental Medicine</i> , 2020, 62, e384-e391.	0.9	11
10	Results of caring and reaching for health (CARE): a cluster-randomized controlled trial assessing a worksite wellness intervention for child care staff. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2020, 17, 64.	2.0	12
11	Communication Cues and Engagement Behavior: Identifying Advertisement Strategies to Attract Middle-Aged Adults to a Study of the Chronic Disease Self-Management Program. <i>Preventing Chronic Disease</i> , 2020, 17, E48.	1.7	2
12	Evaluation and Dissemination of a Checklist to Improve Implementation of Work Environment Initiatives in the Eldercare Sector: Protocol for a Prospective Observational Study. <i>JMIR Research Protocols</i> , 2020, 9, e16039.	0.5	1
13	Association Between Previous Concussion Education and Concussion Care-Seeking Outcomes among NCAA Division I Student-Athletes. <i>Journal of Athletic Training</i> , 2020, , .	0.9	4
14	Growing Evidence for Barbershop-Based Interventions to Promote Health and Address Chronic Diseases. <i>American Journal of Public Health</i> , 2019, 109, 1073-1074.	1.5	6
15	Participation of lower- to middle wage workers in a study of Chronic Disease Self-Management Program (CDSMP) effectiveness: Implications for reducing chronic disease burden among racial and ethnic minority populations. <i>Public Health Nursing</i> , 2019, 36, 591-602.	0.7	5
16	Predictors of Health Self-Management Program Preference Among Lower-to-Middle Wage Employed Adults With Chronic Health Conditions. <i>American Journal of Health Promotion</i> , 2019, 33, 172-182.	0.9	3
17	Overweight and Obesity Among School Bus Drivers in Rural Arkansas. <i>Preventing Chronic Disease</i> , 2019, 16, E61.	1.7	11
18	Results of the Workplace Health in America Survey. <i>American Journal of Health Promotion</i> , 2019, 33, 652-665.	0.9	86

#	ARTICLE	IF	CITATIONS
19	Workplace health promotion and safety in state and territorial health departments in the United States: a national mixed-methods study of activity, capacity, and growth opportunities. <i>BMC Public Health</i> , 2019, 19, 291.	1.2	8
20	Determinants of intention to disclose concussion symptoms in a population of U.S. military cadets. <i>Journal of Science and Medicine in Sport</i> , 2019, 22, 509-515.	0.6	39
21	Workplace health and safety intervention for child care staff: Rationale, design, and baseline results from the CARE cluster randomized control trial. <i>Contemporary Clinical Trials</i> , 2018, 68, 116-126.	0.8	27
22	Demographic, Parental, and Personal Factors and Youth Athletes' Concussion-Related Knowledge and Beliefs. <i>Journal of Athletic Training</i> , 2018, 53, 768-775.	0.9	39
23	Organizational-Level Recruitment of Barbershops as Health Promotion Intervention Study Sites: Addressing Health Disparities Among Black Men. <i>Health Promotion Practice</i> , 2018, 19, 377-389.	0.9	11
24	The association of depression and diabetes across methods, measures, and study contexts. <i>Clinical Diabetes and Endocrinology</i> , 2018, 4, 1.	1.3	28
25	Chronic Disease Risk Typologies among Young Adults in Community College. <i>American Journal of Health Behavior</i> , 2018, 42, 71-84.	0.6	3
26	Small Food Store Retailers' Willingness to Implement Healthy Store Strategies in Rural North Carolina. <i>Journal of Community Health</i> , 2017, 42, 109-115.	1.9	15
27	Pesticides: Perceived Threat and Protective Behaviors Among Latino Farmworkers. <i>Journal of Agromedicine</i> , 2017, 22, 140-147.	0.9	10
28	Relationship Between Concussion History and Concussion Knowledge, Attitudes, and Disclosure Behavior in High School Athletes. <i>Clinical Journal of Sport Medicine</i> , 2017, 27, 321-324.	0.9	57
29	Feasibility of Assessing Falls Risk and Promoting Falls Prevention in Beauty Salons. <i>Journal of Primary Prevention</i> , 2017, 38, 567-581.	0.8	4
30	The Health and Working Conditions of Women Employed in Child Care. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 283.	1.2	61
31	Benefits, Facilitators, Barriers, and Strategies to Improve Pesticide Protective Behaviors: Insights from Farmworkers in North Carolina Tobacco Fields. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 677.	1.2	10
32	Measures of organizational characteristics associated with adoption and/or implementation of innovations: A systematic review. <i>BMC Health Services Research</i> , 2017, 17, 591.	0.9	51
33	Assessing Opportunities to Enhance Comprehensive Health Promotion and Wellness Programming in a State Community College System. <i>North Carolina Medical Journal</i> , 2017, 78, 296-303.	0.1	1
34	The Influence of Health Literacy on Reach, Retention, and Success in a Worksite Weight Loss Program. <i>American Journal of Health Promotion</i> , 2016, 30, 279-282.	0.9	13
35	Sociodemographic Disparities in Proximity of Schools to Tobacco Outlets and Fast-Food Restaurants. <i>American Journal of Public Health</i> , 2016, 106, 1556-1562.	1.5	32
36	What influences Latino grocery shopping behavior? Perspectives on the small food store environment from managers and employees in San Diego, California. <i>Ecology of Food and Nutrition</i> , 2016, 55, 163-181.	0.8	13

#	ARTICLE	IF	CITATIONS
37	Observed and self-reported pesticide protective behaviors of Latino migrant and seasonal farmworkers. <i>Environmental Research</i> , 2016, 147, 275-283.	3.7	22
38	Impact of Game-Inspired Infographics on User Engagement and Information Processing in an eHealth Program. <i>Journal of Medical Internet Research</i> , 2016, 18, e237.	2.1	34
39	Effectiveness of a worksite-based weight loss randomized controlled trial: The worksite study. <i>Obesity</i> , 2015, 23, 737-745.	1.5	41
40	A store-based intervention to increase fruit and vegetable consumption: The El Valor de Nuestra Salud cluster randomized controlled trial. <i>Contemporary Clinical Trials</i> , 2015, 42, 228-238.	0.8	29
41	Enhancing organizational capacity to provide cancer control programs among Latino churches: design and baseline findings of the CRUZA Study. <i>BMC Health Services Research</i> , 2015, 15, 147.	0.9	25
42	Does Successful Weight Loss in an Internet-Based Worksite Weight Loss Program Improve Employee Presenteeism and Absenteeism?. <i>Health Education and Behavior</i> , 2015, 42, 769-774.	1.3	15
43	Health Promotion in Smaller Workplaces in the United States. <i>Annual Review of Public Health</i> , 2014, 35, 327-342.	7.6	83
44	Promoting integrated approaches to reducing health inequities among low-income workers: Applying a social ecological framework. <i>American Journal of Industrial Medicine</i> , 2014, 57, 539-556.	1.0	129
45	Process Evaluation of a Food Marketing and Environmental Change Intervention in <i>Tiendas</i> That Serve Latino Immigrants in North Carolina. <i>Health Promotion Practice</i> , 2014, 15, 839-848.	0.9	18
46	Headache and Health-Related Job Loss Among Disadvantaged Women. <i>Journal for Nurse Practitioners</i> , 2014, 10, 316-324.	0.4	5
47	A Literature Synthesis of Health Promotion Research in Salons and Barbershops. <i>American Journal of Preventive Medicine</i> , 2014, 47, 77-85.	1.6	106
48	Using theory to understand high school aged athletes' intentions to report sport-related concussion: Implications for concussion education initiatives. <i>Brain Injury</i> , 2013, 27, 878-886.	0.6	153
49	Knowledge, Attitude, and Concussion-Reporting Behaviors Among High School Athletes: A Preliminary Study. <i>Journal of Athletic Training</i> , 2013, 48, 645-653.	0.9	376
50	Efficacy of a store-based environmental change intervention compared with a delayed treatment control condition on store customers' intake of fruits and vegetables. <i>Public Health Nutrition</i> , 2013, 16, 1953-1960.	1.1	71
51	The Effect of Weight Loss on Health, Productivity, and Medical Expenditures Among Overweight Employees. <i>Medical Care</i> , 2013, 51, 471-477.	1.1	29
52	The power and potential of peer support in workplace interventions. <i>American Journal of Health Promotion</i> , 2013, 28, TAHP2-10.	0.9	8
53	Organizational- and employee-level recruitment into a worksite-based weight loss study. <i>Clinical Trials</i> , 2012, 9, 215-225.	0.7	13
54	The Examination of Process Evaluation Use in Church-Based Health Interventions. <i>Health Promotion Practice</i> , 2012, 13, 524-534.	0.9	32

#	ARTICLE	IF	CITATIONS
55	Research Collaboration with 2-1-1 to Eliminate Health Disparities. American Journal of Preventive Medicine, 2012, 43, S415-S419.	1.6	15
56	Advancing Collaborative Research with 2-1-1 to Reduce Health Disparities. American Journal of Preventive Medicine, 2012, 43, S518-S528.	1.6	14
57	Comparing Recruitment Methods to Enrolling Organizations into a Community-Based Intervention Trial: Results from the NC BEAUTY and Health Project. Journal of Clinical Trials, 2012, 02, .	0.1	7
