| #  | ARTICLE                                                                                                                                                                                                                             | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Barriers to scaling up hepatitis C treatment in Malaysia: a qualitative study with key stakeholders. <i>BMC Public Health</i> , 2022, 22, 371.                                                                                      | 2.9 | 4         |
| 2  | A quasi-randomised controlled trial of online distribution of home-based hepatitis C self-testing for key populations in Malaysia: a study protocol. <i>Trials</i> , 2022, 23, 304.                                                 | 1.6 | 4         |
| 3  | Health-related quality of life of Malaysian patients with chronic non-malignant pain and its associated factors: a cross-sectional study. <i>BMC Musculoskeletal Disorders</i> , 2022, 23, 400.                                     | 1.9 | 3         |
| 4  | A Malaysian retrospective study of acupuncture-assisted anesthesia in breast lump excision. <i>Acupuncture in Medicine</i> , 2021, 39, 64-68.                                                                                       | 1.0 | 2         |
| 5  | Prevalence of Drug-Related Problems and Complementary and Alternative Medicine Use in Malaysia: A Systematic Review and Meta-Analysis of 37,249 Older Adults. <i>Pharmaceuticals</i> , 2021, 14, 187.                               | 3.8 | 16        |
| 6  | A Two-Year Outcome Evaluation of Government-Led Initiative to Upscale Hospital-based Hepatitis C Treatment Using a Standard Two-Drug Regimen in Malaysia. <i>Hepatitis Monthly</i> , 2021, 21, .                                    | 0.2 | 3         |
| 7  | Medication-related knowledge, administration practice and adherence among caregivers of chronically ill children in Malaysia. <i>BMC Pediatrics</i> , 2021, 21, 216.                                                                | 1.7 | 1         |
| 8  | What China can learn from Malaysia to achieve the goal of "eliminate hepatitis C as a public health threat" by 2030 – a narrative review. <i>The Lancet Regional Health - Western Pacific</i> , 2021, 16, 100261.                   | 2.9 | 15        |
| 9  | Medication Safety at Home: A Qualitative Study on Caregivers of Chronically Ill Children in Malaysia. <i>Hospital Pharmacy</i> , 2020, 55, 405-411.                                                                                 | 1.0 | 10        |
| 10 | Comment on: "Projections of the Healthcare Costs and Disease Burden due to Hepatitis C Infection Under Different Treatment Policies in Malaysia, 2018–2040". <i>Applied Health Economics and Health Policy</i> , 2020, 18, 139-140. | 2.1 | 10        |
| 11 | A 5-year evaluation of using stool-based test for opportunistic colorectal cancer screening in primary health institutions across Malaysia. <i>Cancer Epidemiology</i> , 2020, 69, 101829.                                          | 1.9 | 8         |
| 12 | Find the Missing Millions: Malaysia's experience with nationwide hepatitis C screening campaign in the general population. <i>Journal of Viral Hepatitis</i> , 2020, 27, 638-643.                                                   | 2.0 | 11        |
| 13 | Treatment Coverage and Drug Expenditure in Hepatitis C Patients From 2013 to 2019: A Journey of Improving Treatment Accessibility in Malaysia Through Government-led Initiatives. <i>Hepatitis Monthly</i> , 2020, 20, .            | 0.2 | 8         |
| 14 | Management and glycemic control of patients with type 2 diabetes mellitus at primary care level in Kedah, Malaysia: A statewide evaluation. <i>PLoS ONE</i> , 2019, 14, e0223383.                                                   | 2.5 | 7         |
| 15 | Trends in Vaccination Refusal in Children Under 2 Years of Age in Kedah, Malaysia: A 4-Year Review From 2013 to 2016. <i>Asia-Pacific Journal of Public Health</i> , 2018, 30, 137-146.                                             | 1.0 | 8         |
| 16 | Influences of pictogram-based instructions in paediatric drug labelling on dosing accuracy among caregivers: a pilot study from Malaysia. <i>Journal of Pharmaceutical Health Services Research</i> , 2017, 8, 131-134.             | 0.6 | 4         |
| 17 | Improving pediatric liquid medication labeling of the hospital information system in Malaysia: qualitative analysis of pharmacists' perceptions. <i>Pharmacy Practice</i> , 2016, 14, 699-699.                                      | 1.5 | 5         |
| 18 | Using pictograms to assist caregivers in liquid medication administration: a systematic review. <i>Journal of Clinical Pharmacy and Therapeutics</i> , 2015, 40, 266-272.                                                           | 1.5 | 35        |

| #  | ARTICLE                                                                                                                                                                                                                                   | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Exploring health literacy and difficulty in comprehending pediatric medication labels among caregivers in Malaysia: a pilot study. <i>Journal of Pharmaceutical Health Services Research</i> , 2015, 6, 165-168.                          | 0.6 | 6         |
| 20 | Satisfaction with traditional counter versus value-added services for prescription claims in a Malaysian Tertiary Hospital. <i>Journal of Pharmaceutical Health Services Research</i> , 2015, 6, 61-68.                                   | 0.6 | 7         |
| 21 | Modified labels for long-term medications: influences on adherence, comprehension and preferences in Malaysia. <i>International Journal of Clinical Pharmacy</i> , 2014, 36, 904-913.                                                     | 2.1 | 23        |
| 22 | Side Effects of Chemotherapy among Cancer Patients in a Malaysian General Hospital: Experiences, Perceptions and Informational Needs from Clinical Pharmacists. <i>Asian Pacific Journal of Cancer Prevention</i> , 2014, 15, 5305-5309.  | 1.2 | 81        |
| 23 | Can Granisetron Injection Used as Primary Prophylaxis Improve the Control of Nausea and Vomiting with Low-Emetogenic Chemotherapy?. <i>Asian Pacific Journal of Cancer Prevention</i> , 2013, 14, 469-473.                                | 1.2 | 9         |
| 24 | Improving Safety-Related Knowledge, Attitude and Practices of Nurses Handling Cytotoxic Anticancer Drug: Pharmacists' Experience in a General Hospital, Malaysia. <i>Asian Pacific Journal of Cancer Prevention</i> , 2013, 14, 69-73.    | 1.2 | 49        |
| 25 | Cost-Effectiveness Analysis of Granisetron-Based versus Standard Antiemetic Regimens in Low-Emetogenic Chemotherapy: A Hospital-based Perspective from Malaysia. <i>Asian Pacific Journal of Cancer Prevention</i> , 2013, 14, 7701-7706. | 1.2 | 8         |
