#	Article	IF	CITATIONS
1	Experiences of physical activity and exercise among women with obstructive pulmonary disease. Physiotherapy Theory and Practice, 2023, 39, 1681-1691.	1.3	1
2	The association between length of stay in the emergency department and short-term mortality. Internal and Emergency Medicine, 2022, 17, 233-240.	2.0	15
3	Systemic diseases and their association with open-angle glaucoma in the population of Stockholm. International Ophthalmology, 2022, 42, 1481-1489.	1.4	8
4	Incident cases of vision impairment and blindness among adult foreign-born and Swedish-born individuals: A national Swedish study. European Journal of Ophthalmology, 2022, , 112067212210907.	1.3	0
5	Narcolepsy among first―and secondâ€generation immigrants in Sweden: A study of the total population. Acta Neurologica Scandinavica, 2022, 146, 160-166.	2.1	2
6	Cohort Profile: The Stockholm Diabetes Prevention Programme (SDPP). International Journal of Epidemiology, 2022, 51, e401-e413.	1.9	2
7	Valvular heart diseases in immigrants and Swedish-born individuals: a national cohort study. Scandinavian Cardiovascular Journal, 2022, 56, 217-223.	1.2	1
8	Health care consumption and psychiatric diagnoses among adolescent girls 1 and 2Âyears after a first-time registered child sexual abuse experience: a cohort study in the Stockholm Region. European Child and Adolescent Psychiatry, 2021, 30, 1803-1811.	4.7	10
9	Urolithiasis in secondâ€generation immigrant children younger than 18Âyears of age in Sweden. Acta Paediatrica, International Journal of Paediatrics, 2021, 110, 340-346.	1.5	O
10	Mortality in first- and second-generation immigrants to Sweden diagnosed with type 2 diabetes: a 10Âyear nationwide cohort study. Diabetologia, 2021, 64, 95-108.	6.3	10
11	Osteoporotic fractures among foreign-born individuals: a national Swedish study. Osteoporosis International, 2021, 32, 343-352.	3.1	7
12	Delayed healthcare access among victims of sexual abuse, understood through internal and external gatekeeping mechanisms. Nordic Journal of Psychiatry, 2021, 75, 370-377.	1.3	4
13	Huntington's disease among immigrant groups and Swedish-born individuals: a cohort study of all adults 18 years of age and older in Sweden. Neurological Sciences, 2021, 42, 3851-3856.	1.9	1
14	Osteoporotic fractures in second-generation immigrants and Swedish natives. Osteoporosis International, 2021, 32, 1343-1350.	3.1	2
15	The risk of venous thromboembolism and physical activity level, especially high level: a systematic review. Journal of Thrombosis and Thrombolysis, 2021, 52, 508-516.	2.1	7
16	Association between self-rated health and the risk of hip fracture and mortality in a cohort of older women during a 10-year follow-up. PLoS ONE, 2021, 16, e0247924.	2.5	6
17	Virtual patients reflecting the clinical reality of primary care – a useful tool to improve cultural competence. BMC Medical Education, 2021, 21, 270.	2.4	5
18	Determinants for use of direct-to-consumer telemedicine consultations in primary healthcareâ€"a registry based total population study from Stockholm, Sweden. BMC Family Practice, 2021, 22, 133.	2.9	30

#	Article	IF	CITATIONS
19	Primary care consultations on emotional distress $\hat{a} \in \hat{a}$ a part of the acculturation process in patients with refugee backgrounds: a grounded theory approach. BMC Family Practice, 2021, 22, 138.	2.9	O
20	Hearing impairment among children in Sweden with foreignâ€born parents and natives: A national Swedish study. Acta Paediatrica, International Journal of Paediatrics, 2021, 110, 2817-2824.	1.5	2
21	Visual impairment among children in Sweden with foreignâ€born parents and natives: a national Swedish study. Acta Paediatrica, International Journal of Paediatrics, 2021, , .	1.5	1
22	Amyotrophic lateral sclerosis (ALS) among immigrant groups and Swedish-born individuals: a cohort study of all adults 18Âyears of age and older in Sweden. Journal of Neurology, 2021, , 1.	3.6	0
23	The association between BMI and 90-day mortality in patients with and without diabetes seeking care at the emergency department. Upsala Journal of Medical Sciences, 2021, 126, .	0.9	1
24	Simply the best? The impact of quality on choice of primary healthcare provider in Sweden. Health Policy, 2021, 125, 1448-1454.	3.0	7
25	Plasma calprotectin in the emergency department: a potential clinical biomarker for patients with infectious diseases. Scandinavian Journal of Clinical and Laboratory Investigation, 2021, 81, 593-597.	1.2	5
26	Country of birth and mortality risk in hypertension with and without diabetes: the Swedish primary care cardiovascular database. Journal of Hypertension, 2021, 39, 1155-1162.	0.5	5
27	Levothyroxine treatment and incident dementia in adults with atrial fibrillation. Aging Clinical and Experimental Research, 2020, 32, 433-439.	2.9	3
28	Effects of hatha yoga on self-reported health outcomes in a randomized controlled trial of patients with obstructive pulmonary disorders. Nordic Psychology, 2020, 72, 65-79.	0.8	2
29	Epilepsy in secondâ€generation immigrants: a cohort study of all children up to 18 years of age in Sweden. European Journal of Neurology, 2020, 27, 152-159.	3.3	2
30	Health care consumption among adolescent girls prior to diagnoses of sexual abuse, a case–control study in the Stockholm Region. European Child and Adolescent Psychiatry, 2020, 29, 1363-1369.	4.7	4
31	A One-Session Treatment of PTSD After Single Sexual Assault Trauma. A Pilot Study of the WONSA MLI Project: A Randomized Controlled Trial. Journal of Interpersonal Violence, 2020, , 088626052096597.	2.0	5
32	Use of cardiovascular drugs and risk of incident heart failure in patients with atrial fibrillation. Journal of Clinical Hypertension, 2020, 22, 1396-1405.	2.0	1
33	Multiple sclerosis among first―and secondâ€generation immigrant groups in Sweden. Acta Neurologica Scandinavica, 2020, 142, 339-349.	2.1	5
34	The impact of diabetes, education and income on mortality and cardiovascular events in hypertensive patients: A cohort study from the Swedish Primary Care Cardiovascular Database (SPCCD). PLoS ONE, 2020, 15, e0237107.	2.5	5
35	High Variability in Implementation of Selective-Prevention Services for Cardiometabolic Diseases in Five European Primary Care Settings. International Journal of Environmental Research and Public Health, 2020, 17, 9080.	2.6	0
36	The association between sociodemographic characteristics and dementia in patients with atrial fibrillation. Aging Clinical and Experimental Research, 2020, 32, 2319-2327.	2.9	6

#	Article	IF	CITATIONS
37	Long-term effects of group exercise intervention on maximal step-up height in middle-aged female primary care patients with obesity and other cardio-metabolic risk factors. BMC Sports Science, Medicine and Rehabilitation, 2020, 12, 11.	1.7	2
38	The informal curriculum of family medicine – what does it entail and how is it taught to residents? A systematic review. BMC Family Practice, 2020, 21, 49.	2.9	8
39	TNFR1 is associated with short-term mortality in patients with diabetes and acute dyspnea seeking care at the emergency department. Acta Diabetologica, 2020, 57, 1145-1150.	2.5	2
40	Parkinson's Disease Among Immigrant Groups and Swedish-Born Individuals: A Cohort Study of All Adults 50 Years of Age and Older in Sweden. Journal of Parkinson's Disease, 2020, 10, 1133-1141.	2.8	4
41	Distal forearm fractures in immigrant groups: A national Swedish study. Bone, 2020, 138, 115508.	2.9	2
42	Epilepsy in immigrants and Swedish-born: A cohort study of all adults 18 years of age and older in Sweden. Seizure: the Journal of the British Epilepsy Association, 2020, 76, 116-122.	2.0	1
43	Levothyroxine treatment is associated with an increased relative risk of overall and organ specific incident cancers – a cohort study of the Swedish population. Cancer Epidemiology, 2020, 66, 101707.	1.9	13
44	Selective prevention of cardiometabolic diseases: activities and attitudes of general practitioners across Europe. European Journal of Public Health, 2019, 29, 88-93.	0.3	31
45	Urolithiasis in immigrant groups: a nationwide cohort study in Sweden. Scandinavian Journal of Urology, 2019, 53, 69-76.	1.0	2
46	A randomized controlled pilot study of the effects of 6-week high intensity hatha yoga protocol on health-related outcomes among students. Journal of Bodywork and Movement Therapies, 2019, 23, 766-772.	1.2	12
47	Limited value of NT-proBNP as a prognostic marker of all-cause mortality in patients with heart failure with preserved and mid-range ejection fraction in primary care: A report from the swedish heart failure register. Scandinavian Journal of Primary Health Care, 2019, 37, 434-443.	1.5	8
48	An evidence-based toolbox for the design and implementation of selective-prevention primary-care initiatives targeting cardio-metabolic disease. Preventive Medicine Reports, 2019, 16, 100979.	1.8	5
49	Venous thromboembolism 2011–2018 in Stockholm: a demographic study. Journal of Thrombosis and Thrombolysis, 2019, 48, 668-673.	2.1	13
50	Association Between Relevant Co-Morbidities and Dementia With Atrial Fibrillation–A National Study. Archives of Medical Research, 2019, 50, 29-35.	3.3	11
51	The use of anthropometric measures in the prediction of incident gout: results from a Swedish community-based cohort study. Scandinavian Journal of Rheumatology, 2019, 48, 294-299.	1.1	6
52	Dementia in immigrant groups: A cohort study of all adults 45 years of age and older in Sweden. Archives of Gerontology and Geriatrics, 2019, 82, 251-258.	3.0	13
53	The Association Between Gout and Cardiovascular Disease in Patients with Atrial Fibrillation. SN Comprehensive Clinical Medicine, 2019, 1 , 304-310.	0.6	6
54	End-Stage Kidney Diseases in Immigrant Groups: A Nationwide Cohort Study in Sweden. American Journal of Nephrology, 2019, 49, 186-192.	3.1	3

#	Article	IF	CITATIONS
55	Effects of cardiovascular pharmacotherapies on incident dementia in patients with atrial fibrillation: A cohort study of all patients above 45 years diagnosed with AF in hospitals in Sweden. International Journal of Cardiology, 2019, 297, 55-60.	1.7	2
56	Effect of Levothyroxine Treatment on Incident Dementia in Adults with Atrial Fibrillation and Hypothyroidism. Clinical Drug Investigation, 2019, 39, 187-195.	2.2	6
57	Atrial fibrillation in immigrants under the age of 45 y in Sweden. International Health, 2019, 11, 193-202.	2.0	3
58	Comorbidities, risk factors and outcomes in patients with heart failure and an ejection fraction of more than or equal to 40% in primary care- and hospital care-based outpatient clinics. Scandinavian Journal of Primary Health Care, 2018, 36, 207-215.	1.5	11
59	The association between relevant co-morbidities and prevalent as well as incident heart failure in patients with atrial fibrillation. Journal of Cardiology, 2018, 72, 26-32.	1.9	22
60	Mortality trends and cause of death in patients with new-onset type 2 diabetes and controls: A 24-year follow-up prospective cohort study. Diabetes Research and Clinical Practice, 2018, 138, 81-89.	2.8	17
61	Barriers and facilitators among health professionals in primary care to prevention of cardiometabolic diseases: A systematic review. Family Practice, 2018, 35, 383-398.	1.9	55
62	High prevalence of diabetes mellitus, hypertension and obesity among persons with a recorded diagnosis of intellectual disability or autism spectrum disorder. Journal of Intellectual Disability Research, 2018, 62, 269-280.	2.0	72
63	Effect of traditional yoga, mindfulness–based cognitive therapy, and cognitive behavioral therapy, on health related quality of life: a randomized controlled trial on patients on sick leave because of burnout. BMC Complementary and Alternative Medicine, 2018, 18, 80.	3.7	39
64	Coping strategies among patients newly diagnosed with diabetes or rheumatoid arthritis at baseline and after 24 months. Journal of Health Psychology, 2018, 23, 1273-1286.	2.3	6
65	Psychometric Testing of an Instrument About Intimate Partner Violence. Clinical Nursing Research, 2018, 27, 497-515.	1.6	2
66	Impact of an educational intervention for district nurses about preparedness to encounter women exposed to intimate partner violence. Scandinavian Journal of Caring Sciences, 2018, 32, 902-913.	2.1	8
67	Mortality in patients with atrial fibrillation and common co-morbidities – a cohort study in primary care. Annals of Medicine, 2018, 50, 156-163.	3.8	9
68	Experiences of hatha yogic exercises among patients with obstructive pulmonary diseases: A qualitative study. Journal of Bodywork and Movement Therapies, 2018, 22, 896-903.	1.2	5
69	Heart failure in immigrant groups: a cohort study of adults aged 45 years and over in Sweden. Scandinavian Cardiovascular Journal, 2018, 52, 292-300.	1.2	15
70	Circling the undefinedâ€"A grounded theory study of intercultural consultations in Swedish primary care. PLoS ONE, 2018, 13, e0203383.	2.5	11
71	The association between relevant comorbidities and dementia in patients with atrial fibrillation. GeroScience, 2018, 40, 317-324.	4.6	15
72	Antihypertensive drugs and relevant cardiovascular pharmacotherapies and the risk of incident dementia in patients with atrial fibrillation. International Journal of Cardiology, 2018, 272, 149-154.	1.7	14

#	Article	IF	Citations
73	Barriers and facilitators to participation in a health check for cardiometabolic diseases in primary care: A systematic review. European Journal of Preventive Cardiology, 2018, 25, 1326-1340.	1.8	55
74	Vitamin D deficiency was common in all patients at a Swedish primary care centre, but more so in patients born outside of Europe. Zeitschrift Fur Gesundheitswissenschaften, 2018, 26, 649-652.	1.6	3
75	Socioeconomic factors and mortality in patients with atrial fibrillationâ€"a cohort study in Swedish primary care. European Journal of Public Health, 2018, 28, 1103-1109.	0.3	25
76	Cardiovascular events in patients under age fifty with early findings of elevated lipid and glucose levels – The AMORIS study. PLoS ONE, 2018, 13, e0201972.	2.5	8
77	Associations between relevant cardiovascular pharmacotherapies and incident heart failure in patients with atrial fibrillation. Journal of Hypertension, 2018, 36, 1929-1935.	0.5	3
78	To ask, or not to ask: the hesitation process described by district nurses encountering women exposed to intimate partner violence. Journal of Clinical Nursing, 2017, 26, 2256-2265.	3.0	33
79	Gout in immigrant groups: a cohort study in Sweden. Clinical Rheumatology, 2017, 36, 1091-1102.	2.2	7
80	Diagnoses of sexual abuse and their common registered comorbidities in the total population of Stockholm. Journal of Epidemiology and Community Health, 2017, 71, 592-598.	3.7	11
81	The use of a Swedish telephone medical advice service by the elderly – a population-based study. Scandinavian Journal of Primary Health Care, 2017, 35, 98-104.	1.5	12
82	Neighborhood socioeconomic status at the age of 40 years and ischemic stroke before the age of 50 years: A nationwide cohort study from Sweden. International Journal of Stroke, 2017, 12, 815-826.	5.9	24
83	Comparison of Mortality and Nonfatal Cardiovascular Events in Adults With Atrial Fibrillation With Versus Without Levothyroxine Treatment. American Journal of Cardiology, 2017, 120, 1974-1979.	1.6	8
84	Recording a diagnosis of stroke, transient ischaemic attack or myocardial infarction in primary healthcare and the association with dispensation of secondary preventive medication: a registry-based prospective cohort study. BMJ Open, 2017, 7, e015723.	1.9	8
85	Atrial fibrillation in immigrant groups: a cohort study of all adults 45Âyears of age and older in Sweden. European Journal of Epidemiology, 2017, 32, 785-796.	5.7	14
86	HIV-infection and psychiatric illnesses – A double edged sword that threatens the vision of a contained epidemic. Journal of Infection, 2017, 74, 22-28.	3.3	31
87	Association between antithrombotic treatment and hemorrhagic stroke in patients with atrial fibrillation $\hat{\epsilon}$ "a cohort study in primary care. European Journal of Clinical Pharmacology, 2017, 73, 215-221.	1.9	3
88	Effects of yogic exercises on functional capacity, lung function and quality of life in participants with obstructive pulmonary disease: a randomized controlled study. European Journal of Physical and Rehabilitation Medicine, 2017, 53, 447-461.	2.2	27
89	Psychiatric comorbidities in patients with hypertension – a study of registered diagnoses 2009–2013 in the total population in Stockholm County, Sweden. Journal of Hypertension, 2016, 34, 414-420.	0.5	47
90	Depression and anxiety after 2 years of follow-up in patients diagnosed with diabetes or rheumatoid arthritis. Health Psychology Open, 2016, 3, 205510291667810.	1.4	9

#	Article	IF	Citations
91	Mental disorder and long-term risk of mortality: 41 years of follow-up of a population sample in Stockholm, Sweden. Epidemiology and Psychiatric Sciences, 2016, 25, 384-392.	3.9	9
92	Neighbourhood socio-economic status and all-cause mortality in adults with atrial fibrillation: A cohort study of patients treated in primary care in Sweden. International Journal of Cardiology, 2016, 202, 776-781.	1.7	34
93	Warfarin treatment and risk of myocardial infarction â€" A cohort study of patients with atrial fibrillation treated in primary health care. International Journal of Cardiology, 2016, 221, 789-793.	1.7	5
94	Warfarin treatment and risk of stroke among primary care patients with atrial fibrillation. Scandinavian Cardiovascular Journal, 2016, 50, 311-316.	1.2	8
95	Low fructosamine and mortality $\hat{a}\in$ A long term follow-up of 215,011 non-diabetic subjects in the Swedish AMORIS study. Nutrition, Metabolism and Cardiovascular Diseases, 2016, 26, 1120-1128.	2.6	8
96	Reply. Journal of Hypertension, 2016, 34, 1441-1442.	0.5	0
97	Response to CarlssonetÂal.: Prevalence and incidence of diabetes mellitus: a nationwide population-based pharmaco-epidemiological study in Sweden. Diabetic Medicine, 2016, 33, 1150-1152.	2.3	0
98	How to best assess quality of drug treatment in patients with heart failure. European Journal of Clinical Pharmacology, 2016, 72, 965-975.	1.9	3
99	Chronic kidney disease and 10-year risk of cardiovascular death. European Journal of Preventive Cardiology, 2016, 23, 1187-1194.	1.8	15
100	Effects of High-Intensity Hatha Yoga on Cardiovascular Fitness, Adipocytokines, and Apolipoproteins in Healthy Students: A Randomized Controlled Study. Journal of Alternative and Complementary Medicine, 2016, 22, 81-87.	2.1	23
101	Depression or anxiety and all-cause mortality in adults with atrial fibrillation – A cohort study in Swedish primary care. Annals of Medicine, 2016, 48, 59-66.	3.8	26
102	Neighbourhood socioeconomic status and coronary heart disease in individuals between 40 and 50â€years. Heart, 2016, 102, 775-782.	2.9	38
103	Health-related quality of life in patients with Burnout on sick leave: descriptive and comparative results from a clinical study. International Archives of Occupational and Environmental Health, 2016, 89, 319-329.	2.3	9
104	Low anthropometric measures and mortalityâ€"results from the Malmö Diet and Cancer Study. Annals of Medicine, 2015, 47, 325-331.	3.8	10
105	Prevalence and incidence of diabetes mellitus: a nationwide populationâ€based pharmacoâ€epidemiological study in Sweden. Diabetic Medicine, 2015, 32, 1319-1328.	2.3	79
106	Pharmacotherapy and mortality in atrial fibrillation—a cohort of men and women 75 years or older in Sweden. Age and Ageing, 2015, 44, 232-238.	1.6	7
107	Prevalence, incidence, mortality and co-morbidities amongst human immunodeficiency virus (HIV) patients in Stockholm County, Sweden – The Greater Stockholm HIV Cohort Study. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2015, 27, 142-149.	1.2	23
108	Neighborhood deprivation and warfarin, aspirin and statin prescription — A cohort study of men and women treated for atrial fibrillation in Swedish primary care. International Journal of Cardiology, 2015, 187, 547-552.	1.7	23

#	Article	IF	CITATIONS
109	Gout and its comorbidities in the total population of Stockholm. Preventive Medicine, 2015, 81, 387-391.	3.4	29
110	Impact of symptomatic hypoglycemia on medication adherence, patient satisfaction with treatment, and glycemic control in patients with type 2 diabetes. Patient Preference and Adherence, 2014, 8, 593.	1.8	62
111	Risks for stroke and bleeding with warfarin or aspirin treatment in patients with atrial fibrillation at different CHA2DS2VASc scores: experience from the Stockholm region. European Journal of Clinical Pharmacology, 2014, 70, 1477-1485.	1.9	44
112	Psychometric evaluation of a questionnaire and primary healthcare nurses' attitudes towards research and use of research findings. Scandinavian Journal of Caring Sciences, 2014, 28, 173-185.	2.1	18
113	Gender differences and time trends in incidence and prevalence of type 2 diabetes in Sweden—A model explaining the diabetes epidemic worldwide today?. Diabetes Research and Clinical Practice, 2014, 106, e90-e92.	2.8	61
114	Effects of prescribed antithrombotics and other cardiovascular pharmacotherapies on all-cause mortality in patients with diabetes and atrial fibrillation $\hat{a} \in \hat{a}$ a cohort study from Sweden using propensity score analyses. Diabetology and Metabolic Syndrome, 2014, 6, 2.	2.7	7
115	Effects of prescribed antihypertensives and other cardiovascular drugs on mortality in patients with atrial fibrillation and hypertension: a cohort study from Sweden. Hypertension Research, 2014, 37, 553-559.	2.7	14
116	Response to: Modifiable lifestyle risks, cardiovascular disease, and all-cause mortality. International Journal of Cardiology, 2014, 173, 560.	1.7	1
117	Effect of cardiovascular drugs on mortality in atrial fibrillation and chronic heart failure. Scandinavian Cardiovascular Journal, 2014, 48, 291-298.	1.2	5
118	Follow-Up Two Years After Diagnosis of Diabetes in Patients With Psychosocial Problems Receiving an Intervention by a Medical Social Worker. Social Work in Health Care, 2014, 53, 584-600.	1.6	4
119	Differences in anthropometric measures in immigrants and Swedish-born individuals: Results from two community-based cohort studies. Preventive Medicine, 2014, 69, 151-156.	3.4	9
120	What predicts negative effects of rheumatoid arthritis? A follow-up two years after diagnosis. SpringerPlus, 2014, 3, 118.	1.2	9
121	Diabetes and psychiatric illness in the total population of Stockholm. Journal of Psychosomatic Research, 2014, 77, 169-173.	2.6	33
122	Personality measured as Murray's psychological needs and all-cause mortality: 41years of follow-up of a population-based sample. Personality and Individual Differences, 2014, 68, 32-36.	2.9	3
123	Integrative medicine for back and neck pain: Exploring cost-effectiveness alongside a randomized clinical pilot trial. European Journal of Integrative Medicine, 2014, 6, 29-38.	1.7	4
124	Psychometric Evaluation of a Coping Questionnaire in Two Independent Samples of People with Diabetes. Stress and Health, 2013, 29, 286-296.	2.6	5
125	Increased heart rate variability but no effect on blood pressure from 8 weeks of hatha yoga – a pilot study. BMC Research Notes, 2013, 6, 59.	1.4	39
126	Differences and time trends in drug treatment of atrial fibrillation in men and women and doctors' adherence to warfarin therapy recommendations. European Journal of Clinical Pharmacology, 2013, 69, 245-253.	1.9	26

#	Article	IF	CITATIONS
127	High prevalence of diagnosis of diabetes, depression, anxiety, hypertension, asthma and COPD in the total population of Stockholm, Sweden – a challenge for public health. BMC Public Health, 2013, 13, 670.	2.9	105
128	Seven modifiable lifestyle factors predict reduced risk for ischemic cardiovascular disease and all-cause mortality regardless of body mass index: A cohort study. International Journal of Cardiology, 2013, 168, 946-952.	1.7	88
129	Most common diseases diagnosed in primary care in Stockholm, Sweden, in 2011. Family Practice, 2013, 30, 506-513.	1.9	77
130	Lack of long-term effects from a pedagogical intervention upon blood pressure control—a randomized primary care study. Scandinavian Cardiovascular Journal, 2013, 47, 289-296.	1.2	6
131	Effects of Nordic walking on cardiovascular risk factors in overweight individuals with type 2 diabetes, impaired or normal glucose tolerance. Diabetes/Metabolism Research and Reviews, 2013, 29, 25-32.	4.0	47
132	High levels of leptin are associated with poor self-rated health in men and women with type 2 diabetes treated with metformin. Nutrition, Metabolism and Cardiovascular Diseases, 2013, 23, e11-e12.	2.6	1
