#	ARTICLE	IF	CITATIONS
1	Promotion of physical activity interventions for community dwelling older adults: A systematic review of reviews. PLoS ONE, 2017, 12, e0180902.	2.5	270
2	Compliance in adolescents with chronic diseases: a review11The full text of this article is available via JAH Online at http://www.elsevier.com/locate/jahonline.. Journal of Adolescent Health, 2000, 26, 379-388.	2.5	242
3	Supporting "work-related goals" rather than "return to work" after cancer? A systematic review and meta-synthesis of 25 qualitative studies. Psycho-Oncology, 2013, 22, 1208-1219.	2.3	207
4	1. The Organization and Financing of Health Services for Persons with Disabilities. Milbank Quarterly, 2002, 80, 261-301.	4.4	194
5	Staying physically active after spinal cord injury: a qualitative exploration of barriers and facilitators to exercise participation. BMC Public Health, 2009, 9, 168.	2.9	186
6	The SCI Exercise Self-Efficacy Scale (ESES): development and psychometric properties. International Journal of Behavioral Nutrition and Physical Activity, 2007, 4, 34.	4.6	161
7	Barriers and strategies affecting the utilisation of primary preventive services for people with physical disabilities: a qualitative inquiry. Health and Social Care in the Community, 2006, 14, 284-293.	1.6	160
8	Understanding the consequences of access barriers to health care: experiences of adults with disabilities. Disability and Rehabilitation, 2003, 25, 85-96.	1.8	129
9	Access Barriers for Persons with Disabilities. Journal of Disability Policy Studies, 2003, 13, 221-230.	1.5	127
10	Conceptual analysis of compliance. Journal of Clinical Nursing, 2000, 9, 5-12.	3.0	112
11	Using Focus Groups in Disability Research. Qualitative Health Research, 2007, 17, 690-698.	2.1	111
12	Using peer mentoring for people with spinal cord injury to enhance self-efficacy beliefs and prevent medical complications. Journal of Clinical Nursing, 2011, 20, 351-358.	3.0	102
13	The Importance of Psychological and Social Factors in Influencing the Uptake and Maintenance of Physical Activity after Stroke: A Structured Review of the Empirical Literature. Stroke Research and Treatment, 2012, 2012, 1-20.	0.8	81
14	The invisible workforce during the COVID-19 pandemic: Family carers at the frontline. HRB Open Research, 2020, 3, 24.	0.6	69
15	From physical and functional to continuity with pre-stroke self and participation in valued activities: A qualitative exploration of stroke survivors', carers' and physiotherapists' perceptions of physical activity after stroke. Disability and Rehabilitation, 2015, 37, 64-77.	1.8	61
16	Secondary conditions in spinal cord injury: Results from a prospective survey. Disability and Rehabilitation, 2007, 29, 1229-1237.	1.8	52
17	A thematic analysis of the conceptualisation of self-care, self-management and self-management support in the long-term conditions management literature. Journal of Nursing and Healthcare of Chronic Illness, 2011, 3, 174-185.	0.5	52
18	Domestic abuse awareness and recognition among primary healthcare professionals and abused women: a qualitative investigation. Journal of Clinical Nursing, 2014, 23, 3057-3068.	3.0	49

#	ARTICLE	IF	CITATIONS
19	Physical activity participation in community dwelling stroke survivors: synergy and dissonance between motivation and capability. A qualitative study. <i>Physiotherapy</i> , 2017, 103, 311-321.	0.4	49
20	Psychosocial services in the first 30 days after diagnosis: Results of a web-based survey of children's oncology group (COG) member institutions. <i>Pediatric Blood and Cancer</i> , 2012, 58, 435-440.	1.5	48
21	Health professionals' beliefs about domestic abuse and the issue of disclosure: a critical incident technique study. <i>Health and Social Care in the Community</i> , 2013, 21, 489-499.	1.6	48
22	Experiences with care co-ordination among people with cerebral palsy, multiple sclerosis, or spinal cord injury. <i>Disability and Rehabilitation</i> , 2003, 25, 1106-1114.	1.8	39
23	Clarifying the mechanisms and resources that enable the reciprocal involvement of seldom heard groups in health and social care research: A collaborative rapid realist review process. <i>Health Expectations</i> , 2019, 22, 298-306.	2.6	39
24	Older people's views on what they need to successfully adjust to life with a hearing aid. <i>Health and Social Care in the Community</i> , 2013, 21, 293-302.	1.6	38
25	Experiences of transgender and non-binary youth accessing gender-affirming care: A systematic review and meta-ethnography. <i>PLoS ONE</i> , 2021, 16, e0257194.	2.5	38
26	Perceived Exercise Self-efficacy as a Predictor of Exercise Behavior in Individuals Aging with Spinal Cord Injury. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2012, 91, 640-651.	1.4	36
27	Treatment Adherence in Juvenile Rheumatoid Arthritis - A Review. <i>Scandinavian Journal of Rheumatology</i> , 1999, 28, 10-18.	1.1	35
28	Using Mixed Methods in Disability and Rehabilitation Research. <i>Rehabilitation Nursing</i> , 2005, 30, 106-113.	0.5	34
29	Using patient reported outcome measures in health services: A qualitative study on including people with low literacy skills and learning disabilities. <i>BMC Health Services Research</i> , 2012, 12, 431.	2.2	31
30	Understanding the consequences of access barriers to health care: experiences of adults with disabilities. <i>Disability and Rehabilitation</i> , 2003, 25, 85-96.	1.8	30
31	Barriers and facilitators perceived by registered nurses to providing person-centred care at the end of life. A scoping review. <i>International Practice Development Journal</i> , 2019, 9, 1-22.	0.3	29
32	"The demented other": identity and difference in dementia. <i>Nursing Philosophy</i> , 2009, 10, 26-33.	1.9	28
33	Design Thinking for Social Innovation in Health Care. <i>Design Journal</i> , 2017, 20, 755-774.	0.8	26
34	Challenges and Opportunities in Using Mixed Method Designs in Rehabilitation Research. <i>Archives of Physical Medicine and Rehabilitation</i> , 2009, 90, S11-S16.	0.9	25
35	Overcoming Perceived Barriers to Employment Among People with Arthritis. <i>Journal of Health Psychology</i> , 2001, 6, 205-216.	2.3	24
36	Disabled women's experiences of accessing and utilising maternity services when they are affected by domestic abuse: a critical incident technique study. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 181.	2.4	24

#	ARTICLE	IF	CITATIONS
37	Exploring the impact and use of patients' feedback about their care experiences in general practice settings: a realist synthesis. <i>Family Practice</i> , 2018, 35, 13-21.	1.9	23
38	Has she seen me?: a multiple methods study of the pharmaceutical care needs of older people with sensory impairment in Scotland. <i>BMJ Open</i> , 2018, 8, e023198.	1.9	23
39	What are the mechanisms that support healthcare professionals to adopt assisted decision-making practice? A rapid realist review. <i>BMC Health Services Research</i> , 2019, 19, 960.	2.2	23
40	Colliding worlds: Family carers' experiences of balancing work and care in Ireland during the COVID-19 pandemic. <i>Health and Social Care in the Community</i> , 2022, 30, 1133-1142.	1.6	23
41	Patient-Reported Outcome Measures for Chronic Obstructive Pulmonary Disease. <i>Patient</i> , 2013, 6, 11-21.	2.7	22
42	An examination of the psychometric properties of the community integration questionnaire (CIQ) in spinal cord injury. <i>Journal of Spinal Cord Medicine</i> , 2015, 38, 446-455.	1.4	21
43	Factors impacting the implementation of a psychoeducation intervention within the mental health system: a multisite study using the consolidation framework for implementation research. <i>BMC Health Services Research</i> , 2020, 20, 1023.	2.2	21
44	Health and Housing among Low-Income Adults with Physical Disabilities. <i>Journal of Health Care for the Poor and Underserved</i> , 2007, 18, 902-915.	0.8	20
45	What are the care needs of families experiencing cardiac arrest?: A survivor and family led scoping review. <i>Resuscitation</i> , 2021, 168, 119-141.	3.0	20
46	COVID-19 IDD: Findings from a global survey exploring family members' and paid staff's perceptions of the impact of COVID-19 on individuals with intellectual and developmental disabilities (IDD) and their caregivers.. <i>HRB Open Research</i> , 0, 5, 27.	0.6	20
47	Seeing other women breastfeed: how vicarious experience relates to breastfeeding intention and behaviour. <i>Maternal and Child Nutrition</i> , 2009, 6, 134-46.	3.0	19
48	End-of-life care in intellectual disability: a retrospective cross-sectional study. <i>BMJ Supportive and Palliative Care</i> , 2020, 10, 469-477.	1.6	19
49	Minding the gap: identifying values to enable public and patient involvement at the pre-commencement stage of research projects. <i>Research Involvement and Engagement</i> , 2020, 6, 46.	2.9	19
50	Last months of life of people with intellectual disabilities: A UK population-based study of death and dying in intellectual disability community services. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2020, 33, 1245-1258.	2.0	19
51	Beyond the Evidence-Based Practice Paradigm to Achieve Best Practice in Rehabilitation Medicine: A Clinical Review. <i>PM and R</i> , 2009, 1, 941-950.	1.6	18
52	Designing mixed methods studies in health-related research with people with disabilities. <i>International Journal of Multiple Research Approaches</i> , 2011, 5, 64-75.	0.1	18
53	Art participation for psychosocial wellbeing during stroke rehabilitation: a feasibility randomised controlled trial. <i>Disability and Rehabilitation</i> , 2019, 41, 9-18.	1.8	18
54	Social determinants of mental health: the missing dimensions of mental health nursing?. <i>Journal of Psychiatric and Mental Health Nursing</i> , 2007, 14, 661-669.	2.1	15

#	ARTICLE	IF	CITATIONS
55	Social context, art making processes and creative output: a qualitative study exploring how psychosocial benefits of art participation during stroke rehabilitation occur. <i>Disability and Rehabilitation</i> , 2016, 38, 661-672.	1.8	15
56	Renegotiating dimensions of the self: A systematic review and qualitative evidence synthesis of the lived experience of self-managing rheumatoid arthritis. <i>Health Expectations</i> , 2020, 23, 1388-1411.	2.6	15
57	Preparing accessible and understandable clinical research participant information leaflets and consent forms: a set of guidelines from an expert consensus conference. <i>Research Involvement and Engagement</i> , 2021, 7, 31.	2.9	15
58	Support for self-management of cardiovascular disease by people with learning disabilities. <i>Family Practice</i> , 2012, 29, 467-475.	1.9	14
59	Access and utilisation of maternity care for disabled women who experience domestic abuse: a systematic review. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 234.	2.4	14
60	Identifying the role of public health nurses during first postnatal visits: Experiences of mothers and public health nurses in Ireland. <i>International Journal of Nursing Studies Advances</i> , 2021, 3, 100017.	2.1	14
61	Feasibility study of the effects of art as a creative engagement intervention during stroke rehabilitation on improvement of psychosocial outcomes: study protocol for a single blind randomized controlled trial: the ACES study. <i>Trials</i> , 2014, 15, 380.	1.6	13
62	Family-Focused Preventive Interventions With Cancer Cosurvivors: A Call to Action. <i>American Journal of Public Health</i> , 2016, 106, 1381-1387.	2.7	13
63	What are the mechanisms that enable the reciprocal involvement of seldom heard groups in health and social care research? A rapid realist review protocol. <i>HRB Open Research</i> , 0, 1, 7.	0.6	13
64	Rehabilitative needs of individuals with spinal cord injury resulting from gun violence: The perspective of nursing and rehabilitation professionals. <i>Applied Nursing Research</i> , 2008, 21, 45-49.	2.2	12
65	If patient-reported outcome measures are considered key health care quality indicators, who is excluded from participation?. <i>Health Expectations</i> , 2014, 17, 605-607.	2.6	12
66	Priorities and strategies for improving disabled women's access to maternity services when they are affected by domestic abuse: a multi-method study using concept maps. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 350.	2.4	12
67	Lebanese women and sexuality: A qualitative inquiry. <i>Sexual and Reproductive Healthcare</i> , 2016, 8, 13-18.	1.2	12
68	Transition to adult services experienced by young people with cerebral palsy: A cross-sectional study. <i>Developmental Medicine and Child Neurology</i> , 2023, 65, 285-293.	2.1	12
69	Improving the health care of women living with domestic abuse. <i>Nursing Standard (Royal College of)</i> 11 0.784314 rgBT / Over	0.1	11
70	A scoping review of the pharmaceutical care needs of people with sensory loss. <i>International Journal of Pharmacy Practice</i> , 2018, 26, 380-386.	0.6	11
71	What Bothers Me Most Is the Disparity between the Choices that People Have or Don't Have: A Qualitative Study on the Health Systems Responsiveness to Implementing the Assisted Decision-Making (Capacity) Act in Ireland. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 3294.	2.6	11
72	Promote locally led initiatives to fight female genital mutilation/cutting (FGM/C) - lessons from anti-FGM/C advocates in rural Kenya. <i>Reproductive Health</i> , 2020, 17, 30.	3.1	11

#	ARTICLE	IF	CITATIONS
73	Assisted decision-making and interprofessional collaboration in the care of older people: a qualitative study exploring perceptions of barriers and facilitators in the acute hospital setting. <i>Journal of Interprofessional Care</i> , 2021, 35, 1-11.	1.7	11
74	Promoting assisted decision-making in acute care settings for care planning purposes: Study protocol. <i>HRB Open Research</i> , 0, 1, 2.	0.6	11
75	COVID-19 IDD: A global survey exploring family members' and paid staff's perceptions of the impact of COVID-19 on individuals with intellectual and developmental disabilities and their caregivers. <i>HRB Open Research</i> , 2020, 3, 39.	0.6	11
76	Meeting information needs to facilitate decision making: report cards for people with disabilities. <i>Health Expectations</i> , 2007, 10, 278-285.	2.6	10
77	Patterns of help-seeking in women when problems arise in their sexual life: a discussion paper. <i>Journal of Clinical Nursing</i> , 2013, 22, 3587-3596.	3.0	10
78	A qualitative exploration of the experiences of community dwelling older adults with sensory impairment/s receiving polypharmacy on their pharmaceutical care journey. <i>Age and Ageing</i> , 2019, 48, 895-902.	1.6	10
79	"We're really not ready for this": A qualitative exploration of community pharmacy personnel's perspectives on the pharmaceutical care of older people with sensory impairment. <i>Disability and Health Journal</i> , 2019, 12, 242-248.	2.8	10
80	Sex Life During the First 10 Years After Spinal Cord Injury: A Qualitative Exploration. <i>Sexuality and Disability</i> , 2020, 38, 107-121.	1.0	10
81	Prevalence of glucosamine and omega-3 fatty acid use and characteristics of users among mid-age women: Analysis of a nationally representative sample of 10,638 women. <i>Journal of Nutrition, Health and Aging</i> , 2016, 20, 637-644.	3.3	9
82	Nursing students' first experience of death: Identifying mechanisms for practice learning. A realist review. <i>Nurse Education Today</i> , 2021, 96, 104637.	3.3	9
83	Patient-Centered Rehabilitation: Problems and Opportunities. <i>Critical Reviews in Physical and Rehabilitation Medicine</i> , 2002, 14, 18.	0.1	9
84	Use of primary prevention services among male adults with cerebral palsy, multiple sclerosis, or spinal cord injury in managed care and fee-for-service. <i>Managed Care Quarterly</i> , 2004, 12, 6-10.	0.2	9
85	Un Abrazo Para La Familia: An Evidenced-Based Rehabilitation Approach in Providing Cancer Education to Low-SES Hispanic Co-Survivors. <i>Journal of Cancer Education</i> , 2014, 29, 626-633.	1.3	8
86	Information-sharing with respite care services for older adults: a qualitative exploration of carers' experiences. <i>Health and Social Care in the Community</i> , 2017, 25, 1404-1415.	1.6	8
87	Outcomes of a facilitation skills training programme for mental health service users, family members, and clinicians: the EOLAS project. <i>International Journal of Mental Health Nursing</i> , 2018, 27, 911-921.	3.8	8
88	Beyond the moment: Influence of a facilitated education intervention on practitioners' recovery beliefs and practices. <i>International Journal of Mental Health Nursing</i> , 2020, 29, 1067-1078.	3.8	8
89	Consumer-Directed Teaching of Health Care Professionals Involved in the Care of People With Spinal Cord Injury: The Consumer-Professional Partnership Program. <i>Journal of Continuing Education in Nursing</i> , 2008, 39, 228-234.	0.6	8
90	Reporting trends of spinal cord injury research representation: a media content analysis. <i>Disability and Health Journal</i> , 2011, 4, 121-128.	2.8	7

#	ARTICLE	IF	CITATIONS
91	Family members' perspectives on the acceptability and impact of a co-facilitated information programme: the EOLAS mental health programme. <i>Irish Journal of Psychological Medicine</i> , 2022, 39, 64-73.	1.0	7
92	Middle-aged Lebanese women's interpretation of sexual difficulties: a qualitative inquiry. <i>BMC Women's Health</i> , 2021, 21, 203.	2.0	7
93	Rare Disease Research Partnership (RAinDRoP): a collaborative approach to identify research priorities for rare diseases in Ireland. <i>HRB Open Research</i> , 0, 3, 13.	0.6	7
94	Placing Rehabilitation and Recovery After Spinal Cord Injury Into a Biographical Context. <i>Journal of Neuroscience Nursing</i> , 2012, 44, 298-306.	1.1	6
95	Focus groups as a requirements gathering method with adults with severe speech and physical impairments. <i>Behaviour and Information Technology</i> , 2013, 32, 752-760.	4.0	6
96	Development of the cancer-related loneliness assessment tool: Using the findings of a qualitative analysis to generate questionnaire items. <i>European Journal of Cancer Care</i> , 2018, 27, e12769.	1.5	6
97	COVID-19 IDD: A global survey exploring the impact of COVID-19 on individuals with intellectual and developmental disabilities and their caregivers. <i>HRB Open Research</i> , 2020, 3, 39.	0.6	6
98	Exploring the Use of Information and Communication Technology by People With Mood Disorder: A Systematic Review and Metasynthesis. <i>JMIR Mental Health</i> , 2016, 3, e30.	3.3	6
99	Transition from child to adult health services for young people with cerebral palsy in Ireland: a mixed-methods study protocol. <i>BMJ Open</i> , 2020, 10, e041425.	1.9	6
100	Rare Disease Research Partnership (RAinDRoP): a collaborative approach to identify the top 15 research priorities for rare diseases. <i>HRB Open Research</i> , 2020, 3, 13.	0.6	6
101	Beyond the COVID-19 pandemic for working carers across the European Union: work, policy and gender considerations. <i>International Journal of Care and Caring</i> , 2022, 6, 289-298.	0.5	6
102	The CHAMPION software project. , 2011, , .		5
103	Accessibility of fitness centres for people with disabilities in a region in North East Scotland. <i>Public Health</i> , 2013, 127, 782-784.	2.9	5
104	Scoping review of factors influencing the implementation of group psychoeducational initiatives for people experiencing mental health difficulties and their families. <i>Journal of Mental Health</i> , 2022, 31, 859-872.	1.9	5
105	"It is stressful, almost every hour": Experiences of caring for people living with dementia in Kenya – An interpretive phenomenological approach. <i>Dementia</i> , 2021, 20, 2916-2932.	2.0	5
