| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 1  | Social media and online safety practices of young parents. <i>Journal of Information Science</i> , 2023, 49, 1344-1357.  | 2.0 | 4         |
| 2  | Making informed choices about cannabis use during pregnancy and lactation: A qualitative study of information use. <i>Birth</i> , 2023, 50, 504-512.   | 1.1 | 4         |
| 3  | Clinician responses to cannabis use during pregnancy and lactation: a systematic review and integrative mixed-methods research synthesis. <i>Family Practice</i> , 2022, 39, 504-514.                                    | 0.8 | 16        |
| 4  | Is the pre-natal period a missed opportunity for communicating with parents about immunizations? Evidence from a longitudinal qualitative study in Victoria, British Columbia. <i>BMC Public Health</i> , 2022, 22, 237. | 1.2 | 4         |
| 5  | Stigma and blame related to COVID-19 pandemic: A case-study of editorial cartoons in Canada. <i>Social Science and Medicine</i> , 2022, 296, 114803.   | 1.8 | 21        |
| 6  | Prebunking messaging to inoculate against COVID-19 vaccine misinformation: an effective strategy for public health. <i>Journal of Communication in Healthcare</i> , 2022, 15, 232-242.                                   | 0.8 | 15        |
| 7  | COVID-19 vaccine intention among young adults: Comparative results from a cross-sectional study in Canada and France. <i>Vaccine</i> , 2022, 40, 2442-2456.  | 1.7 | 17        |
| 8  | How do mothers' vaccine attitudes change over time?. <i>SSM Qualitative Research in Health</i> , 2022, 2, 100060.  | 0.6 | 8         |
| 9  | Pregnant People's Perspectives On Cannabis Use During Pregnancy: A Systematic Review and Integrative Mixed-Methods Research Synthesis. <i>Journal of Midwifery and Women's Health</i> , 2022, 67, 354-372.               | 0.7 | 7         |
| 10 | Support for a vaccination documentation mandate in British Columbia, Canada. <i>Vaccine</i> , 2022, 40, 7415-7425.   | 1.7 | 3         |
| 11 | "I don't think there's a point for me to discuss it with my patients": exploring health care providers' views and behaviours regarding COVID-19 vaccination. <i>Human Vaccines and Immunotherapeutics</i> , 2022, 18, .  | 1.4 | 1         |
| 12 | "You still have that fear": Policy constraints on informed decision making about legalized cannabis use during pregnancy and lactation. <i>International Journal of Drug Policy</i> , 2022, 106, 103774.                 | 1.6 | 2         |
| 13 | Desistance, Self-treatment, or Substitution: Decisions about Cannabis Use During Pregnancy. <i>Journal of Midwifery and Women's Health</i> , 2021, 66, 96-100.   | 0.7 | 12        |
| 14 | Understanding Influenza Vaccination During Pregnancy in Canada: Attitudes, Norms, Intentions, and Vaccine Uptake. <i>Health Education and Behavior</i> , 2021, 48, 680-689.  | 1.3 | 12        |
| 15 | Exploring vaccination practices of midwives in British Columbia. <i>Birth</i> , 2021, 48, 428-437.   | 1.1 | 5         |
| 16 | Social Media, Vaccines, and Partisan Division of Health Information. <i>Proceedings of the Association for Information Science and Technology</i> , 2021, 58, 594-597.   | 0.3 | 1         |
| 17 | What's Next for Information World Mapping?: International and Multidisciplinary Uses of the Method. <i>Proceedings of the Association for Information Science and Technology</i> , 2021, 58, 590-593.                    | 0.3 | 0         |
| 18 | Reasons for cannabis use during pregnancy and lactation: a qualitative study. <i>Cmaj</i> , 2021, 193, E1906-E1914.  | 0.9 | 30        |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 19 | Visual analysis of information world maps: An exploration of four methods. <i>Journal of Information Science</i> , 2020, 46, 361-377.   | 2.0 | 14        |
| 20 | “Nothing’s available”: Young fathers’™ experiences with unmet information needs and barriers to resolving them. <i>Information Processing and Management</i> , 2020, 57, 102081.                          | 5.4 | 12        |
| 21 | Variation in the prescription drugs covered by health systems across high-income countries: A review of and recommendations for the academic literature. <i>Health Policy</i> , 2020, 124, 231-238.       | 1.4 | 1         |
| 22 | Pulling back the curtain on conducting social impact research. <i>Proceedings of the Association for Information Science and Technology</i> , 2020, 57, e427.   | 0.3 | 1         |
| 23 | Vaccination discourses among chiropractors, naturopaths and homeopaths: A qualitative content analysis of academic literature and Canadian organizational webpages. <i>PLoS ONE</i> , 2020, 15, e0236691. | 1.1 | 6         |
| 24 | Unmet information needs regarding cannabis decisions in pregnancy. <i>Proceedings of the Association for Information Science and Technology</i> , 2020, 57, e335.   | 0.3 | 3         |
| 25 | Perinatal health care providers’™ approaches to recommending and providing pertussis vaccination in pregnancy: a qualitative study. <i>CMAJ Open</i> , 2020, 8, E377-E382.                                | 1.1 | 15        |
| 26 | Vaccination during pregnancy: Canadian maternity care providers' opinions and practices. <i>Human Vaccines and Immunotherapeutics</i> , 2020, 16, 2789-2799.  | 1.4 | 15        |
| 27 | Title is missing!. , 2020, 15, e0236691.  |     | 0         |
| 28 | Title is missing!. , 2020, 15, e0236691.  |     | 0         |
| 29 | Title is missing!. , 2020, 15, e0236691.  |     | 0         |
| 30 | Title is missing!. , 2020, 15, e0236691.  |     | 0         |
| 31 | Impact of school vaccination mandates on pediatric vaccination coverage: a systematic review. <i>CMAJ Open</i> , 2019, 7, E524-E536.  | 1.1 | 31        |
| 32 | The Activated Patient Paradox. <i>Health Promotion International</i> , 2019, 34, 376-377.   | 0.9 | 1         |
| 33 | Young parents’™ experiences and perceptions of “Teen Mom”™ reality shows. <i>Journal of Youth Studies</i> , 2019, 22, 1150-1165.  | 1.5 | 4         |
| 34 | Support for policy options to increase vaccination coverage in British Columbia, Canada: an electronic survey. <i>CMAJ Open</i> , 2019, 7, E264-E271.   | 1.1 | 2         |
| 35 | Developing product label information to support evidence-informed use of vaccines in pregnancy. <i>Vaccine</i> , 2019, 37, 7138-7146.   | 1.7 | 9         |
| 36 | Systematic review searches must be systematic, comprehensive, and transparent: a critique of Perman et al. <i>BMC Public Health</i> , 2019, 19, 153.  | 1.2 | 21        |

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 37 | Vaccination Against Influenza in Pregnancy: A Survey of Canadian Maternity Care Providers. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2019, 41, 479-488.                                       | 0.3 | 23        |
| 38 | The Social Informatics of Ignorance. <i>Journal of the Association for Information Science and Technology</i> , 2019, 70, 412-415.  | 1.5 | 14        |
| 39 | A Systematic Review of Barriers to Vaccination During Pregnancy in the Canadian Context. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2019, 41, 1344-1355.                                       | 0.3 | 19        |
| 40 | Ethics, effectiveness and population health information interventions: a Canadian analysis. <i>Health Promotion International</i> , 2019, 34, 501-509.  | 0.9 | 4         |
| 41 | Information triangulation: A complex and agentic everyday information practice. <i>Journal of the Association for Information Science and Technology</i> , 2018, 69, 869-878.                             | 1.5 | 37        |
| 42 | Primary care access and foregone care: a survey of transgender adolescents and young adults. <i>Family Practice</i> , 2018, 35, 302-306.  | 0.8 | 66        |
| 43 | Measuring vaccine acceptance among Canadian parents: A survey of the Canadian Immunization Research Network. <i>Vaccine</i> , 2018, 36, 545-552.  | 1.7 | 83        |
| 44 | Online targeting of researchers/academics: Ethical obligations and best practices. <i>Proceedings of the Association for Information Science and Technology</i> , 2018, 55, 684-687.                      | 0.3 | 2         |
| 45 | (How) should information world maps be visually analyzed?. <i>Proceedings of the Association for Information Science and Technology</i> , 2018, 55, 817-818.  | 0.3 | 0         |
| 46 | Information world mapping: A participatory arts-based elicitation method for information behavior interviews. <i>Library and Information Science Research</i> , 2017, 39, 149-157.                        | 1.2 | 44        |
| 47 | Health information assessment by vaccine hesitant parents. <i>Proceedings of the Association for Information Science and Technology</i> , 2017, 54, 690-692.  | 0.3 | 5         |
| 48 | Health information practices of young parents. <i>Journal of Documentation</i> , 2017, 73, 778-802.   | 0.9 | 39        |
| 49 | A narrative analysis of the birth stories of early-age mothers. <i>Sociology of Health and Illness</i> , 2017, 39, 816-831.   | 1.1 | 37        |
| 50 | Constructing knowledge and ignorance in the social information worlds of young mothers. <i>Proceedings of the Association for Information Science and Technology</i> , 2017, 54, 139-149.                 | 0.3 | 11        |
| 51 | Health information behavior research with marginalized populations. <i>Proceedings of the Association for Information Science and Technology</i> , 2017, 54, 562-565.                                     | 0.3 | 1         |
| 52 | Information needs, seeking and assessment of parents of gender creative children and transgender youth. <i>Proceedings of the Association for Information Science and Technology</i> , 2017, 54, 693-695. | 0.3 | 1         |
| 53 | The role of information in health behavior: A scoping study and discussion of major public health models. <i>Journal of the Association for Information Science and Technology</i> , 2016, 67, 2831-2841. | 1.5 | 29        |
| 54 | Evolution of information practices over time. <i>Proceedings of the Association for Information Science and Technology</i> , 2016, 53, 1-8.   | 0.3 | 2         |
