citing authors

#	ARTICLE	IF	CITATIONS
1	Autonomic Nervous System Activity and Decline as Prognostic Indicators of Cardiovascular and Cerebrovascular Events: The "PROOF" Study. <i>Neuroepidemiology</i> , 2007, 29, 18-28.	2.3	111
2	Risk Factors of Caregiver Burden Among Patients with Alzheimer's Disease or Related Disorders: A Cross-Sectional Study. <i>Journal of Alzheimer's Disease</i> , 2015, 44, 907-916.	2.6	108
3	Exposure to Anticholinergic and Sedative Drugs, Risk of Falls, and Mortality. <i>Journal of Clinical Psychopharmacology</i> , 2014, 34, 565-570.	1.4	58
4	C-reactive protein implications in new-onset hypertension in a healthy population initially aged 65 years: the Proof study. <i>Journal of Hypertension</i> , 2009, 27, 736-743.	0.5	49
5	Autonomic nervous system activity is independently associated with the risk of shift in the non-dipper blood pressure pattern. <i>Hypertension Research</i> , 2010, 33, 1032-1037.	2.7	40
6	Risk Factors of Caregiver Burden Evolution, for Patients With Subjective Cognitive Decline or Neurocognitive Disorders: A Longitudinal Analysis. <i>Journal of the American Medical Directors Association</i> , 2016, 17, 1037-1043.	2.5	39
7	Effects of Anticholinergic Drugs on Verbal Episodic Memory Function in the Elderly. <i>Drugs and Aging</i> , 2011, 28, 195-204.	2.7	35
8	Relationship Between Comorbidities in Patients With Cognitive Complaint and Caregiver Burden: A Cross-Sectional Study. <i>Journal of the American Medical Directors Association</i> , 2016, 17, 232-237.	2.5	28
9	Impaired baroreflex sensitivity and the risks of new-onset ambulatory hypertension, in an elderly population-based study. <i>International Journal of Cardiology</i> , 2013, 168, 4010-4014.	1.7	27
10	Impact of Cognitive, Functional, Behavioral Disorders, and Caregiver Burden on the Risk of Nursing Home Placement. <i>Journal of the American Medical Directors Association</i> , 2019, 20, 1254-1262.	2.5	23
11	Anticholinergic drugs and functional, cognitive impairment and behavioral disturbances in patients from a memory clinic with subjective cognitive decline or neurocognitive disorders. <i>Alzheimer's Research and Therapy</i> , 2017, 9, 58.	6.2	21
12	Economic and caregiver impact of Alzheimer's disease across the disease spectrum: a cohort study. <i>Alzheimer's Research and Therapy</i> , 2022, 14, 34.	6.2	15
13	Proposition of a corrected measure of the Lawton instrumental activities of daily living score. <i>BMC Geriatrics</i> , 2021, 21, 39.	2.7	14
14	Depressive symptoms and autonomic nervous system dysfunction in an elderly population-based study: The PROOF study. <i>Journal of Affective Disorders</i> , 2012, 143, 153-159.	4.1	12
15	Increased Waist Circumference Is the Component of Metabolic Syndrome the Most Strongly Associated with Elevated C-Reactive Protein in Elderly. <i>Metabolic Syndrome and Related Disorders</i> , 2011, 9, 281-285.	1.3	11
16	A multi-center, randomized, controlled trial to assess the efficacy of optimization of drug prescribing in an elderly population, at 18 months of follow-up, in the evolution of functional autonomy: the OPTIM study protocol. <i>BMC Geriatrics</i> , 2017, 17, 195.	2.7	10
17	Prevalence of Clinical and Ambulatory Hypertension in a Population of 65+ Year Olds: The PROOF Study. <i>Journal of Clinical Hypertension</i> , 2010, 12, 160-165.	2.0	8
18	A multicenter cohort study to investigate the factors associated with functional autonomy change in patients with cognitive complaint or neurocognitive disorders: the MEMORA study protocol. <i>BMC Geriatrics</i> , 2019, 19, 191.	2.7	8

#	ARTICLE	IF	CITATIONS
19	Perception of Benefits and Risks of Neurocognitive Disorders Diagnosis: A French National Survey. Journal of Alzheimer's Disease, 2019, 67, 1267-1275.	2.6	7
20	Subjective cognitive and non-cognitive complaints and brain MRI biomarkers in the MEMENTO cohort. Alzheimer's and Dementia: Diagnosis, Assessment and Disease Monitoring, 2020, 12, e12051.	2.4	7
21	Comparison of Instrumental Activities of Daily Living assessment by face-to-face or telephone interviews: a randomized, crossover study. Alzheimer's Research and Therapy, 2020, 12, 24.	6.2	7
22	Autonomic activation during sleep and new-onset ambulatory hypertension in the elderly. International Journal of Cardiology, 2012, 155, 155-159.	1.7	4
23	Determinants of Medical Direct Costs of Care among Patients of a Memory Center. journal of prevention of Alzheimer's disease, The, 2021, 8, 1-11.	2.7	2
24	Exposure to Anticholinergic and Sedative Drugs and Healthcare Costs in Older Patients with Neurocognitive Disorders. Journal of Alzheimer's Disease, 2021, 80, 1515-1524.	2.6	1
25	Inter-Rater Reliability of Instrumental Activities of Daily Living in Patients With Subjective Cognitive Complaint or Neurocognitive Disorders. American Journal of Geriatric Psychiatry, 2022, 30, 533-534.	1.2	0
