#	ARTICLE	IF	CITATIONS
1	Prevention and Early Identification of Eating Disorders. JAMA - Journal of the American Medical Association, 2022, 327, 1029.	7.4	9
2	Terminal anorexia nervosa is a dangerous term: it cannot, and should not, be defined. Journal of Eating Disorders, 2022, 10, .	2.7	8
3	Discharge Body Mass Index, Not Illness Chronicity, Predicts 6-Month Weight Outcome in Patients Hospitalized With Anorexia Nervosa. Frontiers in Psychiatry, 2021, 12, 641861.	2.6	20
4	Brain imaging of cannabinoid type 1 (CB <sub>1</sub> ) receptors in women with cannabis use disorder and male and female healthy controls. Addiction Biology, 2021, 26, e13061.	2.6	27
5	Gastrointestinal symptomatology, diagnosis, and treatment history in patients with underweight avoidant/restrictive food intake disorder and anorexia nervosa: Impact on weight restoration in a meal-based behavioral treatment program. International Journal of Eating Disorders, 2021, 54, 1055-1062.	4.0	10
6	Change in normative eating self-efficacy is associated with six-month weight restoration following inpatient treatment for anorexia nervosa. Eating Behaviors, 2021, 42, 101518.	2.0	6
7	Acceptability and tolerability of a meal-based, rapid refeeding, behavioral weight restoration protocol for anorexia nervosa. International Journal of Eating Disorders, 2020, 53, 2032-2037.	4.0	12
8	A modified inpatient eating disorders treatment protocol for postbariatric surgery patients: patient characteristics and treatment response. Surgery for Obesity and Related Diseases, 2019, 15, 1612-1619.	1.2	4
9	Olanzapine Versus Placebo in Adult Outpatients With Anorexia Nervosa: A Randomized Clinical Trial. American Journal of Psychiatry, 2019, 176, 449-456.	7.2	116
10	Hospital course of underweight youth with ARFID treated with a meal-based behavioral protocol in an inpatient-partial hospitalization program for eating disorders. International Journal of Eating Disorders, 2019, 52, 428-434.	4.0	30
11	Evidence-based practice and the residential treatment of eating disorders: Time to raise the bar.. Clinical Psychology: Science and Practice, 2018, 25, .	0.9	4
12	Atypical purging behaviors in a patient with anorexia nervosa: consumption of raw red kidney beans as an emetic. Eating and Weight Disorders, 2018, 23, 537-539.	2.5	2
13	A path to defining excellence in intensive treatment for eating disorders. International Journal of Eating Disorders, 2018, 51, 1051-1055.	4.0	19
14	The need for consistent outcome measures in eating disorder treatment programs: A proposal for the field. International Journal of Eating Disorders, 2017, 50, 231-234.	4.0	24
15	Intensive treatment for adults with anorexia nervosa: The cost of weight restoration. International Journal of Eating Disorders, 2017, 50, 302-306.	4.0	20
16	Weight gain trajectories in hospital-based treatment of anorexia nervosa. International Journal of Eating Disorders, 2017, 50, 266-274.	4.0	25
17	Self-selection bias in eating disorders outcomes research: Does treatment response of underweight research participants and non-participants differ?. International Journal of Eating Disorders, 2017, 50, 602-605.	4.0	4
18	Neuroticism and clinical course of weight restoration in a meal-based, rapid-weight gain, inpatient-partial hospitalization program for eating disorders. Eating Disorders, 2017, 25, 52-64.	3.0	7

#	ARTICLE	IF	CITATIONS
19	Refeeding. , 2017, , 719-721.		0
20	Perceived coercion in inpatients with Anorexia nervosa: Associations with illness severity and hospital course. International Journal of Eating Disorders, 2016, 49, 407-412.	4.0	14
21	A systematic review of approaches to refeeding in patients with anorexia nervosa. International Journal of Eating Disorders, 2016, 49, 293-310.	4.0	155
22	Marketing Residential Treatment Programs for Eating Disorders: A Call for Transparency. Psychiatric Services, 2016, 67, 664-666.	2.0	28
23	Hospital Course for Post-Surgical Bariatric Patients Requiring Specialty Eating Disorder Inpatient Treatment: A Case Control Study. Surgery for Obesity and Related Diseases, 2016, 12, S48-S49.	1.2	0
24	Speaking of that: Is the term "refeeding" offensive, and should it be avoided in the eating disorders literature?. International Journal of Eating Disorders, 2016, 49, 900-900.	4.0	0
25	Comparison of standardized versus individualized caloric prescriptions in the nutritional rehabilitation of inpatients with anorexia nervosa. International Journal of Eating Disorders, 2016, 49, 50-58.	4.0	20
26	Refeeding. , 2016, , 1-3.		0
27	Pediatric loss of control eating syndrome: Association with attention deficit/hyperactivity disorder and impulsivity. International Journal of Eating Disorders, 2015, 48, 580-588.	4.0	61
28	Refeeding and weight restoration outcomes in anorexia nervosa: Challenging current guidelines. International Journal of Eating Disorders, 2015, 48, 866-873.	4.0	87
29	Chewing and spitting: A marker of psychopathology and behavioral severity in inpatients with an eating disorder. Eating Behaviors, 2015, 17, 59-61.	2.0	11
30	Anorexia nervosa as a motivated behavior: Relevance of anxiety, stress, fear and learning. Physiology and Behavior, 2015, 152, 466-472.	2.1	76
31	Electroconvulsive Therapy in an Adolescent with Severe Major Depression and Anorexia Nervosa. Journal of Child and Adolescent Psychopharmacology, 2014, 24, 94-98.	1.3	10
32	A Screening Tool to Assess and Manage Behavioral Risk in the Postoperative Bariatric Surgery Patient: The WATCH. Journal of Clinical Psychology in Medical Settings, 2013, 20, 456-463.	1.4	3
33	Cosmetic surgery in inpatients with eating disorders: Attitudes and experience. Body Image, 2012, 9, 180-183.	4.3	13
34	Dietary conditions and highly palatable food access alter rat cannabinoid receptor expression and binding density. Physiology and Behavior, 2012, 105, 720-726.	2.1	34
35	Reversible vision loss secondary to malnutrition in a woman with severe anorexia nervosa, purging type, and alcohol abuse. International Journal of Eating Disorders, 2011, 44, 281-283.	4.0	7
36	Pain severity in eating disorders predicts longer inpatient hospitalization. International Journal of Eating Disorders, 2010, 43, 737-742.	4.0	5

#	ARTICLE	IF	CITATIONS
37	Oral sensory and cephalic hormonal responses to fat and non-fat liquids in bulimia nervosa. <i>Physiology and Behavior</i> , 2010, 99, 611-617.	2.1	18
38	Repeated binge access to a palatable food alters feeding behavior, hormone profile, and hindbrain c-Fos responses to a test meal in adult male rats. <i>American Journal of Physiology - Regulatory Integrative and Comparative Physiology</i> , 2009, 297, R622-R631.	1.8	50
39	Validation and predictive utility of the Sociocultural Attitudes Toward Appearance Questionnaire for Eating Disorders (SATAQ-ED): Internalization of sociocultural ideals predicts weight gain. <i>Body Image</i> , 2008, 5, 279-290.	4.3	19
40	The Eating Disorder Recovery Self-Efficacy Questionnaire (EDRSQ): Change with treatment and prediction of outcome. <i>Eating Behaviors</i> , 2008, 9, 143-153.	2.0	43
41	Treatment of anorexia nervosa: Insights and obstacles. <i>Physiology and Behavior</i> , 2008, 94, 113-120.	2.1	130
42	Medication management of pediatric eating disorders. <i>International Review of Psychiatry</i> , 2008, 20, 183-188.	2.8	9
43	Differential brain activation in anorexia nervosa to Fat and Thin words during a Stroop task. <i>NeuroReport</i> , 2008, 19, 1181-1185.	1.2	48
44	Pain, Catastrophizing, and Depressive Symptomatology in Eating Disorders. <i>Clinical Journal of Pain</i> , 2008, 24, 406-414.	1.9	13
45	Perceived Coercion and Change in Perceived Need for Admission in Patients Hospitalized for Eating Disorders. <i>American Journal of Psychiatry</i> , 2007, 164, 108-114.	7.2	91
46	First-degree relative history of alcoholism in eating disorder inpatients: Relationship to eating and substance use psychopathology. <i>Eating Behaviors</i> , 2007, 8, 15-22.	2.0	15
47	Insulin, glucose, and pancreatic polypeptide responses to a test meal in restricting type anorexia nervosa before and after weight restoration. <i>American Journal of Physiology - Endocrinology and Metabolism</i> , 2007, 292, E1441-E1446.	3.5	35
48	Development of the eating disorder recovery self-efficacy questionnaire. <i>International Journal of Eating Disorders</i> , 2006, 39, 376-384.	4.0	34
49	Regional mu-opioid receptor binding in insular cortex is decreased in bulimia nervosa and correlates inversely with fasting behavior. <i>Journal of Nuclear Medicine</i> , 2005, 46, 1349-51.	5.0	55
50	The sociocultural attitudes towards appearance scale-3 (SATAQ-3): Development and validation. <i>International Journal of Eating Disorders</i> , 2004, 35, 293-304.	4.0	838
51	Inducible syncope in anorexia nervosa: Two case reports. <i>International Journal of Eating Disorders</i> , 2004, 35, 359-362.	4.0	5
52	Chewing and spitting in eating disorders and its relationship to binge eating. <i>Eating Behaviors</i> , 2004, 5, 231-239.	2.0	21
53	A re-examination of the interaction of N-acetyl-L-aspartyl-L-glutamate with a subpopulation of rat brain membrane L-[3H]glutamate binding sites. <i>European Journal of Pharmacology</i> , 1988, 151, 419-426.	3.5	13
54	Quantitation of N-acetyl-aspartyl-glutamate in microdissected rat brain nuclei and peripheral tissues: findings with a novel liquid phase radioimmunoassay. <i>Molecular Brain Research</i> , 1988, 3, 223-231.	2.3	35
