#	ARTICLE	IF	CITATIONS
1	A narrative synthesis of learners's experiences of barriers and facilitators related to effective interprofessional simulation. <i>Journal of Interprofessional Care</i> , 2022, 36, 222-233.	1.7	3
2	Factors influencing the statistical planning, design, conduct, analysis and reporting of trials in health care: A systematic review. <i>Contemporary Clinical Trials Communications</i> , 2022, 26, 100897.	1.1	0
3	Protocol for an integrated evaluation framework to study training, curricular and contextual factors impacting the success of a measurement for improvement training programme for healthcare staff in Ireland. <i>BMJ Open</i> , 2022, 12, e047639.	1.9	1
4	Policy of free GP care for children under 6 years: The impact on daytime and out-of-hours general practice. <i>Social Science and Medicine</i> , 2022, 296, 114792.	3.8	2
5	The impact of huddles on a multidisciplinary healthcare teams' work engagement, teamwork and job satisfaction: A systematic review. <i>Journal of Evaluation in Clinical Practice</i> , 2022, 28, 382-393.	1.8	16
6	Factors influencing measurement for improvement skills in healthcare staff: trainee, and trainer perspectives. <i>BMC Medical Education</i> , 2022, 22, 236.	2.4	0
7	A mixed methods protocol to evaluate the effectiveness and acceptability of COVID-19 Community Assessment Hubs. <i>HRB Open Research</i> , 2021, 4, 16.	0.6	1
8	Healthcare Professionals Experience of Psychological Safety, Voice, and Silence. <i>Frontiers in Psychology</i> , 2021, 12, 626689.	2.1	30
9	The impact of the COVID-19 pandemic on child health and the provision of Care in Paediatric Emergency Departments: a qualitative study of frontline emergency care staff. <i>BMC Health Services Research</i> , 2021, 21, 279.	2.2	27
10	Contact tracing during the COVID-19 outbreak: a protocol for enabling rapid learning from experiences and exploring the psychological impact on contact tracers. <i>HRB Open Research</i> , 2021, 4, 33.	0.6	0
11	Context counts: a qualitative study exploring the interplay between context and implementation success. <i>Journal of Health Organization and Management</i> , 2021, 35, 802-824.	1.3	9
12	P92's Power dynamics in healthcare teams "a barrier to team effectiveness and patient safety: A systematic review. <i>BJS Open</i> , 2021, 5, .	1.7	3
13	Policy of free GP care for children under 6 years: The impact on emergency department attendance. <i>Social Science and Medicine</i> , 2021, 279, 113988.	3.8	4
14	The RELATE model: strategies to effectively engage healthcare organisations to create amenable contexts for implementation. <i>Journal of Health Organization and Management</i> , 2021, 35, 338-348.	1.3	1
15	A systematic review exploring the impact of focal leader behaviours on health care team performance. <i>Journal of Nursing Management</i> , 2021, 29, 1420-1443.	3.4	14
16	Stuff you think you can handle as a parent and stuff you can't. Understanding parental health-seeking behaviour when accessing unscheduled care: A qualitative study. <i>Health Expectations</i> , 2021, 24, 1649-1659.	2.6	9
17	A Realist Evaluation of Team Interventions in Acute Hospital Contexts"Use of Two Case Studies to Test Initial Programme Theories. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 8604.	2.6	2
18	An evaluation of the process of informed consent: views from research participants and staff. <i>Trials</i> , 2021, 22, 544.	1.6	10

#	ARTICLE	IF	CITATIONS
19	Mixed methods protocol to examine the acceptability and clinical characteristics of a remote monitoring programme for delivery of COVID-19 care, among healthcare staff and patients. <i>BMJ Open</i> , 2021, 11, e051408.	1.9	2
20	Teamworking in Healthcare during the COVID-19 Pandemic: A Mixed-Method Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 10371.	2.6	7
21	Key performance indicators that are used to establish concurrent validity while measuring team performance in hospital settings – A systematic review. <i>Computer Methods and Programs in Biomedicine Update</i> , 2021, 1, 100040.	3.7	2
22	Exploring healthcare staff narratives to understand the role of quality improvement methods in innovative practices during COVID-19. <i>BMC Health Services Research</i> , 2021, 21, 1271.	2.2	4
23	Living with epidermolysis bullosa: Daily challenges and health care needs. <i>Health Expectations</i> , 2020, 23, 368-376.	2.6	13
24	Exploring the potential for collective leadership in a newly established hospital network. <i>Journal of Health Organization and Management</i> , 2020, 34, 449-467.	1.3	2
25	The Collective Leadership for Safety Culture (Co-Lead) Team Intervention to Promote Teamwork and Patient Safety. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 8673.	2.6	9
26	Measuring psychological safety in healthcare teams: developing an observational measure to complement survey methods. <i>BMC Medical Research Methodology</i> , 2020, 20, 203.	3.1	34
27	Readability and understandability of clinical research patient information leaflets and consent forms in Ireland and the UK: a retrospective quantitative analysis. <i>BMJ Open</i> , 2020, 10, e037994.	1.9	39
28	Contributory factors to the evolution of the concept and practice of informed consent in clinical research: A narrative review. <i>Contemporary Clinical Trials Communications</i> , 2020, 19, 100634.	1.1	5
29	Children's unscheduled primary and emergency care in Ireland: a multimethod approach to understanding decision making, trends, outcomes and parental perspectives (CUPID): project protocol. <i>BMJ Open</i> , 2020, 10, e036729.	1.9	8
30	Exploring psychological safety in healthcare teams to inform the development of interventions: combining observational, survey and interview data. <i>BMC Health Services Research</i> , 2020, 20, 810.	2.2	33
31	Identifying the context, mechanisms and outcomes underlying collective leadership in teams: building a realist programme theory. <i>BMC Health Services Research</i> , 2020, 20, 261.	2.2	33
32	Parental Hesitancy and Concerns around Accessing Paediatric Unscheduled Healthcare during COVID-19: A Cross-Sectional Survey. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 9264.	2.6	30
33	The micropolitics of implementation; a qualitative study exploring the impact of power, authority, and influence when implementing change in healthcare teams. <i>BMC Health Services Research</i> , 2020, 20, 1059.	2.2	35
34	Factors influencing general practitioners decisions to refer Paediatric patients to the emergency department: a systematic review and narrative synthesis. <i>BMC Family Practice</i> , 2020, 21, 210.	2.9	11
35	Virtual adaptation of traditional healthcare quality improvement training in response to COVID-19: a rapid narrative review. <i>Human Resources for Health</i> , 2020, 18, 81.	3.1	31
36	A qualitative evaluation of participants' experiences of using co-design to develop a collective leadership educational intervention for health care teams. <i>Health Expectations</i> , 2020, 23, 358-367.	2.6	32

#	ARTICLE	IF	CITATIONS
37	A systematic review of factors that enable psychological safety in healthcare teams. International Journal for Quality in Health Care, 2020, 32, 240-250.	1.8	80
38	What contextual factors and mechanisms facilitate male involvement in women's sexual and reproductive health in Sub-Saharan Africa? A rapid realist review protocol. HRB Open Research, 2020, 3, 55.	0.6	1
39	A systematic review exploring the content and outcomes of interventions to improve psychological safety, speaking up and voice behaviour. BMC Health Services Research, 2020, 20, 101.	2.2	64
40	Embedding collective leadership to foster collaborative inter-professional working in the care of older people (ECLECTIC): Study protocol. HRB Open Research, 2020, 3, 8.	0.6	3
41	CUPID COVID-19: emergency department attendance by paediatric patients during COVID-19 - project protocol. HRB Open Research, 2020, 3, 37.	0.6	9
42	CUPID COVID-19: emergency department attendance by paediatric patients during COVID-19 - project protocol. HRB Open Research, 2020, 3, 37.	0.6	12
43	What contextual factors and mechanisms facilitate male involvement in women's sexual and reproductive health in Sub-Saharan Africa? A rapid realist review protocol. HRB Open Research, 2020, 3, 55.	0.6	2
44	Assessing the Impact of COVID-19 Public Health Stages on Paediatric Emergency Attendance. International Journal of Environmental Research and Public Health, 2020, 17, 6719.	2.6	65
45	The Human Resources Challenge to Community Based Rehabilitation: The Need for a Scientific, Systematic and Coordinated Global Response. Disability, CBR and Inclusive Development, 2020, 23, 6.	0.3	20
46	A protocol for a systematic review investigating the factors influencing the statistical planning, design, conduct, analysis and reporting of clinical trials. HRB Open Research, 2020, 3, 36.	0.6	1
47	Health inequities in unscheduled healthcare for children with intellectual disabilities in Ireland: a study protocol. HRB Open Research, 2020, 3, 3.	0.6	0
48	Health inequities in unscheduled healthcare for children with intellectual disabilities in Ireland: a study protocol. HRB Open Research, 2020, 3, 3.	0.6	0
49	The co-design, implementation and evaluation of a serious board game "PlayDecide patient safety"™ to educate junior doctors about patient safety and the importance of reporting safety concerns. BMC Medical Education, 2019, 19, 232.	2.4	16
50	Data Analysis and Synthesis Within a Realist Evaluation: Toward More Transparent Methodological Approaches. International Journal of Qualitative Methods, The, 2019, 18, 160940691985975.	2.8	132
51	Interventions to develop collectivistic leadership in healthcare settings: a systematic review. BMC Health Services Research, 2019, 19, 72.	2.2	57
52	Developing outcome, process and balancing measures for an emergency department longitudinal patient monitoring system using a modified Delphi. BMC Emergency Medicine, 2019, 19, 7.	1.9	3
53	Adapting health interventions for local fit when scaling-up: a realist review protocol. BMJ Open, 2019, 9, e022084.	1.9	41
54	Using geographic information systems to map older people's emergency department attendance for future health planning. Emergency Medicine Journal, 2019, 36, emermed-2018-207952.	1.0	3

#	ARTICLE	IF	CITATIONS
55	Enabling public, patient and practitioner involvement in co-designing frailty pathways in the acute care setting. BMC Health Services Research, 2019, 19, 797.	2.2	31
56	Safety culture in health care teams: A narrative review of the literature. Journal of Nursing Management, 2019, 27, 871-883.	3.4	35
57	Understanding the impact of a collective leadership intervention on team working and safety culture in healthcare teams: a realist evaluation protocol. HRB Open Research, 2019, 2, 5.	0.6	7
58	Factors that influence family and parental preferences and decision making for unscheduled paediatric healthcare: a systematic review protocol. HRB Open Research, 2019, 2, 11.	0.6	5
59	Informing Healthcare Team Performance: Integrating Data to Improve Quality and Safety. International Perspectives in Psychology: Research, Practice, Consultation, 2019, 8, 53-56.	0.7	2
60	PlayDecide: Patient Safety – A “serious game” learning tool to discuss medical professionalism in relation to reporting and patient safety. International Journal of Integrated Care, 2019, 19, 183.	0.2	1
61	Collective Leadership and Safety Cultures: Developing an alternative model of leadership for healthcare teams. International Journal of Integrated Care, 2019, 19, 55.	0.2	2
62	Understanding what makes team interventions work: Learning from healthcare professionals. International Journal of Integrated Care, 2019, 19, 310.	0.2	2
63	The PlayDecide Patient Safety game: A “serious game” to discuss medical professionalism in relation to patient safety. International Journal of Integrated Care, 2019, 19, 105.	0.2	0
64	Assessing the impact of context during the implementation of a co-designed, collective leadership intervention. International Journal of Integrated Care, 2019, 19, 142.	0.2	1
65	Understanding the impact of a collective leadership intervention on team working and safety culture in healthcare teams: a realist evaluation protocol. HRB Open Research, 2019, 2, 5.	0.6	5
66	There’s No App for That: Assessing the Impact of mHealth on the Supervision, Motivation, Engagement, and Satisfaction of Community Health Workers in Sierra Leone. Annals of Global Health, 2018, 82, 936.	2.0	13
67	Recruitment of Healthcare Staff to Social Network Studies: A Case Study Exploring Experiences, Challenges, and Considerations. International Journal of Environmental Research and Public Health, 2018, 15, 2778.	2.6	2
68	44The Three Ps of Co-Designing Person-Centred Care for Frail Older People in Acute Care Settings: Public, Patient and Practitioner Involvement. Age and Ageing, 2018, 47, v13-v60.	1.6	2
69	146Feasibility of a Resilience-Enhancing Resource for Family Carers of People with Dementia. Age and Ageing, 2018, 47, v1-v12.	1.6	0
70	34What Works in Implementing a Frail Older Person’s Pathway? A Rapid Realist Review of the Literature. Age and Ageing, 2018, 47, v13-v60.	1.6	0
71	164Delivering on Patient Centred Outcomes: The Case for intentional Rounding. Age and Ageing, 2018, 47, v1-v12.	1.6	1
72	Resilience in family caregiving for people with dementia: A systematic review. International Journal of Geriatric Psychiatry, 2018, 33, 1582-1595.	2.7	61

#	ARTICLE	IF	CITATIONS
73	A new tool to measure approaches to supervision from the perspective of community health workers: a prospective, longitudinal, validation study in seven countries. BMC Health Services Research, 2018, 18, 806.	2.2	26
74	Social Network Analysis as a Methodological Approach to Explore Health Systems: A Case Study Exploring Support among Senior Managers/Executives in a Hospital Network. International Journal of Environmental Research and Public Health, 2018, 15, 511.	2.6	54
75	Undertaking a Collaborative Rapid Realist Review to Investigate What Works in the Successful Implementation of a Frail Older Person's Pathway. International Journal of Environmental Research and Public Health, 2018, 15, 199.	2.6	21
76	Using Co-Design to Develop a Collective Leadership Intervention for Healthcare Teams to Improve Safety Culture. International Journal of Environmental Research and Public Health, 2018, 15, 1182.	2.6	97
77	The systematic approach to improving care for Frail Older Patients (SAFE) study: A protocol for co-designing a frail older person's pathway. HRB Open Research, 2018, 1, 9.	0.6	3
78	Measuring work engagement among community health workers in Sierra Leone: Validating the Utrecht Work Engagement Scale. Revista De Psicologia Del Trabajo Y De Las Organizaciones, 2017, 33, 41-46.	1.6	24
79	A study of human resource competencies required to implement community rehabilitation in less resourced settings. Human Resources for Health, 2017, 15, 70.	3.1	24
80	An introduction to the Emergency Department Adult Clinical Escalation protocol: ED-ACE. Emergency Medicine Journal, 2017, 34, 608-612.	1.0	5
81	Imbuing medical professionalism in relation to safety: a study protocol for a mixed-methods intervention focused on trialling an embedded learning approach that centres on the use of a custom designed board game. BMJ Open, 2017, 7, e014122.	1.9	4
82	Collective leadership and safety cultures (Co-Lead): protocol for a mixed-methods pilot evaluation of the impact of a co-designed collective leadership intervention on team performance and safety culture in a hospital group in Ireland. BMJ Open, 2017, 7, e017569.	1.9	27
83	Study protocol for evaluating the implementation and effectiveness of an emergency department longitudinal patient monitoring system using a mixed-methods approach. BMC Health Services Research, 2017, 17, 67.	2.2	3
84	132Key Considerations in the Development of a Participatory Action Research Network of Family Carers of People with Dementia. Age and Ageing, 2017, 46, iii1-iii12.	1.6	0
85	The impact of a supportive supervision intervention on health workers in Niassa, Mozambique: a cluster-controlled trial. Human Resources for Health, 2017, 15, 58.	3.1	34
86	The impact of a human resource management intervention on the capacity of supervisors to support and supervise their staff at health facility level. Human Resources for Health, 2017, 15, 57.	3.1	10
87	Co-designing a Systematic Approach to improving care for Frail Older Patients. International Journal of Integrated Care, 2017, 17, 564.	0.2	2
88	An Exploration of Resilience among Family Carers of People with Dementia. International Journal of Integrated Care, 2017, 17, 186.	0.2	0
89	Can Sierra Leone maintain the equitable delivery of their Free Health Care Initiative? The case for more contextualised interventions: results of a cross-sectional survey. BMC Health Services Research, 2016, 16, 258.	2.2	16
90	153PROFILING FAMILY CARERS OF PEOPLE WITH DEMENTIA: RESULTS FROM A NATIONAL SURVEY. Age and Ageing, 2016, 45, ii13-ii56.	1.6	0
