#	ARTICLE	IF	CITATIONS
1	Management of severe pre-eclampsia and eclampsia by UK consultants. BJOG: an International Journal of Obstetrics and Gynaecology, 1992, 99, 554-556.	2.3	79
2	Sociodemographic and Health Characteristics, Rather Than Primary Care Supply, are Major Drivers of Geographic Variation in Preventable Hospitalizations in Australia. Medical Care, 2015, 53, 436-445.	2.4	74
3	Recruiting general practitioners for surveys: reflections on the difficulties and some lessons learned. Australian Journal of Primary Health, 2015, 21, 254.	0.9	61
4	Barriers to pharmacist prescribing: a scoping review comparing the UK, New Zealand, Canadian and Australian experiences. International Journal of Pharmacy Practice, 2019, 27, 479-489.	0.6	55
5	Increasing general practitioners' confidence and self-efficacy in managing obesity: a mixed methods study. BMJ Open, 2017, 7, e014314.	1.9	36
6	Clinical care of pregnant and postpartum women with COVID-19: Living recommendations from the National COVID-19 Clinical Evidence Taskforce. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2020, 60, 840-851.	1.0	36
7	Smoking and potentially preventable hospitalisation: The benefit of smoking cessation in older ages. Drug and Alcohol Dependence, 2015, 150, 85-91.	3.2	33
8	Sexual assault and harassment of doctors, by doctors: a qualitative study. Medical Education, 2019, 53, 833-843.	2.1	31
9	Feasibility and acceptability of a physician-delivered weight management programme. Family Practice, 2017, 34, 43-48.	1.9	27
10	Experiencing integration: a qualitative pilot study of consumer and provider experiences of integrated primary health care in Australia. BMC Family Practice, 2017, 18, 2.	2.9	27
11	Use of measures of socioeconomic deprivation in planning primary health care workforce and defining health care need in Australia. Australian Journal of Rural Health, 2010, 18, 199-204.	1.5	25
12	What motivates Australian health service users with chronic illness to engage in self-management behaviour?. Health Expectations, 2014, 17, 267-277.	2.6	23
13	Therapeutic alliance and obesity management in primary care – a cross-sectional pilot using the Working Alliance Inventory. Clinical Obesity, 2016, 6, 376-379.	2.0	22
14	Undiagnosed diabetes from cross-sectional GP practice data: an approach to identify communities with high likelihood of undiagnosed diabetes. BMJ Open, 2014, 4, e005305-e005305.	1.9	21
15	Patient affiliation with GPs in Australia – Who is and who is not and does it matter?. Health Policy, 2011, 103, 16-23.	3.0	20
16	Adaption and validation of the Working Alliance Inventory for General Practice: qualitative review and cross-sectional surveys. Family Practice, 2019, 36, 516-522.	1.9	20
17	Role of the family doctor in the management of adults with obesity: a scoping review. BMJ Open, 2018, 8, e019367.	1.9	19
18	Eclampsia in the United Kingdom. The 'BEST' way forward. BJOG: an International Journal of Obstetrics and Gynaecology, 1992, 99, 355-359.	2.3	18

#	ARTICLE	IF	CITATIONS
19	Health Behaviours and Potentially Preventable Hospitalisation: A Prospective Study of Older Australian Adults. PLoS ONE, 2014, 9, e93111.	2.5	18
20	A collaborative process for developing a weight management toolkit for general practitioners in Australia—an intervention development study using the Knowledge To Action framework. Pilot and Feasibility Studies, 2016, 2, 20.	1.2	18
21	Primary care in disasters: opportunity to address a hidden burden of health care. Medical Journal of Australia, 2019, 210, 297.	1.7	17
22	Australia's primary health care workforce — research informing policy. Medical Journal of Australia, 2009, 191, 81-84.	1.7	14
23	Untreated hypertension: prevalence and patient factors and beliefs associated with under-treatment in a population sample. Journal of Human Hypertension, 2013, 27, 453-462.	2.2	14
24	Chronic disease management items in general practice: a population-based study of variation in claims by claimant characteristics. Medical Journal of Australia, 2011, 195, 198-202.	1.7	12
25	Increasing Pap smear rates at an urban Aboriginal Community Controlled Health Service through translational research and continuous quality improvement. Australian Journal of Primary Health, 2015, 21, 417.	0.9	12
26	Socioeconomic inequalities in the prevalence of complex multimorbidity in a Norwegian population: findings from the cross-sectional HUNT Study. BMJ Open, 2020, 10, e036851.	1.9	12
27	Obesity management in Australian primary care: where has the general practitioner gone?. Australian Journal of Primary Health, 2016, 22, 473.	0.9	10
28	Hidden curriculum within nutrition education in medical schools. BMJ Nutrition, Prevention and Health, 2020, 3, 18-23.	3.7	10
29	A local study of costs for private allied health in Australian primary health care: variability and policy implications. Australian Journal of Primary Health, 2011, 17, 131.	0.9	10
30	Obesity and asthma at school entry: Comorbidities and temporal trends. Journal of Paediatrics and Child Health, 2013, 49, E273-80.	0.8	9
31	Are "part-time" general practitioners workforce idlers or committed professionals?. BMC Family Practice, 2014, 15, 154.	2.9	9
32	Sexual abuse of doctors by doctors: professionalism, complexity and the potential for healing. Medical Journal of Australia, 2015, 203, 170-171.	1.7	9
33	Overcoming the data drought: exploring general practice in Australia by network analysis of big data. Medical Journal of Australia, 2018, 209, 68-73.	1.7	9
34	Physical activity and risk of behavioural and mental health disorders in kindergarten children: analysis of a series of cross-sectional complete enumeration (census) surveys. BMJ Open, 2020, 10, e034847.	1.9	9
35	Prevalence of multimorbidity with frailty and associations with socioeconomic position in an adult population: findings from the cross-sectional HUNT Study in Norway. BMJ Open, 2020, 10, e035070.	1.9	8
36	Socioeconomic Position, Multimorbidity and Mortality in a Population Cohort: The HUNT Study. Journal of Clinical Medicine, 2020, 9, 2759.	2.4	8

#	ARTICLE	IF	CITATIONS
37	GPs at the Deep End: Identifying and addressing social disadvantage wherever it lies. , 2019, 48, 811-813.		7
38	General practitioners in the field: A qualitative study of general practitioners's™ experiences in disaster healthcare. , 2020, 49, 132-138.		7
39	People-centred integration in a refugee primary care service. Journal of Integrated Care, 2017, 25, 26-38.	0.5	6
40	Identifying hotspots of type 2 diabetes risk using general practice data and geospatial analysis: an approach to inform policy and practice. Australian Journal of Primary Health, 2020, 26, 43.	0.9	6
