#	ARTICLE	IF	CITATIONS
1	Retraining Automatic Action Tendencies Changes Alcoholic Patients' Approach Bias for Alcohol and Improves Treatment Outcome. <i>Psychological Science</i> , 2011, 22, 490-497.	3.3	757
2	Approach and avoidance in fear of spiders. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2007, 38, 105-120.	1.2	540
3	Prevalence, incidence and stability of premenstrual dysphoric disorder in the community. <i>Psychological Medicine</i> , 2002, 32, 119-132.	4.5	455
4	Approach bias modification in alcohol dependence: Do clinical effects replicate and for whom does it work best?. <i>Developmental Cognitive Neuroscience</i> , 2013, 4, 38-51.	4.0	359
5	Avoidance of emotional facial expressions in social anxiety: The Approach-Avoidance Task. <i>Behaviour Research and Therapy</i> , 2007, 45, 2990-3001.	3.1	307
6	Psychometric properties of the Positive Mental Health Scale (PMH-scale). <i>BMC Psychology</i> , 2016, 4, 8.	2.1	212
7	Age of traumatisation as a predictor of post-traumatic stress disorder or major depression in young women. <i>British Journal of Psychiatry</i> , 2004, 184, 482-487.	2.8	189
8	The epidemiology of generalized anxiety disorder in Europe. <i>European Neuropsychopharmacology</i> , 2005, 15, 445-452.	0.7	188
9	Spider fearful individuals attend to threat, then quickly avoid it: Evidence from eye movements.. <i>Journal of Abnormal Psychology</i> , 2006, 115, 231-238.	1.9	187
10	The emotional Stroop effect in anxiety disorders. <i>Journal of Anxiety Disorders</i> , 2001, 15, 147-159.	3.2	168
11	Relapse prevention in abstinent alcoholics by cognitive bias modification: Clinical effects of combining approach bias modification and attention bias modification.. <i>Journal of Consulting and Clinical Psychology</i> , 2018, 86, 1005-1016.	2.0	168
12	Epidemiology of specific phobia subtypes: Findings from the Dresden Mental Health Study. <i>European Psychiatry</i> , 2007, 22, 69-74.	0.2	164
13	A Comparison of Attentional Biases and Memory Biases in Women With Social Phobia and Major Depression.. <i>Journal of Abnormal Psychology</i> , 2005, 114, 62-74.	1.9	159
14	Speeded Detection and Increased Distraction in Fear of Spiders: Evidence From Eye Movements.. <i>Journal of Abnormal Psychology</i> , 2005, 114, 235-248.	1.9	143
15	Worry Exposure versus Applied Relaxation in the Treatment of Generalized Anxiety Disorder. <i>Psychotherapy and Psychosomatics</i> , 2009, 78, 106-115.	8.8	121
16	Morphed emotional faces: Emotion detection and misinterpretation in social anxiety. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2010, 41, 418-425.	1.2	111
17	AVOIDANCE, SAFETY BEHAVIOR, AND REASSURANCE SEEKING IN GENERALIZED ANXIETY DISORDER. <i>Depression and Anxiety</i> , 2012, 29, 948-957.	4.1	108
18	A Specific Attentional Bias in Suicide Attempters. <i>Journal of Nervous and Mental Disease</i> , 1999, 187, 730-735.	1.0	97

#	ARTICLE	IF	CITATIONS
19	Effectiveness of a Web-based Intervention for Problem Drinkers and Reasons for Dropout: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2010, 12, e68.	4.3	95
20	Implementation of Approach Bias Re-Training in Alcoholism-How Many Sessions are Needed?. <i>Alcoholism: Clinical and Experimental Research</i> , 2014, 38, 587-594.	2.4	94
21	Selective attention in anxiety: Distraction and enhancement in visual search. <i>Depression and Anxiety</i> , 2003, 18, 18-28.	4.1	86
22	Explicit memory in anxiety disorders.. <i>Journal of Abnormal Psychology</i> , 1999, 108, 153-163.	1.9	84
23	Selective memory and memory deficits in depressed inpatients. <i>Depression and Anxiety</i> , 2003, 17, 197-206.	4.1	82
24	Don't Worry and Beware of White Bears. <i>Journal of Anxiety Disorders</i> , 1998, 12, 39-55.	3.2	77
25	Psychological and pharmacological treatments for generalized anxiety disorder (GAD): a meta-analysis of randomized controlled trials. <i>Cognitive Behaviour Therapy</i> , 2020, 49, 1-21.	3.5	77
26	Attrition in Web-Based Treatment for Problem Drinkers. <i>Journal of Medical Internet Research</i> , 2011, 13, e117.	4.3	77
27	Approach and Avoidance Tendencies in Spider Fearful Children: The Approach-Avoidance Task. <i>Journal of Child and Family Studies</i> , 2011, 20, 224-231.	1.3	76
28	Characteristics of worry in GAD patients, social phobics, and controls. <i>Depression and Anxiety</i> , 2001, 13, 89-96.	4.1	74
29	Social anxiety and evaluation of social crowds: Explicit and implicit measures. <i>Behaviour Research and Therapy</i> , 2008, 46, 932-943.	3.1	68
30	Mindfulness-based cognitive therapy for patients with chronic, treatment-resistant depression: A pragmatic randomized controlled trial. <i>Depression and Anxiety</i> , 2018, 35, 914-924.	4.1	67
31	Biased approach-avoidance tendencies in psychopathology: A systematic review of their assessment and modification. <i>Clinical Psychology Review</i> , 2020, 77, 101825.	11.4	64
32	Memory bias in panic disorder.. <i>Journal of Abnormal Psychology</i> , 1994, 103, 396-399.	1.9	59
33	Intrusive trauma memory: A review and functional analysis. <i>Applied Cognitive Psychology</i> , 2009, 23, 1076-1088.	1.6	58
34	Social phobia with and without avoidant personality disorder: Preliminary behavior therapy outcome findings. <i>Journal of Anxiety Disorders</i> , 1995, 9, 427-438.	3.2	57
35	Validating the Beck Depression Inventory-II in Indonesia's general population and coronary heart disease patients. <i>International Journal of Clinical and Health Psychology</i> , 2013, 13, 235-242.	5.1	57
36	Subtypes of social phobia: Are they of any use?. <i>Journal of Anxiety Disorders</i> , 2007, 21, 59-75.	3.2	56

#	ARTICLE	IF	CITATIONS
37	Sensitivity and response bias in fear of spiders. <i>Cognition and Emotion</i> , 2004, 18, 961-976.	2.0	55
38	Disease-related and psychosocial factors associated with depressive symptoms in patients with systemic sclerosis, including fear of progression and appearance self-esteem. <i>Journal of Psychosomatic Research</i> , 2012, 72, 199-204.	2.6	54
39	Spatial situation models and narrative understanding: Some generalizations and extensions. <i>Discourse Processes</i> , 1996, 21, 23-55.	1.8	53
40	Social anxiety predicts avoidance behaviour in virtual encounters. <i>Cognition and Emotion</i> , 2010, 24, 1269-1276.	2.0	52
41	Editorial for the Special Issue on Cognitive Bias Modification Techniques: An Introduction to a Time Traveller's Tale. <i>Cognitive Therapy and Research</i> , 2014, 38, 83-88.	1.9	52
42	Generalized anxiety disorder and clinical worry episodes in young women. <i>Psychological Medicine</i> , 2002, 32, 1227-1237.	4.5	50
43	The bold and the beautiful. Influence of body size of televised media models on body dissatisfaction and actual food intake. <i>Appetite</i> , 2008, 51, 530-537.	3.7	50
44	The effects of TV commercials using less thin models on young women's mood, body image and actual food intake. <i>Body Image</i> , 2009, 6, 270-276.	4.3	50
45	“œ see what you’re saying” Intrusive images from listening to a traumatic verbal report. <i>Journal of Anxiety Disorders</i> , 2010, 24, 134-140.	3.2	50
46	Mediation of Cognitive Bias Modification for Alcohol Addiction via Stimulus-Specific Alcohol Avoidance Association. <i>Alcoholism: Clinical and Experimental Research</i> , 2015, 39, 101-107.	2.4	48
47	Recovery from social phobia in the community and its predictors: Data from a longitudinal epidemiological study. <i>Journal of Anxiety Disorders</i> , 2007, 21, 320-337.	3.2	47
48	Screening for anxiety in an epidemiological sample: predictive accuracy of questionnaires. <i>Journal of Anxiety Disorders</i> , 2002, 16, 113-134.	3.2	45
49	Count out your intrusions: Effects of verbal encoding on intrusive memories. <i>Memory</i> , 2009, 17, 809-815.	1.7	45
50	How mood challenges emotional memory formation: An fMRI investigation. <i>NeuroImage</i> , 2011, 56, 1783-1790.	4.2	44
51	From fear to love: Individual differences in implicit spider associations.. <i>Emotion</i> , 2006, 6, 18-27.	1.8	43
52	Fronto-limbic microstructure and structural connectivity in remission from major depression. <i>Psychiatry Research - Neuroimaging</i> , 2012, 204, 40-48.	1.8	41
53	Training approach-avoidance of smiling faces affects emotional vulnerability in socially anxious individuals. <i>Frontiers in Human Neuroscience</i> , 2013, 7, 481.	2.0	41
54	Don’t panic: Interpretation bias is predictive of new onsets of panic disorder. <i>Journal of Anxiety Disorders</i> , 2014, 28, 83-87.	3.2	41

#	ARTICLE	IF	CITATIONS
55	Tell me more: Can a memory test reduce analogue traumatic intrusions?. <i>Behaviour Research and Therapy</i> , 2009, 47, 426-430.	3.1	39
56	Measuring thinspiration and fear of fat indirectly. A matter of approach and avoidance. <i>Appetite</i> , 2011, 56, 451-455.	3.7	39
57	A multi-site single blind clinical study to compare the effects of prolonged exposure, eye movement desensitization and reprocessing and waiting list on patients with a current diagnosis of psychosis and co morbid post traumatic stress disorder: study protocol for the randomized controlled trial <i>Treating Trauma in Psychosis</i> . <i>Trials</i> , 2013, 14, 151.	1.6	39
58	Always Approach the Bright Side of Life: A General Positivity Training Reduces Stress Reactions in Vulnerable Individuals. <i>Cognitive Therapy and Research</i> , 2016, 40, 57-71.	1.9	39
59	Type D personality is associated with health behaviors and perceived social support in individuals with coronary heart disease. <i>Journal of Health Psychology</i> , 2016, 21, 727-737.	2.3	38
60	Specific phobia predicts psychopathology in young women. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2010, 45, 1161-1166.	3.1	37
61	Testing whether reduced cognitive performance in burnout can be reversed by a motivational intervention. <i>Work and Stress</i> , 2011, 25, 257-271.	4.5	37
62	Approach and Avoidance of Emotional Faces in Happy and Sad Mood. <i>Cognitive Therapy and Research</i> , 2013, 37, 1-6.	1.9	36
63	Face value: Eye movements and the evaluation of facial crowds in social anxiety. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2011, 42, 355-363.	1.2	35
64	Validity of the Fear of Progression Questionnaireâ€ŠShort Form in patients with systemic sclerosis. <i>Arthritis Care and Research</i> , 2012, 64, 930-934.	3.4	34
65	The Effects of Approachâ€ŠAvoidance Modification on Social Anxiety Disorder: A Pilot Study. <i>Cognitive Therapy and Research</i> , 2014, 38, 226-238.	1.9	34
66	Shorter gaze duration for happy faces in current but not remitted depression: Evidence from eye movements. <i>Psychiatry Research</i> , 2014, 218, 79-86.	3.3	34
67	Implicit evaluation bias induced by approach and avoidance. <i>Cognition and Emotion</i> , 2008, 22, 1187-1197.	2.0	32
68	Alcoholâ€ŠRelated Interpretation Bias in Alcoholâ€ŠDependent Patients. <i>Alcoholism: Clinical and Experimental Research</i> , 2014, 38, 1151-1159.	2.4	32
69	Canâ€Št Look Away: An Eye-Tracking Based Attentional Disengagement Training for Depression. <i>Cognitive Therapy and Research</i> , 2016, 40, 672-686.	1.9	32
70	Make the manikin move: Symbolic approachâ€Šavoidance responses affect implicit and explicit face evaluations. <i>Journal of Cognitive Psychology</i> , 2013, 25, 738-744.	0.9	31
71	Content of Worry in the Community. <i>Journal of Nervous and Mental Disease</i> , 2003, 191, 688-691.	1.0	29
72	Inhibition of return is unimpressed by emotional cues. <i>Cognition and Emotion</i> , 2008, 22, 1433-1456.	2.0	29

#	ARTICLE	IF	CITATIONS
73	Social Anxiety and Anger Identification. <i>Psychological Science</i> , 2009, 20, 666-670.	3.3	29
74	Rose or black-coloured glasses?. <i>Journal of Affective Disorders</i> , 2011, 131, 214-223.	4.1	29
75	'Getting into the spirit': Alcohol-related interpretation bias in heavy-drinking students.. <i>Psychology of Addictive Behaviors</i> , 2012, 26, 627-632.	2.1	29
76	Simple rules for detecting depression. <i>Journal of Applied Research in Memory and Cognition</i> , 2013, 2, 149-157.	1.1	28
77	Extinction learning as a moderator of d-cycloserine efficacy for enhancing exposure therapy in posttraumatic stress disorder. <i>Journal of Anxiety Disorders</i> , 2015, 34, 63-67.	3.2	28
78	Intensive prolonged exposure treatment for adolescent complex posttraumatic stress disorder: a singleâ€trial design. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2017, 58, 1229-1238.	5.2	28
79	Three Indirect Tasks Assessing Implicit Threat Associations and Behavioral Response Tendencies. <i>Zeitschrift Fuer Psychologie Mit Zeitschrift Fuer Angewandte Psychologie</i> , 2010, 218, 4-11.	1.0	28
80	Generalized implicit fear associations in Generalized Anxiety Disorder. <i>Depression and Anxiety</i> , 2010, 27, 252-259.	4.1	27
81	Socially anxious individuals lack unintentional mimicry. <i>Behaviour Research and Therapy</i> , 2010, 48, 561-564.	3.1	27
82	The moderating role of avoidance behavior on anxiety over time: Is there a difference between social anxiety disorder and specific phobia?. <i>PLoS ONE</i> , 2017, 12, e0180298.	2.5	27
83	Activation and measurement of threat associations in fear of spiders: an application of the Extrinsic Affective Simon Task. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2005, 36, 281-299.	1.2	26
84	Rates and predictors of remission in young women with specific phobia: A prospective community study. <i>Journal of Anxiety Disorders</i> , 2009, 23, 958-964.	3.2	26
85	Verbal and facialâ€emotional Stroop tasks reveal specific attentional interferences in sad mood. <i>Brain and Behavior</i> , 2012, 2, 74-83.	2.2	26
86	The relationship between drinking motives and alcohol-related interpretation biases. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2015, 47, 102-110.	1.2	26
87	Implicit stigmatization-related biases in individuals with skin conditions and their significant others.. <i>Health Psychology</i> , 2016, 35, 861-865.	1.6	26
88	Attentional and behavioural responses of spider fearfuls to virtual spiders. <i>Cognition and Emotion</i> , 2010, 24, 1199-1206.	2.0	25
89	Reducing Approach Bias to Achieve Smoking Cessation: A Pilot Randomized Placebo-Controlled Trial. <i>Cognitive Therapy and Research</i> , 2017, 41, 662-670.	1.9	25
90	Health anxiety and fear of fear in panic disorder and agoraphobia vs. social phobia: a prospective longitudinal study. <i>Depression and Anxiety</i> , 2010, 27, 404-411.	4.1	24

#	ARTICLE	IF	CITATIONS
91	Impaired cognitive performance and responsiveness to reward in burnout patients: Two years later. <i>Work and Stress</i> , 2012, 26, 333-346.	4.5	24
92	Retraining of automatic action tendencies in individuals with obesity: A randomized controlled trial. <i>Appetite</i> , 2018, 126, 66-72.	3.7	24
93	Cognitive bias modification as an add-on treatment in clinical depression: Results from a placebo-controlled, single-blinded randomized control trial. <i>Journal of Affective Disorders</i> , 2018, 238, 342-350.	4.1	24
94	The association between ruminative thinking and negative interpretation bias in social anxiety. <i>Cognition and Emotion</i> , 2017, 31, 1234-1242.	2.0	23
95	Predictors of Incidence, Remission and Relapse of Axis I Mental Disorders in Young Women: A Transdiagnostic Approach. <i>Clinical Psychology and Psychotherapy</i> , 2017, 24, 322-331.	2.7	23
96	Treatment sensitivity of implicit threat evaluation, avoidance tendency and visual working memory bias in specific phobia. <i>Journal of Anxiety Disorders</i> , 2012, 26, 321-328.	3.2	22
97	Depressed patients in remission show an interaction between variance in the mineralocorticoid receptor NR3C2 gene and childhood trauma on negative memory bias. <i>Psychiatric Genetics</i> , 2015, 25, 99-105.	1.1	22
98	Assessment of Tobacco-Related Approach and Attentional Biases in Smokers, Cravers, Ex-Smokers, and Non-Smokers. <i>Frontiers in Psychology</i> , 2016, 7, 172.	2.1	22
99	Cognitive Remediation Therapy Does Not Enhance Treatment Effect in Obsessive-Compulsive Disorder and Anorexia Nervosa: A Randomized Controlled Trial. <i>Psychotherapy and Psychosomatics</i> , 2020, 89, 228-241.	8.8	22
100	A Neutral Face Is Not Neutral Even if You Have Not Seen It: Social Anxiety Disorder and Affective Priming with Facial Expressions. <i>Cognitive Behaviour Therapy</i> , 2012, 41, 108-118.	3.5	21
101	Harm expectancy violation during exposure therapy for posttraumatic stress disorder. <i>Journal of Anxiety Disorders</i> , 2017, 49, 48-52.	3.2	21
102	The Role of Cognitive Factors in Childhood Social Anxiety: Social Threat Thoughts and Social Skills Perception. <i>Cognitive Therapy and Research</i> , 2017, 41, 489-497.	1.9	21
103	The worrying mind in control: An investigation of adaptive working memory training and cognitive bias modification in worry-prone individuals. <i>Behaviour Research and Therapy</i> , 2018, 103, 1-11.	3.1	21
104	How preferential is the preferential encoding of threatening stimuli?. <i>Journal of Anxiety Disorders</i> , 2008, 22, 655-670.	3.2	20
105	Specificity of Interpersonal Problems in Generalized Anxiety Disorder Versus Other Anxiety Disorders and Depression. <i>Journal of Nervous and Mental Disease</i> , 2010, 198, 846-851.	1.0	20
106	The Dresden Predictor Study of anxiety and depression: objectives, design, and methods. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2010, 45, 853-864.	3.1	20
107	Biased interpretation and memory in children with varying levels of spider fear. <i>Cognition and Emotion</i> , 2014, 28, 182-192.	2.0	20
108	Association between genes, stressful childhood events and processing bias in depression vulnerable individuals. <i>Genes, Brain and Behavior</i> , 2014, 13, 508-516.	2.2	20

#	ARTICLE	IF	CITATIONS
109	Does comorbid anxiety or depression moderate effects of approach bias modification in the treatment of alcohol use disorders?. <i>Psychology of Addictive Behaviors</i> , 2022, 36, 547-554.	2.1	20
110	Motion Effects on Intrusion Development. <i>Journal of Trauma and Dissociation</i> , 2010, 11, 73-82.	1.9	19
111	The manipulation of alcohol-related interpretation biases by means of Cognitive Bias Modification " Interpretation (CBM-I). <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2015, 49, 61-68.	1.2	19
112	Does modified interpretation bias influence automatic avoidance behaviour?. <i>Applied Cognitive Psychology</i> , 2010, 24, 326-337.	1.6	18
113	Eyewitness or Earwitness: The Role of Mental Imagery in Intrusion Development. <i>International Journal of Cognitive Therapy</i> , 2011, 4, 154-164.	2.2	18
114	Effects of Approach-Avoidance Training on Implicit and Explicit Evaluations of Neutral, Angry, and Smiling Face Stimuli. <i>Psychological Reports</i> , 2013, 113, 199-216.	1.7	18
115	What is the contribution of different cognitive biases and stressful childhood events to the presence and number of previous depressive episodes?. <i>Psychiatry Research</i> , 2014, 217, 134-142.	3.3	18
116	Selective Attention and Fear of Cancer Recurrence in Breast Cancer Survivors. <i>Annals of Behavioral Medicine</i> , 2015, 49, 66-73.	2.9	18
117	Practicing Emotionally Biased Retrieval Affects Mood and Establishes Biased Recall a Week Later. <i>Cognitive Therapy and Research</i> , 2016, 40, 764-773.	1.9	18
118	Catastrophizing misinterpretations predict somatoform-related symptoms and new onsets of somatoform disorders. <i>Journal of Psychosomatic Research</i> , 2016, 81, 31-37.	2.6	18
119	Eye-Tracking Based Attention Bias Modification (ET-ABM) Facilitates Disengagement from Negative Stimuli in Dysphoric Individuals. <i>Cognitive Therapy and Research</i> , 2018, 42, 408-420.	1.9	18
120	Spiders crawl easily through the bottleneck: Visual working memory for negative stimuli.. <i>Emotion</i> , 2006, 6, 438-449.	1.8	17
121	Anxiety disorder specificity of anxiety sensitivity in a community sample of young women. <i>Personality and Individual Differences</i> , 2007, 42, 345-354.	2.9	17
122	Development and evaluation of a new paradigm for the assessment of anxiety-disorder-specific interpretation bias using picture stimuli. <i>Cognition and Emotion</i> , 2008, 22, 422-436.	2.0	17
123	Implicit and explicit self-esteem in remitted depressed patients. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2017, 54, 301-306.	1.2	17
124	Do health-related factors predict major depression? A longitudinal epidemiologic study. <i>Clinical Psychology and Psychotherapy</i> , 2018, 25, 378-387.	2.7	17
125	Positivity-approach training for depressive symptoms: A randomized controlled trial. <i>Journal of Affective Disorders</i> , 2019, 245, 297-304.	4.1	17
126	Cognitive-behavior therapy resolves implicit fear associations in generalized anxiety disorder. <i>Behaviour Research and Therapy</i> , 2013, 51, 15-23.	3.1	16
