#	ARTICLE	IF	CITATIONS
1	Contributors to social well-being from the perspective of older migrants in Australia. <i>Journal of Ethnic and Migration Studies</i> , 2023, 49, 2247-2263.	1.9	2
2	The group mechanism in treatment: group identification and cohesion contributes to reducing chronic lower back pain by increasing personal control. <i>Disability and Rehabilitation</i> , 2023, 45, 1332-1342.	0.9	7
3	An Interpretative Phenomenological Analysis of Social Identity Transition in Academic Retirement. <i>Work, Aging and Retirement</i> , 2022, 8, 82-97.	1.4	6
4	Groups 4 Health versus cognitive-behavioural therapy for depression and loneliness in young people: randomised phase 3 non-inferiority trial with 12-month follow-up. <i>British Journal of Psychiatry</i> , 2022, 220, 140-147.	1.7	23
5	Multiple group membership supports resilience and growth in response to violence and abuse. <i>Journal of Community and Applied Social Psychology</i> , 2022, 32, 241-257.	1.4	5
6	Social identity makes group-based social connection possible: Implications for loneliness and mental health. <i>Current Opinion in Psychology</i> , 2022, 43, 161-165.	2.5	45
7	Ageing well in a foreign land: group memberships protect older immigrants' wellbeing through enabling social support and integration. <i>Ageing and Society</i> , 2022, 42, 1710-1732.	1.2	3
8	Overcoming Age-Based Stereotypes to Optimize Cognitive Performance in Older Adults: A Systematic Review of Methodology and Existing Evidence. <i>Gerontologist</i> , The, 2022, 62, e206-e223.	2.3	3
9	Exploring links between social identity, emotion regulation, and loneliness in those with and without a history of mental illness. <i>British Journal of Clinical Psychology</i> , 2022, 61, 701-734.	1.7	8
10	Perceptions of the Targets and Sources of COVID-19 Threat are Structured by Group Memberships and Responses are Influenced by Identification with Humankind. <i>Psychologica Belgica</i> , 2022, 62, 75-88.	1.0	1
11	"Let's get physical" or social: The role of physical activity versus social group memberships in predicting depression and anxiety over time. <i>Journal of Affective Disorders</i> , 2022, 306, 55-61.	2.0	16
12	GROUPS 2 CONNECT: An online activity to maintain social connection and wellbeing during COVID-19. <i>Applied Psychology: Health and Well-Being</i> , 2022, 14, 1189-1210.	1.6	9
13	A meta-analysis of retirement adjustment predictors. <i>Journal of Vocational Behavior</i> , 2022, 136, 103723.	1.9	5
14	Leading the way together: a cluster randomised controlled trial of the 5R Shared Leadership Program in older adult walking groups. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2022, 19, .	2.0	5
15	The diversity of social connectedness experiences among older migrants in Australia. <i>International Journal of Intercultural Relations</i> , 2022, 89, 208-222.	1.0	5
16	Acceptability and Feasibility of an Intervention to Enhance Social Group Belonging: Evidence From Three Trials of Groups 4 Health. <i>Behavior Therapy</i> , 2022, 53, 1233-1249.	1.3	4
17	Identity Continuity Protects Academic Performance, Retention, and Life Satisfaction among International Students. <i>Applied Psychology</i> , 2021, 70, 931-954.	4.4	27
18	"There's a Bit of a Ripple-effect": A Social Identity Perspective on the Role of Third-Places and Aging in Place. <i>Environment and Behavior</i> , 2021, 53, 540-568.	2.1	14

#	ARTICLE	IF	CITATIONS
19	The effects of social group interventions for depression: Systematic review. <i>Journal of Affective Disorders</i> , 2021, 281, 67-81.	2.0	20
20	Rethinking the nature of the person at the heart of the biopsychosocial model: Exploring social changeways not just personal pathways. <i>Social Science and Medicine</i> , 2021, 272, 113566.	1.8	17
21	Life Change, Social Identity, and Health. <i>Annual Review of Psychology</i> , 2021, 72, 635-661.	9.9	60
22	Social identification-building interventions to improve health: a systematic review and meta-analysis. <i>Health Psychology Review</i> , 2021, 15, 85-112.	4.4	136
23	Taking social identity into practice. , 2021, , 511-530.		1
24	Long-term antidepressant use in general practice: a qualitative study of GPs'™ views on discontinuation. <i>British Journal of General Practice</i> , 2021, 71, e508-e516.	0.7	12
25	Effects of the Active Choices Program on Self-Managed Physical Activity and Social Connectedness in Australian Defence Force Veterans: Protocol for a Cluster-Randomized Trial. <i>JMIR Research Protocols</i> , 2021, 10, e21911.	0.5	1
26	Loneliness in older age: What is it, why is it happening and what should we do about it in Australia?. <i>Australasian Journal on Ageing</i> , 2021, 40, 202-207.	0.4	11
27	Evidence that loneliness can be reduced by a whole-of-community intervention to increase neighbourhood identification. <i>Social Science and Medicine</i> , 2021, 277, 113909.	1.8	32
28	Stepped-down intervention programs to promote self-managed physical activity in military service veterans: A systematic review of randomised controlled trials. <i>Journal of Science and Medicine in Sport</i> , 2021, 24, 1155-1160.	0.6	3
29	When the final whistle blows: Social identity pathways support mental health and life satisfaction after retirement from competitive sport. <i>Psychology of Sport and Exercise</i> , 2021, 57, 102049.	1.1	15
30	Groups 4 Health protects against unanticipated threats to mental health: Evaluating two interventions during COVID-19 lockdown among young people with a history of depression and loneliness. <i>Journal of Affective Disorders</i> , 2021, 295, 316-322.	2.0	18
31	Social group memberships, physical activity, and physical health following retirement: A six-year follow-up from the English Longitudinal Study of Ageing. <i>British Journal of Health Psychology</i> , 2021, 26, 505-524.	1.9	11
32	Collective influences on individual functioning: Multiple group memberships, self-regulation, and depression after acquired brain injury. <i>Neuropsychological Rehabilitation</i> , 2020, 30, 1059-1073.	1.0	24
33	Predictors of social identification in group therapy. <i>Psychotherapy Research</i> , 2020, 30, 348-361.	1.1	16
34	Longitudinal Evidence for the Effects of Social Group Engagement on the Cognitive and Mental Health of Chinese Retirees. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2020, 75, 2142-2151.	2.4	16
35	Innovative solutions to enhance safe and green environments for ageing well using co-design through patient and public involvement. <i>Research Involvement and Engagement</i> , 2020, 6, 45.	1.1	7
36	Social Identity Interventions. , 2020, , 649-660.		10

#	ARTICLE	IF	CITATIONS
37	Reducing loneliness among people with substance use disorders: Feasibility of "Groups for Belonging"™. <i>Drug and Alcohol Review</i> , 2020, 39, 495-504.	1.1	14
38	The Dynamics of Acculturation Among Older Immigrants in Australia. <i>Journal of Cross-Cultural Psychology</i> , 2020, 51, 424-441.	1.0	12
39	The benefits of ethnic activity group participation on older immigrant well-being and host country adjustment. <i>International Journal of Intercultural Relations</i> , 2020, 77, 119-124.	1.0	4
40	Community group membership protects the well-being of adults experiencing socioeconomic disadvantage. <i>Journal of Community and Applied Social Psychology</i> , 2020, 30, 381-387.	1.4	8
41	Social identity mapping online.. <i>Journal of Personality and Social Psychology</i> , 2020, 118, 213-241.	2.6	46
42	Groups 4 Health in Later Life. , 2020, , .		1
43	Les groupesÂ: des fontaines de jouvence. , 2020, NÂ° 125, 54-59.		0
44	The Importance of Creating and Harnessing a Sense of "Us"™: Social Identity as the Missing Link Between Leadership and Health. , 2019, , 302-311.		5
45	Group life shapes the psychology and biology of health: The case for a sociopsychobio model. <i>Social and Personality Psychology Compass</i> , 2019, 13, e12490.	2.0	21
46	The connecting adolescents to reduce relapse (CARR) trial: study protocol for a randomized controlled trial comparing the efficacy of Groups 4 Health and cognitive behaviour therapy in young people. <i>BMC Public Health</i> , 2019, 19, 788.	1.2	10
47	The Social Identity Approach to Health. , 2019, , 31-39.		6
48	Health and Society: Contributions to Improving Healthcare from the Social Sciences. , 2019, , 1-9.		0
49	Social Sciences and Health: A Framework for Building and Strengthening Social Connectedness. , 2019, , 23-30.		2
50	Laidback Science: Messages from Horizontal Epidemiology. , 2019, , 58-65.		0
51	The Value of Tolerance and the Tolerability of Competing Values. , 2019, , 105-113.		0
52	Social Scaffolding: Supporting the Development of Positive Social Identities and Agency in Communities. , 2019, , 244-256.		3
53	Social identity differentiation predicts commitment to sobriety and wellbeing in residents of therapeutic communities. <i>Social Science and Medicine</i> , 2019, 237, 112459.	1.8	29
54	Social Identity Mapping in Addiction Recovery (SIM-AR): extension and application of a visual method. <i>Addiction Research and Theory</i> , 2019, 27, 462-471.	1.2	31

#	ARTICLE	IF	CITATIONS
55	Neighbourhood identification buffers the effects of (de-)gentrification and personal socioeconomic position on mental health. <i>Health and Place</i> , 2019, 57, 247-256.	1.5	17
56	Social group membership before treatment for substance dependence predicts early identification and engagement with treatment communities. <i>Addiction Research and Theory</i> , 2019, 27, 363-372.	1.2	21
57	Smithtown as Society. , 2019, , 312-328.		0
58	Friendships that money can buy: financial security protects health in retirement by enabling social connectedness. <i>BMC Geriatrics</i> , 2019, 19, 319.	1.1	12
59	The Importance of Social Groups for Retirement Adjustment: Evidence, Application, and Policy Implications of the Social Identity Model of Identity Change. <i>Social Issues and Policy Review</i> , 2019, 13, 93-124.	3.7	61
60	Neighbourhood identification and mental health: How social identification moderates the relationship between socioeconomic disadvantage and health. <i>Journal of Environmental Psychology</i> , 2019, 61, 101-114.	2.3	47
61	GROUPS 4 HEALTH reduces loneliness and social anxiety in adults with psychological distress: Findings from a randomized controlled trial.. <i>Journal of Consulting and Clinical Psychology</i> , 2019, 87, 787-801.	1.6	104
62	The social psychology of responses to trauma: social identity pathways associated with divergent traumatic responses. <i>European Review of Social Psychology</i> , 2019, 30, 311-348.	5.8	95
63	“How can you make friends if you don't know who you are?” A qualitative examination of international students' experience informed by the Social Identity Model of Identity Change. <i>Journal of Community and Applied Social Psychology</i> , 2018, 28, 169-187.	1.4	30
64	Social cure, what social cure? The propensity to underestimate the importance of social factors for health. <i>Social Science and Medicine</i> , 2018, 198, 14-21.	1.8	134
65	Activating and Guiding the Engagement of Seniors With Online Social Networking: Experimental Findings From the AGES 2.0 Project. <i>Journal of Aging and Health</i> , 2018, 30, 27-51.	0.9	42
66	Effects of long-term opioid analgesics on cognitive performance and plasma cytokine concentrations in patients with chronic low back pain: a cross-sectional pilot study. <i>Pain Reports</i> , 2018, 3, e669.	1.4	26
67	Ageing well in a foreign land as a process of successful social identity change. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2018, 13, 1508198.	0.6	17
68	Multiple social groups support adjustment to retirement across cultures. <i>Social Science and Medicine</i> , 2018, 208, 200-208.	1.8	28
69	Elaborative encoding through self-generation enhances outcomes with errorless learning: Findings from the Skypekids memory study. <i>Neuropsychological Rehabilitation</i> , 2017, 27, 60-79.	1.0	8
70	Cultural Identity and the Expression of Depression: A Social Identity Perspective. <i>Journal of Community and Applied Social Psychology</i> , 2017, 27, 16-34.	1.4	56
71	Advancing the social identity approach to health and well-being: Progressing the social cure research agenda. <i>European Journal of Social Psychology</i> , 2017, 47, 789-802.	1.5	261
72	Social Connectedness and Health. , 2017, , 2174-2182.		8

#	ARTICLE	IF	CITATIONS
73	Social Group Interventions for Older Adults. , 2017, , 2190-2195.		0
74	The More (Social Group Memberships), the Merrier: Is This the Case for Asians?. Frontiers in Psychology, 2016, 7, 1001.	1.1	25
75	Multiple Social Identities Enhance Health Post-Retirement Because They Are a Basis for Giving Social Support. Frontiers in Psychology, 2016, 7, 1519.	1.1	61
76	Social group memberships in retirement are associated with reduced risk of premature death: evidence from a longitudinal cohort study. BMJ Open, 2016, 6, e010164.	0.8	84
77	Social networks and recovery (SONAR): characteristics of a longitudinal outcome study in five therapeutic communities in Australia. Therapeutic Communities, 2016, 37, 131-139.	0.2	18
78	Social Identity Mapping: A procedure for visual representation and assessment of subjective multiple group memberships. British Journal of Social Psychology, 2016, 55, 613-642.	1.8	101
79	Impact of rehabilitation on self-concept following traumatic brain injury: An exploratory systematic review of intervention methodology and efficacy. Neuropsychological Rehabilitation, 2016, 26, 1-35.	1.0	60
80	Overcoming alcohol and other drug addiction as a process of social identity transition: the social identity model of recovery (SIMOR). Addiction Research and Theory, 2016, 24, 111-123.	1.2	306
81	Groups 4 Health: Evidence that a social-identity intervention that builds and strengthens social group membership improves mental health. Journal of Affective Disorders, 2016, 194, 188-195.	2.0	315
82	Adjusting to living with multiple sclerosis: The role of social groups. Neuropsychological Rehabilitation, 2016, 26, 36-59.	1.0	36
83	Group Ties Protect Cognitive Health by Promoting Social Identification and Social Support. Journal of Aging and Health, 2016, 28, 244-266.	0.9	65
84	Having a Lot of a Good Thing: Multiple Important Group Memberships as a Source of Self-Esteem. PLoS ONE, 2015, 10, e0124609.	1.1	151
85	Social Connectedness and Health. , 2015, , 1-10.		9
86	Social Connectedness and Health. , 2015, , 1-10.		29
87	Social Group Interventions for Older Adults. , 2015, , 1-6.		0
88	Depression and Social Identity. Personality and Social Psychology Review, 2014, 18, 215-238.	3.4	330
89	â€œWe Get to Decideâ€: The Role of Collective Engagement in Counteracting Feelings of Confinement and Lack of Autonomy in Residential Care. Activities, Adaptation and Aging, 2014, 38, 259-280.	1.7	10
90	How Groups Affect Our Health and Wellâ€Being: The Path from Theory to Policy. Social Issues and Policy Review, 2014, 8, 103-130.	3.7	259

#	ARTICLE	IF	CITATIONS
91	We can work it out: Group decision-making builds social identity and enhances the cognitive performance of care residents. <i>British Journal of Psychology</i> , 2014, 105, 17-34.	1.2	41
92	“The we's have it” Evidence for the distinctive benefits of group engagement in enhancing cognitive health in aging. <i>Social Science and Medicine</i> , 2014, 120, 57-66.	1.8	178
93	Social identification moderates cognitive health and well-being following story- and song-based reminiscence. <i>Aging and Mental Health</i> , 2014, 18, 425-434.	1.5	55
94	Social and transitional identity: exploring social networks and their significance in a therapeutic community setting. <i>Therapeutic Communities</i> , 2014, 35, 10-20.	0.2	53
95	Preservation of person-specific knowledge in semantic memory disorder: A longitudinal investigation in two cases of dementia. <i>Journal of Neuropsychology</i> , 2013, 7, 132-138.	0.6	2
96	Social group memberships protect against future depression, alleviate depression symptoms and prevent depression relapse. <i>Social Science and Medicine</i> , 2013, 98, 179-186.	1.8	373
97	Abide with me: religious group identification among older adults promotes health and well-being by maintaining multiple group memberships. <i>Aging and Mental Health</i> , 2013, 17, 869-879.	1.5	54
98	Errorless learning improves memory performance in children with acquired brain injury: A controlled comparison of standard and self-generation techniques. <i>Neuropsychological Rehabilitation</i> , 2012, 22, 697-715.	1.0	12
99	“When the age is in, the wit is out” Age-related self-categorization and deficit expectations reduce performance on clinical tests used in dementia assessment.. <i>Psychology and Aging</i> , 2012, 27, 778-784.	1.4	85
100	Errorless learning and spaced retrieval: How do these methods fare in healthy and clinical populations?. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2011, 33, 432-447.	0.8	46
101	No country for old men? The role of a “Gentlemen's Club” in promoting social engagement and psychological well-being in residential care. <i>Aging and Mental Health</i> , 2011, 15, 456-466.	1.5	100
102	Water clubs in residential care: Is it the water or the club that enhances health and well-being?. <i>Psychology and Health</i> , 2011, 26, 1361-1377.	1.2	76
103	“I remember therefore I am, and I am therefore I remember”™: Exploring the contributions of episodic and semantic self-knowledge to strength of identity. <i>British Journal of Psychology</i> , 2011, 102, 184-203.	1.2	48
104	Google Calendar: A new memory aid to compensate for prospective memory deficits following acquired brain injury. <i>Neuropsychological Rehabilitation</i> , 2011, 21, 784-807.	1.0	88
105	Positive and negative emotion enhances the processing of famous faces in a semantic judgment task.. <i>Neuropsychology</i> , 2010, 24, 84-89.	1.0	2
106	The social treatment: The benefits of group interventions in residential care settings.. <i>Psychology and Aging</i> , 2010, 25, 157-167.	1.4	155
107	Socio-emotional functioning and face recognition ability in the normal population. <i>Personality and Individual Differences</i> , 2010, 48, 239-242.	1.6	45
108	Mental Health Support Groups, Stigma, and Self-Esteem: Positive and Negative Implications of Group Identification. <i>Journal of Social Issues</i> , 2010, 66, 553-569.	1.9	204

#	ARTICLE	IF	CITATIONS
109	In home or at home? How collective decision making in a new care facility enhances social interaction and wellbeing amongst older adults. <i>Ageing and Society</i> , 2010, 30, 1393-1418.	1.2	82
110	Declining autobiographical memory and the loss of identity: Effects on well-being. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2010, 32, 408-416.	0.8	88
111	Eighteen years on: What next for the PALPA?. <i>International Journal of Speech-Language Pathology</i> , 2010, 12, 190-202.	0.6	23
112	Are two methods better than one? Evaluating the effectiveness of combining errorless learning with vanishing cues. <i>Journal of Clinical and Experimental Neuropsychology</i> , 2010, 32, 973-985.	0.8	33
113	The Social Cure. <i>Scientific American Mind</i> , 2009, 20, 26-33.	0.0	80
