#	ARTICLE	IF	CITATIONS
1	Parentsâ€™ perceptions of their childâ€™s weight among children in their first year of primary school: a mixed-methods analysis of an Australian cross-sectional (complete enumeration) study. <i>International Journal of Obesity</i> , 2022, 46, 992-1001.	3.4	5
2	General Practitionersâ€™ Roles in Disaster Health Management: Perspectives of Disaster Managers. <i>Prehospital and Disaster Medicine</i> , 2022, 37, 124-131.	1.3	6
3	Understanding factors affecting 30-day unplanned readmissions for patients undergoing total knee arthroplasty (TKA): the ACT Transition from Hospital to Home Orthopaedics Survey. <i>BMJ Open</i> , 2022, 12, e053831.	1.9	2
4	ACT Transition from Hospital to Home Orthopaedic Survey: a cross-sectional survey of unplanned 30-day readmissions for patients having total hip arthroplasty. <i>BMJ Open</i> , 2022, 12, e055576.	1.9	0
5	Emergency Department Presentations by Children in Remote Australia: A Population-based Study. <i>Global Pediatric Health</i> , 2021, 8, 2333794X2199100.	0.7	6
6	Obesity management in primary care: systematic review exploring the influence of therapeutic alliance. <i>Family Practice</i> , 2021, 38, 644-653.	1.9	2
7	Use of health and aged care services in Australia following hospital admission for myocardial infarction, stroke or heart failure. <i>BMC Geriatrics</i> , 2021, 21, 538.	2.7	2
8	Exploring the psychometric properties of the Working Alliance Inventory in general practice: a cross-sectional study. <i>BJGP Open</i> , 2021, 5, bjgpopen20X101131.	1.8	3
9	Identifying hotspots of type 2 diabetes risk using general practice data and geospatial analysis: an approach to inform policy and practice. <i>Australian Journal of Primary Health</i> , 2020, 26, 43.	0.9	6
10	Socioeconomic inequalities in the prevalence of complex multimorbidity in a Norwegian population: findings from the cross-sectional HUNT Study. <i>BMJ Open</i> , 2020, 10, e036851.	1.9	12
11	Prevalence of multimorbidity with frailty and associations with socioeconomic position in an adult population: findings from the cross-sectional HUNT Study in Norway. <i>BMJ Open</i> , 2020, 10, e035070.	1.9	8
12	Clinical care of pregnant and postpartum women with COVIDâ€19: Living recommendations from the National COVIDâ€19 Clinical Evidence Taskforce. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2020, 60, 840-851.	1.0	36
13	Cardiovascular disease risk assessment in an Aboriginal community-controlled health service: comparing algorithms. <i>Australian Journal of Primary Health</i> , 2020, 26, 281.	0.9	1
14	Socioeconomic Position, Multimorbidity and Mortality in a Population Cohort: The HUNT Study. <i>Journal of Clinical Medicine</i> , 2020, 9, 2759.	2.4	8
15	The <sc>GP</sc> workforce: no room for complacency. <i>Medical Journal of Australia</i> , 2020, 212, 408-409.	1.7	1
16	Hidden curriculum within nutrition education in medical schools. <i>BMJ Nutrition, Prevention and Health</i> , 2020, 3, 18-23.	3.7	10
17	With the best will in the world: How benevolent sexism shapes medical careers. <i>Medical Education</i> , 2020, 54, 94-97.	2.1	5
18	Physical activity and risk of behavioural and mental health disorders in kindergarten children: analysis of a series of cross-sectional complete enumeration (census) surveys. <i>BMJ Open</i> , 2020, 10, e034847.	1.9	9

#	ARTICLE	IF	CITATIONS
19	General practitioners in the field: A qualitative study of general practitioners's experiences in disaster healthcare. , 2020, 49, 132-138.		7
20	Barriers to pharmacist prescribing: a scoping review comparing the UK, New Zealand, Canadian and Australian experiences. International Journal of Pharmacy Practice, 2019, 27, 479-489.	0.6	55
21	Patient Healthcare Following a Disaster: Guidelines for Family Doctors. Prehospital and Disaster Medicine, 2019, 34, s18-s18.	1.3	0
22	The Future of Disaster Medicine is Based on Primary Care Involvement. Prehospital and Disaster Medicine, 2019, 34, s67-s67.	1.3	0
23	Sexual assault and harassment of doctors, by doctors: a qualitative study. Medical Education, 2019, 53, 833-843.	2.1	31
24	Primary care in disasters: opportunity to address a hidden burden of health care. Medical Journal of Australia, 2019, 210, 297.	1.7	17
25	Adaption and validation of the Working Alliance Inventory for General Practice: qualitative review and cross-sectional surveys. Family Practice, 2019, 36, 516-522.	1.9	20
26	GPs at the Deep End: Identifying and addressing social disadvantage wherever it lies. , 2019, 48, 811-813.		7
27	Role of the family doctor in the management of adults with obesity: a scoping review. BMJ Open, 2018, 8, e019367.	1.9	19
28	Metabolic syndrome and weight management programs in primary care: a comparison of three international healthcare systems. Australian Journal of Primary Health, 2018, 24, 372.	0.9	4
29	Overcoming the data drought: exploring general practice in Australia by network analysis of big data. Medical Journal of Australia, 2018, 209, 68-73.	1.7	9
30	The influence of therapeutic alliance on adult obesity interventions in primary care: A systematic review protocol. , 2018, 47, 646-649.		3
31	Feasibility and acceptability of a physician-delivered weight management programme. Family Practice, 2017, 34, 43-48.	1.9	27
32	People-centred integration in a refugee primary care service. Journal of Integrated Care, 2017, 25, 26-38.	0.5	6
33	Obesity management in primary care. Lancet, The, 2017, 389, 1605.	13.7	2
34	Increasing general practitioners' confidence and self-efficacy in managing obesity: a mixed methods study. BMJ Open, 2017, 7, e014314.	1.9	36
35	Experiencing integration: a qualitative pilot study of consumer and provider experiences of integrated primary health care in Australia. BMC Family Practice, 2017, 18, 2.	2.9	27
36	When Disaster Strikes what is the Role of the Local Primary Healthcare Doctor?. Prehospital and Disaster Medicine, 2017, 32, S70-S71.	1.3	1

#	ARTICLE	IF	CITATIONS
37	Therapeutic alliance and obesity management in primary care – a cross-sectional pilot using the Working Alliance Inventory. <i>Clinical Obesity</i> , 2016, 6, 376-379.	2.0	22
38	Obesity management in Australian primary care: where has the general practitioner gone?. <i>Australian Journal of Primary Health</i> , 2016, 22, 473.	0.9	10
39	A collaborative process for developing a weight management toolkit for general practitioners in Australia – an intervention development study using the Knowledge To Action framework. <i>Pilot and Feasibility Studies</i> , 2016, 2, 20.	1.2	18
40	A synthesis of selected national Australian guidelines on the general practice management of adult patients who are overweight or obese. <i>Australian Family Physician</i> , 2016, 45, 327-31.	0.5	5
41	Recruiting general practitioners for surveys: reflections on the difficulties and some lessons learned. <i>Australian Journal of Primary Health</i> , 2015, 21, 254.	0.9	61
42	Increasing Pap smear rates at an urban Aboriginal Community Controlled Health Service through translational research and continuous quality improvement. <i>Australian Journal of Primary Health</i> , 2015, 21, 417.	0.9	12
43	The role of the family doctor in the management of adults who are obese: a scoping review protocol. <i>SpringerPlus</i> , 2015, 4, 820.	1.2	1
44	Sociodemographic and Health Characteristics, Rather Than Primary Care Supply, are Major Drivers of Geographic Variation in Preventable Hospitalizations in Australia. <i>Medical Care</i> , 2015, 53, 436-445.	2.4	74
45	Sexual abuse of doctors by doctors: professionalism, complexity and the potential for healing. <i>Medical Journal of Australia</i> , 2015, 203, 170-171.	1.7	9
46	Pharmaceutical sales strategies and sponsorship. <i>Medical Journal of Australia</i> , 2015, 202, 131-131.	1.7	0
47	Smoking and potentially preventable hospitalisation: The benefit of smoking cessation in older ages. <i>Drug and Alcohol Dependence</i> , 2015, 150, 85-91.	3.2	33
48	Health Behaviours and Potentially Preventable Hospitalisation: A Prospective Study of Older Australian Adults. <i>PLoS ONE</i> , 2014, 9, e93111.	2.5	18
49	Are ‘part-time’ general practitioners workforce idlers or committed professionals?. <i>BMC Family Practice</i> , 2014, 15, 154.	2.9	9
50	Undiagnosed diabetes from cross-sectional GP practice data: an approach to identify communities with high likelihood of undiagnosed diabetes. <i>BMJ Open</i> , 2014, 4, e005305-e005305.	1.9	21
51	What motivates Australian health service users with chronic illness to engage in self-management behaviour?. <i>Health Expectations</i> , 2014, 17, 267-277.	2.6	23
52	Obesity and asthma at school entry: Co-morbidities and temporal trends. <i>Journal of Paediatrics and Child Health</i> , 2013, 49, E273-80.	0.8	9
53	Untreated hypertension: prevalence and patient factors and beliefs associated with under-treatment in a population sample. <i>Journal of Human Hypertension</i> , 2013, 27, 453-462.	2.2	14
54	The prevalence of overweight and obesity in Indigenous kindergarten children—a cross sectional population based study. <i>Australian Family Physician</i> , 2013, 42, 497-500.	0.5	5

#	ARTICLE	IF	CITATIONS
55	Patient affiliation with GPs in Australia – Who is and who is not and does it matter?. Health Policy, 2011, 103, 16-23.	3.0	20
56	Chronic disease management items in general practice: a population-based study of variation in claims by claimant characteristics. Medical Journal of Australia, 2011, 195, 198-202.	1.7	12
57	A local study of costs for private allied health in Australian primary health care: variability and policy implications. Australian Journal of Primary Health, 2011, 17, 131.	0.9	10
58	Use of measures of socioeconomic deprivation in planning primary health care workforce and defining health care need in Australia. Australian Journal of Rural Health, 2010, 18, 199-204.	1.5	25
