#	ARTICLE	IF	CITATIONS
1	Best Practice During Teleconsultations With Adolescents: A Scoping Review. <i>Journal of Adolescent Health</i> , 2022, 70, 714-728.	2.5	8
2	A systematic review of international students'™ sexual health knowledge, behaviours, and attitudes. <i>Sexual Health</i> , 2022, 19, 1-16.	0.9	6
3	Negotiating Language in Providing Sexual and Reproductive Health Care to Refugees From Burma: Experiences of Service Providers From Australia. <i>Women's Reproductive Health</i> , 2022, 9, 57-79.	0.8	3
4	Mental health and behavioural factors involved in road traffic crashes by young adults: analysis of the Raine Study. <i>Journal of Epidemiology and Community Health</i> , 2022, 76, 556-562.	3.7	2
5	Qualitative exploration of intentions, concerns and information needs of vaccine-hesitant adults initially prioritised to receive COVID-19 vaccines in Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2022, 46, 16-24.	1.8	36
6	Factors Influencing Australian Healthcare Workers'™ COVID-19 Vaccine Intentions across Settings: A Cross-Sectional Survey. <i>Vaccines</i> , 2022, 10, 3.	4.4	16
7	Costing of an Australian general practice COVID-19 drive-through testing and respiratory clinic. , 2022, 23, 58.		0
8	Building evidence into youth health policy: a case study of the Access 3 knowledge translation forum. <i>Health Research Policy and Systems</i> , 2022, 20, 44.	2.8	1
9	Measuring school level attributable risk to support school-based HPV vaccination programs. <i>BMC Public Health</i> , 2022, 22, 822.	2.9	6
10	Integrated Child and Family Hub models for detecting and responding to family adversity: protocol for a mixed-methods evaluation in two sites. <i>BMJ Open</i> , 2022, 12, e055431.	1.9	6
11	Socioeconomic Disadvantage, Mental Health and Substance Use in Young Men in Emerging Adulthood. <i>Behavioral Medicine</i> , 2021, 47, 31-39.	1.9	7
12	Diagnosis of pelvic inflammatory disease and barriers to conducting pelvic examinations in Australian general practice: findings from an online survey. <i>Sexual Health</i> , 2021, 18, 180-186.	0.9	4
13	New best practice guidance for general practice to reduce chlamydia-associated reproductive complications in women. <i>Australian Journal of General Practice</i> , 2021, 50, 50-54.	0.8	7
14	P088â€¦Australian general practitioners'™ consideration of pelvic inflammatory disease in women diagnosed with an STI, and barriers to providing pelvic examinations. , 2021, , .		1
15	Differences in school factors associated with adolescent HPV vaccination initiation and completion coverage in three Australian states. <i>Vaccine</i> , 2021, 39, 6117-6126.	3.8	6
16	Technology-facilitated abuse in relationships: Victimization patterns and impact in young people. <i>Computers in Human Behavior</i> , 2021, 124, 106897.	8.5	24
17	School-Level Variation in Coverage of Co-Administered dTpa and HPV Dose 1 in Three Australian States. <i>Vaccines</i> , 2021, 9, 1202.	4.4	4
18	Intersectionality: Social Marginalisation and Self-Reported Health Status in Young People. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 8104.	2.6	10

#	ARTICLE	IF	CITATIONS
19	The Integration of Innovative Technologies to Support Improving Adolescent and Young Adult Health. <i>Journal of Adolescent Health</i> , 2020, 67, S1-S2.	2.5	4
20	The effectiveness, feasibility and scalability of the school platform in adolescent mental healthcare. <i>Current Opinion in Psychiatry</i> , 2020, 33, 391-396.	6.3	9
21	Urine sample collection from young pre-continent children: common methods and the new Quick-Wee technique. <i>British Journal of General Practice</i> , 2020, 70, 42-43.	1.4	6
22	Patient-delivered partner therapy for chlamydia in Australia: can it become part of routine care?. <i>Sexual Health</i> , 2020, 17, 321.	0.9	2
23	What's the catch? Urine sample collection from young pre-continent children: a qualitative study in primary care.. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101060.	1.8	3
24	Sexually transmissible infections, partner notification and intimate relationships: a qualitative study exploring the perspectives of general practitioners and people with a recent chlamydia infection. <i>Sexual Health</i> , 2020, 17, 503.	0.9	1
25	The relationship between having a regular general practitioner (GP) and the experience of healthcare barriers: a cross-sectional study among young people in NSW, Australia, with oversampling from marginalised groups. <i>BMC Family Practice</i> , 2020, 21, 220.	2.9	16
26	Strengthening respiratory protection from SARS-CoV-2 in certain general practice contexts. <i>Australian Journal of General Practice</i> , 2020, 49, .	0.8	0
27	Are we preparing Victorian general practice registrars to be confident in all aspects of primary care paediatrics?. <i>Australian Journal of General Practice</i> , 2020, 49, 759-766.	0.8	5
28	Urinary tract infections in children: an overview of diagnosis and management. <i>BMJ Paediatrics Open</i> , 2019, 3, e000487.	1.4	83
29	Predictors of young people's healthcare access in the digital age. <i>Australian and New Zealand Journal of Public Health</i> , 2019, 43, 582-588.	1.8	11
30	Understanding and responding to the long-term burdens of childhood sexual abuse. <i>Lancet Psychiatry</i> , 2019, 6, 795-797.	7.4	4
31	Health care equity and access for marginalised young people: a longitudinal qualitative study exploring health system navigation in Australia. <i>International Journal for Equity in Health</i> , 2019, 18, 41.	3.5	50
32	The Cost-Effectiveness of an Internet Intervention to Facilitate Mental Health Help-Seeking by Young Adults: Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2019, 21, e13065.	4.3	22
33	Effectiveness of a Mental Health Service Navigation Website (Link) for Young Adults: Randomized Controlled Trial. <i>JMIR Mental Health</i> , 2019, 6, e13189.	3.3	13
34	Factors influencing young women's contraceptive choices. <i>Australian Journal of General Practice</i> , 2019, 48, 389-394.	0.8	22
35	What proportion of paediatric specialist referrals originates from general practitioners?. <i>Journal of Paediatrics and Child Health</i> , 2018, 54, 183-187.	0.8	2
36	How Marginalized Young People Access, Engage With, and Navigate Health-Care Systems in the Digital Age: Systematic Review. <i>Journal of Adolescent Health</i> , 2018, 62, 365-381.	2.5	89

#	ARTICLE	IF	CITATIONS
37	"It Opened My Eyes" examining the impact of a multifaceted chlamydia testing intervention on general practitioners using Normalization Process Theory. <i>Family Practice</i> , 2018, 35, 626-632.	1.9	13
38	Marginalised young people's healthcare journeys: Professionals' perspectives. <i>Health Education Journal</i> , 2018, 77, 692-704.	1.2	7
39	General practitioner referrals to paediatric specialist outpatient clinics: referral goals and parental influence. <i>Journal of Primary Health Care</i> , 2018, 10, 76.	0.6	6
40	Understanding Access and Equity: Associations between Barriers to Health Care and Social Marginalisation. <i>Journal of Adolescent Health</i> , 2018, 62, S28-S29.	2.5	1
41	Experiences of General Practitioners and Practice Support Staff Using a Health and Lifestyle Screening App in Primary Health Care: Implementation Case Study. <i>JMIR MHealth and UHealth</i> , 2018, 6, e105.	3.7	74
42	Risk-taking behaviour in adolescents. <i>Australian Journal of General Practice</i> , 2018, 47, 829-834.	0.8	26
43	Cohort Profile: <i>Ten to Men</i> (the Australian Longitudinal Study on Male Health). <i>International Journal of Epidemiology</i> , 2017, 46, dyw055.	1.9	30
44	Training General Practitioners to Detect Probable Mental Disorders in Young People During Health Risk Screening. <i>Journal of Adolescent Health</i> , 2017, 61, 302-309.	2.5	5
45	Check Up GP: Implementing a Co-Designed Health and Lifestyle Screening app to Improve Patient-Centred Care for Young People in Primary Care. <i>Journal of Adolescent Health</i> , 2017, 60, S14-S15.	2.5	0
46	Health profiles of overweight and obese youth attending general practice. <i>Archives of Disease in Childhood</i> , 2017, 102, 434-439.	1.9	5
47	Facilitating mental health help seeking in young adults: the underlying theory and development of an online navigation tool. <i>Advances in Mental Health</i> , 2017, 15, 71-87.	0.7	12
48	Facilitating mental health help-seeking by young adults with a dedicated online program: a feasibility study of Link. <i>BMJ Open</i> , 2017, 7, e015303.	1.9	18
49	Children referred for specialty care: Parental perspectives and preferences on referral, follow-up and primary care. <i>Journal of Paediatrics and Child Health</i> , 2017, 53, 18-25.	0.8	9
50	<i>Access 3</i> project protocol: young people and health system navigation in the digital age: a multifaceted, mixed methods study. <i>BMJ Open</i> , 2017, 7, e017047.	1.9	11
51	007.4...Challenges of improving reproductive health literacy: learnings from practitioners caring for humanitarian entrants from burma. , 2017, , .		0
52	Perspectives of Australian general practitioners on shared care for paediatric patients. <i>Australian Journal of Primary Health</i> , 2017, 23, 147.	0.9	4
53	P2.04...Title a clinical investigation to improve reproductive health service delivery in primary care to refugees from burma. , 2017, , .		0
54	Parental preferences for paediatric specialty follow-up care. <i>Australian Health Review</i> , 2017, 41, 401.	1.1	2

#	ARTICLE	IF	CITATIONS
55	O03.2â€¦Understanding sexual health language: community engagement with refugees from burma, post settlement in australia. , 2017, , .		0
56	Comprehensive Online Self-Monitoring to Support Clinicians Manage Risk of Suicide in Youth Depression. Crisis, 2017, 38, 147-157.	1.2	30
57	Improving Patient-Centered Care for Young People in General Practice With a Codesigned Screening App: Mixed Methods Study. JMIR MHealth and UHealth, 2017, 5, e118.	3.7	74
58	LARCs as first-line contraception - What can general practitioners advise young women?. Australian Family Physician, 2017, 46, 710-715.	0.5	6
59	Does screening for and intervening with multiple health compromising behaviours and mental health disorders amongst young people attending primary care improve health outcomes? A systematic review. BMC Family Practice, 2016, 17, 104.	2.9	43
60	The Australian longitudinal study on male health-methods. BMC Public Health, 2016, 16, 1030.	2.9	37
61	Health and lifestyle factors associated with sexual difficulties in men â€“ results from a study of Australian men aged 18 to 55Â¥years. BMC Public Health, 2016, 16, 1043.	2.9	13
62	Why do men go to the doctor? Socio-demographic and lifestyle factors associated with healthcare utilisation among a cohort of Australian men. BMC Public Health, 2016, 16, 1028.	2.9	64
63	Check Up GP: A Co-Designed Health and Lifestyle Screening App to Improve Patient-Centered Care for Young People in Primary Care. Iproceedings, 2016, 2, e18.	0.1	0
64	Road safety risks in young people attending general practice: A cross-sectional study of road risks and associated health risks. Australian Family Physician, 2016, 45, 666-72.	0.5	4
65	General practitioner perspectives on referrals to paediatric public specialty clinics. Australian Family Physician, 2016, 45, 747-753.	0.5	5
66	Responding to Young Peopleâ€™s Health Risks in Primary Care: A Cluster Randomised Trial of Training Clinicians in Screening and Motivational Interviewing. PLoS ONE, 2015, 10, e0137581.	2.5	54
67	â€“Itâ€™s always just there in your faceâ€™: young peopleâ€™s views on porn. Sexual Health, 2015, 12, 200.	0.9	15
68	â€“I wouldnâ€™t get that feedback from anywhere elseâ€™: learning partnerships and the use of high school students as simulated patients to enhance medical studentsâ€™ communication skills. BMC Medical Education, 2015, 15, 35.	2.4	13
69	Designing a health screening tool to help young people communicate with their general practitioner. , 2015, , .		8
70	Development of youth friendly family medicine services in Bosnia and Herzegovina: protocol for a cluster randomized controlled trial. SpringerPlus, 2014, 3, 319.	1.2	0
71	Teaching Psychiatry to Undergraduates: Peer-Peer Learning Using a â€œGP Letterâ€• Academic Psychiatry, 2014, 38, 433-437.	0.9	4
72	Balancing Parental Involvement With Adolescent Friendly Health Care in Teenagers With Diabetes: Are We Getting It Right?. Journal of Adolescent Health, 2014, 55, 59-64.	2.5	23

#	ARTICLE	IF	CITATIONS
73	Do Online Mental Health Services Improve Help-Seeking for Young People? A Systematic Review. Journal of Medical Internet Research, 2014, 16, e66.	4.3	247
74	Primary care monitoring of depressive symptoms in young people. Australian Family Physician, 2014, 43, 147-50.	0.5	6
75	Sexting: Young Women's and Men's Views on Its Nature and Origins. Journal of Adolescent Health, 2013, 52, 697-701.	2.5	174
76	The Quality of Life of Adolescents with Menstrual Problems. Journal of Pediatric and Adolescent Gynecology, 2013, 26, 102-108.	0.7	90
77	Assessment of Youth-Friendly Health Care: A Systematic Review of Indicators Drawn From Young People's Perspectives. Journal of Adolescent Health, 2013, 52, 670-681.	2.5	297
78	The promise of primary health reform for youth health. Journal of Paediatrics and Child Health, 2013, 49, 887-890.	0.8	5
79	Feasibility and acceptability of nurse-led youth clinics in Australian general practice. Australian Journal of Primary Health, 2013, 19, 159.	0.9	5
80	Primary care research--an international responsibility. Family Practice, 2012, 29, 499-500.	1.9	6
81	YFHS-WHO+ Questionnaire: Validation of a Measure of Youth-Friendly Primary Care Services. Journal of Adolescent Health, 2012, 51, 422-430.	2.5	31
82	The prevention access and risk taking in young people (PARTY) project protocol: A cluster randomised controlled trial of health risk screening and motivational interviewing for young people presenting to general practice. BMC Public Health, 2012, 12, 400.	2.9	19
83	Global adolescent health: is there a role for general practice?. British Journal of General Practice, 2012, 62, 608-610.	1.4	18
84	Using a mobile phone application in youth mental health - an evaluation study. Australian Family Physician, 2012, 41, 711-4.	0.5	28
85	Potential roles for practice nurses in preventive care for young people - a qualitative study. Australian Family Physician, 2012, 41, 618-21.	0.5	3
86	45. International Partnerships in the Field of Adolescent Health Research and Training : Development of Youth-Friendly Family Medicine Practices in Bosnia and Herzegovina. Journal of Adolescent Health, 2011, 48, S40-S41.	2.5	1
87	Clinical Preventive Services for Adolescents: Facing the Challenge of Proving "An Ounce of Prevention Is Worth a Pound of Cure". Journal of Adolescent Health, 2011, 49, 450-452.	2.5	5
