#	Article	IF	CITATIONS
1	Teaching communication skills to medical students, a challenge in the curriculum?. Patient Education and Counseling, 2005, 58, 265-270.	2.2	182
2	The need for research in primary care. Lancet, The, 2003, 362, 1314-1319.	13.7	151
3	Cytotoxic lymphocyte microRNAs as prospective biomarkers for Chronic Fatigue Syndrome/Myalgic Encephalomyelitis. Journal of Affective Disorders, 2012, 141, 261-269.	4.1	50
4	Antibiotic Resistance: What are the Opportunities for Primary Care in Alleviating the Crisis?. Frontiers in Public Health, 2015, 3, 35.	2.7	49
5	Natural killer cells in patients with severe chronic fatigue syndrome. Autoimmunity Highlights, 2013, 4, 69-80.	3.9	45
6	Antibiotic prescribing for respiratory infections: a cross-sectional analysis of the ReCEnT study exploring the habits of early-career doctors in primary care. Family Practice, 2015, 32, 49-55.	1.9	41
7	A cohort study on the evolution of psychosocial problems in older patients with breast or colorectal cancer: comparison with younger cancer patients and older primary care patients without cancer. BMC Geriatrics, 2015, 15, 79.	2.7	39
8	A systematic literature review on the association between loneliness and coping strategies. Psychology, Health and Medicine, 2018, 23, 899-916.	2.4	39
9	Antibiotic prescribing for the future: exploring the attitudes of trainees in general practice. British Journal of General Practice, 2014, 64, e561-e567.	1.4	35
10	How Can We Support the Healthcare Needs of Autistic Adults Without Intellectual Disability?. Current Developmental Disorders Reports, 2019, 6, 45-56.	2.1	34
11	Does health literacy affect patients' receipt of preventative primary care? A multilevel analysis. BMC Family Practice, 2014, 15, 171.	2.9	29
12	Reducing antibiotic prescribing in Australian general practice: time for a national strategy. Medical Journal of Australia, 2017, 207, 401-406.	1.7	29
13	Different antibiotic treatments for group A streptococcal pharyngitis., 2013,, CD004406.		28
14	Quality of care: the need for medical, contextual and policy evidence in primary care. Journal of Evaluation in Clinical Practice, 2005, 11, 417-429.	1.8	24
15	Measuring the impact of family medicine research: scientific citations or societal impact?. Family Practice, 2007, 24, 401-402.	1.9	23
16	Implementing guidelines to routinely prevent chronic vascular disease in primary care: the Preventive Evidence into Practice cluster randomised controlled trial. BMJ Open, 2015, 5, e009397.	1.9	22
17	Reducing early career general practitioners' antibiotic prescribing for respiratory tract infections: a pragmatic prospective non-randomised controlled trial. Family Practice, 2018, 35, 53-60.	1.9	22
18	General practice trainees' clinical experience of dermatology indicates a need for improved education: A crossâ€sectional analysis from the Registrar Clinical Encounters in Training Study. Australasian Journal of Dermatology, 2017, 58, e199-e206.	0.7	21

#	Article	IF	Citations
19	Opioid analgesic use in Australia and The Netherlands: a cross-country comparison. International Journal of Clinical Pharmacy, 2017, 39, 874-880.	2.1	21
20	Responses to clinical uncertainty in Australian general practice trainees: a cross-sectional analysis. Medical Education, 2017, 51, 1277-1288.	2.1	21
21	Antibiotic prescribing for sore throat: a cross-sectional analysis of the ReCEnT study exploring the habits of early-career doctors in family practice. Family Practice, 2016, 33, 302-308.	1.9	20
22	The effects of social group interventions for depression: Systematic review. Journal of Affective Disorders, 2021, 281, 67-81.	4.1	20
23	Antidepressant use in Australia and Swedenâ€"A crossâ€country comparison. Pharmacoepidemiology and Drug Safety, 2021, 30, 409-417.	1.9	19
24	The Pattern of Opioid Management by Australian General Practice Trainees. Pain Medicine, 2015, 16, 1720-1731.	1.9	18
25	Does brief chronic pain management education change opioid prescribing rates? A pragmatic trial in Australian early-career general practitioners. Pain, 2017, 158, 278-288.	4.2	18
26	Referrals to dietitians/nutritionists: A crossâ€sectional analysis of Australian GP registrars' clinical practice. Nutrition and Dietetics, 2018, 75, 98-105.	1.8	18
27	Pilot study on the feasibility and acceptability of academic detailing in general practice. European Journal of Clinical Pharmacology, 2003, 59, 253-260.	1.9	16
28	Under-Reporting of Socioeconomic Status of Patients in Stroke Trials. Stroke, 2013, 44, 2920-2922.	2.0	16
29	Family medicine trainees' clinical experience of chronic disease during training: a cross-sectional analysis from the registrars' clinical encounters in training study. BMC Medical Education, 2014, 14, 260.	2.4	16
30	GP trainees' in-consultation information-seeking: associations with human, paper and electronic sources. Family Practice, 2015, 32, 525-532.	1.9	16
31	How we use patient encounter data for reflective learning in family medicine training. Medical Teacher, 2015, 37, 897-900.	1.8	16
32	Consumer concerns about paracetamol: a retrospective analysis of a medicines call centre. BMJ Open, 2016, 6, e010860.	1.9	16
33	Hepatitis C in Australia — a role for general practitioners?. Medical Journal of Australia, 2017, 207, 53-53.	1.7	16
34	Changing the Antibiotic Prescribing of general practice registrars: the ChAP study protocol for a prospective controlled study of a multimodal educational intervention. BMC Family Practice, 2016, 17, 67.	2.9	14
35	Antibiotic prescribing for acute otitis media and acute sinusitis: a cross-sectional analysis of the ReCEnT study exploring the habits of early career doctors in family practice. Family Practice, 2017, 34, 180-187.	1.9	14
36	An underutilised resource for Antimicrobial Stewardship: a †snapshot†of the community pharmacists†role in delayed or †wait and see†antibiotic prescribing. International Journal of Pharmacy Practice, 2018, 26, 373-375.	0.6	14

#	Article	IF	Citations
37	Changes in early-career family physicians' antibiotic prescribing for upper respiratory tract infection and acute bronchitis: a multicentre longitudinal study. Family Practice, 2016, 33, 360-367.	1.9	13
38	Reducing general practice trainees' antibiotic prescribing for respiratory tract infections: an evaluation of a combined face-to-face workshop and online educational intervention. Education for Primary Care, 2016, 27, 98-105.	0.6	13
39	Medical students, early general practice placements and positive supervisor experiences. Education for Primary Care, 2018, 29, 71-78.	0.6	13
40	Effects of an evidence report and policies lifting reimbursement restrictions for acid suppressants: analysis of the Belgian national database. Pharmacoepidemiology and Drug Safety, 2008, 17, 1113-1122.	1.9	12
41	Anticholinergic medicines in an older primary care population: a cross-sectional analysis of medicines' levels of anticholinergic activity and clinical indications. Journal of Clinical Pharmacy and Therapeutics, 2016, 41, 486-492.	1.5	12
42	Women's questions about medicines in pregnancy – An analysis of calls to an Australian national medicines call centre. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2017, 57, 334-341.	1.0	12
43	Focus on early-career GPs: qualitative evaluation of a multi-faceted educational intervention to improve antibiotic prescribing. Family Practice, 2018, 35, 99-104.	1.9	12
44	Oral Medications to Treat Toenail Fungal Infection. JAMA - Journal of the American Medical Association, 2018, 319, 397.	7.4	11
45	Antifungal agents for invasive candidiasis in non-neutropenic critically ill adults: What do the guidelines recommend?. International Journal of Infectious Diseases, 2019, 89, 137-145.	3.3	11
46	In-consultation information and advice-seeking by Australian GP trainees from GP trainers – a cross-sectional analysis. Education for Primary Care, 2015, 26, 155-165.	0.6	10
47	Reporting of patient-centred outcomes in heart failure trials: are patient preferences being ignored?. Heart Failure Reviews, 2015, 20, 385-392.	3.9	10
48	Continuity of care in general practice vocational training: prevalence, associations and implications for training. Education for Primary Care, 2016, 27, 27-36.	0.6	10
49	General practice training in regional and rural Australia: A crossâ€sectional analysis of the Registrar Clinical Encounters in Training study. Australian Journal of Rural Health, 2020, 28, 32-41.	1.5	10
50	Changes in Australian Early-Career General Practitioners' Benzodiazepine Prescribing: a Longitudinal Analysis. Journal of General Internal Medicine, 2018, 33, 1676-1684.	2.6	9
51	Assessment of immune function after short-term administration of recombinant human growth hormone in healthy young males. European Journal of Applied Physiology, 2011, 111, 1307-1312.	2.5	8
52	Travel Medicine Encounters of Australian General Practice Traineesâ€"A Cross-Sectional Study. Journal of Travel Medicine, 2015, 22, 375-382.	3.0	8
53	Test ordering in an evidence free zone: Rates and associations of <scp>A</scp> ustralian general practice trainees' vitamin <scp>D</scp> test ordering. Journal of Evaluation in Clinical Practice, 2015, 21, 1151-1156.	1.8	8
54	Is three a crowd? Impact of the presence of a medical student in the general practice consultation. Medical Education, 2016, 50, 225-235.	2.1	8

#	Article	IF	CITATIONS
55	The pattern of anxiolytic and hypnotic management by Australian general practice trainees. Drug and Alcohol Review, 2017, 36, 261-269.	2.1	8
56	Older patients' consultations in an apprenticeship modelâ€based general practice training program: A crossâ€sectional study. Australasian Journal on Ageing, 2017, 36, E1-E7.	0.9	8
57	Room for improvement in reporting of trials discontinuing long-term medication: a systematic review. Journal of Clinical Epidemiology, 2020, 119, 65-74.	5.0	8
58	Pathology test-ordering behaviour of Australian general practice trainees: a cross-sectional analysis. International Journal for Quality in Health Care, 2015, 27, 528-535.	1.8	7
59	Postpartum consultations in Australian general practice. Australian Journal of Primary Health, 2016, 22, 128.	0.9	7
60	What do consumers want to know about antibiotics? Analysis of a medicines call centre database. Family Practice, 2016, 33, 75-81.	1.9	7
61	General practitioner trainees' in-consultation generation of clinical questions for later answering: prevalence and associations. Family Practice, 2017, 34, 599-605.	1.9	7
62	Antibiotic stewardship in skin infections: a cross-sectional analysis of early-career GP's management of impetigo. BMJ Open, 2019, 9, e031527.	1.9	7
63	Delayed prescribing of antibiotics for acute respiratory infections by GP registrars: a qualitative study. Family Practice, 2020, 37, 406-411.	1.9	7
64	The impact of removing financial incentives and/or audit and feedback on chlamydia testing in general practice: A cluster randomised controlled trial (ACCEPt-able). PLoS Medicine, 2022, 19, e1003858.	8.4	7
65	The Brisbane International Initiative: fostering leadership and international collaboration in primary care research. Medical Journal of Australia, 2008, 189, 100-102.	1.7	6
66	Australian general practice trainees' exposure to ophthalmic problems and implications for training: a cross-sectional analysis. Journal of Primary Health Care, 2016, 8, 295.	0.6	6
67	What do health consumers want to know about childhood vaccination? An evaluation of data from an Australian medicines call centre. Australian and New Zealand Journal of Public Health, 2017, 41, 74-79.	1.8	6
68	Children's medicine: What do consumers really want to know?. Journal of Paediatrics and Child Health, 2017, 53, 155-162.	0.8	6
69	Changes in pathology test ordering by early career general practitioners: a longitudinal study. Medical Journal of Australia, 2017, 207, 70-74.	1.7	6
70	Medical evidence and health policy: a marriage of convenience? The case of proton pump inhibitors. Journal of Evaluation in Clinical Practice, 2007, 13, 674-680.	1.8	5
71	Response to growth hormone treatment in <scp>P</scp> rader– <scp>W</scp> illi syndrome: Auxological criteria versus genetic diagnosis. Journal of Paediatrics and Child Health, 2013, 49, 1045-1051.	0.8	5
72	The Value of Fatigue Severity to Rule Out Depression in Older Adult Patients With Cancer. Oncology Nursing Forum, 2015, 42, E302-E309.	1.2	5

#	Article	IF	CITATIONS
73	New alumni EXperiences of Training and independent Unsupervised Practice (NEXT-UP): protocol for a cross-sectional study of early career general practitioners. BMJ Open, 2019, 9, e029585.	1.9	5
74	Transitions in general practice training: quantifying epidemiological variation in trainees' experiences and clinical behaviours. BMC Medical Education, 2022, 22, 124.	2.4	5
75	Consumers' questions about antipsychotic medication: revealing safety concerns and the silent voices of young men. Social Psychiatry and Psychiatric Epidemiology, 2015, 50, 725-733.	3.1	4
76	Clinical encounters of Australian general practice registrars with paediatric patients. Education for Primary Care, 2017, 28, 75-80.	0.6	4
77	Clinical experience of patients with hepatitis C virus infection among Australian GP trainees. Medical Journal of Australia, 2017, 206, 308-309.	1.7	4
78	GP registrar consultations addressing menopause-related symptoms: a cross-sectional analysis. Menopause, 2018, 25, 563-570.	2.0	4
79	Does consumer medicines interest reflect medicines use? An observational study comparing medicines call center queries with medicines use. Research in Social and Administrative Pharmacy, 2019, 15, 440-447.	3.0	4
80	Australian general practice registrars and their experience with postpartum consultations: A crossâ€sectional analysis of prevalence and associations. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2020, 60, 196-203.	1.0	4
81	Trends in Australian dental prescribing of antibiotics: 2005â€2016. Australian Dental Journal, 2021, 66 Suppl 1, S37-S41.	1.5	4
82	Triptan use in Australia 1997-2015: A pharmacoepidemiological study. Acta Neurologica Scandinavica, 2017, 136, 155-159.	2.1	3
83	Prevalence and associations of general practitioners' ordering of "non-symptomatic― prostate-specific antigen tests: A cross-sectional analysis. International Journal of Clinical Practice, 2017, 71, e12998.	1.7	3
84	The cost of successful antiviral therapy in hepatitis C patients: a comparison of IFN-free versus IFN-based regimens at an individual patient level in Australia. ClinicoEconomics and Outcomes Research, 2017, Volume 9, 595-607.	1.9	3
85	Cochrane corner: interventions to improve adherence to lipid-lowering medication. Heart, 2018, 104, 367-369.	2.9	3
86	Real-world questions and concerns about disease-modifying antirheumatic drugs (DMARDs): a retrospective analysis of questions to a medicine call center. BMC Rheumatology, 2020, 4, 27.	1.6	3
87	Unlocking the value of Cochrane reviews for general practitioners. , 2018, 47, 333-336.		3
88	Influence of rurality on general practitioner registrars' participation in their practice's afterâ€hours roster: AÂcrossâ€sectional study. Australian Journal of Rural Health, 2022, 30, 343-351.	1.5	3
89	Patient-based benefit-risk assessment of medicines: development, refinement, and validation of a content search strategy to retrieve relevant studies. Journal of the Medical Library Association: JMLA, 2022, 110, 185-204.	1.7	3
90	†Low-value' clinical care in general practice: associations of low value care in GP trainees' practice, including formative and summative examination performance – protocol for cross-sectional and retrospective cohort study analyses using the QUestionable In Training Clinical Activities (QUIT-CA) index. BMJ Open, 2022, 12, e058989.	1.9	3

#	Article	IF	CITATIONS
91	New analyses of Heart Protection Study. Lancet, The, 2004, 363, 1827-1828.	13.7	2
92	Testing and screening for chlamydia in general practice: a crossâ€sectional analysis. Australian and New Zealand Journal of Public Health, 2014, 38, 542-547.	1.8	2
93	Medication overuse headache in Australia: a call for multidisciplinary efforts at prevention and treatment. Medical Journal of Australia, 2016, 205, 283-283.	1.7	2
94	Offâ€label use of tumour necrosis factorâ€alpha inhibitors and anakinra at an Australian tertiary hospital. Internal Medicine Journal, 2016, 46, 1386-1391.	0.8	2
95	General practice registrars' clinical exposure to dermatological procedures during general practice training: a cross-sectional analysis. Education for Primary Care, 2018, 29, 357-366.	0.6	2
96	General practice registrars' experiences of antenatal care: A crossâ€sectional analysis. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2020, 60, 188-195.	1.0	2
97	International comparison of guidelines for management of impetigo: a systematic review. Family Practice, 2022, 39, 150-158.	1.9	2
98	Exploring Symptom Fluctuations and Triggers in Myalgic Encephalomyelitis/Chronic Fatigue Syndrome Using Novel Patient-Centred N-of-1 Observational Designs: AAProtocol for a Feasibility and Acceptability Study. Patient, 2022, 15, 197-206.	2.7	2
99	The new impact factor has arrived. Who cares?. European Journal of General Practice, 2015, 21, 153-154.	2.0	1
100	Management of transient ischemic attacks diagnosed by early-career general practitioners: A cross-sectional study. International Journal of Stroke, 2018, 13, 313-320.	5.9	1
101	Early career GPs, mental health training and clinical complexity: a cross-sectional analysis. Education for Primary Care, 2019, 30, 62-69.	0.6	1
102	Study protocol: content and perceived educational utility of different modalities of clinical teaching visit (CTV) workplace-based assessments within Australian general practice vocational training: a cross-sectional study. BMJ Open, 2021, 11, e045643.	1.9	1
103	Prevalence and associations of rural practice location in early-career general practitioners in Australia: a cross-sectional analysis. BMJ Open, 2022, 12, e058892.	1.9	1
104	Has the investment in general practice research been worthwhile?. Medical Journal of Australia, 2010, 193, 66-67.	1.7	0
105	Striving for more socially just global health. Medical Journal of Australia, 2018, 208, 294-294.	1.7	0
106	Withdrawal and Misuse Concerns of Consumers regarding Opioid Analgesic and Anxiolytic, Hypnotic and Sedative Medicines. Substance Use and Misuse, 2020, 55, 1980-1992.	1.4	0
