#	ARTICLE	IF	CITATIONS
1	Normalisation process theory: a framework for developing, evaluating and implementing complex interventions. <i>BMC Medicine</i> , 2010, 8, 63.	5.5	858
2	Development of a theory of implementation and integration: Normalization Process Theory. <i>Implementation Science</i> , 2009, 4, 29.	6.9	839
3	Understanding the implementation of complex interventions in health care: the normalization process model. <i>BMC Health Services Research</i> , 2007, 7, 148.	2.2	495
4	A qualitative systematic review of studies using the normalization process theory to research implementation processes. <i>Implementation Science</i> , 2014, 9, 2.	6.9	265
5	Evaluating complex interventions and health technologies using normalization process theory: development of a simplified approach and web-enabled toolkit. <i>BMC Health Services Research</i> , 2011, 11, 245.	2.2	173
6	Using a Theory-Driven Conceptual Framework in Qualitative Health Research. <i>Qualitative Health Research</i> , 2012, 22, 607-618.	2.1	156
7	Understanding the Normalization of Telemedicine Services through Qualitative Evaluation: Table 1. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2003, 10, 596-604.	4.4	130
8	Helping each other to learn – a process evaluation of peer assisted learning. <i>BMC Medical Education</i> , 2006, 6, 18.	2.4	128
9	Reducing the health care burden for marginalised migrants: The potential role for primary care in Europe. <i>Health Policy</i> , 2016, 120, 495-508.	3.0	80
10	Patients' perceptions of joint teleconsultations: a qualitative evaluation. <i>Health Expectations</i> , 2006, 9, 81-90.	2.6	78
11	A qualitative study of factors influencing antimicrobial prescribing by non-consultant hospital doctors. <i>Journal of Antimicrobial Chemotherapy</i> , 2006, 58, 840-843.	3.0	78
12	Assessing the facilitators and barriers of interdisciplinary team working in primary care using normalisation process theory: An integrative review. <i>PLoS ONE</i> , 2017, 12, e0177026.	2.5	66
13	Public attitudes to the use in research of personal health information from general practitioners' records: a survey of the Irish general public. <i>Journal of Medical Ethics</i> , 2011, 37, 50-55.	1.8	65
14	Exploring levers and barriers to accessing primary care for marginalised groups and identifying their priorities for primary care provision: a participatory learning and action research study. <i>International Journal for Equity in Health</i> , 2016, 15, 197.	3.5	65
15	Participatory methods for research prioritization in primary care: an analysis of the World Café approach in Ireland and the USA. <i>Family Practice</i> , 2017, 34, cmw104.	1.9	61
16	Perspectives of people with aphasia post-stroke towards personal recovery and living successfully: A systematic review and thematic synthesis. <i>PLoS ONE</i> , 2019, 14, e0214200.	2.5	58
17	Arranging and negotiating the use of informal interpreters in general practice consultations: Experiences of refugees and asylum seekers in the west of Ireland. <i>Social Science and Medicine</i> , 2009, 69, 210-214.	3.8	57
18	A critical analysis of the implementation of service user involvement in primary care research and health service development using normalization process theory. <i>Health Expectations</i> , 2016, 19, 501-515.	2.6	51

#	ARTICLE	IF	CITATIONS
19	Translational framework for implementation evaluation and research: a normalisation process theory coding manual for qualitative research and instrument development. <i>Implementation Science</i> , 2022, 17, 19.	6.9	50
20	Using Participatory Learning & Action research to access and engage with "hard to reach" migrants in primary healthcare research. <i>BMC Health Services Research</i> , 2015, 16, 25.	2.2	46
21	Communication in cross-cultural consultations in primary care in Europe: the case for improvement. The rationale for the RESTORE FP 7 project. <i>Primary Health Care Research and Development</i> , 2014, 15, 122-133.	1.2	43
22	REsearch into implementation STRategies to support patients of different ORigins and language background in a variety of European primary care settings (RESTORE): study protocol. <i>Implementation Science</i> , 2012, 7, 111.	6.9	38
23	Addressing the long-term impacts of aphasia: how far does the Conversation Partner Programme go?. <i>Aphasiology</i> , 2015, 29, 889-913.	2.2	38
24	Why do telemedicine systems fail to normalize as stable models of service delivery?. <i>Journal of Telemedicine and Telecare</i> , 2003, 9, 25-26.	2.7	37
25	Engaging migrants and other stakeholders to improve communication in cross-cultural consultation in primary care: a theoretically informed participatory study. <i>BMJ Open</i> , 2016, 6, e010822.	1.9	35
26	Telemedicine services in the Republic of Ireland: An evolving policy context. <i>Health Policy</i> , 2006, 76, 245-258.	3.0	34
27	Learning from doing: the case for combining normalisation process theory and participatory learning and action research methodology for primary healthcare implementation research. <i>BMC Health Services Research</i> , 2016, 16, 346.	2.2	33
28	Implementation of Telemedicine: The Problem of Evaluation. <i>Journal of Telemedicine and Telecare</i> , 2002, 8, 39-40.	2.7	30
29	Health-care access for migrants in Europe. <i>Lancet</i> , The, 2013, 382, 393.	13.7	30
30	Training socially responsive health care graduates: Is service learning an effective educational approach?. <i>Medical Teacher</i> , 2014, 36, 291-307.	1.8	30
31	Patients' views about the use of their personal information from general practice medical records in health research: a qualitative study in Ireland. <i>Family Practice</i> , 2013, 30, 105-112.	1.9	29
32	Material practices for meaningful engagement: An analysis of participatory learning and action research techniques for data generation and analysis in a health research partnership. <i>Health Expectations</i> , 2018, 21, 159-170.	2.6	28
33	Defining a framework for medical teachers' competencies to teach ethnic and cultural diversity: Results of a European Delphi study. <i>Medical Teacher</i> , 2019, 41, 68-74.	1.8	28
34	Involving migrants in the development of guidelines for communication in cross-cultural general practice consultations: a participatory learning and action research project. <i>BMJ Open</i> , 2015, 5, e007092.	1.9	26
35	"Participation is integral": understanding the levers and barriers to the implementation of community participation in primary healthcare: a qualitative study using normalisation process theory. <i>BMC Health Services Research</i> , 2019, 19, 515.	2.2	26
36	Responses to language barriers in consultations with refugees and asylum seekers: a telephone survey of Irish general practitioners. <i>BMC Family Practice</i> , 2008, 9, 68.	2.9	25

#	ARTICLE	IF	CITATIONS
37	“Who decides what criteria are important to consider in exploring the outcomes of conversation approaches? A participatory health research study” Aphasiology, 2015, 29, 914-938.	2.2	25
38	Participatory health research with migrants: Opportunities, challenges, and way forwards. Health Expectations, 2021, 24, 188-197.	2.6	25
39	A qualitative study of the educational potential of joint teleconsultations at the primary-secondary care interface. Journal of Telemedicine and Telecare, 2006, 12, 22-24.	2.7	23
40	The e-health implementation toolkit: qualitative evaluation across four European countries. Implementation Science, 2011, 6, 122.	6.9	23
41	Research activity and capacity in primary healthcare: The REACH study: A survey. BMC Family Practice, 2009, 10, 33.	2.9	21
42	Migrant health research in the Republic of Ireland: a scoping review. BMC Public Health, 2019, 19, 324.	2.9	21
43	Concepts of illness causation and attitudes to health care among older people in the Republic of Ireland. Social Science and Medicine, 2002, 54, 1389-1400.	3.8	20
44	Healthcare for migrants, participatory health research and implementation science “better health policy and practice through inclusion. The RESTORE project. European Journal of General Practice, 2014, 20, 148-152.	2.0	20
45	The Benefits of a Qualitative Approach to Telemedicine Research. Journal of Telemedicine and Telecare, 2002, 8, 56-57.	2.7	19
46	Service Users’ and Caregivers’ Perspectives on Continuity of Care in Out-of-Hours Primary Care. Qualitative Health Research, 2013, 23, 407-421.	2.1	19
47	Mental health problems of undocumented migrants in the Netherlands: A qualitative exploration of recognition, recording, and treatment by general practitioners. Scandinavian Journal of Primary Health Care, 2015, 33, 82-90.	1.5	18
48	Language barriers in health and social care consultations in the community: A comparative study of responses in Ireland and England. Health Policy, 2009, 92, 203-210.	3.0	16
49	Guidelines and training initiatives that support communication in cross-cultural primary-care settings: appraising their implementability using Normalization Process Theory. Family Practice, 2015, 32, cmv022.	1.9	16
50	Exploring barriers to primary care for migrants in Greece in times of austerity: Perspectives of service providers. European Journal of General Practice, 2017, 23, 129-135.	2.0	16
51	Ethnicity recording in health and social care data collections in Ireland: where and how is it measured and what is it used for?. International Journal for Equity in Health, 2020, 19, 2.	3.5	16
52	Expanding the value of qualitative theories of illness experience in clinical practice: a grounded theory of secondary heart disease prevention. Health Education Research, 2009, 24, 357-368.	1.9	13
53	“I hated being ghosted” “The relevance of social participation for living well with post-stroke aphasia: Qualitative interviews with working aged adults. Health Expectations, 2021, 24, 1504-1515.	2.6	13
54	Implementation of telemedicine: the problem of evaluation. Journal of Telemedicine and Telecare, 2002, 8, 39-40.	2.7	13

#	ARTICLE	IF	CITATIONS
55	The impact of direct provision accommodation for asylum seekers on organisation and delivery of local primary care and social care services: A case study. <i>BMC Family Practice</i> , 2011, 12, 32.	2.9	12
56	Migrants'™ involvement in health policy, service development and research in the WHO European Region: A narrative review of policy and practice. <i>Tropical Medicine and International Health</i> , 2021, 26, 1164-1176.	2.3	12
57	A qualitative study of communication during joint teleconsultations at the primary-secondary care interface. <i>Journal of Telemedicine and Telecare</i> , 2006, 12, 24-26.	2.7	11
58	Interdisciplinary team working in the Irish primary healthcare system: Analysis of 'invisible'™ bottom up innovations using Normalisation Process Theory. <i>Health Policy</i> , 2019, 123, 1083-1092.	3.0	11
59	Conceptualising, operationalising and measuring trust in participatory health research networks: a scoping review protocol. <i>BMJ Open</i> , 2020, 10, e038840.	1.9	11
60	Patients and health professionals' perspectives on the sociocultural influences on secondary cardiac behaviour: a qualitative study of the implications in policy and practice. <i>Family Practice</i> , 2006, 23, 587-596.	1.9	10
61	Ethnic Minority Health in Ireland'™Co-creating knowledge (EMH-IC): a participatory health research protocol. <i>BMJ Open</i> , 2018, 8, e026335.	1.9	10
62	Implementing community participation via interdisciplinary teams in primary care: An Irish case study in practice. <i>Health Expectations</i> , 2018, 21, 990-1001.	2.6	10
63	Optimising individual and community involvement in health decision-making in general practice consultations and primary care settings: A way forward. <i>European Journal of General Practice</i> , 2020, 26, 196-201.	2.0	10
64	Community participation in primary care in Ireland: the need for implementation research. <i>Primary Health Care Research and Development</i> , 2013, 14, 126-139.	1.2	9
65	Barriers to the use of trained interpreters in consultations with refugees in four resettlement countries: a qualitative analysis using normalisation process theory. <i>BMC Family Practice</i> , 2020, 21, 259.	2.9	9
66	Participatory implementation research in the field of migrant health: Sustainable changes and ripple effects over time. <i>Health Expectations</i> , 2020, 23, 306-317.	2.6	9
67	The relevance of stroke care for living well with post-stroke aphasia: a qualitative interview study with working-aged adults. <i>Disability and Rehabilitation</i> , 2022, 44, 3440-3452.	1.8	9
68	A postal survey of data in general practice on the prevalence of Acquired Brain Injury (ABI) in patients aged 18'™65 in one county in the west of Ireland. <i>BMC Family Practice</i> , 2009, 10, 36.	2.9	8
69	Primary care teams in Ireland: a qualitative mapping review of Irish grey and published literature. <i>Irish Journal of Medical Science</i> , 2015, 184, 69-73.	1.5	8
70	Supporting the use of theory in cross-country health services research: a participatory qualitative approach using Normalisation Process Theory as an example. <i>BMJ Open</i> , 2017, 7, e014289.	1.9	8
71	The use of music as an arts-based method in migrant health research: a scoping review protocol. <i>HRB Open Research</i> , 2020, 3, 75.	0.6	8
72	Role flexibility among telemedicine service providers in the north-west and west of Ireland. <i>Journal of Telemedicine and Telecare</i> , 2005, 11, 62-64.	2.7	7

#	ARTICLE	IF	CITATIONS
73	The Helen Lester Memorial Lecture 2018: the leper squint: spaces for participation in primary health care. <i>British Journal of General Practice</i> , 2019, 69, 255-256.	1.4	7
74	“If relevant, yes; if not, no”: General practitioner (GP) users and GP perceptions about asking ethnicity questions in Irish general practice: A qualitative analysis using Normalization Process Theory. <i>PLoS ONE</i> , 2021, 16, e0251192.	2.5	7
75	Involving migrants in the adaptation of primary care services in a “newly” diverse urban area in Ireland: The tension between agency and structure. <i>Health and Place</i> , 2021, 70, 102556.	3.3	7
76	"I'm worried about what I missed": GP registrars' views on learning needs to deliver effective healthcare to ethnically and culturally diverse patient populations. <i>Education for Health: Change in Learning and Practice</i> , 2011, 24, 494.	0.3	7
77	An exploration of evidence-based policy in Ireland: health and social inclusion. <i>Evidence and Policy</i> , 2010, 6, 255-268.	1.0	6
78	Positive health among older Traveller and older homeless adults: A scoping review of life-course and structural determinants. <i>Health and Social Care in the Community</i> , 2020, 28, 1961-1978.	1.6	6
79	Migrant health and language barriers: Uncovering macro level influences on the implementation of trained interpreters in healthcare settings. <i>Health Policy</i> , 2021, 125, 1085-1091.	3.0	6
80	Conceptualising, operationalising, and measuring trust in participatory health research networks: a scoping review. <i>Systematic Reviews</i> , 2022, 11, 40.	5.3	6
81	The benefits of a qualitative approach to telemedicine research. <i>Journal of Telemedicine and Telecare</i> , 2002, 8, 56-57.	2.7	5
82	Translational framework for implementation evaluation and research: Protocol for a qualitative systematic review of studies informed by Normalization Process Theory (NPT). <i>NIHR Open Research</i> , 0, 2, 41.	0.0	4
83	The complexity of patients’ satisfaction with out-of-hours care: A qualitative study. <i>European Journal of General Practice</i> , 2007, 13, 83-88.	2.0	3
84	Participatory approach works. <i>BMJ: British Medical Journal</i> , 2008, 336, 405.4-406.	2.3	3
85	Regulating emotional responses to aphasia to re-engage in life: a qualitative interview study. <i>International Journal of Language and Communication Disorders</i> , 2022, 57, 352-365.	1.5	3
86	Life-Course Marginalities of Positive Health and Aging: A Participatory Approach Integrating the Lived Experiences of Older Irish Travelers and Older Homeless Adults in Multistakeholder Research Processes. <i>Qualitative Health Research</i> , 2022, 32, 1139-1152.	2.1	3
87	Implementation of clinical guidelines for osteoarthritis together (IMPACT): protocol for a participatory health research approach to implementing high value care. <i>BMC Musculoskeletal Disorders</i> , 2022, 23, .	1.9	3
88	Who are we and where are we going? Primary care academics in non-clinical posts. <i>Primary Health Care Research and Development</i> , 2014, 15, 96-103.	1.2	1
89	Service User and Service Provider Perceptions of Enablers and Barriers for Refugee and Asylum-Seeking Women Accessing and Engaging with Perinatal Mental Health Care Services in the WHO European Region: A Scoping Review Protocol. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 937.	2.6	1
90	The impact of economic recession on the health of migrant fathers over time: results from the Growing up in Ireland longitudinal study. <i>BMC Public Health</i> , 2022, 22, 166.	2.9	0
