#	ARTICLE	IF	CITATIONS
1	Have we forgotten the moral justification for patient-centred care?. <i>BMJ Quality and Safety</i> , 2022, 31, 172-174.	3.7	3
2	A co-designed integrated kidney and diabetes model of care improves mortality, glycaemic control and self-care. <i>Nephrology Dialysis Transplantation</i> , 2022, 37, 1472-1481.	0.7	1
3	Evaluating chronic pain interventions in recent refugees and immigrant populations: A systematic review. <i>Patient Education and Counseling</i> , 2022, 105, 1152-1169.	2.2	7
4	Patient and clinician perspectives of factors that influence the delivery of alcohol brief interventions in Australian primary care: a qualitative descriptive study. <i>Family Practice</i> , 2022, 39, 275-281.	1.9	6
5	Implementation science: an introduction for primary care. <i>Family Practice</i> , 2022, 39, 219-221.	1.9	8
6	Detecting primary aldosteronism in Australian primary care: a prospective study. <i>Medical Journal of Australia</i> , 2022, 216, 408-412.	1.7	29
7	Improving access for the vulnerable: a mixed-methods feasibility study of a pop-up model of care in south-eastern Melbourne, Australia. <i>Australian Journal of Primary Health</i> , 2022, 28, 143-150.	0.9	0
8	Mental Health Outcomes in Australian Healthcare and Aged-Care Workers during the Second Year of the COVID-19 Pandemic. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 4951.	2.6	12
9	Primary aldosteronism. <i>BMJ</i> , The, 2022, 377, e065250.	6.0	5
10	Who is at the centre of what? A scoping review of the conceptualisation of "centredness"™ in healthcare. <i>BMJ Open</i> , 2022, 12, e059400.	1.9	14
11	The association between chronic pain and pre-and-post migration experiences in resettled humanitarian refugee women residing in Australia. <i>BMC Public Health</i> , 2022, 22, 911.	2.9	3
12	Pre- and post-migration factors associated with chronic pain in humanitarian refugee women living in Australia: A protocol study. <i>Australian Journal of General Practice</i> , 2022, 51, 367-371.	0.8	0
13	"I can't understand why others don't screen more": a qualitative study exploring why Australian general practitioners screen for primary aldosteronism. <i>BMJ Open</i> , 2022, 12, e061671.	1.9	10
14	Building a practice-based research network for healthcare integration: a protocol paper for a mixed-method project. <i>BMJ Open</i> , 2022, 12, e060524.	1.9	3
15	Improving the Reporting of Primary Care Research: An International Survey of Researchers. <i>Journal of the American Board of Family Medicine</i> , 2021, 34, 12-21.	1.5	9
16	Access to care: a qualitative study exploring the primary care needs and experiences of older people needing assistance with daily living. <i>Australian Journal of Primary Health</i> , 2021, 27, 228-235.	0.9	3
17	Smoking cessation intervention in Australian general practice: a secondary analysis of a cluster randomised controlled trial. <i>British Journal of General Practice</i> , 2021, 71, e458-e464.	1.4	2
18	Reducing Medical Admissions and Presentations Into Hospital through Optimising Medicines (REMAIN) Tj ETQq0 0 0 rgBT /Overlock 10 212-217.	1.7	23

#	ARTICLE	IF	CITATIONS
19	REFOCUS-PULSAR Recovery-Oriented Practice Training in Adult Primary Mental Health Care: Exploratory Findings Including From a Pretestâ€“Posttest Evaluation. <i>Frontiers in Psychiatry</i> , 2021, 12, 625408.	2.6	2
20	Mergers may enhance the legitimacy of community health organisations in neoliberal environments. <i>Journal of Health Organization and Management</i> , 2021, 35, 717-732.	1.3	1
21	Improving knowledge and data about the medical workforce underpins healthy communities and doctors. <i>Medical Journal of Australia</i> , 2021, 214, 252.	1.7	3
22	Embedding brief interventions for alcohol in general practice: a study protocol for the REACH Project feasibility trial. <i>BJGP Open</i> , 2021, 5, BJGPO.2021.0037.	1.8	2
23	Clinician Use of Primary Care Research Reports. <i>Journal of the American Board of Family Medicine</i> , 2021, 34, 648-660.	1.5	3
24	Qualitative understandings of access to primary care services for consumers who use methamphetamine. <i>Australian Journal of General Practice</i> , 2021, 50, 505-510.	0.8	5
25	OPTIMISE: a pragmatic stepped wedge cluster randomised trial of an intervention to improve primary care for refugees in Australia. <i>Medical Journal of Australia</i> , 2021, 215, 420-426.	1.7	4
26	How do Australian general practitioners spend their time? A cross-sectional analysis of Medicine in Australia: Balancing Employment and Life (MABEL) data examining â€“non-billable workloadâ€™. <i>Australian Journal of General Practice</i> , 2021, 50, 661-666.	0.8	1
27	How do general practices respond to a pandemic? Protocol for a prospective qualitative study of six Australian practices. <i>BMJ Open</i> , 2021, 11, e046086.	1.9	2
28	Response to language barriers with patients from refugee background in general practice in Australia: findings from the OPTIMISE study. <i>BMC Health Services Research</i> , 2021, 21, 921.	2.2	8
29	General practitionersâ€™ knowledge and use of an urban Australian hospital General Practice Liaison service: A qualitative study. <i>Australian Journal of General Practice</i> , 2021, 50, 761-765.	0.8	1
30	Improving access to refugee-focused health services for people from refugee-like backgrounds in south-eastern Melbourne through the education sector. <i>Australian Journal of Primary Health</i> , 2021, 27, 93.	0.9	3
31	Improving access to primary health care: a cross-case comparison based on an a priori program theory. <i>International Journal for Equity in Health</i> , 2021, 20, 223.	3.5	6
32	Family planning and Afghan refugee women and men living in Melbourne, Australia: new opportunities and transcultural tensions. <i>Culture, Health and Sexuality</i> , 2020, 22, 937-953.	1.8	7
33	Barriers and enablers to the use of venous leg ulcer clinical practice guidelines in Australian primary care: A qualitative study using the theoretical domains framework. <i>International Journal of Nursing Studies</i> , 2020, 103, 103503.	5.6	17
34	Does healthcare inequity reflect variations in peoplesâ€™ abilities to access healthcare? Results from a multi-jurisdictional interventional study in two high-income countries. <i>International Journal for Equity in Health</i> , 2020, 19, 167.	3.5	22
35	Impact of Interprofessional Primary Care Practice on Patient Outcomes: A Scoping Review. <i>SAGE Open</i> , 2020, 10, 215824402093589.	1.7	11
36	Turnover among Australian general practitioners: a longitudinal gender analysis. <i>Human Resources for Health</i> , 2020, 18, 99.	3.1	8

#	ARTICLE	IF	CITATIONS
37	A system dynamic perspective of stop-start prevention interventions in Australia. <i>Health Promotion International</i> , 2020, 35, 1015-1025.	1.8	7
38	Health-related quality of life among patients with comorbid diabetes and kidney disease attending a codesigned integrated model of care: a longitudinal study. <i>BMJ Open Diabetes Research and Care</i> , 2020, 8, e000842.	2.8	11
39	The experience of care coordination for people living with multimorbidity at risk of hospitalisation: an interpretative phenomenological analysis. <i>Psychology and Health</i> , 2020, 35, 1228-1248.	2.2	1
40	The impact of migration upon the perceived health of adult refugees resettling in Australia: a phenomenological study. <i>Journal of Ethnic and Migration Studies</i> , 2020, , 1-18.	2.8	9
41	A state-of-the-art review of the experience of care coordination interventions for people living with multimorbidity. <i>Journal of Clinical Nursing</i> , 2020, 29, 1445-1456.	3.0	10
42	Healthcare professionals providing care coordination to people living with multimorbidity: An interpretative phenomenological analysis. <i>Journal of Clinical Nursing</i> , 2020, 29, 2317-2328.	3.0	5
43	COVID-19 and primary care in six countries. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101128.	1.8	114
44	Adaptive reserve: A path to sustainable general practice in a pandemic. <i>Australian Journal of General Practice</i> , 2020, 49, .	0.8	0
45	How general practitioners perceive access needs of vulnerable patients and act to address these needs: a mixed-methods study in south-east Melbourne, Australia. <i>Australian Health Review</i> , 2020, 44, 763.	1.1	2
46	Building quality chronic illness care: implementation of a web-based care plan. <i>Australian Journal of Primary Health</i> , 2020, 26, 173.	0.9	1
47	Effectiveness of quality incentive payments in general practice (EQuIP-GP): a study protocol for a cluster-randomised trial of an outcomes-based funding model in Australian general practice to improve patient care. <i>BMC Health Services Research</i> , 2019, 19, 529.	2.2	4
48	The impact of an integrated diabetes and kidney service on patients, primary and specialist health professionals in Australia: A qualitative study. <i>PLoS ONE</i> , 2019, 14, e0219685.	2.5	11
49	The association of migration experiences on the self-rated health status among adult humanitarian refugees to Australia: an analysis of a longitudinal cohort study. <i>International Journal for Equity in Health</i> , 2019, 18, 130.	3.5	17
50	Preventive Evidence into Practice: what factors matter in a facilitation intervention to prevent vascular disease in family practice?. <i>BMC Family Practice</i> , 2019, 20, 113.	2.9	8
51	The OPTIMISE project: protocol for a mixed methods, pragmatic, quasi-experimental trial to improve primary care delivery to refugees in Australia. <i>BMC Health Services Research</i> , 2019, 19, 396.	2.2	4
52	Health service brokerage to improve primary care access for populations experiencing vulnerability or disadvantage: a systematic review and realist synthesis. <i>BMC Health Services Research</i> , 2019, 19, 269.	2.2	11
53	An investigation into the association of pre- and post-migration experiences on the self-rated health status among new resettled adult humanitarian refugees to Australia: a protocol for a mixed methods study. <i>BMC International Health and Human Rights</i> , 2019, 19, 15.	2.5	5
54	Interdisciplinary COPD intervention in primary care: a cluster randomised controlled trial. <i>European Respiratory Journal</i> , 2019, 53, 1801530.	6.7	27

#	ARTICLE	IF	CITATIONS
55	Factors associated with successful chronic disease treatment plans for older Australians: Implications for rural and Indigenous Australians. Australian Journal of Rural Health, 2019, 27, 290-297.	1.5	2
56	The relationship between discharge medications and falls in post-hospitalised older adults: A 6-month follow-up. Australasian Journal on Ageing, 2019, 38, 190-198.	0.9	3
57	Improving access to primary healthcare for vulnerable populations in Australia and Canada: protocol for a mixed-method evaluation of six complex interventions. BMJ Open, 2019, 9, e027869.	1.9	22
58	Providing person-centred care for people with multiple chronic conditions: protocol for a qualitative study incorporating client and staff perspectives. BMJ Open, 2019, 9, e030581.	1.9	4
59	<p></p>Clinical Characteristics Of Patients With Asthma COPD Overlap (ACO) In Australian Primary Care</p>. International Journal of COPD, 2019, Volume 14, 2745-2752.	2.3	8
60	Patient-reported barriers and outcomes associated with poor glycaemic and blood pressure control in co-morbid diabetes and chronic kidney disease. Journal of Diabetes and Its Complications, 2019, 33, 63-68.	2.3	9
61	Factors affecting services offered to older adults with psychological morbidity: an exploration of health professional attitudes™. Aging and Mental Health, 2019, 23, 132-139.	2.8	3
62	Mindfulness-based lifestyle programs for the self-management of Parkinson™s disease in Australia. Health Promotion International, 2019, 34, 668-676.	1.8	10
63	Models of care for co-morbid diabetes and chronic kidney disease. Nephrology, 2018, 23, 711-717.	1.6	14
64	Patient navigators facilitating access to primary care: a scoping review. BMJ Open, 2018, 8, e019252.	1.9	69
65	Dimensions and intensity of inter-professional teamwork in primary care: evidence from five international jurisdictions. Family Practice, 2018, 35, 285-294.	1.9	19
66	Prevalence of psychological distress: How do Australia and Canada compare?. Australian and New Zealand Journal of Psychiatry, 2018, 52, 227-238.	2.3	26
67	Analytical abilities and the performance of HR professionals. Human Resource Management, 2018, 57, 715-738.	5.8	56
68	Patient reported barriers are associated with low physical and mental well-being in patients with co-morbid diabetes and chronic kidney disease. Health and Quality of Life Outcomes, 2018, 16, 215.	2.4	5
69	Ethics and site-specific governance approvals for multi-centre, inter-sector health care research. Medical Journal of Australia, 2018, 209, 175-176.	1.7	10
70	Contextual levers for team-based primary care: lessons from reform interventions in five jurisdictions in three countries. Family Practice, 2018, 35, 276-284.	1.9	18
71	Uncovering the wisdom hidden between the lines: the Collaborative Reflexive Deliberative Approach. Family Practice, 2018, 35, 266-275.	1.9	6
72	Health seeking narratives of unwell Sri Lankan Tamil refugees in Melbourne Australia. Australian Journal of Primary Health, 2018, 24, 90.	0.9	4

#	ARTICLE	IF	CITATIONS
73	Diagnosing COPD and supporting smoking cessation in general practice: evidenceâ€œpractice gaps. <i>Medical Journal of Australia</i> , 2018, 208, 29-34.	1.7	22
74	Factors associated with multiple barriers to access to primary care: an international analysis. <i>International Journal for Equity in Health</i> , 2018, 17, 28.	3.5	80
75	Context matters for primary health care access: a multi-method comparative study of contextual influences on health service access arrangements across models of primary health care. <i>International Journal for Equity in Health</i> , 2018, 17, 78.	3.5	9
76	Community governance in primary health care: towards an international Ideal Type. <i>International Journal of Health Planning and Management</i> , 2017, 32, 554-574.	1.7	6
77	Advancing general practice nursing in Australia: roles and responsibilities of primary healthcare organisations. <i>Australian Health Review</i> , 2017, 41, 127.	1.1	50
78	Reducing Medical Admissions into Hospital through Optimising Medicines (REMAIN HOME) Study: protocol for a stepped-wedge, cluster-randomised trial. <i>BMJ Open</i> , 2017, 7, e015301.	1.9	13
79	The informatics capability maturity of integrated primary care centres in Australia. <i>International Journal of Medical Informatics</i> , 2017, 105, 89-97.	3.3	12
80	Factors associated with patient activation in an Australian population with comorbid diabetes and chronic kidney disease: a cross-sectional study. <i>BMJ Open</i> , 2017, 7, e017695.	1.9	38
81	Interdisciplinary model of care (RADICALS) for early detection and management of chronic obstructive pulmonary disease (COPD) in Australian primary care: study protocol for a cluster randomised controlled trial. <i>BMJ Open</i> , 2017, 7, e016985.	1.9	14
82	0856 HEALTHCARE PROVIDERS MISSING Aâ€œGOLDEN OPPORTUNITY TO DISCUSS SLEEP QUALITY WITH OLDER ADULTS. <i>Sleep</i> , 2017, 40, A317-A317.	1.1	0
83	When colocation is not enough: a case study of General Practitioner Super Clinics in Australia. <i>Australian Journal of Primary Health</i> , 2017, 23, 107.	0.9	16
84	Understanding temporal relationships between depression, falls, and physical activity in a cohort of post-hospitalized older adults â€œ a breakthrough or a conundrum?. <i>International Psychogeriatrics</i> , 2017, 29, 1681-1692.	1.0	19
85	A systematic review of studies with a representative sample of refugees and asylum seekers living in the community for participation in mental health research. <i>BMC Medical Research Methodology</i> , 2017, 17, 37.	3.1	45
86	Gaps and barriers in health-care provision for co-morbid diabetes and chronic kidney disease: a cross-sectional study. <i>BMC Nephrology</i> , 2017, 18, 80.	1.8	21
87	Impact of a primary healthcare quality improvement program on diabetes in Canada: evaluation of the Quality Improvement and Innovation Partnership (QIIP). <i>BMJ Open Diabetes Research and Care</i> , 2017, 5, e000392.	2.8	2
88	Barriers to accessing primary health care: comparing Australian experiences internationally. <i>Australian Journal of Primary Health</i> , 2017, 23, 223.	0.9	39
89	Building Responsive Health Systems to Help Communities Affected by Migration: An International Delphi Consensus. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 144.	2.6	21
90	An Australian general practice based strategy to improve chronic disease prevention, and its impact on patient reported outcomes: evaluation of the preventive evidence into practice cluster randomised controlled trial. <i>BMC Health Services Research</i> , 2017, 17, 637.	2.2	12
