#	ARTICLE	IF	CITATIONS
1	Preliminary reliability and validity of the generalized anxiety disorder questionnaire-IV: A revised self-report diagnostic measure of generalized anxiety disorder. <i>Behavior Therapy</i> , 2002, 33, 215-233.	2.4	420
2	Comorbid Depression, Chronic Pain, and Disability in Primary Care. <i>Psychosomatic Medicine</i> , 2006, 68, 262-268.	2.0	402
3	Are patient expectations still relevant for psychotherapy process and outcome?. <i>Clinical Psychology Review</i> , 2006, 26, 657-678.	11.4	374
4	The working alliance: Where are we and where should we go?. <i>Psychotherapy</i> , 2006, 43, 271-279.	1.2	334
5	How Interpersonal Motives Clarify the Meaning of Interpersonal Behavior: A Revised Circumplex Model. <i>Personality and Social Psychology Review</i> , 2006, 10, 67-86.	6.0	321
6	Expectations. <i>Journal of Clinical Psychology</i> , 2011, 67, 184-192.	1.9	254
7	Training implications of harmful effects of psychological treatments.. <i>American Psychologist</i> , 2010, 65, 34-49.	4.2	190
8	Integrating motivational interviewing with cognitive-behavioral therapy for severe generalized anxiety disorder: An allegiance-controlled randomized clinical trial.. <i>Journal of Consulting and Clinical Psychology</i> , 2016, 84, 768-782.	2.0	157
9	Dropouts versus completers among chronically depressed outpatients. <i>Journal of Affective Disorders</i> , 2007, 97, 197-202.	4.1	138
10	A meta-analysis of the association between patients'™ early treatment outcome expectation and their posttreatment outcomes.. <i>Psychotherapy</i> , 2018, 55, 473-485.	1.2	134
11	The Association Between Patient Characteristics and the Therapeutic Alliance in Cognitive-Behavioral and Interpersonal Therapy for Bulimia Nervosa.. <i>Journal of Consulting and Clinical Psychology</i> , 2005, 73, 203-211.	2.0	132
12	The relationship between the therapeutic alliance and treatment outcome in two distinct psychotherapies for chronic depression.. <i>Journal of Consulting and Clinical Psychology</i> , 2013, 81, 627-638.	2.0	128
13	A meta-analysis of the relation between therapeutic alliance and treatment outcome in eating disorders. <i>International Journal of Eating Disorders</i> , 2017, 50, 323-340.	4.0	115
14	Clinician interventions and participant characteristics that foster adaptive patient expectations for psychotherapy and psychotherapeutic change.. <i>Psychotherapy</i> , 2012, 49, 557-569.	1.2	102
15	Integrative Cognitive Therapy for Depression: A Preliminary Investigation.. <i>Journal of Psychotherapy Integration</i> , 2004, 14, 4-20.	1.1	96
16	Psychotherapist mindfulness and the psychotherapy process.. <i>Psychotherapy</i> , 2010, 47, 83-97.	1.2	93
17	Catastrophizing, depression and pain-related disability. <i>General Hospital Psychiatry</i> , 2011, 33, 150-156.	2.4	82
18	A meta-analysis of the association between patients'™ early perception of treatment credibility and their posttreatment outcomes.. <i>Psychotherapy</i> , 2018, 55, 486-495.	1.2	77

#	ARTICLE	IF	CITATIONS
19	Interpersonal styles of chronically depressed outpatients: Profiles and therapeutic change.. <i>Psychotherapy</i> , 2008, 45, 491-506.	1.2	66
20	Integrative cognitive therapy for depression: A randomized pilot comparison.. <i>Psychotherapy</i> , 2008, 45, 122-134.	1.2	65
21	Believing is seeing: An evolving research program on patients' psychotherapy expectations. <i>Psychotherapy Research</i> , 2012, 22, 127-138.	1.8	60
22	Patient Expectations and Therapeutic Alliance as Predictors of Outcome in Group Cognitive-Behavioral Therapy for Insomnia. <i>Behavioral Sleep Medicine</i> , 2007, 5, 210-228.	2.1	55
23	Patient interpersonal factors and the therapeutic alliance in two treatments for bulimia nervosa. <i>Psychotherapy Research</i> , 2008, 18, 683-698.	1.8	54
24	Ethical implications of routine outcomes monitoring for patients, psychotherapists, and mental health care systems.. <i>Psychotherapy</i> , 2019, 56, 459-469.	1.2	52
25	Responsive management of early resistance in cognitive-behavioral therapy for generalized anxiety disorder.. <i>Journal of Consulting and Clinical Psychology</i> , 2016, 84, 783-794.	2.0	48
26	Predicting therapist effectiveness from their own practice-based evidence.. <i>Journal of Consulting and Clinical Psychology</i> , 2016, 84, 473-483.	2.0	48
27	The relation between outcome expectation, therapeutic alliance, and outcome among depressed patients in group cognitive-behavioral therapy. <i>Psychotherapy Research</i> , 2018, 28, 446-456.	1.8	48
28	The relation between changes in patients' interpersonal impact messages and outcome in treatment for chronic depression.. <i>Journal of Consulting and Clinical Psychology</i> , 2012, 80, 354-364.	2.0	47
29	Convergence in patient-therapist therapeutic alliance ratings and its relation to outcome in chronic depression treatment. <i>Psychotherapy Research</i> , 2017, 27, 410-424.	1.8	47
30	Clinicians' Attitudes Toward Therapeutic Alliance in E-Therapy. <i>Journal of General Psychology</i> , 2013, 140, 282-293.	2.8	45
31	The self-system during childhood and adolescence: Development, influences, and implications.. <i>Journal of Psychotherapy Integration</i> , 2003, 13, 33-65.	1.1	43
32	The Direct and Stress-Buffering Effects of Self-Organization on Psychological Adjustment. <i>Journal of Social and Clinical Psychology</i> , 2006, 25, 333-360.	0.5	41
33	Bridging the common factors and empirically supported treatment camps: Comment on Laska, Gurman, and Wampold.. <i>Psychotherapy</i> , 2014, 51, 505-509.	1.2	41
34	The impact of alliance ruptures on client outcome expectations in cognitive behavioral therapy. <i>Psychotherapy Research</i> , 2011, 21, 472-481.	1.8	40
35	Therapist differences in cognitive-behavioral psychotherapy for generalized anxiety disorder: A pilot study.. <i>Psychotherapy</i> , 2011, 48, 283-292.	1.2	36
36	An expectancy-based approach to facilitating corrective experiences in psychotherapy.. , 2012, , 121-139.		34

#	ARTICLE	IF	CITATIONS
37	Patientâ€™therapist convergence in alliance ratings as a predictor of outcome in psychotherapy for generalized anxiety disorder. <i>Psychotherapy Research</i> , 2018, 28, 969-984.	1.8	33
38	Existential isolation as a correlate of clinical distress, beliefs about psychotherapy, and experiences with mental health treatment.. <i>Journal of Psychotherapy Integration</i> , 2019, 29, 389-399.	1.1	33
39	Expectations. , 2011, , 354-376.		32
40	The Expanding Relevance of Routinely Collected Outcome Data for Mental Health Care Decision Making. <i>Administration and Policy in Mental Health and Mental Health Services Research</i> , 2016, 43, 482-491.	2.1	31
41	Narrative and emotion process in psychotherapy: An empirical test of the Narrative-Emotion Process Coding System (NEPCS). <i>Psychotherapy Research</i> , 2014, 24, 594-607.	1.8	29
42	Testing a deliberate practice workshop for developing appropriate responsivity to resistance markers.. <i>Psychotherapy</i> , 2021, 58, 175-185.	1.2	29
43	Specific and common processes as mediators of the long-term effects of cognitive-behavioral therapy integrated with motivational interviewing for generalized anxiety disorder. <i>Psychotherapy Research</i> , 2019, 29, 213-225.	1.8	26
44	Markers for context-responsiveness: Client baseline interpersonal problems moderate the efficacy of two psychotherapies for generalized anxiety disorder.. <i>Journal of Consulting and Clinical Psychology</i> , 2017, 85, 1000-1011.	2.0	26
45	A preliminary examination of participant characteristics in relation to patientsâ€™™ treatment beliefs in psychotherapy in a training clinic.. <i>Journal of Psychotherapy Integration</i> , 2014, 24, 238-250.	1.1	25
46	Interpersonal process in psychotherapy through the lens of the structural analysis of social behavior. <i>Applied and Preventive Psychology</i> , 2000, 9, 153-172.	0.8	24
47	Early therapy interpersonal process differentiating clients high and low in outcome expectations. <i>Psychotherapy Research</i> , 2012, 22, 731-745.	1.8	24
48	Indirect effect of patient outcome expectation on improvement through alliance quality: A meta-analysis. <i>Psychotherapy Research</i> , 2021, 31, 711-725.	1.8	24
49	Effect of Matching Therapists to Patients vs Assignment as Usual on Adult Psychotherapy Outcomes. <i>JAMA Psychiatry</i> , 2021, 78, 960.	11.0	24
50	Patient characteristics and the therapist as predictors of depressed patientsâ€™™ outcome expectation over time: A multilevel analysis. <i>Psychotherapy Research</i> , 2019, 29, 709-722.	1.8	23
51	Therapist Awareness of Client Resistance in Cognitive-Behavioral Therapy for Generalized Anxiety Disorder. <i>Cognitive Behaviour Therapy</i> , 2015, 44, 162-174.	3.5	22
52	Therapist empathy, homework compliance, and outcome in cognitive behavioral therapy for generalized anxiety disorder: partitioning within- and between-therapist effects. <i>Cognitive Behaviour Therapy</i> , 2017, 46, 375-390.	3.5	22
53	A Web-Disseminated Self-Help and Peer Support Program Could Fill Gaps in Mental Health Care: Lessons From a Consumer Survey. <i>JMIR Mental Health</i> , 2017, 4, e5.	3.3	22
54	Narrative flexibility in brief psychotherapy for depression. <i>Psychotherapy Research</i> , 2017, 27, 666-676.	1.8	21

#	ARTICLE	IF	CITATIONS
55	Evidence-Based Therapist Responsivity to Disruptive Clinical Process. <i>Cognitive and Behavioral Practice</i> , 2020, 27, 405-416.	1.5	21
56	For whom does interpersonal psychotherapy work? A systematic review. <i>Clinical Psychology Review</i> , 2017, 56, 82-93.	11.4	20
57	Interpersonal Psychotherapy: A Scoping Review and Historical Perspective (1974â€“2017). <i>Harvard Review of Psychiatry</i> , 2019, 27, 165-180.	2.1	20
58	Change in patientsâ€™ interpersonal impacts as a mediator of the alliance-outcome association in treatment for chronic depression.. <i>Journal of Consulting and Clinical Psychology</i> , 2016, 84, 1135-1144.	2.0	20
59	Engagement in psychotherapy: Factors contributing to the facilitation, demise, and restoration of the therapeutic alliance.. , 2010, , 21-57.		19
60	Dyadic, longitudinal associations among outcome expectation and alliance, and their indirect effects on patient outcome.. <i>Journal of Counseling Psychology</i> , 2020, 67, 40-50.	2.0	17
61	Baseline patient characteristics as predictors of remission in interpersonal psychotherapy for depression. <i>Psychotherapy Research</i> , 2013, 23, 190-200.	1.8	16
62	Attachment style as a moderating influence on the efficacy of cognitive-behavioral and interpersonal psychotherapy for depression: A failure to replicate.. <i>Psychotherapy</i> , 2016, 53, 22-33.	1.2	16
63	Clientsâ€™ perspectives on corrective experiences in psychotherapy.. , 2012, , 161-190.		16
64	Nonprofessional Peer Support to Improve Mental Health: Randomized Trial of a Scalable Web-Based Peer Counseling Course. <i>Journal of Medical Internet Research</i> , 2020, 22, e17164.	4.3	16
65	The predictive capacity of self-reported motivation vs. early observed motivational language in cognitive behavioural therapy for generalized anxiety disorder. <i>Cognitive Behaviour Therapy</i> , 2019, 48, 369-384.	3.5	15
66	Interpersonal change as a mediator of the within- and between-patient alliance-outcome association in two treatments for generalized anxiety disorder.. <i>Journal of Consulting and Clinical Psychology</i> , 2019, 87, 472-483.	2.0	15
67	Therapeutic alliance, subsequent change, and moderators of the allianceâ€™ outcome association in interpersonal psychotherapy for depression.. <i>Psychotherapy</i> , 2017, 54, 125-135.	1.2	15
68	Putting self psychology to good use: When social and clinical psychologists unite.. <i>Journal of Psychotherapy Integration</i> , 2003, 13, 9-32.	1.1	14
69	The Influence of Expectancy Persuasion Techniques on Socially Anxious Analogue Patients' Treatment Beliefs and Therapeutic Actions. <i>International Journal of Cognitive Therapy</i> , 2017, 10, 187-205.	2.2	14
70	Who works for whom and why? Integrating therapist effects analysis into psychotherapy outcome and process research.. , 2017, , 55-68.		14
71	Systemsâ€™Centered Training Groupsâ€™ Process and Outcome: A Comparison with AGPA Institute Groups. <i>International Journal of Group Psychotherapy</i> , 2008, 58, 77-102.	0.6	13
72	Corrective experiences in psychotherapy: Definitions, processes, consequences, and research directions.. , 2012, , 355-370.		12

#	ARTICLE	IF	CITATIONS
73	The relative association between individual difference variables and general psychotherapy outcome expectation in socially anxious individuals. <i>Psychotherapy Research</i> , 2017, 27, 583-594.	1.8	12
74	Therapist responsivity to patients' early treatment beliefs and psychotherapy process. <i>Psychotherapy</i> , 2019, 56, 11-15.	1.2	12
75	Patient interpersonal impacts and the early therapeutic alliance in interpersonal therapy for depression. <i>Psychotherapy</i> , 2010, 47, 418-424.	1.2	11
76	Therapeutic alliance researchers' perspectives on alliance-centered training practices. <i>Journal of Psychotherapy Integration</i> , 2013, 23, 284-289.	1.1	11
77	Exploring therapeutic alliance training in clinical and counseling psychology graduate programs. <i>Training and Education in Professional Psychology</i> , 2017, 11, 219-226.	1.2	11
78	Preliminary results of a video-assisted psychotherapist workshop in alliance strategies. <i>Psychotherapy</i> , 2011, 48, 148-162.	1.2	10
