|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Beautiful seems good, but perhaps not in every way: Linking attractiveness to moral evaluation through perceived vanity.. Journal of Personality and Social Psychology, 2023, 124, 264-286.                      | 2.8 | 6         |
| 2  | Schadenfreude for undeserved misfortunes: The unexpected consequences of endorsing a strong belief in a just world. Journal of Experimental Social Psychology, 2022, 101, 104336.                                | 2.2 | 2         |
| 3  | Understanding Side-Effect Intentionality Asymmetries: Meaning, Morality, or Attitudes and Defaults?. Personality and Social Psychology Bulletin, 2021, 47, 410-425.                                              | 3.0 | 7         |
| 4  | Disgust Toward Interracial Couples: Mixed Feelings About Black-White Race Mixing. Social Psychological and Personality Science, 2021, 12, 769-779.                                                               | 3.9 | 2         |
| 5  | Volition Speaks Louder Than Action: Offender Atonement, Forgivability, and Victim Valuation in the Minds of Perceivers. Personality and Social Psychology Bulletin, 2021, 47, 1020-1036.                         | 3.0 | 1         |
| 6  | The (income-adjusted) price of good behavior: Documenting the counter-intuitive, wealth-based moral judgment gap.. Journal of Experimental Psychology: General, 2021, 150, 484-506.                              | 2.1 | 6         |
| 7  | Past Its Prime? A Methodological Overview and Critique of Religious Priming Research in Social Psychology. Journal for the Cognitive Science of Religion, 2021, 6, .                                             | 0.2 | 5         |
| 8  | Psychological predictors of vaccination intentions among U.S. undergraduates and online panel workers during the 2020 COVID-19 pandemic. PLoS ONE, 2021, 16, e0260380.                                           | 2.5 | 1         |
| 9  | Feeling Bad and Doing Good. Social Psychology, 2020, 51, 35-49.                                                                                                                                                  | 0.7 | 6         |
| 10 | The effect of admitting fault versus shifting blame on expectations for others to do the same. PLoS ONE, 2019, 14, e0213276.                                                                                     | 2.5 | 11        |
| 11 | What Makes Hypocrisy? Folk Definitions, Attitude/Behavior Combinations, Attitude Strength, and Private/Public Distinctions. Basic and Applied Social Psychology, 2019, 41, 104-121.                              | 2.1 | 16        |
| 12 | Reconstructing the side-effect effect: A new way of understanding how moral considerations drive intentionality asymmetries.. Journal of Experimental Psychology: General, 2019, 148, 1747-1766.                 | 2.1 | 11        |
| 13 | Perspective-taking influences autonomic attunement between partners during discussion of conflict. Journal of Social and Personal Relationships, 2017, 34, 139-165.                                              | 2.3 | 13        |
| 14 | Self-Efficacy and Hemoglobin A1C Among Adults With Serious Mental Illness and Type 2 Diabetes. Psychosomatic Medicine, 2016, 78, 263-270.                                                                        | 2.0 | 14        |
| 15 | How Situational Mindfulness During Conflict Stress Relates to Well-Being. Mindfulness, 2016, 7, 909-915.                                                                                                         | 2.8 | 11        |
| 16 | Mindfulness during romantic conflict moderates the impact of negative partner behaviors on cortisol responses. Hormones and Behavior, 2016, 79, 45-51.                                                           | 2.1 | 25        |
| 17 | Unintended, but still blameworthy: the roles of awareness, desire, and anger in negligence, restitution, and punishment. Cognition and Emotion, 2016, 30, 1271-1288.                                             | 2.0 | 21        |
| 18 | Much ado about your thing: Conflict structure moderates the effect of attachment anxiety on postconflict perceived self-partner overlap.. Couple and Family Psychology: Research and Practice, 2016, 5, 168-179. | 1.2 | 1         |

| #  | ARTICLE                                                                                                                                                                                                                                  | IF   | CITATIONS |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|-----------|
| 19 | Perspective-taking induction mitigates the effect of partner attachment avoidance on self-partner overlap. <i>Personal Relationships</i> , 2015, 22, 356-367.                                                                            | 1.5  | 8         |
| 20 | The influence of desire and knowledge on perception of each other and related mental states, and different mechanisms for blame. <i>Journal of Experimental Social Psychology</i> , 2015, 60, 27-38.                                     | 2.2  | 17        |
| 21 | Dispositional Mindfulness Moderates the Effect of a Brief Mindfulness Induction on Physiological Stress Responses. <i>Mindfulness</i> , 2015, 6, 1192-1200.                                                                              | 2.8  | 20        |
| 22 | Why side-effect outcomes do not affect intuitions about intentional actions: Properly shifting the focus from intentional outcomes back to intentional actions.. <i>Journal of Personality and Social Psychology</i> , 2015, 108, 18-36. | 2.8  | 20        |
| 23 | Attachment Mediates Effects of Trait Mindfulness on Stress Responses to Conflict. <i>Mindfulness</i> , 2015, 6, 483-489.                                                                                                                 | 2.8  | 39        |
| 24 | Effects of perspective taking on courtroom decisions. <i>Journal of Applied Social Psychology</i> , 2014, 44, 303-318.                                                                                                                   | 2.0  | 18        |
| 25 | Is Negligence a First Cousin to Intentionality? Lay Conceptions of Negligence and Its Relationship to Intentionality. <i>Applied Cognitive Psychology</i> , 2014, 28, 55-65.                                                             | 1.6  | 21        |
| 26 | Punishing hypocrisy: The roles of hypocrisy and moral emotions in deciding culpability and punishment of criminal and civil moral transgressors. <i>Cognition and Emotion</i> , 2014, 28, 59-83.                                         | 2.0  | 48        |
| 27 | Genetic attributions and mental illness diagnosis: effects on perceptions of danger, social distance, and real helping decisions. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2014, 49, 781-789.                             | 3.1  | 31        |
| 28 | Perspective taking instructions and self-other overlap: Different motives for helping. <i>Motivation and Emotion</i> , 2014, 38, 224-234.                                                                                                | 1.3  | 111       |
| 29 | Salivary nerve growth factor response to stress related to resilience. <i>Physiology and Behavior</i> , 2014, 129, 130-134.                                                                                                              | 2.1  | 10        |
| 30 | Sex-specific effects of mindfulness on romantic partners' cortisol responses to conflict and relations with psychological adjustment. <i>Psychoneuroendocrinology</i> , 2013, 38, 2905-2913.                                             | 2.7  | 35        |
| 31 | Salivary Nerve Growth Factor Reactivity to Acute Psychosocial Stress. <i>Psychosomatic Medicine</i> , 2013, 75, 744-750.                                                                                                                 | 2.0  | 19        |
| 32 | Reading Between the Minds. <i>Psychological Science</i> , 2012, 23, 1040-1046.                                                                                                                                                           | 3.3  | 48        |
| 33 | I know you're me, but who am I? Perspective taking and seeing the other in the self. <i>Journal of Experimental Social Psychology</i> , 2011, 47, 1316-1319.                                                                             | 2.2  | 33        |
| 34 | Gender Roles and Empathic Accuracy: The Role of Communion in Reading Minds. <i>Sex Roles</i> , 2009, 60, 387-398.                                                                                                                        | 2.4  | 96        |
| 35 | Sexual dysfunction in depression and anxiety: Conceptualizing sexual dysfunction as part of an internalizing dimension. <i>Clinical Psychology Review</i> , 2009, 29, 573-585.                                                           | 11.4 | 193       |
