#	ARTICLE	IF	CITATIONS
1	Strengthening contraceptive counselling: gaps in knowledge and implementation research. <i>BMJ Sexual and Reproductive Health</i> , 2022, 48, 235-237.	1.7	9
2	Major differences in the characteristics of users of the copper intrauterine device or levonorgestrel intrauterine system at a clinic in Campinas, Brazil. <i>International Journal of Gynecology and Obstetrics</i> , 2022, 156, 240-246.	2.3	7
3	Defining counselling in contraceptive information and services: outcomes from an expert think tank. <i>BMJ Sexual and Reproductive Health</i> , 2022, 48, 79-81.	1.7	8
4	Health systems analysis and evaluation of the barriers to availability, utilisation and readiness of sexual and reproductive health services in COVID-19-affected areas: a WHO mixed-methods study protocol. <i>BMJ Open</i> , 2022, 12, e057810.	1.9	5
5	Inclusion of pregnant women in COVID-19 treatment trials: a review and global call to action. <i>The Lancet Global Health</i> , 2021, 9, e366-e371.	6.3	92
6	Role of social network in decision making for increasing uptake and continuing use of long acting reversible (LARC) methods in Pakistan. <i>Reproductive Health</i> , 2021, 18, 96.	3.1	7
7	Scoping Review on the Impact of Outbreaks on Sexual and Reproductive Health Services: Proposed Frameworks for Pre-, Intra-, and Postoutbreak Situations. <i>BioMed Research International</i> , 2021, 2021, 1-21.	1.9	4
8	Celebrating the 25th anniversary of the International Conference on Population and Development: A perspective from Turkey. <i>International Journal of Gynecology and Obstetrics</i> , 2020, 148, 261-262.	2.3	0
9	Contraception and post abortion services: qualitative analysis of users' perspectives and experiences following Zika epidemic in Honduras. <i>BMC Women's Health</i> , 2020, 20, 199.	2.0	7
10	A systematic review of the effectiveness of counselling strategies for modern contraceptive methods: what works and what doesn't?. <i>BMJ Sexual and Reproductive Health</i> , 2020, 46, 254-269.	1.7	70
11	Understanding sexual and reproductive health needs of young women living in Zika affected regions: a qualitative study in northeastern Brazil. <i>Reproductive Health</i> , 2020, 17, 22.	3.1	7
12	Anxiety and perceived psychological impact associated with needle stick and sharp device injury among tertiary hospital workers, Vientiane, Lao PDR. <i>Industrial Health</i> , 2020, 58, 388-396.	1.0	7
13	Sexual and reproductive health (SRH): a key issue in the emergency response to the coronavirus disease (COVID- 19) outbreak. <i>Reproductive Health</i> , 2020, 17, 59.	3.1	103
14	&lt;p&gt;Assessing Effectiveness of Multipurpose Voucher Scheme to Enhance Contraceptive Choices, Equity, and Child Immunization Coverage: Results of an Interventional Study from Pakistan&lt;/p&gt;. <i>Journal of Multidisciplinary Healthcare</i> , 2020, Volume 13, 1061-1074.	2.7	6
15	Understanding the sexual and reproductive health needs in Brazil's Zika-affected region: placing women at the center of the discussion. <i>International Journal of Gynecology and Obstetrics</i> , 2019, 147, 268-270.	2.3	8
16	Self care interventions for sexual and reproductive health and rights: costs, benefits, and financing. <i>BMJ: British Medical Journal</i> , 2019, 365, l1228.	2.3	29
17	Are family planning vouchers effective in increasing use, improving equity and reaching the underserved? An evaluation of a voucher program in Pakistan. <i>BMC Health Services Research</i> , 2019, 19, 200.	2.2	19
18	Scoping review to map evidence on mechanism of action, pharmacokinetics, effectiveness and side effects of centchroman as a contraceptive pill. <i>BMJ Open</i> , 2019, 9, e030373.	1.9	5

#	ARTICLE	IF	CITATIONS
19	“Leaving no one behind”: a scoping review on the provision of sexual and reproductive health care to nomadic populations. <i>BMC Women's Health</i> , 2019, 19, 161.	2.0	19
20	Expanding choice and access in contraception: an assessment of intrauterine contraception policies in low and middle-income countries. <i>BMC Public Health</i> , 2019, 19, 1707.	2.9	17
21	A review of family planning policies and services in WHO Eastern Mediterranean Region Member States. <i>Eastern Mediterranean Health Journal</i> , 2019, 25, 127-133.	0.8	5
22	Who Meets the Contraceptive Needs of Young Women in Sub-Saharan Africa?. <i>Journal of Adolescent Health</i> , 2018, 62, 273-280.	2.5	72
23	Pregnancy outcomes associated with extended use of the 52-mg 20 µg/day levonorgestrel-releasing intrauterine system beyond 60 months: A chart review of 776 women in Brazil. <i>Contraception</i> , 2018, 97, 205-209.	1.5	26
24	The logistics of voucher management: the underreported component in family planning voucher discussions. <i>Journal of Multidisciplinary Healthcare</i> , 2018, Volume 11, 683-690.	2.7	5
25	Zika virus exposure in pregnancy and its association with newborn visual anomalies and hearing loss. <i>International Journal of Gynecology and Obstetrics</i> , 2018, 143, 277-281.	2.3	19
26	Assessment of Family Planning Service Availability and Readiness in 10 African Countries. <i>Global Health, Science and Practice</i> , 2018, 6, 473-483.	1.7	30
27	Assessment of modern contraceptives continuation, switching and discontinuation among clients in Pakistan: study protocol of 24-months post family planning voucher intervention follow up. <i>BMC Health Services Research</i> , 2018, 18, 359.	2.2	6
28	Research gaps and emerging priorities in sexual and reproductive health in Africa and the eastern Mediterranean regions. <i>Reproductive Health</i> , 2018, 15, 39.	3.1	20
29	A multicenter randomized clinical trial of etonogestrel and levonorgestrel contraceptive implants with nonrandomized copper intrauterine device controls: effect on weight variations up to 3 years after placement. <i>Contraception</i> , 2018, 98, 181-187.	1.5	26
30	Safety, Quality, and Acceptability of Contraceptive Subdermal Implant Provision by Community Health Extension Workers Versus Nurses and Midwives in Nigeria: Protocol for a Quasi-Experimental, Noninferiority Study. <i>JMIR Research Protocols</i> , 2018, 7, e67.	1.0	4
31	Overview of community health worker programmes in Afghanistan, Egypt, and Pakistan. <i>Eastern Mediterranean Health Journal</i> , 2018, 24, 940-950.	0.8	13
32	Contraceptive sales in the setting of the Zika virus epidemic. <i>Human Reproduction</i> , 2017, 32, 88-93.	0.9	21
33	Family planning and Zika virus: need for renewed and cohesive efforts to ensure availability of intrauterine contraception in Latin America and the Caribbean. <i>European Journal of Contraception and Reproductive Health Care</i> , 2017, 22, 102-106.	1.5	12
34	The promotion of intrauterine contraception in low- and middle-income countries: a narrative review. <i>Contraception</i> , 2017, 95, 519-528.	1.5	44
35	Provider-controlled or user-dependent contraceptive methods: Levels and pattern among married women of reproductive age in China, 1988–2006. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2017, 211, 68-73.	1.1	2
36	Contraception supply chain challenges: a review of evidence from low- and middle-income countries. <i>European Journal of Contraception and Reproductive Health Care</i> , 2017, 22, 384-390.	1.5	24

#	ARTICLE	IF	CITATIONS
37	Stagnant contraceptive sales after the Zika epidemic in Brazil. <i>European Journal of Contraception and Reproductive Health Care</i> , 2017, 22, 381-383.	1.5	5
38	Research capacity strengthening for sexual and reproductive health: a case study from Latin America. <i>Reproductive Health</i> , 2017, 14, 35.	3.1	2
39	Study protocol on establishment of sentinel sites network for contraceptive and abortion trends, needs and utilization of services in Zika virus affected countries. <i>Reproductive Health</i> , 2017, 14, 19.	3.1	5
40	A study protocol for facility assessment and follow-up evaluations of the barriers to access, availability, utilization and readiness of contraception, abortion and postabortion services in Zika affected areas. <i>Reproductive Health</i> , 2017, 14, 18.	3.1	8
41	Design and initial implementation of the WHO FP umbrella project- to strengthen contraceptive services in the sub Saharan Africa. <i>Reproductive Health</i> , 2017, 14, 74.	3.1	7
42	Prevalence and risk factors of needle stick and sharp injury among tertiary hospital workers, Vientiane, Lao PDR. <i>Journal of Occupational Health</i> , 2017, 59, 581-585.	2.1	27
43	Extended Effectiveness of the Etonogestrel-Releasing Contraceptive Implant and the 20 µg Levonorgestrel-Releasing Intrauterine System for 2 Years Beyond U.S. Food and Drug Administration Product Labeling. <i>Global Health, Science and Practice</i> , 2017, 5, 534-539.	1.7	25
44	Programme Reporting Standards (PRS) for improving the reporting of sexual, reproductive, maternal, newborn, child and adolescent health programmes. <i>BMC Medical Research Methodology</i> , 2017, 17, 117.	3.1	18
45	Provider and lay perspectives on intra-uterine contraception: a global review. <i>Reproductive Health</i> , 2017, 14, 119.	3.1	42
46	Expanding Method Choice in Africa with Long-Acting Methods: IUDs, Implants or Both?. <i>International Perspectives on Sexual and Reproductive Health</i> , 2017, 43, 183.	3.7	25
47	A novel methodology for strengthening human rights based monitoring in public health: Family planning indicators as an illustrative example. <i>PLoS ONE</i> , 2017, 12, e0186330.	2.5	8
48	Conditional and Unconditional Cash Transfers to Improve Use of Contraception in Low and Middle Income Countries: A Systematic Review. <i>Studies in Family Planning</i> , 2016, 47, 371-383.	1.8	27
49	Community-Based Financing of Family Planning in Developing Countries: A Systematic Review. <i>Studies in Family Planning</i> , 2016, 47, 325-339.	1.8	7
50	Men's behavior surrounding use of contraceptives in Guinea. <i>International Journal of Gynecology and Obstetrics</i> , 2016, 135, S16-S19.	2.3	2
51	Family Planning Vouchers in Low and Middle Income Countries: A Systematic Review. <i>Studies in Family Planning</i> , 2016, 47, 357-370.	1.8	48
52	Systematic Reviews of Mechanisms for Financing Family Planning: Findings, Implications, and Future Agenda. <i>Studies in Family Planning</i> , 2016, 47, 295-308.	1.8	8
53	Extended use up to 5 years of the etonogestrel-releasing subdermal contraceptive implant: comparison to levonorgestrel-releasing subdermal implant. <i>Human Reproduction</i> , 2016, 31, 2491-2498.	0.9	73
54	E-learning for research capacity strengthening in sexual and reproductive health: the experience of the Geneva Foundation for Medical Education and Research and the Department of Reproductive Health and Research, World Health Organization. <i>Human Resources for Health</i> , 2016, 14, 76.	3.1	6

#	ARTICLE	IF	CITATIONS
55	Engaging with community-based public and private mid-level providers for promoting the use of modern contraceptive methods in rural Pakistan: results from two innovative birth spacing interventions. <i>Reproductive Health</i> , 2016, 13, 25.	3.1	21
56	Comparing Effectiveness of Active and Passive Client Follow-Up Approaches in Sustaining the Continued Use of Long Acting Reversible Contraceptives (LARC) in Rural Punjab: A Multicentre, Non-Inferiority Trial. <i>PLoS ONE</i> , 2016, 11, e0160683.	2.5	13
57	Research capacity for sexual and reproductive health and rights. <i>Bulletin of the World Health Organization</i> , 2016, 94, 549-550.	3.3	4
58	How to assess success of treatment when using multiple doses: the case of misoprostol for medical abortion. <i>Trials</i> , 2015, 16, 510.	1.6	3
59	Comparing effectiveness of two client follow-up approaches in sustaining the use of Long Acting Reversible Contraceptives (LARC) among the underserved in rural Punjab, Pakistan: a study protocol and participantsâ€™ profile. <i>Reproductive Health</i> , 2015, 12, 9.	3.1	2
60	A Systematic Review of Reporting Tools Applicable to Sexual and Reproductive Health Programmes: Step 1 in Developing Programme Reporting Standards. <i>PLoS ONE</i> , 2015, 10, e0138647.	2.5	6
61	Determinants of Method Switching among Social Franchise Clients Who Discontinued the Use of Intrauterine Contraceptive Device. <i>International Journal of Reproductive Medicine</i> , 2015, 2015, 1-8.	1.1	14
62	Assessing predictors of contraceptive use and demand for family planning services in underserved areas of Punjab province in Pakistan: results of a cross-sectional baseline survey. <i>Reproductive Health</i> , 2015, 12, 25.	3.1	33
63	Recent advances in managing and understanding menstrual disorders. <i>F1000prime Reports</i> , 2015, 7, 33.	5.9	22
64	A 3-year multicentre randomized controlled trial of etonogestrel- and levonorgestrel-releasing contraceptive implants, with non-randomized matched copper-intrauterine device controls. <i>Human Reproduction</i> , 2015, 30, 2527-2538.	0.9	76
65	Family Planning â€œfriendly Health facility Initiative to promote contraceptive utilization. <i>WHO South-East Asia Journal of Public Health</i> , 2015, 4, 3.	0.7	0
66	Women's Empowerment and Contraceptive Use: The Role of Independent versus Couples' Decision-Making, from a Lower Middle Income Country Perspective. <i>PLoS ONE</i> , 2014, 9, e104633.	2.5	111
67	A global research agenda for family planning: results of an exercise for setting research priorities. <i>Bulletin of the World Health Organization</i> , 2014, 92, 93-98.	3.3	36
68	A study protocol: using demand-side financing to meet the birth spacing needs of the underserved in Punjab Province in Pakistan. <i>Reproductive Health</i> , 2014, 11, 39.	3.1	14
69	A multicenter randomized clinical trial of one-rod etonogestrel and two-rod levonorgestrel contraceptive implants with nonrandomized copper-IUD controls: methodology and insertion data. <i>Contraception</i> , 2013, 87, 113-120.	1.5	13
70	New Signal Functions to Measure the Ability of Health Facilities to Provide Routine and Emergency Newborn Care. <i>PLoS Medicine</i> , 2012, 9, e1001340.	8.4	106
71	Assessment of prevalence and determinants of posttraumatic stress disorder in survivors of earthquake in Pakistan using Davidson Trauma Scale. <i>Journal of Affective Disorders</i> , 2012, 136, 238-243.	4.1	83
72	Needlestick and sharps injuries among health care workers at public tertiary hospitals in an urban community in Mongolia. <i>BMC Research Notes</i> , 2011, 4, 184.	1.4	45

#	ARTICLE	IF	CITATIONS
73	Health Management Information System utilization in Pakistan: Challenges, pitfalls and the way forward. <i>BioScience Trends</i> , 2011, 5, 245-254.	3.4	20
74	Willingness to undergo HIV testing among factory workers in Surabaya, Indonesia. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2011, 23, 1305-1313.	1.2	8
75	Prevalence and barriers to HIV testing among mothers at a tertiary care hospital in Phnom Penh, Cambodia. <i>Barriers to HIV testing in Phnom Penh, Cambodia. BMC Public Health</i> , 2010, 10, 494.	2.9	15
76	Survey of non-prescribed use of antibiotics for children in an urban community in Mongolia. <i>Bulletin of the World Health Organization</i> , 2010, 88, 930-936.	3.3	137
77	Predictors of Exclusive Breast-Feeding in Early Infancy: A Survey Report from Phnom Penh, Cambodia. <i>Journal of Pediatric Nursing</i> , 2010, 25, 463-469.	1.5	28
78	Status and challenges of hospital solid waste management: case studies from Thailand, Pakistan, and Mongolia. <i>Journal of Material Cycles and Waste Management</i> , 2009, 11, 251-257.	3.0	32
79	Factors influencing breastfeeding in children less than 2 years of age in Lao PDR. <i>Journal of Paediatrics and Child Health</i> , 2009, 45, 487-492.	0.8	17
80	Assessment of doctors' knowledge regarding tuberculosis management in Lucknow, India: A public-private sector comparison. <i>Public Health</i> , 2009, 123, 484-489.	2.9	47
81	Emergency obstetric care in Punjab, Pakistan: Improvement needed. <i>European Journal of Contraception and Reproductive Health Care</i> , 2008, 13, 201-207.	1.5	5
82	Challenges in access to and utilization of reproductive health care in Pakistan. <i>Journal of Ayub Medical College, Abbottabad: JAMC</i> , 2008, 20, 3-7.	0.1	5
83	Assessment of hepatitis B vaccine-induced seroprotection among children 5-10 years old in Ulaanbaatar, Mongolia. <i>BioScience Trends</i> , 2008, 2, 68-74.	3.4	4
84	Risk factors for protein-energy malnutrition in children under 5 years: Study from Luangprabang province, Laos. <i>Pediatrics International</i> , 2007, 49, 260-265.	0.5	31
85	Factors determining prenatal HIV testing for prevention of mother to child transmission in Dar Es Salaam, Tanzania. <i>Pediatrics International</i> , 2007, 49, 286-292.	0.5	31
86	Situational analysis of maternal and child health services for foreign residents in Japan. <i>Pediatrics International</i> , 2007, 49, 293-300.	0.5	4
87	Accurate record keeping in referral hospitals in Pakistan's north west frontier province and Punjab: a crucial step needed to improve maternal health. <i>JPMA the Journal of the Pakistan Medical Association</i> , 2007, 57, 443-6.	0.2	6
88	Emergency obstetric care availability, accessibility and utilization in eight districts in Pakistan's North West Frontier Province. <i>Journal of Ayub Medical College, Abbottabad: JAMC</i> , 2006, 18, 10-5.	0.1	1
89	PERCEPTIONS OF MEN ON ROLE OF RELIGIOUS LEADERS IN REPRODUCTIVE HEALTH ISSUES IN RURAL PAKISTAN. <i>Journal of Biosocial Science</i> , 2005, 37, 115-122.	1.2	26
90	Street children in Pakistan: A situational analysis of social conditions and nutritional status. <i>Social Science and Medicine</i> , 2004, 59, 1707-1717.	3.8	70

#	ARTICLE	IF	CITATIONS
91	Relationship between Decreasing Fertility during the Post-War Period and Maternal Age in a Japanese Population. <i>Tohoku Journal of Experimental Medicine</i> , 2004, 202, 221-226.	1.2	1
92	Reproductive Health Needs of Adolescent Males in Rural Pakistan: An Exploratory Study. <i>Tohoku Journal of Experimental Medicine</i> , 2004, 204, 17-25.	1.2	21
93	Feeding practice of infants and their correlates in urban areas of Beijing, China. <i>Pediatrics International</i> , 2003, 45, 400-406.	0.5	45
