#	ARTICLE	IF	CITATIONS
1	Development, Implementation, and Outcomes of a Serious Illness Care Community of Practice. <i>Journal of Pain and Symptom Management</i> , 2022, 63, e160-e167.	1.2	7
2	Improving Serious Illness Care for Surgical Patients. <i>Annals of Surgery</i> , 2022, 275, 196-202.	4.2	8
3	Understanding the role of informal caregivers in postoperative care transitions for older patients. <i>Journal of the American Geriatrics Society</i> , 2022, 70, 208-217.	2.6	8
4	Shifting to Serious Illness Communication. <i>JAMA - Journal of the American Medical Association</i> , 2022, 327, 321.	7.4	52
5	Frailty and Survival After In-Hospital Cardiopulmonary Resuscitation. <i>Journal of General Internal Medicine</i> , 2022, 37, 3554-3561.	2.6	17
6	Which Geriatric Variables Most Strongly Inform Discharge Disposition After Emergency Surgery?. <i>Journal of Surgical Research</i> , 2022, 274, 224-231.	1.6	1
7	Reduced Pneumonia Risk in Advanced Dementia Patients on Careful Hand Feeding Compared With Nasogastric Tube Feeding. <i>Journal of the American Medical Directors Association</i> , 2022, 23, 1541-1547.e2.	2.5	8
8	Differences in End-of-Life Care between COVID-19 Inpatient Decedents with English Proficiency and Limited English Proficiency. <i>Journal of Palliative Medicine</i> , 2022, 25, 1629-1638.	1.1	4
9	Surgeon-Reported Barriers and Facilitators to Adoption of Standards for Goal-Concordant Care in Patients with Advanced Cancer (RP324). <i>Journal of Pain and Symptom Management</i> , 2022, 63, 1081.	1.2	1
10	Older Adult Perspectives on Medical Decision Making and Emergency General Surgery: "It had to be Done." <i>Journal of Pain and Symptom Management</i> , 2021, 61, 948-954.	1.2	11
11	Adherence and Concordance between Serious Illness Care Planning Conversations and Oncology Clinician Documentation among Patients with Advanced Cancer. <i>Journal of Palliative Medicine</i> , 2021, 24, 53-62.	1.1	25
12	Time Out Before Talking: Communication as a Medical Procedure. <i>Annals of Internal Medicine</i> , 2021, 174, 96-97.	3.9	10
13	Exploring Factors Associated With Long-Term Opioid Therapy in Cancer Survivors: An Integrative Review. <i>Journal of Pain and Symptom Management</i> , 2021, 61, 395-415.	1.2	23
14	Development of a Stakeholder Driven Serious Illness Communication Program for Advance Care Planning in Children, Adolescents, and Young Adults with Serious Illness. <i>Journal of Pediatrics</i> , 2021, 229, 247-258.e8.	1.8	35
15	Using Quality Improvement to Increase Access to Palliative Care. <i>JCO Oncology Practice</i> , 2021, 17, 107-110.	2.9	2
16	Older adults' perspectives 3 months after emergency general surgery highlight opportunities to improve care. <i>Journal of the American Geriatrics Society</i> , 2021, 69, 2023-2025.	2.6	2
17	Early serious illness communication in hospitalized patients: A study of the implementation of the Speaking About Goals and Expectations (SAGE) program. <i>Healthcare</i> , 2021, 9, 100510.	1.3	16
18	Clinicians' Perspectives After Implementation of the Serious Illness Care Program. <i>JAMA Network Open</i> , 2021, 4, e2121517.	5.9	23

#	ARTICLE	IF	CITATIONS
19	Beyond the Do-not-resuscitate Order: An Expanded Approach to Decision-making Regarding Cardiopulmonary Resuscitation in Older Surgical Patients. <i>Anesthesiology</i> , 2021, 135, 781-787.	2.5	7
20	A Curriculum in Quality Improvement for Interprofessional Palliative Care Trainees. <i>American Journal of Hospice and Palliative Medicine</i> , 2020, 37, 41-45.	1.4	1
21	Effect of the Serious Illness Care Program on Health Care Utilization at the End of Life for Patients with Cancer. <i>Journal of Palliative Medicine</i> , 2020, 23, 1365-1369.	1.1	11
22	Association Between Patient-Reported Frailty and Non-Home Discharge Among Older Adults Undergoing Surgery. <i>Journal of the American Geriatrics Society</i> , 2020, 68, 2909-2913.	2.6	14
23	Launching a Geriatric Surgery Center: Recommendations from the Society for Perioperative Assessment and Quality Improvement. <i>Journal of the American Geriatrics Society</i> , 2020, 68, 1941-1946.	2.6	44
24	Interdisciplinary or Interprofessional: Why Terminology in Teamwork Matters to Hospice and Palliative Care. <i>Journal of Palliative Medicine</i> , 2020, 23, 1157-1158.	1.1	11
25	Managing Code Status Conversations for Seriously Ill Older Adults in Respiratory Failure. <i>Annals of Emergency Medicine</i> , 2020, 76, 751-756.	0.6	23
26	When the Dust Settles: Preventing a Mental Health Crisis in COVID-19 Clinicians. <i>Annals of Internal Medicine</i> , 2020, 173, 578-579.	3.9	10
27	Engaging Hospices in Quality Measurement and Improvement: Early Experiences of a Large Integrated Health Care System. <i>Journal of Pain and Symptom Management</i> , 2020, 60, 866-873.e4.	1.2	0
28	Best Practices for Teaching Clinicians to Use a Serious Illness Conversation Guide. <i>Palliative Medicine Reports</i> , 2020, 1, 135-142.	0.9	21
29	A Pivot to Palliative: An Interdisciplinary Program Development in Preparation for a Coronavirus Patient Surge in the Emergency Department. <i>Journal of Emergency Nursing</i> , 2020, 46, 760-767.e1.	1.0	9
30	Measuring Goal-Concordant Care: Results and Reflections From Secondary Analysis of a Trial to Improve Serious Illness Communication. <i>Journal of Pain and Symptom Management</i> , 2020, 60, 889-897.e2.	1.2	18
31	Patient and clinician experience of a serious illness conversation guide in oncology: A descriptive analysis. <i>Cancer Medicine</i> , 2020, 9, 4550-4560.	2.8	62
32	Goals of Care Conversations in Serious Illness. <i>Medical Clinics of North America</i> , 2020, 104, 375-389.	2.5	31
33	Quality of clinicians'™ conversations with patients and families before and after implementation of the Serious Illness Care Program in a hospital setting: a retrospective chart review study. <i>CMAJ Open</i> , 2020, 8, E448-E454.	2.4	20
34	A systematic intervention to improve serious illness communication in primary care: Effect on expenses at the end of life. <i>Healthcare</i> , 2020, 8, 100431.	1.3	17
35	Rapid Adoption of a Serious Illness Conversation Electronic Medical Record Template: Lessons Learned and Future Directions. <i>Journal of Palliative Medicine</i> , 2020, 23, 159-161.	1.1	27
36	To Face Coronavirus Disease 2019, Surgeons Must Embrace Palliative Care. <i>JAMA Surgery</i> , 2020, 155, 681.	4.3	13

#	ARTICLE	IF	CITATIONS
37	Enhancing Medical Learners's Knowledge of, Comfort and Confidence in Holding Serious Illness Conversations. <i>American Journal of Hospice and Palliative Medicine</i> , 2019, 36, 1096-1104.	1.4	16
38	Association of Emergency Clinicians' Assessment of Mortality Risk With Actual 1-Month Mortality Among Older Adults Admitted to the Hospital. <i>JAMA Network Open</i> , 2019, 2, e1911139.	5.9	41
39	Prioritizing Primary Care Patients for a Communication Intervention Using the "Surprise Question": a Prospective Cohort Study. <i>Journal of General Internal Medicine</i> , 2019, 34, 1467-1474.	2.6	13
40	Evaluating an Intervention to Improve Communication Between Oncology Clinicians and Patients With Life-Limiting Cancer. <i>JAMA Oncology</i> , 2019, 5, 801.	7.1	213
41	Effect of the Serious Illness Care Program in Outpatient Oncology. <i>JAMA Internal Medicine</i> , 2019, 179, 751.	5.1	234
42	A Qualitative Study of Serious Illness Conversations in Patients with Advanced Cancer. <i>Journal of Palliative Medicine</i> , 2019, 22, 773-781.	1.1	64
43	Training Surgeons and Anesthesiologists to Facilitate End-of-Life Conversations With Patients and Families: A Systematic Review of Existing Educational Models. <i>Journal of Surgical Education</i> , 2018, 75, 702-721.	2.5	30
44	Advance Care Planning in Cognitively Impaired Older Adults. <i>Journal of the American Geriatrics Society</i> , 2018, 66, 1469-1474.	2.6	45
45	Surrogate Preferences on the Physician Orders for Life-Sustaining Treatment Form. <i>Gerontologist</i> , 2018, 59, 811-821.	3.9	1
46	Precision Communication: A Path Forward to Improve Goals-of-Care Communication. <i>JAMA Internal Medicine</i> , 2018, 178, 940.	5.1	7
47	Is the End in Sight for the "Don't Ask, Don't Tell" Approach to Advance Care Planning?. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2017, 12, 380-381.	4.5	2
48	Conversations About Goals and Values Are Feasible and Acceptable in Long-Term Acute Care Hospitals: A Pilot Study. <i>Journal of Palliative Medicine</i> , 2017, 20, 710-715.	1.1	24
49	The Cambia Sojourns Scholars Leadership Program: Conversations with Emerging Leaders in Palliative Care. <i>Journal of Palliative Medicine</i> , 2017, 20, 804-812.	1.1	3
50	Priming the System for Primary Palliative Care: More, Better, and Earlier Conversations with Seriously Ill Patients (P10). <i>Journal of Pain and Symptom Management</i> , 2017, 53, 308-309.	1.2	1
51	Opening the Door: The Experience of Chronic Critical Illness in a Long-Term Acute Care Hospital. <i>Critical Care Medicine</i> , 2017, 45, e357-e362.	0.9	37
52	Serious Illness Conversations in ESRD. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2017, 12, 854-863.	4.5	99
53	A Systematic Intervention To Improve Serious Illness Communication In Primary Care. <i>Health Affairs</i> , 2017, 36, 1258-1264.	5.2	119
54	Recommendations for Best Communication Practices to Facilitate Goal-concordant Care for Seriously Ill Older Patients With Emergency Surgical Conditions. <i>Annals of Surgery</i> , 2016, 263, 1-6.	4.2	131

#	ARTICLE	IF	CITATIONS
55	Delivering More, Better and Earlier Goals of Care Conversations to Seriously Ill Oncology Patients in the Clinical Setting (FR481C). <i>Journal of Pain and Symptom Management</i> , 2016, 51, 380-381.	1.2	2
56	Surgeons' Perspectives on Avoiding Nonbeneficial Treatments in Seriously Ill Older Patients with Surgical Emergencies: A Qualitative Study. <i>Journal of Palliative Medicine</i> , 2016, 19, 529-537.	1.1	39
57	Estimating 1-Year Mortality for High-Risk Primary Care Patients Using the "Surprise" Question. <i>JAMA Internal Medicine</i> , 2016, 176, 1863.	5.1	50
58	Improving Communication About Serious Illness in Primary Care. <i>JAMA Internal Medicine</i> , 2016, 176, 1380.	5.1	111
59	Methodological Research Priorities in Palliative Care and Hospice Quality Measurement. <i>Journal of Pain and Symptom Management</i> , 2016, 51, 155-162.	1.2	30
60	Mortality and Readmission After Cervical Fracture from a Fall in Older Adults: Comparison with Hip Fracture Using National Medicare Data. <i>Journal of the American Geriatrics Society</i> , 2015, 63, 2036-2042.	2.6	26
61	Triggering Advance Care Planning Conversations in Oncology and Identifying Barriers to These Discussions (S774). <i>Journal of Pain and Symptom Management</i> , 2015, 49, 445-446.	1.2	2
62	Experience is the Teacher of All Things: Educational Outcomes of Home Hospice Visits (S787). <i>Journal of Pain and Symptom Management</i> , 2015, 49, 452-453.	1.2	1
63	The Role of Palliative Care in Population Management and Accountable Care Organizations. <i>Journal of Palliative Medicine</i> , 2015, 18, 486-494.	1.1	35
64	Development of the Serious Illness Care Program: a randomised controlled trial of a palliative care communication intervention. <i>BMJ Open</i> , 2015, 5, e009032.	1.9	296
65	Conversations about Treatment Preferences before High-Risk Surgery: A Pilot Study in the Preoperative Testing Center. <i>Journal of Palliative Medicine</i> , 2014, 17, 701-707.	1.1	48
66	Communication About Serious Illness Care Goals. <i>JAMA Internal Medicine</i> , 2014, 174, 1994.	5.1	1,020
67	Strategic Targeting of Advance Care Planning Interventions. <i>JAMA Internal Medicine</i> , 2014, 174, 620.	5.1	108
68	Palliative Care: A Core Competency for Intensive Care Unit Doctors. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2014, 189, 1569-1569.	5.6	3
69	Bridging the gap: a palliative care consultation service in a hematological malignancy "bone marrow transplant unit. <i>Journal of Community and Supportive Oncology</i> , 2014, 12, 50-55.	0.1	42
70	Caring for oneself to care for others: physicians and their self-care. <i>The Journal of Supportive Oncology</i> , 2013, 11, 75-81.	2.3	175
71	Improving Access to Palliative Care through an Innovative Quality Improvement Initiative: An Opportunity for Pay-for-Performance. <i>Journal of Palliative Medicine</i> , 2012, 15, 192-199.	1.1	24
72	Caring for Oneself to Care for Others (504). <i>Journal of Pain and Symptom Management</i> , 2012, 43, 403-404.	1.2	0

#	ARTICLE	IF	CITATIONS
73	Cancer in Long-Term Care. <i>Clinics in Geriatric Medicine</i> , 2011, 27, 301-327.	2.6	2
74	Prognosis in Advanced Cancer. <i>Journal of Palliative Medicine</i> , 2010, 13, 783-784.	1.1	0
75	Changes in demand for internal medicine specialists and generalists in the 1990s. <i>American Journal of Medicine</i> , 2003, 115, 254-255.	1.5	2
