#	ARTICLE	IF	CITATIONS
1	Effects of internet-based training on antibiotic prescribing rates for acute respiratory-tract infections: a multinational, cluster, randomised, factorial, controlled trial. <i>Lancet</i> , The, 2013, 382, 1175-1182.	13.7	329
2	Qualitative insights into general practitioners views on polypharmacy. <i>BMC Family Practice</i> , 2010, 11, 65.	2.9	114
3	Evaluation of a web-based intervention to reduce antibiotic prescribing for LRTI in six European countries: quantitative process analysis of the GRACE/INTRO randomised controlled trial. <i>Implementation Science</i> , 2013, 8, 134.	6.9	84
4	Cliniciansâ€™ Views and Experiences of Interventions to Enhance the Quality of Antibiotic Prescribing for Acute Respiratory Tract Infections. <i>Journal of General Internal Medicine</i> , 2015, 30, 408-416.	2.6	78
5	Transformation of primary care during the COVID-19 pandemic: experiences of healthcare professionals in eight European countries. <i>British Journal of General Practice</i> , 2021, 71, e634-e642.	1.4	76
6	Discrepancies between qualitative and quantitative evaluation of randomised controlled trial results: achieving clarity through mixed methods triangulation. <i>Implementation Science</i> , 2015, 11, 66.	6.9	65
7	General practitionersâ€™ views on the acceptability and applicability of a web-based intervention to reduce antibiotic prescribing for acute cough in multiple European countries: a qualitative study prior to a randomised trial. <i>BMC Family Practice</i> , 2012, 13, 101.	2.9	64
8	The lesser evil? Initiating a benzodiazepine prescription in general practice. <i>Scandinavian Journal of Primary Health Care</i> , 2007, 25, 214-219.	1.5	63
9	â€œHurdles on the path to 90-90-90 and beyondâ€: Qualitative analysis of barriers to engagement in HIV care among individuals in rural East Africa in the context of test-and-treat. <i>PLoS ONE</i> , 2018, 13, e0202990.	2.5	54
10	Exploring patientsâ€™ views of primary care consultations with contrasting interventions for acute cough: a six-country European qualitative study. <i>Npj Primary Care Respiratory Medicine</i> , 2014, 24, 14026.	2.6	43
11	Antibiotic Prescribing for Acute Respiratory Tract Infections 12 Months After Communication and CRP Training: A Randomized Trial. <i>Annals of Family Medicine</i> , 2019, 17, 125-132.	1.9	38
12	Stakeholdersâ€™ perception on the organization of chronic care: a SWOT analysis to draft avenues for health care reforms. <i>BMC Health Services Research</i> , 2014, 14, 179.	2.2	37
13	Caring for a frail older person: the association between informal caregiver burden and being unsatisfied with support from family and friends. <i>Age and Ageing</i> , 2019, 48, 658-664.	1.6	32
14	Patient and Primary Care Physician Perceptions of Penicillin Allergy Testing and Subsequent Use of Penicillin-Containing Antibiotics: A Qualitative Study. <i>Journal of Allergy and Clinical Immunology: in Practice</i> , 2019, 7, 1888-1893.e1.	3.8	25
15	First benzodiazepine prescriptions: qualitative study of patients' perspectives. <i>Canadian Family Physician</i> , 2007, 53, 1200-1.	0.4	25
16	Talking to the people that really matter about their participation in pandemic clinical research: A qualitative study in four European countries. <i>Health Expectations</i> , 2018, 21, 387-395.	2.6	24
17	Patient and Prescriber Views of Penicillin Allergy Testing and Subsequent Antibiotic Use: A Rapid Review. <i>Antibiotics</i> , 2018, 7, 71.	3.7	24
18	Following the science? Views from scientists on government advisory boards during the COVID-19 pandemic: a qualitative interview study in five European countries. <i>BMJ Global Health</i> , 2021, 6, e006928.	4.7	24

#	ARTICLE	IF	CITATIONS
19	Barriers to nonpharmacologic treatments for stress, anxiety, and insomnia: family physicians' attitudes toward benzodiazepine prescribing. <i>Canadian Family Physician</i> , 2010, 56, e398-406.	0.4	24
20	How do general practitioners and pharmacists experience antibiotic use in out-of-hours primary care? An exploratory qualitative interview study to inform a participatory action research project. <i>BMJ Open</i> , 2018, 8, e023154.	1.9	23
21	Social and Contextual Influences on Antibiotic Prescribing and Antimicrobial Stewardship: A Qualitative Study with Clinical Commissioning Group and General Practice Professionals. <i>Antibiotics</i> , 2020, 9, 859.	3.7	23
22	The impact of repeated simulation on health and healthcare perceptions of simulated patients. <i>Patient Education and Counseling</i> , 2008, 73, 22-27.	2.2	21
23	Understanding the experience of adult daughters caring for an ageing parent, a qualitative study. <i>Journal of Clinical Nursing</i> , 2016, 25, 1693-1702.	3.0	21
24	Antibiotic Prescribing Quality in Out-of-Hours Primary Care and Critical Appraisal of Disease-Specific Quality Indicators. <i>Antibiotics</i> , 2019, 8, 79.	3.7	18
25	Perceptions of nurses in nursing homes on the usage of benzodiazepines. <i>Journal of Clinical Nursing</i> , 2009, 18, 3098-3106.	3.0	17
26	Conditionality of COVID-19 vaccine acceptance in European countries. <i>Vaccine</i> , 2022, 40, 1191-1197.	3.8	17
27	Academic detailers'™ and general practitioners'™ views and experiences of their academic detailing visits to improve the quality of analgesic use: process evaluation alongside a pragmatic cluster randomized controlled trial. <i>BMC Health Services Research</i> , 2017, 17, 841.	2.2	16
28	Patients'™ and clinicians'™ perspectives on the primary care consultations for acute respiratory infections during the first wave of the COVID-19 pandemic: an eight-country qualitative study in Europe. <i>BJGP Open</i> , 2022, 6, BJGPO.2021.0172.	1.8	16
29	The Building Blocks of Implementation Frameworks and Models in Primary Care: A Narrative Review. <i>Frontiers in Public Health</i> , 2021, 9, 675171.	2.7	15
30	How did a Quality Premium financial incentive influence antibiotic prescribing in primary care? Views of Clinical Commissioning Group and general practice professionals. <i>Journal of Antimicrobial Chemotherapy</i> , 2020, 75, 2681-2688.	3.0	14
31	Primary care for patients with respiratory tract infection before and early on in the COVID-19 pandemic: an observational study in 16 European countries. <i>BMJ Open</i> , 2021, 11, e049257.	1.9	14
32	Integration or Fragmentation of Health Care? Examining Policies and Politics in a Belgian Case Study. <i>International Journal of Health Policy and Management</i> , 2021, , .	0.9	14
33	Health Care Providers'™ Challenges to High-Quality HIV Care and Antiretroviral Treatment Retention in Rural South Africa. <i>Qualitative Health Research</i> , 2021, 31, 722-735.	2.1	13
34	Focus on early-career GPs: qualitative evaluation of a multi-faceted educational intervention to improve antibiotic prescribing. <i>Family Practice</i> , 2018, 35, 99-104.	1.9	12
35	Understanding General Practitioners'™ Antibiotic Prescribing Decisions in Out-of-Hours Primary Care: A Video-Elicitation Interview Study. <i>Antibiotics</i> , 2020, 9, 115.	3.7	12
36	Antibiotic Prescribing Trends in Belgian Out-of-Hours Primary Care during the COVID-19 Pandemic: Observational Study Using Routinely Collected Health Data. <i>Antibiotics</i> , 2021, 10, 1488.	3.7	12

#	ARTICLE	IF	CITATIONS
37	Do not confuse multidisciplinary task management in nursing homes with interprofessional care!. Primary Health Care Research and Development, 2017, 18, 591-602.	1.2	11
38	Optimising the quality of antibiotic prescribing in out-of-hours primary care in Belgium: a study protocol for an action research project. BMJ Open, 2017, 7, e017522.	1.9	11
39	Prevalence of antibiotic-resistant bacteria among patients in two tertiary hospitals in Eastern Uganda. Journal of Global Antimicrobial Resistance, 2021, 25, 82-86.	2.2	11
40	Management of penicillin allergy in primary care: a qualitative study with patients and primary care physicians. BMC Family Practice, 2021, 22, 112.	2.9	11
41	A comprehensive grid to evaluate case management's expected effectiveness for community-dwelling frail older people: results from a multiple, embedded case study. BMC Geriatrics, 2015, 15, 67.	2.7	10
42	The implementation of academic detailing and its effectiveness on appropriate prescribing of pain relief medication: a real-world cluster randomized trial in Belgian general practices. Implementation Science, 2018, 13, 6.	6.9	10
43	Evaluating Large-Scale Integrated Care Projects: The Development of a Protocol for a Mixed Methods Realist Evaluation Study in Belgium. International Journal of Integrated Care, 2020, 20, 12.	0.2	10
44	"Never change a winning team": GPs' perspectives on discontinuation of long-term antidepressants. Scandinavian Journal of Primary Health Care, 2021, 39, 533-542.	1.5	10
45	Long-lasting insecticide-treated bed net ownership, utilization and associated factors among school-age children in Dara Mallo and Uba Debretsehay districts, Southern Ethiopia. Malaria Journal, 2020, 19, 369.	2.3	9
46	Experiences and views of healthcare professionals on the prescription of antibiotics in Eastern Uganda: A qualitative study. Journal of Global Antimicrobial Resistance, 2021, 25, 66-71.	2.2	9
47	Prevalence and associated risk factors of asymptomatic malaria and anaemia among school-aged children in Dara Mallo and Uba Debretsehay districts: results from baseline cluster randomized trial. Malaria Journal, 2021, 20, 400.	2.3	9
48	What Makes Integration of Chronic Care so Difficult? A Macro-Level Analysis of Barriers and Facilitators in Belgium. International Journal of Integrated Care, 2021, 21, 8.	0.2	9
49	Antibiotic Prescribing and Doctor-Patient Communication During Consultations for Respiratory Tract Infections: A Video Observation Study in Out-of-Hours Primary Care. Frontiers in Medicine, 2021, 8, 735276.	2.6	9
50	Effectiveness of a blended care programme for the discontinuation of benzodiazepine use for sleeping problems in primary care: study protocol of a cluster randomised trial, the Big Bird trial. BMJ Open, 2020, 10, e033688.	1.9	8
51	Supporting Primary Care Professionals to Stay in Work During the COVID-19 Pandemic: Views on Personal Risk and Access to Testing During the First Wave of Pandemic in Europe. Frontiers in Medicine, 2021, 8, 726319.	2.6	8
52	The experience of European hospital-based health care workers on following infection prevention and control procedures and their wellbeing during the first wave of the COVID-19 pandemic. PLoS ONE, 2022, 17, e0245182.	2.5	8
53	Prevalence, intensity and endemicity of intestinal schistosomiasis and soil-transmitted helminthiasis and its associated factors among school-aged children in Southern Ethiopia. Scientific Reports, 2022, 12, 4586.	3.3	8
54	Are antibiotic prescription practices in Eastern Uganda concordant with the national standard treatment guidelines? A cross-sectional retrospective study. Journal of Global Antimicrobial Resistance, 2022, 29, 513-519.	2.2	8

#	ARTICLE	IF	CITATIONS
55	Pain management in acute otitis media: a qualitative study exploring GPs'™ views and expectations parallel to a trial of an educational intervention. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101620.	1.8	6
56	Looking Inside the Out-of-Hours Primary Care Consultation: General Practitioners'™ and Researchers'™ Experiences of Using Video Observations as a Method. <i>International Journal of Qualitative Methods</i> , The, 2019, 18, 160940691987934.	2.8	6
57	Regional coordination and bottom-up response of general practitioners in Belgium and the Netherlands. <i>BMJ</i> , The, 2020, 369, m1377.	6.0	5
58	Methodological and Ethical Considerations when Conducting Qualitative Interview Research With Healthcare Professionals: Reflections and Recommendations as a Result of a Pandemic. <i>International Journal of Qualitative Methods</i> , The, 2022, 21, 160940692210777.	2.8	5
59	Safety netting advice for respiratory tract infections in out-of-hours primary care: A qualitative analysis of consultation videos. <i>European Journal of General Practice</i> , 2022, 28, 87-94.	2.0	5
60	Mothers' perceptions of the medicalisation of female genital cutting among the Kisii population in Kenya. <i>Culture, Health and Sexuality</i> , 2022, 24, 983-997.	1.8	4
61	Should I, can I, dare I? Patients'™ view on stopping long-term antidepressant use, a qualitative study. <i>Acta Clinica Belgica</i> , 2022, 77, 962-969.	1.2	4
62	How do people living with chronic conditions and their informal caregivers experience primary care? A phenomenological hermeneutical study. <i>Journal of Clinical Nursing</i> , 2023, 32, 422-437.	3.0	4
63	A tailored e-learning gives long-term changes in determinants of GPs'™ benzodiazepines prescribing: a pretest-posttest study with self-report assessments. <i>Scandinavian Journal of Primary Health Care</i> , 2019, 37, 418-425.	1.5	3
64	Parents'™ perception on cause of malaria and their malaria prevention experience among school-aged children in Kutcha district, Southern Ethiopia; qualitative study. <i>PLoS ONE</i> , 2020, 15, e0239728.	2.5	3
65	General practitioners'™ perspectives on discontinuation of long-term antidepressants in nursing homes. <i>European Journal of General Practice</i> , 2022, 28, 23-31.	2.0	3
66	The value, challenges and practical considerations of conducting qualitative research on antimicrobial stewardship in primary care. <i>JAC-Antimicrobial Resistance</i> , 2022, 4, dlac026.	2.1	3
67	Video-recording consultations for educational purposes in out-of-hours primary care: patients and physicians are willing to participate. <i>Acta Clinica Belgica</i> , 2019, 74, 65-69.	1.2	2
68	Antibiotic prescribing rate after optimal near-patient C-reactive protein testing in acutely ill children presenting to ambulatory care (ARON project): protocol for a cluster-randomized pragmatic trial. <i>BMJ Open</i> , 2022, 12, e058912.	1.9	2
69	Nationwide implementation of online communication skills training to reduce overprescribing of antibiotics: a stepped-wedge cluster randomized trial in general practice. <i>JAC-Antimicrobial Resistance</i> , 2022, 4, .	2.1	2
70	The use of paracetamol for first-line treatment of acute sore throat. A descriptive generic qualitative study of GPs and patients. <i>European Journal of General Practice</i> , 2021, 27, 60-67.	2.0	0
