#	ARTICLE	IF	CITATIONS
1	Core belief challenge and rumination as predictors of PTSD and PTC among adolescent survivors of the Wenchuan earthquake.. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2015, 7, 391-397.	2.1	91
2	Anxiety, depression and PTSD among children and their parent during 2019 novel coronavirus disease (COVID-19) outbreak in China. <i>Current Psychology</i> , 2022, 41, 5723-5730.	2.8	87
3	The Roles of Rumination and Social Support in the Associations between Core Belief Challenge and Post-traumatic Growth among Adolescent Survivors after the Wenchuan Earthquake. <i>Acta Psychologica Sinica</i> , 2014, 46, 1509.	0.7	55
4	Mental Health and Its Influencing Factors among Self-Isolating Ordinary Citizens during the Beginning Epidemic of COVID-19. <i>Journal of Loss and Trauma</i> , 2020, 25, 580-593.	1.5	46
5	Prevalence and predictors of posttraumatic stress disorder, depression and anxiety among hospitalized patients with coronavirus disease 2019 in China. <i>BMC Psychiatry</i> , 2021, 21, 80.	2.6	42
6	The role of rumination in posttraumatic stress disorder and posttraumatic growth among adolescents after the wenchuan earthquake. <i>Frontiers in Psychology</i> , 2015, 6, 1335.	2.1	38
7	Longitudinal Relationships between Posttraumatic Stress Symptoms and Sleep Problems in Adolescent Survivors following the Wenchuan Earthquake in China. <i>PLoS ONE</i> , 2014, 9, e104470.	2.5	33
8	Mindfulness, posttraumatic stress symptoms, depression, and social functioning impairment in Chinese adolescents following a tornado: Mediation of posttraumatic cognitive change. <i>Psychiatry Research</i> , 2018, 259, 345-349.	3.3	33
9	Longitudinal cross-lagged relationships between mindfulness, posttraumatic stress symptoms, and posttraumatic growth in adolescents following the Yancheng tornado in China. <i>Psychiatry Research</i> , 2018, 266, 334-340.	3.3	32
10	The relationship between dispositional mindfulness and PTSD/PTG among firefighters: The mediating role of emotion regulation. <i>Personality and Individual Differences</i> , 2019, 151, 109492.	2.9	27
11	Longitudinal Relationships Between Neuroticism, Avoidant Coping, and Posttraumatic Stress Disorder Symptoms in Adolescents Following the 2008 Wenchuan Earthquake in China. <i>Journal of Loss and Trauma</i> , 2013, 18, 556-571.	1.5	26
12	Understanding the Relationship between Trauma Exposure and Depression among Adolescents after Earthquake: The Roles of Fear and Resilience. <i>Frontiers in Psychology</i> , 2016, 7, 2044.	2.1	26
13	Prevalence and predictors of PTSD and depression among adolescent victims of the Summer 2016 tornado in Yancheng City. <i>Archives of Psychiatric Nursing</i> , 2018, 32, 777-781.	1.4	24
14	Quality of Life in Patients With Breast Cancer. <i>Journal of Nervous and Mental Disease</i> , 2019, 207, 921-926.	1.0	24
15	The Relationship Between Posttraumatic Cognitive Change, Posttraumatic Stress Disorder, and Posttraumatic Growth Among Chinese Adolescents After the Yancheng Tornado: The Mediating Effect of Rumination. <i>Frontiers in Psychology</i> , 2018, 9, 474.	2.1	23
16	Longitudinal cross-lagged relationships between posttraumatic stress disorder and depression in adolescents following the Yancheng tornado in China.. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2019, 11, 760-766.	2.1	23
17	Dispositional Mindfulness, Posttraumatic Stress Disorder Symptoms and Academic Burnout in Chinese Adolescents Following a Tornado: The Role of Mediation through Regulatory Emotional Self-Efficacy. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2018, 27, 487-504.	1.4	22
18	The relationship between conscientiousness and posttraumatic stress disorder among young Chinese firefighters: The mediating effect of perceived social support. <i>Psychiatry Research</i> , 2019, 273, 450-455.	3.3	22

#	ARTICLE	IF	CITATIONS
19	Dispositional mindfulness mediates the relationships of parental attachment to posttraumatic stress disorder and academic burnout in adolescents following the Yancheng tornado. <i>HÅrgre Utbildning</i> , 2018, 9, 1472989.	3.0	21
20	Dispositional mindfulness moderates the relationship between depression and posttraumatic growth in Chinese adolescents following a tornado. <i>Personality and Individual Differences</i> , 2018, 127, 15-21.	2.9	18
21	Machiavellianism, Mindfulness and Cyberbullying among Chinese Junior High School Students: The Mediating Role of Empathy. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2020, 29, 1047-1058.	1.4	18
22	Dispositional mindfulness, negative posttraumatic beliefs, and academic burnout among adolescents following the 2016 Yancheng Tornado. <i>Personality and Individual Differences</i> , 2017, 116, 405-409.	2.9	17
23	State mindfulness, rumination, and emotions in daily life: An ambulatory assessment study. <i>Asian Journal of Social Psychology</i> , 2019, 22, 369-377.	2.1	17
24	Prevalence and predictors of PTSD, depression and posttraumatic growth among Chinese firefighters. <i>Archives of Psychiatric Nursing</i> , 2020, 34, 14-18.	1.4	17
25	Dispositional mindfulness mediates the relations between neuroticism and posttraumatic stress disorder and depression in Chinese adolescents after a tornado. <i>Clinical Child Psychology and Psychiatry</i> , 2019, 24, 482-493.	1.6	15
26	Perceived Social Support Mediates the Relations Between Parental Attachment and Posttraumatic Growth and Resilience in Adolescents Following the Yancheng Tornado. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2018, 27, 631-644.	1.4	14
27	The effect of mindfulness training on mental health in long-term Chinese male prisoners. <i>Psychology, Health and Medicine</i> , 2019, 24, 167-176.	2.4	13
28	Coping strategies as mediators in the relation between perceived social support and job burnout among Chinese firefighters. <i>Journal of Health Psychology</i> , 2022, 27, 363-373.	2.3	13
29	Personality and Post-traumatic Growth of Adolescents 42 Months after the Wenchuan Earthquake: A Mediated Model. <i>Frontiers in Psychology</i> , 2017, 8, 2152.	2.1	12
30	Investigation of the mental health status of frontier-line and non-frontier-line medical staff during a stress period. <i>Journal of Affective Disorders</i> , 2021, 282, 836-839.	4.1	11
31	Self-Acceptance, Post-Traumatic Stress Disorder, Post-Traumatic Growth, and the Role of Social Support in Chinese Rescue Workers. <i>Journal of Loss and Trauma</i> , 2020, 25, 264-277.	1.5	10
32	Mindfulness, Posttraumatic Stress Symptoms, and Posttraumatic Growth in Aid Workers. <i>Journal of Nervous and Mental Disease</i> , 2021, 209, 159-165.	1.0	10
33	Family Resilience, Media Exposure, and Children's Mental Health in China During COVID-19. <i>Family Journal</i> , 2022, 30, 579-588.	1.2	10
34	The symptom structure of posttraumatic stress disorder and co-morbid depression among college students with childhood abuse experience: A network analysis. <i>Journal of Affective Disorders</i> , 2021, 293, 466-475.	4.1	9
35	Perceived social support mediates the relationships of dispositional mindfulness to job burnout and posttraumatic stress disorder among chinese firefighters.. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2022, 14, 1117-1123.	2.1	9
36	Predicting Posttraumatic Stress and Depression Symptoms Among Frontline Firefighters in China. <i>Journal of Nervous and Mental Disease</i> , 2021, 209, 23-27.	1.0	9

#	ARTICLE	IF	CITATIONS
37	How does mindfulness modulate daily stress response: evidences from ambulatory assessment. <i>Psychology and Health</i> , 2019, 34, 355-367.	2.2	7
38	Perceived haze, stress, and negative emotions: An ecological momentary assessment study of the affective responses to haze. <i>Journal of Health Psychology</i> , 2020, 25, 450-458.	2.3	7
39	How could physical activities and sleep influence affect inertia and affect variability? Evidence based on ecological momentary assessment. <i>Current Psychology</i> , 2022, 41, 3055-3061.	2.8	7
40	The mediating role of coping in the relationship of posttraumatic stress disorder symptoms (PTSS) and job burnout among Chinese firefighters. <i>International Archives of Occupational and Environmental Health</i> , 2021, 94, 243-250.	2.3	7
41	Influence of Avoidant Coping on Posttraumatic Stress Symptoms and Job Burnout Among Firefighters: The Mediating Role of Perceived Social Support. <i>Disaster Medicine and Public Health Preparedness</i> , 2022, 16, 1476-1481.	1.3	7
42	Network analysis of posttraumatic stress disorder symptoms among adolescent survivors of a major disaster in China.. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2022, 14, 132-140.	2.1	7
43	Changes in the Network Structure of Post-traumatic Stress Disorder Symptoms Among Earthquake Exposed Adolescents in China: A 2-Year Longitudinal Study. <i>Child Psychiatry and Human Development</i> , 2021, 52, 104-113.	1.9	6
44	The symptom network structure of posttraumatic stress disorder among Chinese firefighters. <i>Journal of Clinical Psychology</i> , 2022, 78, 1436-1450.	1.9	6
45	Longitudinal Linkages Between Posttraumatic Stress Disorder Symptoms and Violent Behaviors Among Chinese Adolescents Following the Wenchuan Earthquake. <i>Journal of Aggression, Maltreatment and Trauma</i> , 2017, 26, 231-243.	1.4	5
46	Relations among resilience, emotion regulation strategies and academic self-concept among Chinese migrant children. <i>Current Psychology</i> , 2023, 42, 8019-8027.	2.8	5
47	Trajectory and relation between posttraumatic stress disorder on resilience in adolescents following the Yancheng tornado. <i>Personality and Individual Differences</i> , 2020, 164, 110097.	2.9	2
48	Avoidant coping as mediator of the relationship between rumination and mental health among family caregivers of Chinese breast cancer patients. <i>European Journal of Cancer Care</i> , 2022, 31, e13523.	1.5	2
49	Emotional responses to perceived haze in daily life: the moderation of dispositional mindfulness. <i>Vulnerable Children and Youth Studies</i> , 2019, 14, 312-321.	1.1	1
50	After Experiencing a Tornado: Adolescents's Longitudinal Trajectories in Posttraumatic Growth and Their Association with Posttraumatic Stress Symptoms. <i>Child Psychiatry and Human Development</i> , 2021, , 1.	1.9	1
