| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Relationship of Internet Health Information Use With Patient Behavior and Self-Efficacy: Experiences of Newly Diagnosed Cancer Patients Who Contact the National Cancer Institute's Cancer Information Service. <i>Journal of Health Communication</i> , 2006, 11, 219-236. | 2.4 | 167       |
| 2  | Sexing, Risk Behavior, and Mental Health in Adolescents: An Examination of 2015 Pennsylvania Youth Risk Behavior Survey Data. <i>Journal of School Health</i> , 2018, 88, 190-199.  | 1.6 | 70        |
| 3  | Perceptions of Colorectal Cancer Screening in Urban African American Clinic Patients: Differences by Gender and Screening Status. <i>Journal of Cancer Education</i> , 2011, 26, 121-128.   | 1.3 | 60        |
| 4  | A Comprehensive Review of School-Based Body Mass Index Screening Programs and Their Implications for School Health: Do the Controversies Accurately Reflect the Research?. <i>Journal of School Health</i> , 2015, 85, 61-72.   | 1.6 | 59        |
| 5  | Medical Mistrust and PrEP Perceptions Among Transgender Women: A Cluster Analysis. <i>Behavioral Medicine</i> , 2019, 45, 143-152.  | 1.9 | 44        |
| 6  | How will Internet Use Affect the Patient? A Review of Computer Network and Closed Internet-based System Studies and the Implications in Understanding How the Use of the Internet Affects Patient Populations. <i>Journal of Health Psychology</i> , 2003, 8, 25-38.        | 2.3 | 42        |
| 7  | Integration of Social, Cultural, and Biomedical Strategies into an Existing Couple-Based Behavioral HIV/STI Prevention Intervention: Voices of Latino Male Couples. <i>PLoS ONE</i> , 2016, 11, e0152361.   | 2.5 | 42        |
| 8  | Increasing Colorectal Cancer Screening among African Americans, Linking Risk Perception to Interventions Targeting Patients, Communities and Clinicians. <i>Journal of the National Medical Association</i> , 2008, 100, 748-758.   | 0.8 | 35        |
| 9  | Perceived Colonoscopy Barriers and Facilitators Among Urban African American Patients and Their Medical Residents. <i>Journal of Health Communication</i> , 2013, 18, 372-390.  | 2.4 | 22        |
| 10 | Perceptions of Testicular Cancer and Testicular Self-Examination Among College Men. <i>American Journal of Men's Health</i> , 2011, 5, 500-507.   | 1.6 | 21        |
| 11 | Developing a Computer Touch-Screen Interactive Colorectal Screening Decision Aid for a Low-Literacy African American Population. <i>Health Promotion Practice</i> , 2013, 14, 589-598.  | 1.6 | 21        |
| 12 | If You Ask Them, Will They Come? Predictors of Quarantine Compliance During a Hypothetical Avian Influenza Pandemic: Results From a Statewide Survey. <i>Disaster Medicine and Public Health Preparedness</i> , 2010, 4, 135-144.   | 1.3 | 20        |
| 13 | Using perceptual mapping methods to understand gender differences in perceived barriers and benefits of clinical research participation in urban minority HIV+ patients. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2016, 28, 528-536.        | 1.2 | 20        |
| 14 | Understanding help-seeking intentions in male military cadets: An application of perceptual mapping. <i>BMC Public Health</i> , 2016, 16, 413.  | 2.9 | 18        |
| 15 | Mapping the Barriers and Facilitators of HCV Treatment Initiation in Methadone Maintenance Therapy Patients: Implications for Intervention Development. <i>Journal of Health Communication</i> , 2018, 23, 117-127.   | 2.4 | 18        |
| 16 | Mapping Perceptions Related to Acceptance of Smallpox Vaccination by Hospital Emergency Room Personnel. <i>Biosecurity and Bioterrorism</i> , 2008, 6, 179-190.   | 1.2 | 16        |
| 17 | Resident Physicians' Perceptions of Barriers and Facilitators to Colorectal Cancer Screening for African Americans. <i>Journal of the National Medical Association</i> , 2010, 102, 303-311.  | 0.8 | 15        |
| 18 | Attitudes towards Living Donor Kidney Transplantation among Urban African American Hemodialysis Patients: A Qualitative and Quantitative Analysis. <i>Journal of Health Care for the Poor and Underserved</i> , 2015, 26, 852-872.  | 0.8 | 15        |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 19 | Contralateral prophylactic mastectomy: A qualitative approach to exploring the decision making process. <i>Journal of Psychosocial Oncology</i> , 2018, 36, 145-158.  | 1.2 | 15        |
| 20 | Ebola and the rhetoric of US newspapers: assessing quality risk communication in public health emergencies. <i>Journal of Risk Research</i> , 2019, 22, 1309-1322.  | 2.6 | 15        |
| 21 | Who Will Keep the Public Healthy? The Case for Undergraduate Public Health Education. <i>Journal of Public Health Management and Practice</i> , 2008, 14, 6-14.   | 1.4 | 13        |
| 22 | Developing a Typology of African Americans With Limited Literacy Based on Preventive Health Practice Orientation: Implications for Colorectal Cancer Screening Strategies. <i>Journal of Health Communication</i> , 2014, 19, 1259-1277.  | 2.4 | 12        |
| 23 | Exploring barriers and facilitators to PrEP use among transgender women in two urban areas: implications for messaging and communication. <i>BMC Public Health</i> , 2022, 22, 17.  | 2.9 | 12        |
| 24 | Take Charge, Get Cured: The development and user testing of a culturally targeted mHealth decision tool on HCV treatment initiation for methadone patients. <i>Patient Education and Counseling</i> , 2018, 101, 1995-2004.   | 2.2 | 11        |
| 25 | Role of weight bias and patient-physician communication in the underutilization of bariatric surgery. <i>Surgery for Obesity and Related Diseases</i> , 2021, 17, 1926-1932.  | 1.2 | 11        |
| 26 | Process and outcomes of a skin protection intervention for young adults. <i>Journal of Health Psychology</i> , 2013, 18, 561-573.   | 2.3 | 10        |
| 27 | How Do Low-Literacy Populations Perceive "Dirty Bombs"? Implications for Preparedness Messages. <i>Health Security</i> , 2016, 14, 331-344.   | 1.8 | 10        |
| 28 | Attitudes and Perceptions of Urban African Americans of a "Dirty Bomb" Radiological Terror Event: Results of a Qualitative Study and Implications for Effective Risk Communication. <i>Disaster Medicine and Public Health Preparedness</i> , 2015, 9, 9-18.  | 1.3 | 8         |
| 29 | African-American Parents' Knowledge and Perceptions About BMI Measurements, School-Based BMI Screening Programs, and BMI Report Cards: Results from a Qualitative Investigation and Implications for School-to-Parent Communication. <i>Journal of Racial and Ethnic Health Disparities</i> , 2016, 3, 320-330. | 3.2 | 8         |
| 30 | Hemodialysis Clinic Social Networks, Sex Differences, and Renal Transplantation. <i>American Journal of Transplantation</i> , 2017, 17, 2400-2409.  | 4.7 | 7         |
| 31 | Trend Analyses of Users of a Syringe Exchange Program in Philadelphia, Pennsylvania: 1999-2014. <i>AIDS and Behavior</i> , 2016, 20, 2922-2932.   | 2.7 | 6         |
| 32 | Using eye tracking and gaze pattern analysis to test a "dirty bomb" decision aid in a pilot RCT in urban adults with limited literacy. <i>BMC Medical Informatics and Decision Making</i> , 2016, 16, 67.   | 3.0 | 6         |
| 33 | Randomized Trial of a Computerized Touch Screen Decision Aid to Increase Acceptance of Colonoscopy Screening in an African American Population with Limited Literacy. <i>Health Communication</i> , 2016, 31, 1291-1300.  | 3.1 | 6         |
| 34 | Understanding Parents' Perceptions of School-Based BMI Screening and BMI Report Cards Using Perceptual Mapping: Implications for School Nurses. <i>Journal of School Nursing</i> , 2020, 36, 144-156.   | 1.4 | 6         |
| 35 | Changing Behavior, Attitudes, and Beliefs About Food Safety: A Scoping Review of Interventions Across the World and Implications for Empowering Consumers. <i>Foodborne Pathogens and Disease</i> , 2022, 19, 19-30.  | 1.8 | 6         |
| 36 | Correlates to Human Papillomavirus Vaccination Status and Willingness to Vaccinate in Low-Income Philadelphia High School Students. <i>Journal of School Health</i> , 2015, 85, 527-535.  | 1.6 | 5         |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 37 | Why Fathers Are Too Important to Ignore. <i>Holistic Nursing Practice</i> , 2013, 27, 89-97.  | 0.7 | 4         |
| 38 | The influence of health messaging source and frequency on maternal smoking and child exposure among low-income mothers. <i>Journal of Communication in Healthcare</i> , 2016, 9, 200-209.                                 | 1.5 | 4         |
| 39 | Preparedness for a smallpox outbreak: comparing metrics for assessing levels of vaccination among health-care workers by state. <i>Epidemiology and Infection</i> , 2007, 135, 622-633.                                   | 2.1 | 3         |
| 40 | Developing the "Control Identity" Typology to Create More Effective Testicular Health Promotional Messaging. <i>American Journal of Men's Health</i> , 2018, 12, 546-555.   | 1.6 | 2         |
| 41 | Comparing Perceptions and Decisional Conflict Towards Participation in Cancer Clinical Trials Among African American Patients Who Have and Have Not Participated. <i>Journal of Cancer Education</i> , 2022, 37, 395-404. | 1.3 | 1         |
