#	ARTICLE	IF	CITATIONS
1	Are antibiotic prescription practices in Eastern Uganda concordant with the national standard treatment guidelines? A cross-sectional retrospective study. <i>Journal of Global Antimicrobial Resistance</i> , 2022, 29, 513-519.	2.2	8
2	Reanalysis of a Randomized Controlled Trial on Promoting Influenza Vaccination in General Practice Waiting Rooms: A Zelen Design. <i>Vaccines</i> , 2022, 10, 826.	4.4	1
3	Embracing complexity with systems thinking in general practitioners' clinical reasoning helps handling uncertainty. <i>Journal of Evaluation in Clinical Practice</i> , 2021, 27, 1175-1181.	1.8	16
4	Prevalence of antibiotic-resistant bacteria among patients in two tertiary hospitals in Eastern Uganda. <i>Journal of Global Antimicrobial Resistance</i> , 2021, 25, 82-86.	2.2	11
5	Training in interprofessional learning and collaboration: An evaluation of the interprofessional education program in the scale-up phase in Antwerp (Belgium). <i>Zdravstveno Varstvo</i> , 2021, 60, 176-181.	0.9	6
6	Experiences and views of healthcare professionals on the prescription of antibiotics in Eastern Uganda: A qualitative study. <i>Journal of Global Antimicrobial Resistance</i> , 2021, 25, 66-71.	2.2	9
7	Respiratory physiotherapy interventions focused on exercise training and enhancing physical activity levels in people with chronic obstructive pulmonary disease are likely to be cost-effective: a systematic review. <i>Journal of Physiotherapy</i> , 2021, 67, 271-283.	1.7	5
8	Overprescribing of Topical Ocular Corticosteroids and Antibiotics in Out-of-Hours Primary Care in Belgium. <i>Drug, Healthcare and Patient Safety</i> , 2021, Volume 13, 229-232.	2.5	2
9	<p>Elder Abuse Assessment Tools and Interventions for use in the Home Environment: a Scoping Review</p>. <i>Clinical Interventions in Aging</i> , 2020, Volume 15, 1793-1807.	2.9	12
10	Impact of the COVID-19 pandemic on the core functions of primary care: will the cure be worse than the disease? A qualitative interview study in Flemish GPs. <i>BMJ Open</i> , 2020, 10, e039674.	1.9	220
11	Regional coordination and bottom-up response of general practitioners in Belgium and the Netherlands. <i>BMJ, The</i> , 2020, 369, m1377.	6.0	5
12	Accuracy of the general practitioner's sense of alarm when confronted with dyspnoea and/or chest pain: a prospective observational study. <i>BMJ Open</i> , 2020, 10, e034348.	1.9	15
13	The French version of the HSCL-25 has now been validated for use in primary care. <i>PLoS ONE</i> , 2019, 14, e0214804.	2.5	19
14	Role of intuitive knowledge in the diagnostic reasoning of hospital specialists: a focus group study. <i>BMJ Open</i> , 2019, 9, e022724.	1.9	24
15	Information campaigns and trained triagists may support patients in making an appropriate choice between GP and emergency department. <i>European Journal of General Practice</i> , 2019, 25, 243-244.	2.0	5
16	Comment on: The 'morning dip' in antimicrobial appropriateness: circumstances determining appropriateness of antimicrobial prescribing. <i>Journal of Antimicrobial Chemotherapy</i> , 2019, 74, 277-278.	3.0	1
17	Gut Feelings Questionnaire in daily practice: a feasibility study using a mixed-methods approach in three European countries. <i>BMJ Open</i> , 2018, 8, e023488.	1.9	5
18	Audiovisual aids in primary healthcare settings' waiting rooms. A systematic review. <i>European Journal of General Practice</i> , 2018, 24, 202-210.	2.0	23

#	ARTICLE	IF	CITATIONS
37	âœœI Can't Find Anything Wrong: It Must Be a Pulmonary Embolismâœœ Diagnosing Suspected Pulmonary Embolism in Primary Care, a Qualitative Study. PLoS ONE, 2014, 9, e98112.	2.5	22
38	Are recent graduates enough prepared to perform obstetric skills in their rural and compulsory year? A study from Ecuador. BMJ Open, 2014, 4, e005759-e005759.	1.9	13
39	Patient-centred interprofessional collaboration in primary care: challenges for clinical, educational and health services research. An EGPRN keynote paper. European Journal of General Practice, 2014, 20, 327-332.	2.0	13
40	Happy pills in nursing homes in Belgium: A cohort study to determine prescribing patterns and relation to fall risk. Journal of Clinical Gerontology and Geriatrics, 2014, 5, 53-57.	0.7	16
41	Attitude erosion in medical students: dwarf or devil, fact or fable?. Medical Education, 2014, 48, 558-560.	2.1	8
42	Why do general practitioners prescribe antidepressants to their patients? A pilot study. BioPsychoSocial Medicine, 2014, 8, 17.	2.1	11
43	From Qualitative Data to GP Training on CRC Screening. Journal of Cancer Education, 2013, 28, 439-443.	1.3	5
44	Evidence of prescription of antidepressants for non-psychiatric conditions in primary care: an analysis of guidelines and systematic reviews. BMC Family Practice, 2013, 14, 55.	2.9	58
45	Family physiciansâ€™ diagnostic gut feelings are measurable: construct validation of a questionnaire. BMC Family Practice, 2013, 14, 1.	2.9	134
46	Red yeast rice lowers cholesterol in physicians - a double blind, placebo controlled randomized trial. BMC Complementary and Alternative Medicine, 2013, 13, 178.	3.7	39
47	âœœMore shades of grey in my answersâœœ: an interview study revisiting attitude erosion during clerkships. Medical Education, 2013, 47, 476-484.	2.1	8
48	A Research Group from the European General Practice Research Network (EGPRN) Explores the Concept of Multimorbidity for Further Research into Long Term Care. Journal of the American Medical Directors Association, 2013, 14, 132-133.	2.5	14
49	The European General Practice Research Network Presents a Comprehensive Definition of Multimorbidity in Family Medicine and Long Term Care, Following a Systematic Review of Relevant Literature. Journal of the American Medical Directors Association, 2013, 14, 319-325.	2.5	167
50	Delivering the faecal occult blood test: More instructions than shared decisions. A qualitative study among French GPs. European Journal of General Practice, 2013, 19, 150-157.	2.0	5
51	Probiotics enhance the clearance of human papillomavirus-related cervical lesions. European Journal of Cancer Prevention, 2013, 22, 46-51.	1.3	93
52	Patient-centredness from education to practice: The âœœlivedâœœ impact of communication skills training. Medical Teacher, 2012, 34, e338-e348.	1.8	62
53	Efficacy of daily intake of Lactobacillus casei Shirota on respiratory symptoms and influenza vaccination immune response: a randomized, double-blind, placebo-controlled trial in healthy elderly nursing home residents. American Journal of Clinical Nutrition, 2012, 95, 1165-1171.	4.7	95
54	The Additional Value of Bioelectrical Impedance Analysis-Derived Muscle Mass as a Screening Tool in Geriatric Assessment for Fall Prevention. Gerontology, 2012, 58, 407-412.	2.8	17

#	ARTICLE	IF	CITATIONS
55	Predicting the place of out-of-hours care—A market simulation based on discrete choice analysis. <i>Health Policy</i> , 2012, 106, 284-290.	3.0	18
56	How is an Electronic Screening and Brief Intervention Tool on Alcohol Use Received in a Student Population? A Qualitative and Quantitative Evaluation. <i>Journal of Medical Internet Research</i> , 2012, 14, e56.	4.3	10
57	Comment on: “Evaluation and comparison of guidelines for the management of people with type 2 diabetes from eight European countries” by Stone et al. on behalf of the GUIDANCE study group (<i>Diabetes Res Clin Pract.</i> 2010; 87(2): 252–60). <i>Diabetes Research and Clinical Practice</i> , 2011, 92, 407-408.	2.8	0
58	Workers’ Perception of Chemical Risks: A Focus Group Study. <i>Risk Analysis</i> , 2011, 31, 335-342.	2.7	15
59	Medical students trained in communication skills show a decline in patient-centred attitudes: An observational study comparing two cohorts during clinical clerkships. <i>Patient Education and Counseling</i> , 2011, 84, 310-318.	2.2	98
60	Gut Feelings as a Third Track in General Practitioners’ Diagnostic Reasoning. <i>Journal of General Internal Medicine</i> , 2011, 26, 197-203.	2.6	205
61	Clinical prediction rules combining signs, symptoms and epidemiological context to distinguish influenza from influenza-like illnesses in primary care: a cross sectional study. <i>BMC Family Practice</i> , 2011, 12, 4.	2.9	48
62	Understanding the prescription of antidepressants: a Qualitative study among French GPs. <i>BMC Family Practice</i> , 2011, 12, 99.	2.9	26
63	The presence of Y chromosomal deoxyribonucleic acid in the female vaginal swab: Possible implications for human papillomavirus testing. <i>Cancer Epidemiology</i> , 2011, 35, 101-103.	1.9	10
64	Series: The research agenda for general practice/family medicine and primary health care in Europe. Part 6: Reaction on commentaries “how to continue with the Research Agenda?”. <i>European Journal of General Practice</i> , 2011, 17, 58-61.	2.0	7
65	Obstacles to colorectal screening in general practice: a qualitative study of GPs and patients. <i>Family Practice</i> , 2011, 28, 670-676.	1.9	46
66	What's the effect of the implementation of general practitioner cooperatives on caseload? Prospective intervention study on primary and secondary care. <i>BMC Health Services Research</i> , 2010, 10, 222.	2.2	30
67	Vocational trainees’ views and experiences regarding the learning and teaching of communication skills in general practice. <i>Patient Education and Counseling</i> , 2010, 78, 65-71.	2.2	18
68	Everything you always wanted to know about HPV (but could not ask your doctor). <i>Patient Education and Counseling</i> , 2010, 81, 101-105.	2.2	30
69	Out of hours care: a profile analysis of patients attending the emergency department and the general practitioner on call. <i>BMC Family Practice</i> , 2010, 11, 88.	2.9	42
70	Help, I’m losing patient-centredness! Experiences of medical students and their teachers. <i>Medical Education</i> , 2010, 44, 662-673.	2.1	122
71	Empowering patients or general practitioners? A randomised clinical trial to improve quality in reproductive health care in Belgium. <i>European Journal of Contraception and Reproductive Health Care</i> , 2010, 15, 280-289.	1.5	8
72	The research agenda for general practice/family medicine and primary health care in Europe. Part 3. Results: Person centred care, comprehensive and holistic approach. <i>European Journal of General Practice</i> , 2010, 16, 113-119.	2.0	44

#	ARTICLE	IF	CITATIONS
73	Series: The research agenda for general practice/family medicine and primary health care in Europe. Part 5: Needs and implications for future research and policy. European Journal of General Practice, 2010, 16, 244-248.	2.0	25
74	Establishing a European research agenda on "gut feelings"™ in general practice. A qualitative study using the nominal group technique. European Journal of General Practice, 2010, 16, 75-79.	2.0	20
75	Series: The research agenda for general practice/family medicine and primary health care in Europe. Part 4. Results: Specific problem solving skills. European Journal of General Practice, 2010, 16, 174-181.	2.0	22
76	Are presentations of abstracts at EGPRN meetings followed by publication?. European Journal of General Practice, 2010, 16, 100-105.	2.0	8
77	Series: The research agenda for general practice/family medicine and primary health care in Europe. Part 2. Results: Primary care management and community orientation ¹ . European Journal of General Practice, 2010, 16, 42-50.	2.0	15
78	The "sense of alarm"™ ("gut feeling"™) in clinical practice. A survey among European general practitioners on recognition and expression. European Journal of General Practice, 2010, 16, 72-74.	2.0	42
79	The development of research capacity in Europe through research workshops--the EGPRN perspective. Family Practice, 2009, 26, 331-334.	1.9	5
80	The medical home: is it a blind men and elephant tale?. Family Practice, 2009, 26, 425-427.	1.9	7
81	Implementation of a program for type 2 diabetes based on the Chronic Care Model in a hospital-centered health care system: "the Belgian experience". BMC Health Services Research, 2009, 9, 152.	2.2	36
82	The diagnostic role of gut feelings in general practice A focus group study of the concept and its determinants. BMC Family Practice, 2009, 10, 17.	2.9	95
83	Consensus on gut feelings in general practice. BMC Family Practice, 2009, 10, 66.	2.9	69
84	The Research Agenda for General Practice/Family Medicine and Primary Health Care in Europe. Part 1. Background and methodology ¹ . European Journal of General Practice, 2009, 15, 243-250.	2.0	51
85	Educational interventions aiming at improving adherence to treatment recommendations in type 2 diabetes. Diabetes Research and Clinical Practice, 2008, 79, 377-388.	2.8	66
86	Understanding the diversity and dynamics of living with diabetes: a feasibility study focusing on the case. Chronic Illness, 2007, 3, 29-45.	1.5	18
87	Impact of euthanasia on primary care physicians in the Netherlands. Palliative Medicine, 2007, 21, 609-614.	3.1	72
88	How does a Belgian health care provider deal with a request for emergency contraception?. European Journal of Contraception and Reproductive Health Care, 2007, 12, 317-325.	1.5	8
89	Obstacles to adherence in living with type-2 diabetes: An international qualitative study using meta-ethnography (EUROBSTACLE). Primary Care Diabetes, 2007, 1, 25-33.	1.8	70
90	Older people's preferences for involvement in their own care: A qualitative study in primary health care in 11 European countries. Patient Education and Counseling, 2007, 68, 33-42.	2.2	235

#	ARTICLE	IF	CITATIONS
91	Collecting data for sexually transmitted infections (STI) surveillance: what do patients prefer in Flanders?. <i>BMC Health Services Research</i> , 2007, 7, 149.	2.2	8
92	The profile of emergency contraception users in a chlamydia prevalence study in primary care in Belgium. <i>European Journal of Contraception and Reproductive Health Care</i> , 2006, 11, 175-180.	1.5	10
93	The male factor in cervical carcinogenesis: A questionnaire study of men's awareness in primary care. <i>Preventive Medicine</i> , 2006, 43, 389-393.	3.4	22
94	Serum antibodies against circulating influenza strains among vaccinated and unvaccinated general practitioners during two consecutive years (2002-2003). <i>Vaccine</i> , 2006, 24, 3145-3152.	3.8	16
95	The effect of giving influenza vaccination to general practitioners: a controlled trial [NCT00221676]. <i>BMC Medicine</i> , 2006, 4, 17.	5.5	23
96	Antibiotic prescribing for acute cough: the effect of perceived patient demand. <i>British Journal of General Practice</i> , 2006, 56, 183-90.	1.4	113
97	A short educational intervention on communication skills improves the quality of screening for Chlamydia in GPs in Belgium: a cluster randomised controlled trial. <i>Patient Education and Counseling</i> , 2005, 57, 101-105.	2.2	22
98	What is the future of primary care research?. <i>Scandinavian Journal of Primary Health Care</i> , 2005, 23, 248-253.	1.5	28
99	Adolescents demanding a good contraceptive: a study with standardized patients in general practices. <i>Contraception</i> , 2005, 71, 421-425.	1.5	8
100	Combined Pap and HPV testing in primary screening for cervical abnormalities: Should HPV detection be delayed until age 35?. <i>European Journal of Cancer</i> , 2005, 41, 2704-2708.	2.8	11
101	Interventions for improving adherence to treatment recommendations in people with type 2 diabetes mellitus. <i>The Cochrane Library</i> , 2005, , CD003638.	2.8	175
102	Optimizing antibiotic prescribing for acute cough in general practice: a cluster-randomized controlled trial. <i>Journal of Antimicrobial Chemotherapy</i> , 2004, 54, 661-672.	3.0	80
103	Management of acute cough: Comparisons between Belgian and Dutch GPs. <i>European Journal of General Practice</i> , 2004, 10, 152-156.	2.0	6
104	Can cervical cancer screening be stopped at 50? The prevalence of HPV in elderly women. <i>International Journal of Cancer</i> , 2004, 108, 258-261.	5.1	39
105	The Prevalence of the Human Papillomavirus in Cervix and Vagina in Low-risk and High-risk Populations. <i>Scandinavian Journal of Infectious Diseases</i> , 2004, 36, 456-459.	1.5	13
106	Performance of a screening algorithm for chlamydial infection in 2 samples of patients in general practice. <i>Scandinavian Journal of Infectious Diseases</i> , 2004, 36, 873-875.	1.5	2
107	A Systematic Review of Adherence With Medications for Diabetes: Response to Cramer. <i>Diabetes Care</i> , 2004, 27, 2284-2284.	8.6	9
108	Newly Diagnosed Type 2 Diabetic Population in Belgium. <i>Diabetes Care</i> , 2002, 25, 637-638.	8.6	0

#	ARTICLE	IF	CITATIONS
109	Efficacy of Influenza Immunisation Programmes Comparison of Two European Systems in One Practice. <i>European Journal of General Practice</i> , 2002, 8, 159-162.	2.0	5
110	Antibiotics for coughing in general practice: a questionnaire study to quantify and condense the reasons for prescribing. <i>BMC Family Practice</i> , 2002, 3, 16.	2.9	42
111	Sexual behaviour of second generation Moroccan immigrants balancing between traditional attitudes and safe sex. <i>Patient Education and Counseling</i> , 2002, 47, 89-94.	2.2	46
112	Self-Collection of Vaginal Swab Specimens: The Patient's Perception. <i>Sexually Transmitted Diseases</i> , 2002, 29, 426.	1.7	6
113	Who benefits from an influenza vaccination of GPs?. <i>Vaccine</i> , 2001, 20, 1-2.	3.8	4
114	Context and health outcomes. <i>Lancet, The</i> , 2001, 357, 2059-2060.	13.7	8
115	Variation in European antibiotic use. <i>Lancet, The</i> , 2001, 358, 1272.	13.7	12
116	Hepatitis B vaccination among GPs in Flanders, Belgium in 1999. <i>European Journal of General Practice</i> , 2001, 7, 77-78.	2.0	0
117	Correlation of a written test of skills and a performance based test: a study in two traditional medical schools. <i>Medical Teacher</i> , 2001, 23, 29-32.	1.8	42
118	Diagnosis and treatment of type 2 diabetes in three Belgian regions. Registration via a network of sentinel general practices. <i>European Journal of Epidemiology</i> , 2001, 17, 743-750.	5.7	15
119	Effectiveness of basic clinical skills training programmes: a cross-sectional comparison of four medical schools. <i>Medical Education</i> , 2001, 35, 121-128.	2.1	3
120	Effectiveness of basic clinical skills training programmes: a cross-sectional comparison of four medical schools. <i>Medical Education</i> , 2001, 35, 121-128.	2.1	84
121	An evaluation study of the didactic quality of clerkships. <i>Medical Education</i> , 2000, 34, 460-464.	2.1	115
122	GPs can improve their hand washing habits. <i>BMJ: British Medical Journal</i> , 2000, 320, 869-869.	2.3	3
123	Can medical schools rely on clerkships to train students in basic clinical skills?. <i>Medical Education</i> , 1999, 33, 600-605.	2.1	133
124	Chronic obstructive pulmonary disease: don't forget the gatekeeper. <i>Lancet, The</i> , 1998, 352, 649.	13.7	7
