#	ARTICLE	IF	CITATIONS
1	Contributors to social well-being from the perspective of older migrants in Australia. <i>Journal of Ethnic and Migration Studies</i> , 2023, 49, 2247-2263.	2.8	2
2	The group mechanism in treatment: group identification and cohesion contributes to reducing chronic lower back pain by increasing personal control. <i>Disability and Rehabilitation</i> , 2023, 45, 1332-1342.	1.8	7
3	An Interpretative Phenomenological Analysis of Social Identity Transition in Academic Retirement. <i>Work, Aging and Retirement</i> , 2022, 8, 82-97.	2.0	6
4	Groups 4 Health versus cognitive-behavioural therapy for depression and loneliness in young people: randomised phase 3 non-inferiority trial with 12-month follow-up. <i>British Journal of Psychiatry</i> , 2022, 220, 140-147.	2.8	23
5	Multiple group membership supports resilience and growth in response to violence and abuse. <i>Journal of Community and Applied Social Psychology</i> , 2022, 32, 241-257.	2.4	5
6	Social identity makes group-based social connection possible: Implications for loneliness and mental health. <i>Current Opinion in Psychology</i> , 2022, 43, 161-165.	4.9	45
7	Ageing well in a foreign land: group memberships protect older immigrants' wellbeing through enabling social support and integration. <i>Ageing and Society</i> , 2022, 42, 1710-1732.	1.7	3
8	Overcoming Age-Based Stereotypes to Optimize Cognitive Performance in Older Adults: A Systematic Review of Methodology and Existing Evidence. <i>Gerontologist</i> , The, 2022, 62, e206-e223.	3.9	3
9	Exploring links between social identity, emotion regulation, and loneliness in those with and without a history of mental illness. <i>British Journal of Clinical Psychology</i> , 2022, 61, 701-734.	3.5	8
10	Perceptions of the Targets and Sources of COVID-19 Threat are Structured by Group Memberships and Responses are Influenced by Identification with Humankind. <i>Psychologica Belgica</i> , 2022, 62, 75-88.	1.9	1
11	Let's get physical" or social: The role of physical activity versus social group memberships in predicting depression and anxiety over time. <i>Journal of Affective Disorders</i> , 2022, 306, 55-61.	4.1	16
12	GROUPS 2 CONNECT: An online activity to maintain social connection and wellbeing during COVID-19. <i>Applied Psychology: Health and Well-Being</i> , 2022, 14, 1189-1210.	3.0	9
13	A meta-analysis of retirement adjustment predictors. <i>Journal of Vocational Behavior</i> , 2022, 136, 103723.	3.4	5
14	Leading the way together: a cluster randomised controlled trial of the 5R Shared Leadership Program in older adult walking groups. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2022, 19, .	4.6	5
15	The diversity of social connectedness experiences among older migrants in Australia. <i>International Journal of Intercultural Relations</i> , 2022, 89, 208-222.	2.0	5
16	Acceptability and Feasibility of an Intervention to Enhance Social Group Belonging: Evidence From Three Trials of Groups 4 Health. <i>Behavior Therapy</i> , 2022, 53, 1233-1249.	2.4	4
17	Identity Continuity Protects Academic Performance, Retention, and Life Satisfaction among International Students. <i>Applied Psychology</i> , 2021, 70, 931-954.	7.1	27
18	There's a Bit of a Ripple-effect: A Social Identity Perspective on the Role of Third-Places and Aging in Place. <i>Environment and Behavior</i> , 2021, 53, 540-568.	4.7	14

#	ARTICLE	IF	CITATIONS
19	The effects of social group interventions for depression: Systematic review. Journal of Affective Disorders, 2021, 281, 67-81.	4.1	20
20	Rethinking the nature of the person at the heart of the biopsychosocial model: Exploring social changeways not just personal pathways. Social Science and Medicine, 2021, 272, 113566.	3.8	17
21	Life Change, Social Identity, and Health. Annual Review of Psychology, 2021, 72, 635-661.	17.7	60
22	Social identification-building interventions to improve health: a systematic review and meta-analysis. Health Psychology Review, 2021, 15, 85-112.	8.6	136
23	Taking social identity into practice. , 2021, , 511-530.		1
24	Long-term antidepressant use in general practice: a qualitative study of GPs'™ views on discontinuation. British Journal of General Practice, 2021, 71, e508-e516.	1.4	12
25	Effects of the Active Choices Program on Self-Managed Physical Activity and Social Connectedness in Australian Defence Force Veterans: Protocol for a Cluster-Randomized Trial. JMIR Research Protocols, 2021, 10, e21911.	1.0	1
26	Loneliness in older age: What is it, why is it happening and what should we do about it in Australia?. Australasian Journal on Ageing, 2021, 40, 202-207.	0.9	11
27	Evidence that loneliness can be reduced by a whole-of-community intervention to increase neighbourhood identification. Social Science and Medicine, 2021, 277, 113909.	3.8	32
28	Stepped-down intervention programs to promote self-managed physical activity in military service veterans: A systematic review of randomised controlled trials. Journal of Science and Medicine in Sport, 2021, 24, 1155-1160.	1.3	3
29	When the final whistle blows: Social identity pathways support mental health and life satisfaction after retirement from competitive sport. Psychology of Sport and Exercise, 2021, 57, 102049.	2.1	15
30	Groups 4 Health protects against unanticipated threats to mental health: Evaluating two interventions during COVID-19 lockdown among young people with a history of depression and loneliness. Journal of Affective Disorders, 2021, 295, 316-322.	4.1	18
31	Social group memberships, physical activity, and physical health following retirement: A six-year follow-up from the English Longitudinal Study of Ageing. British Journal of Health Psychology, 2021, 26, 505-524.	3.5	11
32	Collective influences on individual functioning: Multiple group memberships, self-regulation, and depression after acquired brain injury. Neuropsychological Rehabilitation, 2020, 30, 1059-1073.	1.6	24
33	Predictors of social identification in group therapy. Psychotherapy Research, 2020, 30, 348-361.	1.8	16
34	Longitudinal Evidence for the Effects of Social Group Engagement on the Cognitive and Mental Health of Chinese Retirees. Journals of Gerontology - Series B Psychological Sciences and Social Sciences, 2020, 75, 2142-2151.	3.9	16
35	Innovative solutions to enhance safe and green environments for ageing well using co-design through patient and public involvement. Research Involvement and Engagement, 2020, 6, 45.	2.9	7
36	Social Identity Interventions. , 2020, , 649-660.		10

#	ARTICLE	IF	CITATIONS
37	Reducing loneliness among people with substance use disorders: Feasibility of "Groups for Belonging"™. Drug and Alcohol Review, 2020, 39, 495-504.	2.1	14
38	The Dynamics of Acculturation Among Older Immigrants in Australia. Journal of Cross-Cultural Psychology, 2020, 51, 424-441.	1.6	12
39	The benefits of ethnic activity group participation on older immigrant well-being and host country adjustment. International Journal of Intercultural Relations, 2020, 77, 119-124.	2.0	4
40	Community group membership protects the well-being of adults experiencing socio-economic disadvantage. Journal of Community and Applied Social Psychology, 2020, 30, 381-387.	2.4	8
41	Social identity mapping online.. Journal of Personality and Social Psychology, 2020, 118, 213-241.	2.8	46
42	Groups 4 Health in Later Life. , 2020, , .		1
43	Les groupesÂ: des fontaines de jouvence. , 2020, NÂ° 125, 54-59.		0
44	The Importance of Creating and Harnessing a Sense of "Us"™: Social Identity as the Missing Link Between Leadership and Health. , 2019, , 302-311.		5
45	Group life shapes the psychology and biology of health: The case for a sociopsychobio model. Social and Personality Psychology Compass, 2019, 13, e12490.	3.7	21
46	The connecting adolescents to reduce relapse (CARR) trial: study protocol for a randomized controlled trial comparing the efficacy of Groups 4 Health and cognitive behaviour therapy in young people. BMC Public Health, 2019, 19, 788.	2.9	10
47	The Social Identity Approach to Health. , 2019, , 31-39.		6
48	Health and Society: Contributions to Improving Healthcare from the Social Sciences. , 2019, , 1-9.		0
49	Social Sciences and Health: A Framework for Building and Strengthening Social Connectedness. , 2019, , 23-30.		2
50	Laidback Science: Messages from Horizontal Epidemiology. , 2019, , 58-65.		0
51	The Value of Tolerance and the Tolerability of Competing Values. , 2019, , 105-113.		0
52	Social Scaffolding: Supporting the Development of Positive Social Identities and Agency in Communities. , 2019, , 244-256.		3
53	Social identity differentiation predicts commitment to sobriety and wellbeing in residents of therapeutic communities. Social Science and Medicine, 2019, 237, 112459.	3.8	29
54	Social Identity Mapping in Addiction Recovery (SIM-AR): extension and application of a visual method. Addiction Research and Theory, 2019, 27, 462-471.	1.9	31

#	ARTICLE	IF	CITATIONS
55	Neighbourhood identification buffers the effects of (de-)gentrification and personal socioeconomic position on mental health. <i>Health and Place</i> , 2019, 57, 247-256.	3.3	17
56	Social group membership before treatment for substance dependence predicts early identification and engagement with treatment communities. <i>Addiction Research and Theory</i> , 2019, 27, 363-372.	1.9	21
57	Smithtown as Society. , 2019, , 312-328.		0
58	Friendships that money can buy: financial security protects health in retirement by enabling social connectedness. <i>BMC Geriatrics</i> , 2019, 19, 319.	2.7	12
59	The Importance of Social Groups for Retirement Adjustment: Evidence, Application, and Policy Implications of the Social Identity Model of Identity Change. <i>Social Issues and Policy Review</i> , 2019, 13, 93-124.	6.5	61
60	Neighbourhood identification and mental health: How social identification moderates the relationship between socioeconomic disadvantage and health. <i>Journal of Environmental Psychology</i> , 2019, 61, 101-114.	5.1	47
61	GROUPS 4 HEALTH reduces loneliness and social anxiety in adults with psychological distress: Findings from a randomized controlled trial.. <i>Journal of Consulting and Clinical Psychology</i> , 2019, 87, 787-801.	2.0	104
62	The social psychology of responses to trauma: social identity pathways associated with divergent traumatic responses. <i>European Review of Social Psychology</i> , 2019, 30, 311-348.	9.4	95
63	“How can you make friends if you don't know who you are?” A qualitative examination of international students' experience informed by the Social Identity Model of Identity Change. <i>Journal of Community and Applied Social Psychology</i> , 2018, 28, 169-187.	2.4	30
64	Social cure, what social cure? The propensity to underestimate the importance of social factors for health. <i>Social Science and Medicine</i> , 2018, 198, 14-21.	3.8	134
65	Activating and Guiding the Engagement of Seniors With Online Social Networking: Experimental Findings From the AGES 2.0 Project. <i>Journal of Aging and Health</i> , 2018, 30, 27-51.	1.7	42
66	Effects of long-term opioid analgesics on cognitive performance and plasma cytokine concentrations in patients with chronic low back pain: a cross-sectional pilot study. <i>Pain Reports</i> , 2018, 3, e669.	2.7	26
67	Ageing well in a foreign land as a process of successful social identity change. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2018, 13, 1508198.	1.6	17
68	Multiple social groups support adjustment to retirement across cultures. <i>Social Science and Medicine</i> , 2018, 208, 200-208.	3.8	28
69	Elaborative encoding through self-generation enhances outcomes with errorless learning: Findings from the Skypekids memory study. <i>Neuropsychological Rehabilitation</i> , 2017, 27, 60-79.	1.6	8
70	Cultural Identity and the Expression of Depression: A Social Identity Perspective. <i>Journal of Community and Applied Social Psychology</i> , 2017, 27, 16-34.	2.4	56
71	Advancing the social identity approach to health and well-being: Progressing the social cure research agenda. <i>European Journal of Social Psychology</i> , 2017, 47, 789-802.	2.4	261
72	Social Connectedness and Health. , 2017, , 2174-2182.		8

#	ARTICLE	IF	CITATIONS
73	Social Group Interventions for Older Adults. , 2017, , 2190-2195.		0
74	The More (Social Group Memberships), the Merrier: Is This the Case for Asians?. Frontiers in Psychology, 2016, 7, 1001.	2.1	25
75	Multiple Social Identities Enhance Health Post-Retirement Because They Are a Basis for Giving Social Support. Frontiers in Psychology, 2016, 7, 1519.	2.1	61
76	Social group memberships in retirement are associated with reduced risk of premature death: evidence from a longitudinal cohort study. BMJ Open, 2016, 6, e010164.	1.9	84
77	Social networks and recovery (SONAR): characteristics of a longitudinal outcome study in five therapeutic communities in Australia. Therapeutic Communities, 2016, 37, 131-139.	0.2	18
78	Social Identity Mapping: A procedure for visual representation and assessment of subjective multiple group memberships. British Journal of Social Psychology, 2016, 55, 613-642.	2.8	101
79	Impact of rehabilitation on self-concept following traumatic brain injury: An exploratory systematic review of intervention methodology and efficacy. Neuropsychological Rehabilitation, 2016, 26, 1-35.	1.6	60
80	Overcoming alcohol and other drug addiction as a process of social identity transition: the social identity model of recovery (SIMOR). Addiction Research and Theory, 2016, 24, 111-123.	1.9	306
81	Groups 4 Health: Evidence that a social-identity intervention that builds and strengthens social group membership improves mental health. Journal of Affective Disorders, 2016, 194, 188-195.	4.1	315
82	Adjusting to living with multiple sclerosis: The role of social groups. Neuropsychological Rehabilitation, 2016, 26, 36-59.	1.6	36
83	Group Ties Protect Cognitive Health by Promoting Social Identification and Social Support. Journal of Aging and Health, 2016, 28, 244-266.	1.7	65
84	Having a Lot of a Good Thing: Multiple Important Group Memberships as a Source of Self-Esteem. PLoS ONE, 2015, 10, e0124609.	2.5	151
85	Social Connectedness and Health. , 2015, , 1-10.		9
86	Social Connectedness and Health. , 2015, , 1-10.		29
87	Social Group Interventions for Older Adults. , 2015, , 1-6.		0
88	Depression and Social Identity. Personality and Social Psychology Review, 2014, 18, 215-238.	6.0	330
89	“We Get to Decide”: The Role of Collective Engagement in Counteracting Feelings of Confinement and Lack of Autonomy in Residential Care. Activities, Adaptation and Aging, 2014, 38, 259-280.	2.4	10
90	How Groups Affect Our Health and Well-Being: The Path from Theory to Policy. Social Issues and Policy Review, 2014, 8, 103-130.	6.5	259

#	ARTICLE	IF	CITATIONS
91	We can work it out: Group decision-making builds social identity and enhances the cognitive performance of care residents. <i>British Journal of Psychology</i> , 2014, 105, 17-34.	2.3	41
92	“The we's have it” Evidence for the distinctive benefits of group engagement in enhancing cognitive health in aging. <i>Social Science and Medicine</i> , 2014, 120, 57-66.	3.8	178
93	Social identification moderates cognitive health and well-being following story- and song-based reminiscence. <i>Aging and Mental Health</i> , 2014, 18, 425-434.	2.8	55
94	Social and transitional identity: exploring social networks and their significance in a therapeutic community setting. <i>Therapeutic Communities</i> , 2014, 35, 10-20.	0.2	53
95	Preservation of person-specific knowledge in semantic memory disorder: A longitudinal investigation in two cases of dementia. <i>Journal of Neuropsychology</i> , 2013, 7, 132-138.	1.4	2
96	Social group memberships protect against future depression, alleviate depression symptoms and prevent depression relapse. <i>Social Science and Medicine</i> , 2013, 98, 179-186.	3.8	373
97	Abide with me: religious group identification among older adults promotes health and well-being by maintaining multiple group memberships. <i>Aging and Mental Health</i> , 2013, 17, 869-879.	2.8	54
98	Errorless learning improves memory performance in children with acquired brain injury: A controlled comparison of standard and self-generation techniques. <i>Neuropsychological Rehabilitation</i> , 2012, 22, 697-715.	1.6	12
99	“When the age is in, the wit is out” Age-related self-categorization and deficit expectations reduce performance on clinical tests used in dementia assessment.. <i>Psychology and Aging</i> , 2012, 27, 778-784.	1.6	85
100	Errorless learning and spaced retrieval: How do these methods fare in healthy and clinical populations?. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2011, 33, 432-447.	1.3	46
101	No country for old men? The role of a “Gentlemen's Club” in promoting social engagement and psychological well-being in residential care. <i>Aging and Mental Health</i> , 2011, 15, 456-466.	2.8	100
102	Water clubs in residential care: Is it the water or the club that enhances health and well-being?. <i>Psychology and Health</i> , 2011, 26, 1361-1377.	2.2	76
103	“I remember therefore I am, and I am therefore I remember”™: Exploring the contributions of episodic and semantic self-knowledge to strength of identity. <i>British Journal of Psychology</i> , 2011, 102, 184-203.	2.3	48
104	Google Calendar: A new memory aid to compensate for prospective memory deficits following acquired brain injury. <i>Neuropsychological Rehabilitation</i> , 2011, 21, 784-807.	1.6	88
105	Positive and negative emotion enhances the processing of famous faces in a semantic judgment task.. <i>Neuropsychology</i> , 2010, 24, 84-89.	1.3	2
106	The social treatment: The benefits of group interventions in residential care settings.. <i>Psychology and Aging</i> , 2010, 25, 157-167.	1.6	155
107	Socio-emotional functioning and face recognition ability in the normal population. <i>Personality and Individual Differences</i> , 2010, 48, 239-242.	2.9	45
108	Mental Health Support Groups, Stigma, and Self-Esteem: Positive and Negative Implications of Group Identification. <i>Journal of Social Issues</i> , 2010, 66, 553-569.	3.3	204

#	ARTICLE	IF	CITATIONS
