#	ARTICLE	IF	CITATIONS
1	Emotional Eating After Manipulating Emotion Regulation: A Laboratory Study in Adolescents. <i>Behaviour Change</i> , 2022, 39, 65-87.	0.6	1
2	The Evaluation of Boost Camp: A Universal School-Based Prevention Program Targeting Adolescent Emotion Regulation Skills. <i>School Mental Health</i> , 2022, 14, 440-453.	1.1	9
3	Training Self-compassion: Exploring the Effects on Adolescents'™ Physiological and Self-reported Stress Responses. <i>Mindfulness</i> , 2022, 13, 897-907.	1.6	3
4	Comparing emotional working memory in adolescents and young adults with and without depressive symptoms: developmental and psychopathological differences. <i>BMC Psychology</i> , 2022, 10, .	0.9	4
5	A Pictorial Dot Probe Task to Assess Food-Related Attentional Bias in Youth With and Without Obesity: Overview of Indices and Evaluation of Their Reliability. <i>Frontiers in Psychology</i> , 2021, 12, 644512.	1.1	10
6	The Effects of TIME-IN on Emotion Regulation, Externalizing, and Internalizing Problems in Promoting School Readiness. <i>Frontiers in Psychology</i> , 2021, 12, 579810.	1.1	0
7	Exposure to Criticism Modulates Left but Not Right Amygdala Functional Connectivity in Healthy Adolescents: Individual Influences of Perceived and Self-Criticism. <i>Frontiers in Psychiatry</i> , 2021, 12, 673805.	1.3	4
8	Is there stress eating in children and adolescents? A first validation of the Dutch version of the Salzburg Stress Eating Scale. <i>Appetite</i> , 2021, 167, 105657.	1.8	3
9	Obesity: Etiology, Assessment and Treatment. , 2021, , .		0
10	Stress Responsiveness and Emotional Eating Depend on Youngsters'™ Chronic Stress Level and Overweight. <i>Nutrients</i> , 2021, 13, 3654.	1.7	5
11	Improving Treatment Outcome in Children With Obesity by an Online Self-Control Training: A Randomized Controlled Trial. <i>Frontiers in Pediatrics</i> , 2021, 9, 794256.	0.9	6
12	Are Emotion Regulation Strategies Associated With Visual Attentional Breadth for Emotional Information in Youth?. <i>Frontiers in Psychology</i> , 2021, 12, 637436.	1.1	2
13	Adherence and barriers in e-health self-control training for enhancing childhood multidisciplinary obesity treatment. <i>Clinical Psychology and Psychotherapy</i> , 2020, 27, 42-51.	1.4	10
14	Training Adaptive Emotion Regulation Skills in Early Adolescents: The Effects of Distraction, Acceptance, Cognitive Reappraisal, and Problem Solving. <i>Cognitive Therapy and Research</i> , 2020, 44, 678-696.	1.2	23
15	Just the way you are. Understanding emotion regulation strategies in youth from temperamental differences. <i>Journal of Research in Personality</i> , 2020, 88, 103989.	0.9	4
16	The Moderating Role of Emotion Regulation in the Association Between Stressors With Psychological and Biological Measures in Adolescence. <i>Psychosomatic Medicine</i> , 2020, 82, 495-507.	1.3	10
17	Maladaptive Eating in Children and Adolescents With Obesity: Scrutinizing Differences in Inhibition. <i>Frontiers in Psychiatry</i> , 2020, 11, 309.	1.3	4
18	Evidence for enhancing childhood obesity treatment from a dual-process perspective: A systematic literature review. <i>Clinical Psychology Review</i> , 2020, 77, 101840.	6.0	22

#	ARTICLE	IF	CITATIONS
19	The influence of parents on childhood weight status: relation with eating behaviour. Proceedings of the Nutrition Society, 2020, 79, .	0.4	1
20	Emotion regulation training in the treatment of obesity in young adolescents: protocol for a randomized controlled trial. Trials, 2020, 21, 153.	0.7	13
21	Using confidence interval-based estimation of relevance to explore bottom-up and top-down determinants of problematic eating behavior in children and adolescents with obesity from a dual pathway perspective. Appetite, 2020, 150, 104676.	1.8	6
22	How do I feel right now? Emotional awareness, emotion regulation, and depressive symptoms in youth. European Child and Adolescent Psychiatry, 2019, 28, 389-398.	2.8	36
23	No Differential Reward Responsivity and Drive, Punishment Sensitivity or Attention for Cues Signaling Reward or Punishment in Adolescents With Obesity. Frontiers in Psychology, 2019, 10, 2363.	1.1	6
24	Editorial: Eating Behavior Research in Children's and Adolescent's Naturalistic Environment. Frontiers in Psychology, 2019, 10, 2139.	1.1	2
25	Because you had a bad day: General and daily relations between reactive temperament, emotion regulation, and depressive symptoms in youth. PLoS ONE, 2019, 14, e0224126.	1.1	9
26	Emotion dysregulation, temperamental vulnerability, and parental depression in adolescents: Correspondence between physiological and informant-report measures. Development and Psychopathology, 2019, 31, 1023-1035.	1.4	8
27	The effects of children's proximity-seeking to maternal attachment figures during mild stress exposure on mood and physiological responses: An experimental study. Social Development, 2019, 28, 364-382.	0.8	5
28	Parent-Reported BIS/BAS Scales for Children: Factor Structure and Measurement Invariance Across Age and Gender. Assessment, 2019, 26, 1282-1295.	1.9	8
29	Adaptive emotion regulation, academic performance and internalising problems in Flemish children with special educational needs: a pilot study. European Journal of Special Needs Education, 2019, 34, 124-135.	1.5	3
30	Joint Contributions of Negative Emotionality, Positive Emotionality, and Effortful Control on Depressive Symptoms in Youth. Journal of Clinical Child and Adolescent Psychology, 2019, 48, 131-142.	2.2	24
31	Het meten van emotieregulatie bij kinderen en jongeren. , 2019, , 19-39.		1
32	Emotieregulatie trainen binnen een schoolse context. , 2019, , 101-115.		0
33	Emotieregulatie bij kinderen: ontwikkeling en definities. , 2019, , 3-17.		0
34	Emotieregulatie aanleren aan kinderen en adolescenten. , 2019, , 119-138.		0
35	Afsluiting. , 2019, , 249-254.		0
36	EuREKA: een transdiagnostisch emotieregulatietrainingsprotocol voor kinderen en adolescenten met psychische klachten. , 2019, , 139-247.		2

#	ARTICLE	IF	CITATIONS
37	De rol van de ouders in de emotieregulatie van hun kinderen. , 2019, , 63-74.		0
38	The Role of Interference and Inhibition Processes in Dysphoric Early Adolescents. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2018, 47, 608-619.	2.2	9
39	Strategies to increase preschoolers' vegetable liking and consumption: The role of reward sensitivity. <i>Food Quality and Preference</i> , 2018, 66, 153-159.	2.3	4
40	Feasibility and impact study of a reward-based mobile application to improve adolescents' snacking habits. <i>Public Health Nutrition</i> , 2018, 21, 2329-2344.	1.1	20
41	State Trust in Middle Childhood: An Experimental Manipulation of Maternal Support. <i>Journal of Child and Family Studies</i> , 2018, 27, 1252-1263.	0.7	16
42	The impact of happy and angry faces on working memory in depressed adolescents. <i>Journal of Experimental Child Psychology</i> , 2018, 169, 59-72.	0.7	8
43	Computer training of attention and inhibition for youngsters with obesity: A pilot study. <i>Appetite</i> , 2018, 123, 439-447.	1.8	30
44	Testing the dual pathway model of ADHD in obesity: a pilot study. <i>Eating and Weight Disorders</i> , 2018, 23, 507-512.	1.2	13
45	Children's attentional breadth around their mother: Comparing stimulus-driven vs. cognitively controlled processes. <i>Social Development</i> , 2018, 27, 95-108.	0.8	4
46	Parental feeding behavior in relation to children's tasting behavior: An observational study. <i>Appetite</i> , 2018, 120, 205-211.	1.8	7
47	Don't worry, be happy: The role of positive emotionality and adaptive emotion regulation strategies for youth depressive symptoms. <i>British Journal of Clinical Psychology</i> , 2018, 57, 18-41.	1.7	30
48	The effects of emotion regulation strategies on positive and negative affect in early adolescents. <i>Cognition and Emotion</i> , 2018, 32, 988-1002.	1.2	32
49	Middle Childhood Problem Behaviors: Testing the Transaction Between Responsive Parenting, Temperament, and Attachment-Related Processing Biases. <i>Journal of Child and Family Studies</i> , 2018, 27, 916-927.	0.7	7
50	Early Maladaptive Schemas as Moderators of the Association between Bullying Victimization and Depressive Symptoms in Adolescents. <i>Cognitive Therapy and Research</i> , 2018, 42, 24-35.	1.2	24
51	The Role of Attachment and Maladaptive Emotion Regulation Strategies in the Development of Bulimic Symptoms in Adolescents. <i>Journal of Abnormal Child Psychology</i> , 2018, 46, 881-893.	3.5	13
52	Enhancing Childhood Multidisciplinary Obesity Treatments: The Power of Self-Control Abilities as Intervention Facilitator. <i>Frontiers in Psychology</i> , 2018, 9, 1956.	1.1	10
53	Parental Rejection as a Predictor of Emotional Eating After Inpatient Weight Loss Treatment for Youngsters. <i>Behaviour Change</i> , 2018, 35, 217-227.	0.6	4
54	Stress and Eating Behavior: A Daily Diary Study in Youngsters. <i>Frontiers in Psychology</i> , 2018, 9, 2657.	1.1	28

#	ARTICLE	IF	CITATIONS
55	WELCOME: improving WEight control and CO-Morbidities in children with obesity via Executive function training: study protocol for a randomized controlled trial. BMC Public Health, 2018, 18, 1075.	1.2	10
56	â€œBoost Campâ€™, a universal school-based transdiagnostic prevention program targeting adolescent emotion regulation; evaluating the effectiveness by a clustered RCT: a protocol paper. BMC Public Health, 2018, 18, 904.	1.2	17
57	Feasibility and Effectiveness of Adding an Approach Avoidance Training With Game Elements to a Residential Childhood Obesity Treatment â€” A Pilot Study. Behaviour Change, 2018, 35, 91-107.	0.6	8
58	Altered Working Memory Processing of Emotion in Adolescents with Dysphoric Symptomatology: An Eye Tracking Study. Child Psychiatry and Human Development, 2018, 49, 875-887.	1.1	4
59	Attachment and Effortful Control. Journal of Early Adolescence, 2017, 37, 289-315.	1.1	19
60	Reward sensitivity and body weight: the intervening role of food responsive behavior and external eating. Appetite, 2017, 112, 150-156.	1.8	21
61	Fat and lean tissue accretion in relation to reward motivation in children. Appetite, 2017, 108, 317-325.	1.8	6
62	Effortful control as a moderator in the association between punishment and reward sensitivity and eating styles in adolescent boys and girls. Appetite, 2017, 111, 177-186.	1.8	12
63	Emotion regulation across childhood and adolescence: evidence for a maladaptive shift in adolescence. European Child and Adolescent Psychiatry, 2017, 26, 909-921.	2.8	131
64	Adding a reward increases the reinforcing value of fruit. British Journal of Nutrition, 2017, 117, 611-620.	1.2	1
65	Palatable food consumption in children: interplay between (food) reward motivation and the home food environment. European Journal of Pediatrics, 2017, 176, 465-474.	1.3	16
66	Internal shifting impairments in response to emotional information in dysphoric adolescents. Journal of Behavior Therapy and Experimental Psychiatry, 2017, 57, 70-79.	0.6	8
67	Psychophysiological correlates of emotion regulation training in adolescent anxiety: Evidence from the novel PIER task. Journal of Affective Disorders, 2017, 214, 89-96.	2.0	26
68	Sensitivity for Cues Predicting Reward and Punishment in Young Women with Eating Disorders. European Eating Disorders Review, 2017, 25, 501-511.	2.3	9
69	BIS/BAS Scale in Primary School Children: Parent-Child Agreement and Longitudinal Stability. Behaviour Change, 2017, 34, 98-116.	0.6	4
70	The mediating effect of adaptive and maladaptive emotion regulation strategies on executive functioning impairment and depressive symptoms among adolescents. Child Neuropsychology, 2017, 23, 935-953.	0.8	31
71	The effect of parental rejection on the emotional eating behaviour of youngsters: A laboratory-based study. Appetite, 2017, 108, 219-225.	1.8	10
72	Fat Tissue Accretion in Children and Adolescents: Interplay between Food Responsiveness, Gender, and the Home Availability of Snacks. Frontiers in Psychology, 2017, 7, 2041.	1.1	6
