| #  | ARTICLE                                                                                                                                                                                                                        | IF  | CITATIONS |
|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Can Authorship be Denied for Contract Work?. <i>Science and Engineering Ethics</i> , 2020, 26, 1031-1037.                                                                                                                      | 2.9 | 3         |
| 2  | Significance of Anthropometric and Nutritive Factors in Oral and Oropharyngeal Cancer Patients Undergoing Free Flap Reconstruction. <i>Journal of Oral and Maxillofacial Surgery</i> , 2020, 78, 644-650.                      | 1.2 | 4         |
| 3  | Usò domiciliare degli strumenti per la pulizia interdentale, in associazione allo spazzolamento, per prevenire e controllare le malattie parodontali e la carie: una revisione Cochrane. <i>Dental Cadmos</i> , 2020, 88, 502. | 0.1 | 0         |
| 4  | Flossing for the management of periodontal diseases and dental caries in adults. <i>The Cochrane Library</i> , 2019, 2019, CD008829.                                                                                           | 2.8 | 9         |
| 5  | Effectiveness and efficacy of nutritional therapy: A systematic review following Cochrane methodology. <i>Clinical Nutrition</i> , 2017, 36, 939-957.                                                                          | 5.0 | 65        |
| 6  | Interventions to prevent misconduct and promote integrity in research and publication. <i>The Cochrane Library</i> , 2016, 2016, MR000038.                                                                                     | 2.8 | 75        |
| 7  | Understanding wider environmental influences on mentoring: Towards an ecological model of mentoring in academic medicine. <i>Acta Medica Academica</i> , 2015, 44, 47-57.                                                      | 0.8 | 34        |
| 8  | Teaching science throughout the six-year medical curriculum: Two-year experience from the University of Split School of Medicine, Split, Croatia. <i>Acta Medica Academica</i> , 2014, 43, 50-62.                              | 0.8 | 11        |
| 9  | Medical Students'™ Decisions About Authorship in Disputable Situations: Intervention Study. <i>Science and Engineering Ethics</i> , 2013, 19, 641-651.                                                                         | 2.9 | 13        |
| 10 | No health research without education for research " experience from an integrated course in undergraduate medical curriculum. <i>Medical Teacher</i> , 2013, 35, 609-609.                                                      | 1.8 | 12        |
| 11 | Steps in the undertaking of a systematic review in orthopaedic surgery. <i>International Orthopaedics</i> , 2012, 36, 477-484.                                                                                                 | 1.9 | 11        |
| 12 | Between forwarding and mentoring: a qualitative study of recommending medical doctors for international postdoctoral research positions. <i>BMC Medical Education</i> , 2011, 11, 31.                                          | 2.4 | 6         |
| 13 | On the occasion of the centennial year of the two greatest Croatian soccer teams: brief review of the evidence base for team physicians. <i>Croatian Medical Journal</i> , 2011, 52, 1-5.                                      | 0.7 | 1         |
| 14 | Can Teaching Research Methodology Influence Students' Attitude toward Science? Cohort Study and Nonrandomized Trial in a Single Medical School. <i>Journal of Investigative Medicine</i> , 2010, 58, 282-286.                  | 1.6 | 80        |
| 15 | Climate for career choices: survey of medical students' motivation for studying, career preferences and perception of their teachers as role models. <i>Wiener Klinische Wochenschrift</i> , 2010, 122, 243-250.               | 1.9 | 7         |
| 16 | A Systematic Review of Qualitative Research on the Meaning and Characteristics of Mentoring in Academic Medicine. <i>Journal of General Internal Medicine</i> , 2010, 25, 72-78.                                               | 2.6 | 509       |
| 17 | National vs. international journals: views of medical professionals in Croatia. <i>Learned Publishing</i> , 2009, 22, 57-70.                                                                                                   | 1.7 | 18        |
| 18 | Transition from Longitudinal to Block Structure of Preclinical Courses: Outcomes and Experiences. <i>Croatian Medical Journal</i> , 2009, 50, 492-506.                                                                         | 0.7 | 14        |

| #  | ARTICLE                                                                                                                                                                                 | IF   | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----------|
| 19 | Mentoring. JAMA - Journal of the American Medical Association, 2009, 302, 2591.                                                                                                         | 7.4  | 57        |
| 20 | Medical teachers' attitudes towards science and motivational orientation for medical research. Wiener Klinische Wochenschrift, 2009, 121, 256-261.                                      | 1.9  | 8         |
| 21 | Representation of journals from five neighboring European countries in the Journal Citation Reports. Scientometrics, 2008, 76, 261-271.                                                 | 3.0  | 11        |
| 22 | Quantification of Authors'™ Contributions and Eligibility for Authorship: Randomized Study in a General Medical Journal. Journal of General Internal Medicine, 2008, 23, 1303-1310.     | 2.6  | 33        |
| 23 | Launch of online medical peace work course. Lancet, The, 2008, 372, 292.                                                                                                                | 13.7 | 2         |
| 24 | High-Impact Medical Journals and Peace: A History of Involvement. Journal of Public Health Policy, 2007, 28, 341-355.                                                                   | 2.0  | 7         |
| 25 | Perceptions of authorship criteria: effects of student instruction and scientific experience. Journal of Medical Ethics, 2007, 33, 428-432.                                             | 1.8  | 23        |
| 26 | Peace through medical education in Bosnia and Herzegovina. Lancet, The, 2007, 369, 905.                                                                                                 | 13.7 | 9         |
| 27 | Press releases and email notices increase local and global visibility of a small medical journal. Learned Publishing, 2006, 19, 267-271.                                                | 1.7  | 5         |
| 28 | Guard against the oblivion: a role of public health in war. European Journal of Public Health, 2006, 16, 231-232.                                                                       | 0.3  | 2         |
| 29 | Survive, Help, Learn: Experience of a Medical Journal in War and Post-War Times. Journal of Public Health Policy, 2006, 27, 124-135.                                                    | 2.0  | 6         |
| 30 | Mentoring in Academic Medicine. JAMA - Journal of the American Medical Association, 2006, 296, 1103.                                                                                    | 7.4  | 1,255     |
| 31 | Life of small medical journal–how bibliographical indexing and international visibility affected editorial work in Croatian Medical Journal. Croatian Medical Journal, 2006, 47, 372-5. | 0.7  | 7         |
| 32 | Topical treatment for hemorrhoids. The Cochrane Library, 0, , .                                                                                                                         | 2.8  | 0         |
