#	ARTICLE	IF	CITATIONS
1	Patient-centred access to health care: conceptualising access at the interface of health systems and populations. <i>International Journal for Equity in Health</i> , 2013, 12, 18.	3.5	1,599
2	Managing Chronic Disease in Ontario Primary Care: The Impact of Organizational Factors. <i>Annals of Family Medicine</i> , 2009, 7, 309-318.	1.9	158
3	A narrative synthesis of the impact of primary health care delivery models for refugees in resettlement countries on access, quality and coordination. <i>International Journal for Equity in Health</i> , 2013, 12, 88.	3.5	135
4	Better access to mental health care and the failure of the Medicare principle of universality. <i>Medical Journal of Australia</i> , 2015, 202, 190-194.	1.7	117
5	COVID-19 and primary care in six countries. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101128.	1.8	114
6	Framework for primary care organizations: the importance of a structural domain. <i>International Journal for Quality in Health Care</i> , 2008, 20, 308-313.	1.8	108
7	The impact of health literacy and life style risk factors on health-related quality of life of Australian patients. <i>Health and Quality of Life Outcomes</i> , 2016, 14, 68.	2.4	104
8	A Comprehensive Assessment of Family Physician Gender and Quality of Care. <i>Medical Care</i> , 2016, 54, 277-286.	2.4	100
9	Equity of access to primary healthcare for vulnerable populations: the IMPACT international online survey of innovations. <i>International Journal for Equity in Health</i> , 2016, 15, 64.	3.5	96
10	Barriers and facilitators to recruitment of physicians and practices for primary care health services research at one centre. <i>BMC Medical Research Methodology</i> , 2010, 10, 109.	3.1	83
11	Factors associated with multiple barriers to access to primary care: an international analysis. <i>International Journal for Equity in Health</i> , 2018, 17, 28.	3.5	80
12	The effects of a mindfulness-based lifestyle program for adults with Parkinson's disease: a mixed methods, wait list controlled randomised control study. <i>BMC Neurology</i> , 2016, 16, 166.	1.8	76
13	Understanding diagnosis and management of dementia and guideline implementation in general practice: a qualitative study using the theoretical domains framework. <i>Implementation Science</i> , 2014, 9, 31.	6.9	69
14	Patient navigators facilitating access to primary care: a scoping review. <i>BMJ Open</i> , 2018, 8, e019252.	1.9	69
15	Interprofessional teamwork innovations for primary health care practices and practitioners: evidence from a comparison of reform in three countries. <i>Journal of Multidisciplinary Healthcare</i> , 2016, 9, 35.	2.7	67
16	Choosing family medicine. What influences medical students?. <i>Canadian Family Physician</i> , 2003, 49, 1131-7.	0.4	58
17	Accuracy of general practitioner unassisted detection of depression. <i>Australian and New Zealand Journal of Psychiatry</i> , 2014, 48, 571-578.	2.3	57
18	Analytical abilities and the performance of HR professionals. <i>Human Resource Management</i> , 2018, 57, 715-738.	5.8	56

#	ARTICLE	IF	CITATIONS
19	Impact of remuneration and organizational factors on completing preventive manoeuvres in primary care practices. <i>Cmaj</i> , 2012, 184, E135-E143.	2.0	53
20	Organizational interventions improving access to community-based primary health care for vulnerable populations: a scoping review. <i>International Journal for Equity in Health</i> , 2016, 15, 168.	3.5	50
21	Advancing general practice nursing in Australia: roles and responsibilities of primary healthcare organisations. <i>Australian Health Review</i> , 2017, 41, 127.	1.1	50
22	Working in interprofessional primary health care teams: What do pharmacists do?. <i>Research in Social and Administrative Pharmacy</i> , 2013, 9, 288-301.	3.0	48
23	Factors affecting success and failure of seed capital/start-up negotiations. <i>Journal of Business Venturing</i> , 1989, 4, 149-158.	6.3	47
24	A systematic review of studies with a representative sample of refugees and asylum seekers living in the community for participation in mental health research. <i>BMC Medical Research Methodology</i> , 2017, 17, 37.	3.1	45
25	A real-world stepped wedge cluster randomized trial of practice facilitation to improve cardiovascular care. <i>Implementation Science</i> , 2015, 10, 150.	6.9	43
26	Primary Care Physician Panel Size and Quality of Care: A Population-Based Study in Ontario, Canada. <i>Annals of Family Medicine</i> , 2016, 14, 26-33.	1.9	40
27	Barriers to accessing primary health care: comparing Australian experiences internationally. <i>Australian Journal of Primary Health</i> , 2017, 23, 223.	0.9	39
28	Getting it all done. Organizational factors linked with comprehensive primary care. <i>Family Practice</i> , 2010, 27, 535-541.	1.9	38
29	Factors associated with patient activation in an Australian population with comorbid diabetes and chronic kidney disease: a cross-sectional study. <i>BMJ Open</i> , 2017, 7, e017695.	1.9	38
30	Assessing methods for measurement of clinical outcomes and quality of care in primary care practices. <i>BMC Health Services Research</i> , 2012, 12, 214.	2.2	36
31	Self-management support in primary care: Enactments, disruptions, and conversational consequences. <i>Social Science and Medicine</i> , 2014, 108, 97-105.	3.8	35
32	Improving prevention in primary care: evaluating the effectiveness of outreach facilitation. <i>Family Practice</i> , 2007, 25, 40-48.	1.9	34
33	Impact on diabetes management of General Practice Management Plans, Team Care Arrangements and reviews. <i>Medical Journal of Australia</i> , 2013, 199, 261-265.	1.7	34
34	Improved delivery of cardiovascular care (IDOCC) through outreach facilitation: study protocol and implementation details of a cluster randomized controlled trial in primary care. <i>Implementation Science</i> , 2011, 6, 110.	6.9	33
35	Impact of a quality improvement program on primary healthcare in Canada: A mixed-method evaluation. <i>Health Policy</i> , 2015, 119, 405-416.	3.0	33
36	Predictors of Health-Related Quality of Life in Patients with Co-Morbid Diabetes and Chronic Kidney Disease. <i>PLoS ONE</i> , 2016, 11, e0168491.	2.5	33

#	ARTICLE	IF	CITATIONS
37	Improving prevention in primary care: Evaluating the sustainability of outreach facilitation. Canadian Family Physician, 2008, 54, 712-20.	0.4	33
38	Community orientation in primary care practices: Results from the Comparison of Models of Primary Health Care in Ontario Study. Canadian Family Physician, 2010, 56, 676-83.	0.4	33
39	Beyond Fighting Fires and Chasing Tails? Chronic Illness Care Plans in Ontario, Canada. Annals of Family Medicine, 2008, 6, 146-153.	1.9	32
40	The Comparison of Models of Primary Care in Ontario (COMP-PC) study: methodology of a multifaceted cross-sectional practice-based study. Open Medicine, 2009, 3, e149-64.	1.5	30
41	Comparative Efficiency Assessment of Primary Care Service Delivery Models Using Data Envelopment Analysis. Canadian Public Policy/ Analyse De Politiques, 2011, 37, 85-109.	1.6	29
42	Does health literacy affect patients' receipt of preventative primary care? A multilevel analysis. BMC Family Practice, 2014, 15, 171.	2.9	29
43	Detecting primary aldosteronism in Australian primary care: a prospective study. Medical Journal of Australia, 2022, 216, 408-412.	1.7	29
44	Interdisciplinary COPD intervention in primary care: a cluster randomised controlled trial. European Respiratory Journal, 2019, 53, 1801530.	6.7	27
45	Prevalence of psychological distress: How do Australia and Canada compare?. Australian and New Zealand Journal of Psychiatry, 2018, 52, 227-238.	2.3	26
46	Touch screen computer health assessment in Australian general practice patients: a cross-sectional study protocol. BMJ Open, 2012, 2, e001405.	1.9	25
47	Preventive evidence into practice (PEP) study: implementation of guidelines to prevent primary vascular disease in general practice protocol for a cluster randomised controlled trial. Implementation Science, 2013, 8, 8.	6.9	25
48	An investigation of barriers and enablers to advanced nursing roles in Australian general practice. Collegian, 2015, 22, 183-189.	1.3	25
49	Health promotion activity in primary care: performance of models and associated factors. Open Medicine, 2009, 3, e165-73.	1.5	25
50	The role of the practice facilitators in Ontario primary healthcare quality improvement. BMC Family Practice, 2015, 16, 93.	2.9	24
51	Influence of a quality improvement learning collaborative program on team functioning in primary healthcare.. Families, Systems and Health, 2015, 33, 222-230.	0.6	23
52	Reducing Medical Admissions and Presentations Into Hospital through Optimising Medicines (REMAIN) Trial. BMC Medical Research Methodology, 2017, 17, 212-217.	1.7	23
53	'I've broken my neck or something!' The general practice experience of whiplash. Family Practice, 2009, 26, 115-120.	1.9	22
54	Giving Patients Responsibility or Fostering Mutual Response-Ability: Family Physicians' Constructions of Effective Chronic Illness Management. Qualitative Health Research, 2010, 20, 1343-1352.	2.1	22

#	ARTICLE	IF	CITATIONS
55	Evidence-based guideline for the written radiology report: Methods, recommendations and implementation challenges. <i>Journal of Medical Imaging and Radiation Oncology</i> , 2013, 57, 1-7.	1.8	22
56	Implementing guidelines to routinely prevent chronic vascular disease in primary care: the Preventive Evidence into Practice cluster randomised controlled trial. <i>BMJ Open</i> , 2015, 5, e009397.	1.9	22
57	Diagnosing COPD and supporting smoking cessation in general practice: evidence "practice gaps. <i>Medical Journal of Australia</i> , 2018, 208, 29-34.	1.7	22
58	Improving access to primary healthcare for vulnerable populations in Australia and Canada: protocol for a mixed-method evaluation of six complex interventions. <i>BMJ Open</i> , 2019, 9, e027869.	1.9	22
59	Does healthcare inequity reflect variations in peoples' abilities to access healthcare? Results from a multi-jurisdictional interventional study in two high-income countries. <i>International Journal for Equity in Health</i> , 2020, 19, 167.	3.5	22
60	Gaps and barriers in health-care provision for co-morbid diabetes and chronic kidney disease: a cross-sectional study. <i>BMC Nephrology</i> , 2017, 18, 80.	1.8	21
61	Building Responsive Health Systems to Help Communities Affected by Migration: An International Delphi Consensus. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 144.	2.6	21
62	Roles of nurse practitioners and family physicians in community health centres. <i>Canadian Family Physician</i> , 2014, 60, 1020-7.	0.4	21
63	Patient-reported access to primary care in Ontario: effect of organizational characteristics. <i>Canadian Family Physician</i> , 2014, 60, e24-31.	0.4	20
64	Identifying health service barriers in the management of co-morbid diabetes and chronic kidney disease in primary care: a mixed-methods exploration. <i>Family Practice</i> , 2016, 33, 492-497.	1.9	19
65	Understanding temporal relationships between depression, falls, and physical activity in a cohort of post-hospitalized older adults " a breakthrough or a conundrum?. <i>International Psychogeriatrics</i> , 2017, 29, 1681-1692.	1.0	19
66	Dimensions and intensity of inter-professional teamwork in primary care: evidence from five international jurisdictions. <i>Family Practice</i> , 2018, 35, 285-294.	1.9	19
67	Performance feedback: An exploratory study to examine the acceptability and impact for interdisciplinary primary care teams. <i>BMC Family Practice</i> , 2011, 12, 14.	2.9	18
68	Quality of cardiovascular disease care in Ontario, Canada: missed opportunities for prevention - a cross sectional study. <i>BMC Cardiovascular Disorders</i> , 2012, 12, 74.	1.7	18
69	Under the radar: a cross-sectional study of the challenge of identifying at-risk alcohol consumption in the general practice setting. <i>BMC Family Practice</i> , 2014, 15, 74.	2.9	18
70	Contextual levers for team-based primary care: lessons from reform interventions in five jurisdictions in three countries. <i>Family Practice</i> , 2018, 35, 276-284.	1.9	18
71	Managing injured workers: family physicians' experiences. <i>Canadian Family Physician</i> , 2005, 51, 78-9.	0.4	18
72	Rites of passage: improving refugee access to general practice services. <i>Australian Family Physician</i> , 2015, 44, 503-7.	0.5	18

#	ARTICLE	IF	CITATIONS
73	Primary and tertiary health professionals'™ views on the health-care of patients with co-morbid diabetes and chronic kidney disease " a qualitative study. BMC Nephrology, 2016, 17, 50.	1.8	17
74	The association of migration experiences on the self-rated health status among adult humanitarian refugees to Australia: an analysis of a longitudinal cohort study. International Journal for Equity in Health, 2019, 18, 130.	3.5	17
75	Barriers and enablers to the use of venous leg ulcer clinical practice guidelines in Australian primary care: A qualitative study using the theoretical domains framework. International Journal of Nursing Studies, 2020, 103, 103503.	5.6	17
76	An evaluation of gender equity in different models of primary care practices in Ontario. BMC Public Health, 2010, 10, 151.	2.9	16
77	The effects of a mindfulness-based lifestyle programme for adults with Parkinson's™ disease: protocol for a mixed methods, randomised two-group control study. BMJ Open, 2013, 3, e003326.	1.9	16
