#	ARTICLE	IF	CITATIONS
1	“I’d Like People to Treat Me Normally” Barriers to Type 1 Diabetes Self-Management Among Adolescents. <i>Clinical Diabetes</i> , 2022, 40, 196-203.	2.2	2
2	Child feeding in rural northern Ghana: Carer's perceptions of food and their children's diets. <i>Maternal and Child Nutrition</i> , 2021, 17, e13085.	3.0	2
3	Does Sleep Position Influence Sleep-Disordered Breathing in Infants With Cleft Palate: A Feasibility Study?. <i>Cleft Palate-Craniofacial Journal</i> , 2021, , 105566562110034.	0.9	2
4	Factors impacting on childhood nutrition: The experience of mothers in a rural Ghanaian community. <i>Appetite</i> , 2021, 167, 105617.	3.7	1
5	An Overview of Adolescents Sexual and Reproductive Health Services Provision in Malaysia. <i>Comprehensive Child and Adolescent Nursing</i> , 2021, 44, 1-17.	0.9	8
6	Proof of concept trial for a new theory-based intervention to promote child and adult behavior change. <i>Journal of Behavioral Medicine</i> , 2020, 43, 80-87.	2.1	4
7	Supporting children and adolescents inclusion in decisions and self-management: What can help?. <i>Patient Education and Counseling</i> , 2019, 102, 605-606.	2.2	10
8	A mixed-methods study of the management of hearing loss associated with otitis media with effusion in children with Down syndrome. <i>Clinical Otolaryngology</i> , 2019, 44, 32-38.	1.2	5
9	Parental Experience of Sleep-Disordered Breathing in Infants With Cleft Palate: Comparing Parental and Clinical Priorities. <i>Cleft Palate-Craniofacial Journal</i> , 2019, 56, 222-230.	0.9	5
10	Development of an implementation intention-based intervention to change children’s and parent-carers’ behaviour. <i>Pilot and Feasibility Studies</i> , 2018, 4, 20.	1.2	5
11	Communication with young people in paediatric and adult endocrine consultations: an intervention development and feasibility study. <i>BMC Endocrine Disorders</i> , 2017, 17, 33.	2.2	8
12	Safe sleeping positions: practice and policy for babies with cleft palate. <i>European Journal of Pediatrics</i> , 2017, 176, 661-667.	2.7	10
13	Parents’ and children's knowledge of oral health: a qualitative study of children with cleft palate. <i>International Journal of Paediatric Dentistry</i> , 2017, 27, 264-272.	1.8	7
14	Experience of maintaining tooth brushing for children born with a cleft lip and/or palate. <i>BMC Oral Health</i> , 2017, 17, 120.	2.3	7
15	Parental Migration, Intergenerational Obligations and the Paradox for Left-Behind Boys in Rural China. <i>Asian Population Studies</i> , 2016, 12, 68-87.	1.5	20
16	Otitis Media with Effusion: Experiences of Children with Cleft Palate and Their Parents. <i>Cleft Palate-Craniofacial Journal</i> , 2015, 52, 23-30.	0.9	18
17	Loss and rebuilding: A qualitative study of late diagnosis of cleft palate. <i>Journal for Specialists in Pediatric Nursing</i> , 2015, 20, 280-289.	1.1	8
18	Intergenerational differences in beliefs about healthy eating among carers of left-behind children in rural China: A qualitative study. <i>Appetite</i> , 2015, 95, 484-491.	3.7	32

#	ARTICLE	IF	CITATIONS
19	The Importance of Integration of Stakeholder Views in Core Outcome Set Development: Otitis Media with Effusion in Children with Cleft Palate. PLoS ONE, 2015, 10, e0129514.	2.5	93
20	The management of Otitis Media with Effusion in children with cleft palate (mOMEnt): a feasibility study and economic evaluation. Health Technology Assessment, 2015, 19, 1-374.	2.8	50
21	Student help seeking from pastoral care in <scp>UK</scp> high schools: a qualitative study. Child and Adolescent Mental Health, 2014, 19, 178-184.	3.5	7
22	Substituting community children's nursing services for inpatient care: a case study of costs and effects. Emergency Medicine Journal, 2014, 31, e55-e59.	1.0	3
23	COMPARISON OF Kt/V AND UREA REDUCTION RATIO IN MEASURING DIALYSIS ADEQUACY IN PAEDIATRIC HAEMODIALYSIS IN ENGLAND. Journal of Renal Care, 2014, 40, 117-124.	1.2	4
24	Developing biographies: the experiences of children, young people and their parents of living with a long-term condition. Sociology of Health and Illness, 2014, 36, 823-839.	2.1	31
25	School children's own views, roles and contribution to choices regarding diet and activity in Spain. Child: Care, Health and Development, 2013, 39, 109-117.	1.7	7
26	Developing an intervention to promote young people's participation in asthma review consultations with practice nurses. Journal of Advanced Nursing, 2013, 69, 91-101.	3.3	16
27	The effectiveness of self-care support interventions for children and young people with long-term conditions: a systematic review. Child: Care, Health and Development, 2013, 39, 305-324.	1.7	53
28	MOMENT – Management of Otitis Media with Effusion in Cleft Palate: protocol for a systematic review of the literature and identification of a core outcome set using a Delphi survey. Trials, 2013, 14, 70.	1.6	158
29	A qualitative evaluation of a pre-consultation guide intended to promote the participation of young people in asthma review consultations. Patient Education and Counseling, 2013, 91, 91-96.	2.2	5
30	Transition in endocrinology: the challenge of maintaining continuity. Clinical Endocrinology, 2013, 78, 29-35.	2.4	40
31	Avoiding inappropriate paediatric admission: facilitating General Practitioner referral to Community Children's Nursing Teams. BMC Family Practice, 2013, 14, 4.	2.9	5
32	Risks and benefits of ventilation tubes and hearing aids from the perspective of parents of children with cleft palate. International Journal of Pediatric Otorhinolaryngology, 2013, 77, 1742-1748.	1.0	21
33	The Perspectives of Children and Young People Living with Cleft Lip and Palate: A Review of Qualitative Literature. Cleft Palate-Craniofacial Journal, 2013, 50, 297-304.	0.9	21
34	Supporting the care of children with diabetes in school: a qualitative study of nurses in the <scp>UK</scp>. Diabetic Medicine, 2013, 30, 871-877.	2.3	17
35	Enhancing parents' confidence to care in acute childhood illness: triangulation of findings from a mixed methods study of Community Children's Nursing. Journal of Advanced Nursing, 2013, 69, 2538-2548.	3.3	5
36	Comparison of the costs of care during acute illness by two community children's nursing teams. Emergency Medicine Journal, 2013, 30, 1029-1032.	1.0	0

#	ARTICLE	IF	CITATIONS
37	Communicating with children with asthma. <i>Nursing Times</i> , 2013, 109, 22-3.	0.2	0
38	Integrating community children's nursing in urgent and emergency care: a qualitative comparison of two teams in North West England. <i>BMC Pediatrics</i> , 2012, 12, 101.	1.7	5
39	Communication between nurses, children and their parents in asthma review consultations. <i>Journal of Clinical Nursing</i> , 2012, 21, 1641-1650.	3.0	26
40	A qualitative study of the pre-operative preparation of children, young people and their parents for planned continence surgery: experiences and expectations. <i>Journal of Clinical Nursing</i> , 2012, 21, 1964-1973.	3.0	26
41	Perceptions of effective self-care support for children and young people with long-term conditions. <i>Journal of Clinical Nursing</i> , 2012, 21, 1974-1987.	3.0	19
42	Relationships between deprivation and duration of children's emergency admissions for breathing difficulty, feverish illness and diarrhoea in North West England: an analysis of hospital episode statistics. <i>BMC Pediatrics</i> , 2012, 12, 22.	1.7	5
43	Commentary on Buckley A & Savage E (2010) Preoperative information needs of children undergoing tonsillectomy. <i>Journal of Clinical Nursing</i> , 2011, 20, 1498-1499.	3.0	1
44	The feasibility and acceptability of an approach to emotional wellbeing support for high school students. <i>Child and Adolescent Mental Health</i> , 2011, 16, 193-200.	3.5	17
45	Young People's Preferences for Emotional Wellbeing Support in High School: A Focus Group Study. <i>Journal of Child and Adolescent Psychiatric Nursing</i> , 2011, 24, 245-253.	1.4	10
46	Childhood disadvantage and emergency admission rates for common presentations in London: an exploratory analysis. <i>Archives of Disease in Childhood</i> , 2011, 96, 221-226.	1.9	15
47	Thinking "taller": sharing responsibility in the everyday lives of children with asthma. <i>Journal of Clinical Nursing</i> , 2010, 19, 1952-1959.	3.0	27
48	Parents' contrasting views on diet versus activity of children: Implications for health promotion and obesity prevention. <i>Patient Education and Counseling</i> , 2010, 78, 117-123.	2.2	29
49	Readmission in children's emergency care: an analysis of hospital episode statistics. <i>Archives of Disease in Childhood</i> , 2010, 95, 341-346.	1.9	10
50	Parenting children requiring complex care: a journey through time. <i>Child: Care, Health and Development</i> , 2008, 34, 207-213.	1.7	92
51	Online vs. face-to-face discussion in a web-based research methods course for postgraduate nursing students: A quasi-experimental study. <i>International Journal of Nursing Studies</i> , 2008, 45, 750-759.	5.6	107
52	The NMC consultation on the review of UK pre-registration nurse education: the views of children and young people. <i>Journal of Children's and Young People's Nursing</i> , 2008, 2, 61-63.	0.2	1
53	Clinic consultations with children and parents on the dietary management of cystic fibrosis. <i>Social Science and Medicine</i> , 2007, 64, 363-374.	3.8	56
54	Topicality and the structure of interactive talk in face-to-face seminar discussions: implications for research in distributed learning media. <i>British Educational Research Journal</i> , 2006, 32, 77-94.	2.5	22
