| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 1  | Examining Associations Between Race, Gender, Alcohol Use, School Performance, and Patterns of Bullying in the School Context: A Latent Class Analysis. <i>Journal of Interpersonal Violence</i> , 2022, 37, NP12857-NP12880.     | 2.0 | 10        |
| 2  | Short-Term Secondary Effects of a School-Based Drug Prevention Program: Cluster-Randomized Controlled Trial of the Brazilian Version of DARE's Keepin' it REAL. <i>Prevention Science</i> , 2022, 23, 10-23.                     | 2.6 | 12        |
| 3  | Bullying as a Risk Factor for Eating Disorder Behaviors Among Students: Secondary Analysis for a Cluster Randomized Controlled Trial. <i>Child Psychiatry and Human Development</i> , 2022, , 1.                                 | 1.9 | 1         |
| 4  | Applying a Pattern-Centered Approach to Assess the Effect of a School-Based Drug Use Prevention Program in Brazil: A Cluster Randomized Controlled Trial. , 2022, 43, 529-548.   |     | 1         |
| 5  | Patterns of alcohol consumption in Brazilian adults. <i>Scientific Reports</i> , 2022, 12, .   | 3.3 | 4         |
| 6  | A cluster randomized controlled trial evaluating the effectiveness of the school-based drug prevention program #Tamojunto2.0. <i>Addiction</i> , 2021, 116, 1580-1592.   | 3.3 | 20        |
| 7  | Being bullied and using drugs are associate with eating disorder symptoms in Brazilian students. <i>International Journal of Eating Disorders</i> , 2021, 54, 445-450.   | 4.0 | 1         |
| 8  | Attitudes are associated with the drug use profiles of middle school adolescents: A latent class analysis. <i>Psychiatry Research</i> , 2021, 295, 113592.   | 3.3 | 5         |
| 9  | What is associated with the increased frequency of heavy episodic drinking during the COVID-19 pandemic? Data from the PAHO regional web-based survey. <i>Drug and Alcohol Dependence</i> , 2021, 221, 108621.                   | 3.2 | 23        |
| 10 | Alcohol use during the COVID-19 pandemic in Latin America and the Caribbean. <i>Revista Panamericana De Salud Publica/Pan American Journal of Public Health</i> , 2021, 45, 1.   | 1.1 | 22        |
| 11 | Validation of a Tool to Evaluate Drug Prevention Programs Among Students. <i>Frontiers in Psychology</i> , 2021, 12, 678091.   | 2.1 | 12        |
| 12 | Effects of a School-Based Drug Prevention Program on Sexual Risk Behavior Among Adolescents in Brazilian Schools. <i>Archives of Sexual Behavior</i> , 2021, 50, 2371-2382.  | 1.9 | 2         |
| 13 | Does #Tamojunto alter the dynamic between drug use and school violence among youth? Secondary analysis from a large cluster-randomized trial. <i>European Child and Adolescent Psychiatry</i> , 2021, , 1.                       | 4.7 | 2         |
| 14 | Predicting latent classes of drug-related problems among adolescents: secondary analysis of a cluster randomized controlled trial. <i>Revista Brasileira De Psiquiatria</i> , 2021, 43, 393-401.                                 | 1.7 | 1         |
| 15 | Effectiveness of a school-based substance use prevention program taught by police officers in Brazil: Two cluster randomized controlled trials of the PROERD. <i>International Journal of Drug Policy</i> , 2021, 98, 103413.    | 3.3 | 15        |
| 16 | Binge drinking and frequent or heavy drinking among adolescents: prevalence and associated factors. <i>Jornal De Pediatria</i> , 2020, 96, 193-201.  | 2.0 | 28        |
| 17 | Evaluating the effects of parenting styles dimensions on adolescent drug use: secondary analysis of #Tamojunto randomized controlled trial. <i>European Child and Adolescent Psychiatry</i> , 2020, 29, 979-987.                 | 4.7 | 6         |
| 18 | Decision-making skills as a mediator of the #Tamojunto school-based prevention program: Indirect effects for drug use and school violence of a cluster-randomized trial. <i>Drug and Alcohol Dependence</i> , 2020, 206, 107718. | 3.2 | 6         |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 19 | Transition from nonuse to use of alcohol or binge drinking among adolescents: Secondary analysis of a randomized controlled trial. <i>Addictive Behaviors</i> , 2020, 102, 106159.                             | 3.0 | 6         |
| 20 | Worldwide school-based psychosocial interventions and their effect on aggression among elementary school children: A systematic review 2010–2019. <i>Aggression and Violent Behavior</i> , 2020, 55, 101486.   | 2.1 | 10        |
| 21 | Binge drinking and frequent or heavy drinking among adolescents: prevalence and associated factors. <i>Jornal De Pediatria (Versão Em Português)</i> , 2020, 96, 193-201.                                      | 0.2 | 0         |
| 22 | Factors associated with early sexual initiation and unsafe sex in adolescents: Substance use and parenting style. <i>Journal of Adolescence</i> , 2020, 79, 128-135.   | 2.4 | 8         |
| 23 | Randomized clinical trial to change parental practices for drug use in a telehealth prevention program: a pilot study. <i>Jornal De Pediatria (Versão Em Português)</i> , 2019, 95, 334-341.                   | 0.2 | 0         |
| 24 | Effectiveness evaluation of the school-based drug prevention program #Tamojunt0.0: protocol of a cluster randomized controlled trial. <i>BMC Public Health</i> , 2019, 19, 750.                                | 2.9 | 14        |
| 25 | The role of normative beliefs in the mediation of a school-based drug prevention program: A secondary analysis of the #Tamojunt0 cluster-randomized trial. <i>PLoS ONE</i> , 2019, 14, e0208072.               | 2.5 | 10        |
| 26 | Predicting latent classes of drug use among adolescents through parental alcohol use and parental style: a longitudinal study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2019, 54, 455-467.      | 3.1 | 13        |
| 27 | Randomized clinical trial to change parental practices for drug use in a telehealth prevention program: a pilot study. <i>Jornal De Pediatria</i> , 2019, 95, 334-341.   | 2.0 | 6         |
| 28 | Violence in Brazilian schools: Analysis of the effect of the #Tamojunt0 prevention program for bullying and physical violence. <i>Journal of Adolescence</i> , 2018, 63, 107-117.                              | 2.4 | 19        |
| 29 | Effectiveness evaluation of the school-based drug prevention program #Tamojunt0 in Brazil: 21-month follow-up of a randomized controlled trial. <i>International Journal of Drug Policy</i> , 2018, 60, 10-17. | 3.3 | 26        |
| 30 | A latent transition analysis of a cluster randomized controlled trial for drug use prevention.. <i>Journal of Consulting and Clinical Psychology</i> , 2018, 86, 657-665.                                      | 2.0 | 10        |
| 31 | The #Tamojunt0 Drug Prevention Program in Brazilian Schools: a Randomized Controlled Trial. <i>Prevention Science</i> , 2017, 18, 772-782.   | 2.6 | 50        |
| 32 | Gradient of association between parenting styles and patterns of drug use in adolescence: A latent class analysis. <i>Drug and Alcohol Dependence</i> , 2017, 180, 272-278.                                    | 3.2 | 47        |
| 33 | Predictors of School Violence Perpetration and Victimization: Effects of Drug Use and Sociodemographic Characteristics. <i>International Journal of Mental Health and Addiction</i> , 0, , 1.                  | 7.4 | 0         |
| 34 | Mediating Factors of a Brazilian School-Based Drug Prevention Program. <i>International Journal of Mental Health and Addiction</i> , 0, , 1.   | 7.4 | 0         |
