#	ARTICLE	IF	CITATIONS
1	Enhancing the Rigor of Grounded Theory: Incorporating Reflexivity and Relationality. <i>Qualitative Health Research</i> , 2001, 11, 257-272.	2.1	240
2	Parent or nurse? The experience of being the parent of a technology-dependent child. <i>Journal of Advanced Nursing</i> , 2005, 51, 456-464.	3.3	161
3	MOMENT – Management of Otitis Media with Effusion in Cleft Palate: protocol for a systematic review of the literature and identification of a core outcome set using a Delphi survey. <i>Trials</i> , 2013, 14, 70.	1.6	158
4	Re-thinking family-centred care across the continuum of children's healthcare. <i>Child: Care, Health and Development</i> , 2004, 30, 265-277.	1.7	131
5	A study of role negotiation between nurses and the parents of hospitalized children. <i>Journal of Advanced Nursing</i> , 1991, 16, 772-781.	3.3	118
6	Online vs. face-to-face discussion in a web-based research methods course for postgraduate nursing students: A quasi-experimental study. <i>International Journal of Nursing Studies</i> , 2008, 45, 750-759.	5.6	107
7	Children's accounts of their preoperative information needs. <i>Journal of Clinical Nursing</i> , 2005, 14, 230-238.	3.0	102
8	The Importance of Integration of Stakeholder Views in Core Outcome Set Development: Otitis Media with Effusion in Children with Cleft Palate. <i>PLoS ONE</i> , 2015, 10, e0129514.	2.5	93
9	Parenting children requiring complex care: a journey through time. <i>Child: Care, Health and Development</i> , 2008, 34, 207-213.	1.7	92
10	Paying to participate: financial, social and personal costs to parents of involvement in their children's care in hospital. <i>Journal of Advanced Nursing</i> , 1997, 25, 746-752.	3.3	80
11	Caring for parents of hospitalized children: a hidden area of nursing work. <i>Journal of Advanced Nursing</i> , 1997, 26, 992-998.	3.3	68
12	Clinic consultations with children and parents on the dietary management of cystic fibrosis. <i>Social Science and Medicine</i> , 2007, 64, 363-374.	3.8	56
13	The effectiveness of self-care support interventions for children and young people with long-term conditions: a systematic review. <i>Child: Care, Health and Development</i> , 2013, 39, 305-324.	1.7	53
14	Qualitative study of young people's and parents' beliefs about childhood asthma. <i>British Journal of General Practice</i> , 2003, 53, 185-90.	1.4	52
15	Different meanings of respite: a study of parents, nurses and social workers caring for children with complex needs. <i>Child: Care, Health and Development</i> , 2004, 30, 279-288.	1.7	51
16	The management of Otitis Media with Effusion in children with cleft palate (mOMEnt): a feasibility study and economic evaluation. <i>Health Technology Assessment</i> , 2015, 19, 1-374.	2.8	50
17	Maternal knowledge and professional knowledge: co-operation and conflict in the care of sick children. <i>International Journal of Nursing Studies</i> , 1997, 34, 27-34.	5.6	49
18	The use of qualitative methods in the study of parents' experiences of care on a children's surgical ward. <i>Journal of Advanced Nursing</i> , 1996, 23, 338-345.	3.3	42

#	ARTICLE	IF	CITATIONS
19	Transition in endocrinology: the challenge of maintaining continuity. <i>Clinical Endocrinology</i> , 2013, 78, 29-35.	2.4	40
20	Intergenerational differences in beliefs about healthy eating among carers of left-behind children in rural China: A qualitative study. <i>Appetite</i> , 2015, 95, 484-491.	3.7	32
21	Developing biographies: the experiences of children, young people and their parents of living with a long-term condition. <i>Sociology of Health and Illness</i> , 2014, 36, 823-839.	2.1	31
22	Parents' contrasting views on diet versus activity of children: Implications for health promotion and obesity prevention. <i>Patient Education and Counseling</i> , 2010, 78, 117-123.	2.2	29
23	Thinking "taller": sharing responsibility in the everyday lives of children with asthma. <i>Journal of Clinical Nursing</i> , 2010, 19, 1952-1959.	3.0	27
24	Communication between nurses, children and their parents in asthma review consultations. <i>Journal of Clinical Nursing</i> , 2012, 21, 1641-1650.	3.0	26
25	A qualitative study of the preoperative preparation of children, young people and their parents for planned continence surgery: experiences and expectations. <i>Journal of Clinical Nursing</i> , 2012, 21, 1964-1973.	3.0	26
26	Topicality and the structure of interactive talk in face-to-face seminar discussions: implications for research in distributed learning media. <i>British Educational Research Journal</i> , 2006, 32, 77-94.	2.5	22
27	Risks and benefits of ventilation tubes and hearing aids from the perspective of parents of children with cleft palate. <i>International Journal of Pediatric Otorhinolaryngology</i> , 2013, 77, 1742-1748.	1.0	21
28	The Perspectives of Children and Young People Living with Cleft Lip and Palate: A Review of Qualitative Literature. <i>Cleft Palate-Craniofacial Journal</i> , 2013, 50, 297-304.	0.9	21
29	Weight and energy: parents' and children's perspectives on managing cystic fibrosis diet. <i>Archives of Disease in Childhood</i> , 2005, 90, 249-252.	1.9	20
30	Parental Migration, Intergenerational Obligations and the Paradox for Left-Behind Boys in Rural China. <i>Asian Population Studies</i> , 2016, 12, 68-87.	1.5	20
31	Perceptions of effective self-care support for children and young people with long-term conditions. <i>Journal of Clinical Nursing</i> , 2012, 21, 1974-1987.	3.0	19
32	Moral learning in nursing education: a discussion of the usefulness of cognitive-developmental and social learning theories. <i>Journal of Advanced Nursing</i> , 1990, 15, 324-328.	3.3	18
33	Otitis Media with Effusion: Experiences of Children with Cleft Palate and Their Parents. <i>Cleft Palate-Craniofacial Journal</i> , 2015, 52, 23-30.	0.9	18
34	The feasibility and acceptability of an approach to emotional wellbeing support for high school students. <i>Child and Adolescent Mental Health</i> , 2011, 16, 193-200.	3.5	17
35	Supporting the care of children with diabetes in school: a qualitative study of nurses in the UK. <i>Diabetic Medicine</i> , 2013, 30, 871-877.	2.3	17
36	Parents' Experiences of Caring for their Child Following Day Case Surgery: a Diary Study. <i>Journal of Child Health Care</i> , 2004, 8, 47-58.	1.4	16

#	ARTICLE	IF	CITATIONS
37	Developing an intervention to promote young people's participation in asthma review consultations with practice nurses. <i>Journal of Advanced Nursing</i> , 2013, 69, 91-101.	3.3	16
38	Childhood disadvantage and emergency admission rates for common presentations in London: an exploratory analysis. <i>Archives of Disease in Childhood</i> , 2011, 96, 221-226.	1.9	15
39	The adaptation of written self-management plans for children with asthma. <i>Journal of Advanced Nursing</i> , 2003, 41, 444-453.	3.3	10
40	The Digital Revolution in Qualitative Research: Working with Digital Audio Data through Atlas. Ti. <i>Sociological Research Online</i> , 2005, 10, 57-68.	1.1	10
41	Readmission in children's emergency care: an analysis of hospital episode statistics. <i>Archives of Disease in Childhood</i> , 2010, 95, 341-346.	1.9	10
42	Young People's Preferences for Emotional Well-Being Support in High School – A Focus Group Study. <i>Journal of Child and Adolescent Psychiatric Nursing</i> , 2011, 24, 245-253.	1.4	10
43	Safe sleeping positions: practice and policy for babies with cleft palate. <i>European Journal of Pediatrics</i> , 2017, 176, 661-667.	2.7	10
44	Supporting children and adolescents inclusion in decisions and self-management: What can help?. <i>Patient Education and Counseling</i> , 2019, 102, 605-606.	2.2	10
45	Training and education: an analysis of quality assurance in teaching and nursing education. <i>Nurse Education Today</i> , 2000, 20, 373-380.	3.3	9
46	Mothers of infants in neonatal nurseries had challenges in establishing feelings of being a good mother. <i>Evidence-based Nursing</i> , 2002, 5, 91-91.	0.2	9
47	Loss and rebuilding: A qualitative study of late diagnosis of cleft palate. <i>Journal for Specialists in Pediatric Nursing</i> , 2015, 20, 280-289.	1.1	8
48	Communication with young people in paediatric and adult endocrine consultations: an intervention development and feasibility study. <i>BMC Endocrine Disorders</i> , 2017, 17, 33.	2.2	8
49	An Overview of Adolescents Sexual and Reproductive Health Services Provision in Malaysia. <i>Comprehensive Child and Adolescent Nursing</i> , 2021, 44, 1-17.	0.9	8
50	School children's own views, roles and contribution to choices regarding diet and activity in Spain. <i>Child: Care, Health and Development</i> , 2013, 39, 109-117.	1.7	7
51	Student help seeking from pastoral care in <sc>UK</sc> high schools: a qualitative study. <i>Child and Adolescent Mental Health</i> , 2014, 19, 178-184.	3.5	7
52	Parents' and children's knowledge of oral health: a qualitative study of children with cleft palate. <i>International Journal of Paediatric Dentistry</i> , 2017, 27, 264-272.	1.8	7
53	Experience of maintaining tooth brushing for children born with a cleft lip and/or palate. <i>BMC Oral Health</i> , 2017, 17, 120.	2.3	7
54	Parental participation in the care of hospitalized children: a review of the research evidence. , 2000, , 57-89.		7

#	ARTICLE	IF	CITATIONS
55	Balancing personal and family trajectories: an international study of dual-earner couples with pre-school children. <i>International Journal of Nursing Studies</i> , 2003, 40, 401-412.	5.6	6
56	Integrating community children's nursing in urgent and emergency care: a qualitative comparison of two teams in North West England. <i>BMC Pediatrics</i> , 2012, 12, 101.	1.7	5
57	Relationships between deprivation and duration of children's emergency admissions for breathing difficulty, feverish illness and diarrhoea in North West England: an analysis of hospital episode statistics. <i>BMC Pediatrics</i> , 2012, 12, 22.	1.7	5
58	A qualitative evaluation of a pre-consultation guide intended to promote the participation of young people in asthma review consultations. <i>Patient Education and Counseling</i> , 2013, 91, 91-96.	2.2	5
59	Avoiding inappropriate paediatric admission: facilitating General Practitioner referral to Community Children's Nursing Teams. <i>BMC Family Practice</i> , 2013, 14, 4.	2.9	5
60	Enhancing parents' confidence to care in acute childhood illness: triangulation of findings from a mixed methods study of Community Children's Nursing. <i>Journal of Advanced Nursing</i> , 2013, 69, 2538-2548.	3.3	5
61	Development of an implementation intention-based intervention to change children's and parent-carers' behaviour. <i>Pilot and Feasibility Studies</i> , 2018, 4, 20.	1.2	5
62	A mixed-methods study of the management of hearing loss associated with otitis media with effusion in children with Down syndrome. <i>Clinical Otolaryngology</i> , 2019, 44, 32-38.	1.2	5
63	Parental Experience of Sleep-Disordered Breathing in Infants With Cleft Palate: Comparing Parental and Clinical Priorities. <i>Cleft Palate-Craniofacial Journal</i> , 2019, 56, 222-230.	0.9	5
64	COMPARISON OF Kt/V AND UREA REDUCTION RATIO IN MEASURING DIALYSIS ADEQUACY IN PAEDIATRIC HAEMODIALYSIS IN ENGLAND. <i>Journal of Renal Care</i> , 2014, 40, 117-124.	1.2	4
65	Proof of concept trial for a new theory-based intervention to promote child and adult behavior change. <i>Journal of Behavioral Medicine</i> , 2020, 43, 80-87.	2.1	4
66	A nurse led home management training programme reduced readmissions to the hospital in children with acute asthma. <i>Evidence-based Nursing</i> , 1998, 1, 11-11.	0.2	3
67	Substituting community children's nursing services for inpatient care: a case study of costs and effects. <i>Emergency Medicine Journal</i> , 2014, 31, e55-e59.	1.0	3
68	Communication across the cultures—a learning unit. <i>Nurse Education Today</i> , 1984, 3, 118-119.	3.3	2
69	The development of teachers and the problem of criteria of effectiveness: an analysis of two approaches. <i>Nurse Education Today</i> , 1990, 10, 130-135.	3.3	2
70	Child feeding in rural northern Ghana: Carer's perceptions of food and their children's diets. <i>Maternal and Child Nutrition</i> , 2021, 17, e13085.	3.0	2
71	Does Sleep Position Influence Sleep-Disordered Breathing in Infants With Cleft Palate: A Feasibility Study?. <i>Cleft Palate-Craniofacial Journal</i> , 2021, , 105566562110034.	0.9	2
72	“œ Like People to Treat Me Normally”: Barriers to Type 1 Diabetes Self-Management Among Adolescents. <i>Clinical Diabetes</i> , 2022, 40, 196-203.	2.2	2
